C. H. FINKLE DIED SUDDENLY.

HAD BEEN IN LIVERY BUSINESS HERE FOR TWELVE YEARS. POPULAR CITIZEN.

Citizens were shocked beyond measure this morning to learn of the death of one of Kingston's best known men, in the person of Clarence Hilton Finkle, of the Finkle Livery Company. Mr. Finkle had been in his usual health up until almost the time of his death and last evening had been talking to some men that he knew and he then seemed to be as well as ever. At first few credited the statement issued this morning that he was dead, but it was soon found that the terrible news was quite true and genuine sympathy was expressed on all sides at Mr. Finkle's passing.

For the past twelve years Mr. Finkle had been in the livery business in Kingston and had become widely known as a man of pleasing personality and a man of integrity. In business he was fair in all his dealings and those who had business with him know him to be a man of high principles. A short time ago his stables and sheds were completely destroyed by fire and he suffered several hundreds of dollars loss besides eleven valuable horses.

The late Mr. Finkle was born in Newburgh and was sixty-five years of age. He went to school at Newburgh and later was in the carriage business with his father, who was a carriage manufacturer. He was an Anglican in religion, and a member of St. George's Cathedral. Besides his wife, he is survived by three daughters. He was a member of the Masonic Order and his funeral will be held on Thursday morning from his late residence, 268 Earl street, to Newburgh cemetery under the direction of the Masonic Order. The sincere sympathy of The Standard as well as that of the entire community is extended to the bereaved family in the loss of a kind husband and loving father. Kingston Daily Standard, August 16th, 1922.

CELEBRATES HIS 89th BIRTHDAY.

John N. Lake Is Descendant of U. E. L. Stock That Pioneered Ontario Before Dawn of Nineteenth Century—Lived and Worked Through Splendid Days of Dominion's Early Development.

(Toronto Globe, Aug. 19).

Still hale and hearty and able to take an active part in guiding the destinies of the large life assurance business which he helped to found, John N. Lake, 10 Dalton Road, celebrates today his 89th birthday. It is a source of sincere regret to him that the failing health of Mrs. Lake, his partner during 62 years of married life, precludes the reception on this occasion of the host of friends he has made during a residence of 52 years in this city.

Born Near Napanee.

Mr. Lake was born in the vicinity of Napanee, almost in the shadow of the Methodist church built on the road to Kingston by his grandfather, a United Empire Loyalist, who settled there in 1784. Both his grandfather and great-grandfather served in Colonel John Johnston's regiment during the American Revolution. In his boyhood Mr. Lake learned the essentials of house-building, the business in which his father engaged. But he soon entered upon the ministry of the Methodist Church, and would have continued therein but for his health failing.

For fifteen years Mr. Lake preached in various stations. The work was usually circuit, involving long trips on horseback or in the rigs of the time. In conversation with The Globe yesterday Mr. Lake said that when he preached in Pickering he had 22 congregations in his circuit, so that he was on the road half the time. In 1870 his health broke down completely and his life was despaired of. Physicians consulted in New York held out no hope unless he led a less active life.

Fifty Years in Toronto.

He then moved to Toronto and for 50 years conducted a prosperous real estate business. Two years ago he retired from that, and now devotes his time entirely to the North American Life Assurance Company, of which he is a director.

Mr. Lake has always been very prominent in his support of the Methodist Church, and a trustee of the Sherbourne Street Church in Toronto. After the union of the four branches of the Methodist Church in Canada in 1878, Mr. Lake was for 24 years in charge of the Union Relief Fund. He remembers that considerable distress was occasioned at that time through ministers losing their appointments, and even one case near Goderich where a minister was put in jail for debt.

Toronto has changed greatly since Mr. Lake built his first house on Sherbourne street, near what is Wellesley now. Then there were no other houses to the north or east of him. His friends hope that he may live to see even greater developments than he has witnessed in his residence here of over half a century.

QUESTIONS AND ANSWERS ON FORESTRY.

By the Canadian Forestry Association.

Q. How many forest fires have taken place in Canada this year?

A. Approximately 3000. British Columbia had about 1400 and with Central Quebec passed through the worst fire experienced in many years.

Q. For what purposes are aeroplanes and seaplanes used in forestry work?

A. In detection of fires for which they are admirably adapted, for carrying fire fighters to the point of danger, for carrying food and other supplies to rangers, for saving time in transporting fire inspectors and managers, for the survey of limits by photography, and the rapid and accurate examination of terrain with a view to the most economical operation of timber limits. These are just a few of the day to day uses of aircraft in Ontario, Quebec, Manitoba and British Columbia. Fire rangers in B. C. and Quebec this summer have transported fire fighting pumps within one hour where the journey by land and water formerly required from fifteen hours to two days.

Q. Is there any court decision as to an Old Country justice awarding the right of anyone to prune or trim the branches of trees reaching from a neighbouring estate over his buildings and causing, so it was alleged, unhealthy conditions. We do not know of a similar Canadian decision.

A. Forest insects, once they attack an area, work with incredible rapidity and deadly effect. They do not damage the soil, however, as is the case with fires. It is probably fair to say that the recovery of an area is more rapid after an insect attack than after a serious fire. Fires are steadily reducing the forest producing land, turning into dead wastes enormous stretches year after year.

Mr. D. A. Osborne's Remarkable Record in Kennebec Council.

Mr. D. A. Osborne, of Arden, Township Clerk of Kennebec, has a most remarkable record in point of continuous service and attendance at the Council meetings. In all, Mr. Osborne has been identified with the Township Council for 44 years—31 years as Councillor and 13 years as Township Clerk—and in that time he has never once missed a session or a sitting of the Council. This is believed to be a record for consecutive attendance not equalled in the Dominion, and it speaks for itself of Mr. Osborne's splendid loyalty to duty and devotion to service.

NEWS FROM FOWLER, COLORADO.

Monday, the Larkin Mercantile Company changed their name to The Larkin-Sargent Mercantile Company, with M. V. Danford, W. B. Larkin, C. A. Stauder and J. H. Sargent as the directors and owners. S. A. Larkin, who sold his interest to Stauder and Sargent turned over everything Monday. He will retain the deanery and have the agency of the Buick Automobile. Ben Glaze, who has been the bookkeeper for years in the Larkin Mercantile Co., will accompany him. Miss Minnie Dodge will take charge of the book work at the big store. She has been in the employment of the Stauder Sargent concern for the past year.

ROD AND GUN IN CANADA.

The September issue of Rod and Gun in Canada, now on sale, is one which should please the sportsman and the outdoors man, for there are many attractive features, all of which should prove of interest. H. Mortimer Batten, whose work has achieved prominence through the columns of this magazine, has an absorbing story, entitled: "The Terror of the Canyon," which is a swiftly-moving tale, with plenty of action and not a few thrills. There are other good stories, also, while Bonnycastle Dale's usual article is one of decided merit.

A special feature is the Sportsman's table of the seasons for all game, large and small, in each province of the Dominion, and this information, being complete and yet compact, should be a boon to hunters and sportsmen everywhere. The Guns and Ammunition department, edited by C. S. Landis, easily upholds the splendid standards previously established, and that is a guarantee of value and quality.

Robert Page Lincoln's Fishing Notes, with Queries and Answers, contain much material of importance to the angler, and this popular department again offers something good for the delectation of all those who pursue the finny beauties. The Kennel department, as well as the Trap and Photo departments, are of high merit, and there are many other articles and stories, too numerous to mention, which go to complete a magazine of quantity plus quality.

Rod and Gun in Canada is published monthly by W. J. Taylor, Limited, at Woodstock, Ontario.

TORONTO EVANGELICAL CHURCH OF THE DEAF

The Beaver has received a copy of the second annual financial statement of the Toronto Evangelical Church of the Deaf from Mr. Z. A. Grooms, Richmond.

On Easter Sunday morning Mr. Grooms' son, Harry, took charge of the meeting. The report contained the following reference to his remarks:—

After the regular service, Harry E. Grooms took charge of the meeting. After praying, he spoke on, "I am the Resurrection."—John 11:25. His remarks were as follows: There are two thoughts about the resurrection to be remembered and two lessons from it to be learned, and in both of these we shall see the beauty of the King's work. The first thought to be remembered in connection with the resurrection is, that it is very certain, and there are two things which show how certain it is. One of these is what God teaches us about it outside of the Bible, and the other what He teaches us about it inside of the Bible. Outside of the Bible God speaks to us, and teaches us many important things. The world of nature around us is like a great book in which God is speaking to us all the time, and there are many things here that go to prove to us of the resurrection. Day and night speak to us about it. When evening comes and the sun sets in the west, then it may be said that the day dies. Night is the grave in which the day is buried, and when spring comes back it brings the resurrection of the year. Then the trees begin to bud and put forth their fresh leaves, the flowers appear upon the earth, the time for the singing of birds is come, and the voice of the turtle-dove is heard in the land, and all nature seems to awake as it were about the resurrection. The insects speak to us about the resurrection. Look at our cellar. He spends his days resting about as a creeping thing. But when he comes forth as an old caterpillar, and his crawling days are over, he weaves for himself a cocoon in which to like a little tomb. Then he lies down to take a long sleep. It seems as if he were dead. He appears there awhile, like a body that has been buried in the grave. But a little time has passed by, that coffin or tomb, and sorrowful caterpillar, that seemed to be dead, comes out from its little coffin, no longer a crawling, ugly caterpillar, but a beautiful butterfly, and no king upon his throne was ever so beautifully dressed as he is now. Look at his wings! Did you ever see such brilliant colours? How they glitter in golden glory as he flies about in the beams of the sun! And so every butterfly that we see is a witness to us, and is a little illustration that God sends to preach to us about the resurrection. But we have in the Bible that He speaks most plainly to us on this subject. Nothing in the world is more certain than that Jesus rose from the dead. But God tells us that it is just as certain we shall rise from the dead as it is that Jesus did rise. If you wish to read what God says on this subject, you will find it in 1st Corinthians, 15th chapter, from the twentieth to the twenty-second verse: "Now is Christ risen from the dead, and become the first-fruits of them that slept. For since by man came death, by man came also the resurrection of the dead. For as in Adam all die, even so in Christ shall all be made alive. But every man in his own order: Christ the first-fruits; afterward they that are Christ's at His coming." Now, you will notice that the resurrection of Christ is the reason why we shall rise from the dead, and because Christ rose from the dead, we shall rise. Christ's resurrection

HOME-MAKER, BUSINESS WOMEN, DEBUTANTE, WE CORDIALLY INVITE YOU TO OUR NEMO CORSET WEEK

Every woman wants "Fashion" and "Beauty" and every woman must have "Health" and "Comfort" from her corsets. We have made special arrangements to assist you in making your proper corset style selections for this Fall and Winter. During the week of September 5th to 9th, both days inclusive, Miss Fitzgerald, a supervising Nemo Corset Specialist, will give her personal attention to the hygenic-style service of every Nemo Corset fitting. She will advise you what Corset is the proper style for your own particular figure. She will choose the correct size for you. She will see that you get complete advantage of every priceless Nemo feature.

Nemo Corsets were first made in New York City, recently a factory has been opened in Toronto. In their Canadian branch their trained Canadian operators and designers make exactly the same styles, with all their famous features for beauty and comfort. For the week of this demonstration we will have an extraordinary complete stock of styles and sizes.

If you need new Corsets, if you have not been getting Corset satisfaction, if you want to change models, we cordially invite you to consult Miss Fitzgerald, who will be in our Corset Department from September 5th to 9th.

Offsetting Competition

The thing for the merchants of this community to do in their own interests is to advertise faithfully, and to make their printed announcements interesting and helpful to those whose trade and favor are desired.

The serious competitors of the retailers of this community are the big stores of the big cities—those that send out catalogues and have mail order departments.

The poorest way to offset this competition is for our local merchants to remain silent. For them not to "speak up" is to give the mail order houses a better chance to get business from this community.

A WORD TO THE PUBLIC

When you send your money out of this community you enrich the great shops and impoverish this community. Strengthen—not weaken—the merchants of this community. It will all be returned to you in the form of better service and better values.

Serges May Rise To $10 a Yard

The steadily hardening prices of better qualities of wool at the London sales is due to some extent the fact that there is a prospect a great shortage, if not a famine, overtakes us in the near future, writes Bradford correspondent.

A year ago the British Australian Wool Realization Association, to which has been entrusted the work of realizing to the best advantage the large accumulations of the war period, held about 650,000 bales of Australian wool. At the end of June last stock had been reduced to 2,000,000 bales, and it is expected that by the end of September the whole will be cleared. That is before the new clip reaches the market. With the supply so restricted, prices are likely to be higher in the course of a few months.

The price of cloth, which has been steadily rising for some time, will also be affected, and if the supply turns out as limited as indicated the prospect is that good suiting serges will rise to two guineas a yard, as in the boom period following the war.

Already Bradford quotations for arms and cloth are stiffer.

Our Prices Have Not Advanced

To the left you will find a reprint of an article from the London, England, Times of August 2nd.

We are not printing this to alarm you. Prices, as this article says, are rising (due to a world-wide demand for good English cloths). Serges and Worsteds have advanced now 75c. to $1.00 a yard above spring prices.

We print this to show you why there is not going to be a reduction in clothes this fall.

As long as our present stock of cloth lasts we are going to

"Ah, tha wants to do the same as me," advised the other; "meet her inside."

MUSICAL RECITAL.

On Monday evening, August 7th, 1922, a recital of unusual interest to the people of Napanee took place at St. Andrew's Church. The soloist was Lady Twining, of London, England, who before her marriage was Miss Louise Daly, of Napanee, and the organist and accompanist was Mrs. Myers, formerly Miss Lillian Hall, of Napanee.

The large audience and the hushed attention showed with what esteem these two artists are held in the town. Lady Twining's selections were varied some were magnificent arias that showed her wonderful range of voice to perfection. In "I will lay me down in peace", by Dudley Buck, this was particularly noticeable, the lower notes rich in quality, the high ones easy and full. Her voice is very sympathetic, and was admirably suited to several of her lighter pieces, two of these being "The Blind Ploughman", an unusual song, and "The Song of Trust", an old favorite with the Napanee audience.

Mrs. Myers needed no introduction, and her selections were highly appreciated. Her rendering of "Toccata" in D. was superb, and Johnson's "Even Song" was another favorite.

At the close of the evening Mr. Corkill presented a vote of thanks to the two ladies for their kindness and graciousness in giving this beautiful musical treat which will long be remembered by those who were fortunate to hear it.

ABOUT THE SILO FILLING

Both Cutting Outfit and Moisture Content Important.

Have Sufficient Horse-power for Cutting—How to Control the Moisture Content—Mustard—Advantages of Dairying.

(Contributed by Ontario Department of Agriculture, Toronto.)

When silo filling is to be done quickly, that is, one hundred or more tons of fodder cut per day, the cutter and the power must be in keeping with the work at hand. An eighteen horse-power engine or motor and a fourteen-inch blower cutter will handle one hundred tons per day. Where smaller silos are used and the farmer desires to, or has to, do the work largely with the farm help, small cutters can be used. Eight-inch cutters will handle three tons per hour if driven by an engine of not less than eight horse-power.

Have Sufficient Horse-power for Cutting.

Claims are often made that two or three horse-power outfits can do effective work, but this is a mistake. If the work is to be done quickly and effectively with the best use of labor the power should be ample. If it is desired to cut forty tons per day the power should be not less than eight horse. Sixty tons per day the power should be twelve horse. One hundred tons per day will require an eighteen horse-power engine. The cutter should be of the proper size for the power used. Carrier cutters do not require as much power as do the blower cutters, but the advantage of ease in cutting, simplicity and ease of wetting the fodder through the use of the blower offsets the increased power requirement. Cylinder and knife on fly-wheel types of machines are equally satisfactory providing of course that they are equally well built. Low priced, poorly constructed fodder cutters are dangerous. Select a cutter with a good reputation, and one that is as well built as a good steam engine is built.

Moisture Content Important.

It is essential that there should be sufficient moisture present in the material that is being put into the silo to provide the water requirements for the chemical process and leave the surplus necessary to have ample moist well made silage, after the fermentative and cooling processes have taken place. With sufficient moisture present in the ensiled mass there is little danger of the fermentation temperatures running too high, the greater the amount of water present the firmer the cut fodder will pack and the smaller the losses for air. Only in the early glazed or denting stage, oats, peas or vetch green enough for high grade hay making carry sufficient water in the natural juices to meet the requirement for ensilage. Frequently it is necessary to use corn, oats, peas or sunflowers that have suffered from drouth, or have dried through delays or have been permitted to remain unharvested until long past the best condition for silage making. If as the shortage of plant juices can be made up by the application of water a quantity sufficient to thoroughly wet the fodder.

How to Apply the Extra Moisture.

Water may be applied by running a stream directly into the fodder cutter while the fodder is being passed through and blown up into the silo. With water under pressure, a valve to control the flow and a section of garden hose the process of wetting the cut fodder is easily accomplished. Corn fodder that has remained in the field until December and becomes quite dry can be successfully ensiled if sufficient attention is paid to wetting and packing thoroughly in the silo. The wetting must be complete and all the air possible pressed out by tramping the evenly spread cut fodder as it goes into the silo. With red clover, alfalfa, peas, oats, vetch, rye, sweet clover, mustard, grasses, sunflowers, corn or artichoke stalks, there is little likelihood of overdoing the wetting if a stave silo is used, since such a structure permits any surplus moisture to drain away. With water tight cement concrete or tile silos a little judgment is required in determining the amount of water required to give complete saturation but not flooding. For further information regarding silo building and ensilage apply to the Department for a copy of Bulletin 287.—L. Stevenson, Sec. Dept. of Agriculture, Toronto.

GOT BILL'S GOAT

He Simply Couldn't Understand About Wife's Hands.

Doing Only a Small Part of Housework Allotted to His Helpmate His "Fine" Were a Sight, but Hers, Never.

Bill is wearing gloves!

Any time you see Bill wearing gloves know ye that something has occurred.

It may be a death and Bill may be going to attend the funeral, or it may be that Bill is bound for a wedding, or else there is always the chance that the Improved Order of Jolnits is going to have some sort of a ceremonial and that Bill is going to be a participant.

It was a knowledge of this peculiarity which caused all to look at Bill in an inquiring sort of way when he came in (other night and which prompted Joe to ask: "What's the big idea, Bill, that you've got your fins covered?"

"Wife sick."

Bill said no more. You'll agree that it was far from a satisfactory explanation. Joe voiced the sentiment when he remarked, petulant like, "what's a h——l of a reason?"

"Huh!"

It was plain Bill wasn't going to be voluble on this subject of "them" gloves. Now if there is one thing in this world that Joe delights in more than another it is in pecking away at Bill, and Bill equally enjoys seeking to harass that person's nanny.

"I said that wasn't much of a reason," repeated Joe. "My wife's been sick and I didn't wear gloves; don't see no reason on earth why you should be wearing gloves just because the Missus is ill, unless you're expecting her to pass over and are making preliminary arrangements for the services."

That nettled Bill. "Smart, aren't you," he asserted. "It's the great wonder of my life that some of the funny papers like the Undertakers' Herald haven't engaged you to conduct their humorous column. You're about as funny, as, as—as a stick of wood. Now you're so darned inquisitive, just look at them."

Bill peeled off the gloves and displayed his hands.

Say, but you ought to have seen 'em. Red! A fresh boiled lobster was a dark blue compared to those hands!

"There's the answer," says Bill. "The wife's been sick and I've been doing the housework. I didn't mind it much at first, sort of fun, you know. Made me think I was some cheese around the house. Didn't do it just because I wanted to, but because I had to. Couldn't get any help and the wife had to be cared for, had to have a bite to eat and the house had to be looked after. I did it; yes, I did. I cooked and I swept and I washed dishes and, believe me, I did some chore, but gosh almighty, I don't understand it yet, why my hands got so blasted red.

"Just look at 'em." Again Bill displayed those hands. "Look at 'em; aren't they beauties"; Honest, the only thing I can think of every time I look at those hands is Joe's nose before the first of last July.

"Those hands, I say, began to get red. They got redder and redder until they're what you see displayed before you. Will they stop there? I dunno. But this here is what gets me: When the wife is on her feet doing the work, she does 100 times as much as I've been doing—she not only washes the dishes, but she scrubs the floors and washes the clothes and cleans the house and gosh only knows what not, by hookey. I've yet to see her hands when they look even slightly red. What's the answer? Tell me?"—Sam. in Lewiston Journal.

Boil New Shaving Brush.

When you buy a shaving brush, boil it, thoroughly before using it or leave it for four hours in a 10 per cent dilution of formaldehyde liquor at 100 degrees F. Either of these methods will protect you from anthrax.

Before the war there was little danger of anthrax from the shaving brush, as almost all of these were made from hair that had been thoroughly disinfected in France or Germany; but after 1914 the hair came direct from Russia and China via the Pacific coast, and twenty cases of anthrax have been traced directly to this source.

As 61 per cent of anthrax cases are fatal it behooves us to take no chance but, in spite of the fact that human susceptibility is low—low, for is indicated by the fact that only one case is known to have developed from a lot of 10,000 infected brushes.

Roundabout Way Home.

Four thousand Czecho-Slovakian men on transport bound from Siberia to France, are now going home, with their Russian wives, landed in Norfolk, Va., recently to await repairs to their ship. It was impossible for them to reach home through Siberia, so they have had to make the roundabout trip. During the trip children were cared for by the Red Cross workers and Y. W. C. A. secretaries who had been in France and Russia during the war. The Y. M. C. A. looked after the men.

David Warned Against This.

"I shall never forget the look on her face when she found me in her pew," said the plainly dressed woman.

"You were evidently sitting in the seat of the scornful," remarked her friend.—Boston Transcript.

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

(a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.

(b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmatured coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

Dated at Ottawa, 8th August, 1922.

OBITUARY.

Mrs. J. H. Patterson.

On Saturday, August 12th, 1922, one of Newburgh's most respected citizens passed to her eternal reward, in the person of Mrs. J. H. Patterson.

Mrs. Patterson has been in failing health for many years. She died from the effects of Goitre trouble. She was born in Moscow, Ont., in 1853. In 1878 she was married to John H. Patterson, of Hastings County. They and their family have resided in the Village of Newburgh for the past thirty-three years.

Besides her husband she leaves to mourn her loss two daughters and one son, Mrs. C. H. Lapum, of Napanee, Ont.; Wilmot, M.D., of Westbrook, Minn., and Miss Pearl, of Newburgh. In 1916, her youngest son, Robert Percy, B.A., B.Sc., predeceased her.

CENTREVILLE

The farmers are very busy now in this vicinity as the threshing machine has made its appearance. Miss B. McGill is home for a few weeks from Regina.—Mrs. G. B. Clancy spent a day recently with Mrs. A. N. Lapum. —A number from here attended the lawn social in Enterprise on Saturday evening.—Miss Helen Doupe and Mr. Percy Gerow spent Sunday at the Sand Banks.—Mr. P. C. Gerow spent a couple of days in Kingston last week.—A number of our young men went to the West for the harvest.—Miss L. Smith has returned home, after spending a couple of weeks at Melven.—Sunday visitors were, Ed. Weese at F. Brown's; D. McGill at B. Weese's; J. Cook and R. Galbraith at T. E. McGill's.—Mail orders promptly filled at Wallace's.

Mail orders given prompt attention at Wallace's Drug Store, Napanee.

WISE AND OTHERWISE.

"Have you anything in the savings bank?"

"Only confidence."

The most obstinate corns fail to resist Holloway's Corn Remover. Try it.

"Can you ride?"

"Sure!"

"Come on then, you scoundrel!"

Indignant Lady—Sir, when I was your age a young man would not let a woman stand up in the elevated.

Young Man—When you were my age, madam, people still went about in stage coaches.

All mothers can put away anxiety regarding their suffering children when they have Mother Graves' Worm Exterminator to give relief. Its effects are sure and lasting.

Returning to his native village, a young man missed the weather vane from the church spire.

"And what's happened to the weather vane?" he inquired of an old laborer.

"Oh, master, there were two o' 'em in the village. But there weren't enough wind for both. So we took 'em down," came the reply.

Miller's Worm Powders were devised to promptly relieve children who suffer from the ravages of worms. It is a simple preparation to destroy stomach and intestinal worms without shock or injury to the most sensitive system. They act thoroughly and painlessly, and though in some cases they may cause vomiting, that is an indication of their powerful action and not of any nauseating property.

Mrs. Jones was entertaining some of her son's little friends. "Willie," she said, addressing a six-year-old who was enjoying a plate of cold beef, "are you sure you can cut your own meat?"

The child, who was making desperate efforts with his knife and fork, replied:

"Yes, thanks. I've often had it as tough as this at home."

Relief From Asthma. Who can describe the complete relief from suffering which follows the use of Dr. J. D. Kellogg's Asthma Remedy? What pen expresses the feeling of joy that comes when the cold, cold nights, influence relieves the tightened, choking air tubes? It has made astonishing effects on a thing of the past for thousands. It never fails. Good druggists everywhere have sold it for years.

"Do you believe in the old stories about toe the worst in the great city and came back home just in time to pay the mortgage? I do, I do."

"You remind Farmer Cornstook of a different man. When a boy leaves the farm the home folks have to hold themselves in readiness to go to town and help him out with his rent and his grocery bill."

"Well," cried Mrs. Hemneck, "your son is engaged to be married. We will write to the dear lad and congratulate him." Mr. H. agreed; he dared not do otherwise. "My darling boy," read the son the next day, "what glorious news! Your father and I rejoice in your happiness. It has long been our greatest wish that you should marry. A good woman is heaven's precious gift to man. She brings out all the best in him, and helps him to suppress all that is evil."

Then there was a postscript in a different handwriting: "Your mother has gone for a stamp. Keep single, you young noodle."

Young Gibbs of Smalltown, Kansas, decided to travel. Arriving in Chicago, he made up his mind to eat at least one meal in a fashionable hotel. He was getting on famously with the array of silverware, and appeared to feel satisfied that he was passing for a man of the world, when Jackson, the colored waiter, became communicative.

"Been in town long, sah?"

"Just come in from New Orleans," said the young adventurer.

"Dat so? Ah used to live in New Orleans. How's de Mardi Gras?"

"Fine. It's the best I've ever eaten."

Don't fail to see Neilsen's and Willard's displays of Chocolates in the "Pure Food" building at Toronto Exhibition. Then remember these are sold in Napanee, at Wallace's.

To Reach the High-Class Trade

"Very kind of you to notify me by Long Distance of this sale of gowns. I expect to be in town to-morrow, and will call and ask for you, personally."

Out-of-town women show a strong tendency to trade where they feel they are known. Get one of them to visit your store,—and soon yours will become one of "her" stores.

No letter or advertisement will convey to them the kind of welcome you can extend by Long Distance. Because you are talking the invitation becomes more unconventional. It suggests the friendly relation you would like to see established. Distance does indeed seem to "lend enchantment" to opportunities offered in such a personal way.

The method of presentation is three-quarters of any sale—what you say, and how you say it. The customers are right at your elbow. Don't call on them—call them up. It will not be the telephone's fault if you don't sell them.

YOUNG MOTHER NOW STRONG

Her Mother's Faith in Lydia E. Pinkham's Vegetable Compound Led Her To Try It

Kenosha, Wisconsin.—"I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound. My mother had great faith in it as she had taken so much of it and when I had trouble after my baby was born she gave it to me. It helped me so much more than anything else had done that I advise all women with female trouble to give it a fair trial and I am sure they will feel as I do about it.—Mrs. FRED. P. RASNER, 5622 Symmonds St., Kenosha, Wisconsin.

A medicine that has been in use nearly fifty years and that receives the praise and commendation of mothers and grandmothers is worth your consideration.

If you are suffering from troubles that sometimes follow, write a birth bear in mind that Lydia E. Pinkham's Vegetable Compound is a woman's medicine. It is especially adapted to correct such troubles.

The letters we publish ought to convince you; ask some of your women friends or neighbors — they know its worth. You will, too, if you give it a fair trial.

Rose's, Westbrooke, on Tuesday.—Mrs. Milton Smith, of Rochester, and her sister, Miss Hilda Hailey, of Brantford, spent a couple of days at Fred McWilliams'.—Mr. George Jackson spent a day last week at Forest Mills. —Mr. and Mrs. Fockburn, of Napanee, are camping at Cedar Crest. — Mr. and Mrs. S. Sutton visited at Bicknell's Corners, on Sunday.—Mrs. Sarah Connely and her daughter, Mrs. Milsap, of Yarker, have rented the home of Mr. Fred McWilliams, on Wednesday.—Mr. and Mrs. C. Allen and children spent Sunday at Moscow.—Mr. and Mrs. John Williamson, of Toronto, at Mr. J. Alkenbrack's, for a few days.

GREEN POINT.

Mr. Frank Wood, of Elmbrook, was the guest over Sunday of his parents, Mr. and Mrs. Wm. Wood.—Mrs. W. Wood is slowly recovering from her recent illness.—Miss Violet Wood and Miss Helen Kilpatrick, of Kingston, spent last Sunday evening the guests of Miss Jessie VanAllan.—Mrs. C. de Tuttle, of Toronto, is visiting her mother, Mrs. Joe Curletto. — Mrs. Phoebe Reddell, of Gosport, spent over Sunday with Mrs. Harvey VanAllan.—Mr. Bert Wood is home, after spending a month with Mr. and Mrs. Percy Kirby.

Two rather close-packed swains were discussing their romances. "Say, Bill," asked one, "how are the two going along with thy courtin'?"

"Afraid," replied Bill, "but for goin' to the theatre and such like, costs a bit too much."

"Ah, thy wants to do the same as me," advised the other; "meet her in t' side."

"FLU" NEARLY KILLED HER

"I was so weak that I had lost interest in everything."

Because Mrs. McGregor let herself become run down, read what happened. Like a great many other people who got the "flu" a few years ago, she suffered a lot in a weakened run down condition. She was tired from head to toe, had stomach and nerves. I said I felt all the time as if I had to upset. I had no appetite, and what I suffered agony with headaches I was completely used up. I was nervous, could not sleep, and was always tired. I simply dragged around. In such a nervous, exhausted run down condition, how easily did I catch cold, and the least draught gave me a chill. My kidneys didn't work properly either, and I was always troubled with backache. It was awful. I was so weak and tired that I had no interest in everything. I tried several preparations to build me up, but none of them did me any good. One day a friend who had been very ill called in to see me, and, on the advice of her doctor, I asked her what she had been doing with herself to look so well and fat. She said that Carnol had done wonders for her and advised me to try it. At the evidence of my friend I had done for my friend could not be denied. I decided to follow her advice. Today I think Carnol is the most wonderful preparation in the world. It has made me a happy, healthy, contented woman."

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 8-122

THE FARM LOAN SYSTEM.

SHORT TERM CREDITS.

By W. B. Roadhouse.

There is one distinctive difference between the system of long-term loans and the system of short-term loans recently inaugurated in this Province. Those who have followed the preceding articles in this brief series, will have observed that long-term loans are made direct by the Agricultural Development Board, 5 Queen's Park, Toronto. In contrast to this, no short-term loans are made by the Board, but made solely through local associations organized for this purpose.

The reason for this difference in method of operation lies in the difference in the nature of the security and the nature of the loan. In the matter of long-term loans, the security is a first mortgage on land, and the personality of the borrower, while important, is secondary. In the short-term loans, the security is a note or lien on chattels, and the personality of the borrower, and his reputation in the community, is one of the big determining factors. Then, too, the loan is usually a small one. With $2,000 as the maximum, the average loan will no doubt be a good deal under $1,000. It would, therefore, be physically impossible for any central office to grant and supervise loans in all the different sections of the Province for small amounts. No system of granting of short-term loans on personal or chattel security by a central office for a whole Province, has ever been attempted, as far as I am aware. Such loans may, however, be granted with reasonable safety by local committees familiar with all the circumstances.

Not So Difficult.

Accordingly, a plan of organization of local farm loan associations has been devised, and this is not so difficult as might at first appear. A membership of thirty is required, and each member must take one share of stock, value $100, and make a payment of 10 per cent., or $10. This stock represents capital, and is held in reserve. There is little likelihood of any farther payment ever being required on capital account. After the necessary membership is signed up, the township council and the Government are each asked to appoint two directors, and subscribe for one-half the amount of stock subscribed by local members; this to be added to the reserve. When these directors have been appointed, the association elects a president, vice-president and one director. These officers, with the two Government directors and the two township directors, constitute a board of seven, which, thereafter, looks after the business of the association. A secretary-Treasurer is appointed, and he is the only paid officer permitted. When the association is thus formed it continues from year to year with the usual annual election of officers, and applications for loans can then be made from time to time to the secretary-treasurer, who will arrange to have them considered by the directors.

In practice, it will probably be found desirable to have meetings at stated periods for the consideration of the loans. In this way, loans may be passed without any inconvenience either to the borrower or to the directors.

Associations Formed.

Although this plan has only been before the farmers of the Province for a few months, ten associations have been formed, and are doing business, while two others have been formed, but have not yet passed on loans. The associations which have been formed and have passed loans are as follows: Nassagaweya Farm Loan Association, Halton County, $12,750; Sault Ste. Marie Farm Loan Association, $2,920; Glanford Farm Loan Association, Wentworth Co., $2,000; Nelson Farm Loan Association, Halton County, $4,050; Ekfrid Farm Loan Association, Middlesex County, $4,575; Howard Farm Loan Association, Kent County, $1,025; Balfour and Bayside Farm Loan Association, Sudbury District, $15,550; Cosby and Maitland Farm Loan Association, Sudbury District, $3,600; Elkhorn Farm Loan Association, Stormont County, $3,800; Esquesing Farm Loan Association, Halton County, $6,600.

The following associations have completed organization, but have not passed any loans as yet: Toronto Township Farm Loan Association, Peel County; Seneca Township Farm Loan Association, Haldimand County.

Why Amounts Are Small.

It will be noted that the aggregate amounts loaned to each association are not as large as might have been expected. The explanation is that most of the associations were organized late in the season, and, consequently, members had made the arrangements for spring financing or some chend without. They preferred, however, to complete the organization so that the association will be at their service later in the year and in other years.

Loans granted range from $125 to $1,500, in individual cases, and are for all manner of purposes in connection with farm work. They are repayable at the end of the year with interest at 6½ per cent., but, of course, may be renewed for another year if the directors feel that such renewal is justified.

Each applicant submits to the association a detailed statement of his assets and liabilities, and also signs a promissory note. The application is then endorsed by the president and secretary of the association and sent in to the Board for approval and for issuing of cheque to cover the total amount loaned to an association. While, therefore, the subpoint of helping the man on the land in carrying out his farming operations, it will be seen that due regard is paid to the question of security, and if reasonable discretion is exercised there is no reason why any of the money so loaned should go astray.

Well Distributed.

The number of associations now doing business is regarded as a very satisfactory start. With the new system it was not expected that such associations would spring up in a night all over the Province, nor was it regarded as desirable that such should occur. A glance at the list given will reveal the fact that the associations now in existence are well scattered over the Province, East, Centre, West and North are all represented in the locations given. Not only is this a fact, but the Board of Directors selected includes some of the very best farmers in the Province. Their interest in the matter and their public-spirited efforts to assist their neighbors in the matter of finance gives the associations organized a good standing in their respective communities.

As to the Future.

The future of this plan is now in the hands of the farmers themselves. It was placed on the Statute Books as an alternative system of merit in itself, and of value as an alternative where other agencies were found inadequate or unsatisfactory. The Agricultural Development Board will assist in any section where there is a desire to organize an association, and will also keep in touch with the work of each association in the interests of the members and the interests of the Province.

Stop the Cough. — Coughing is caused by irritation in the respiratory passages and is the effort to dislodge obstructions that come from inflammation of the mucous membrane. Treatment with Dr. Thomas' Eclectric Oil will allay the inflammation and in consequence the cough will usually stop. Try it and you will be satisfied.

WHERE ONE BLADE GREW

It is not always the best soil that yields the richest harvest. Much depends upon the man who cultivates the soil, and the measure of his success is the measure of his intelligent industry and thrift and ability to make the most of opportunity.

The successful farmer cultivates his money as carefully as he cultivates his land. He gets returns from his crops and he gets returns from his funds. This Bank in any part of the Dominion adds interest to the money saved by industrious farmers. Our nearest Branch is at your service.

A Grateful Mother Speaks in Favor of Dr. Henderson's Herb Tablets

Mrs. C. E. Earl, Toronto, says: I am pleased to inform you that our boy, Eddie, has been completely cured of bladder trouble through using Dr. Henderson's Herb Tablets. He is now 14 years old and has not been able to retain his urine which caused us a great deal of worry and trouble. We tried different doctors and medicines but never received any help until your agent called and advised us to try your Tablets. After treating with them for a few weeks they have completely cured him. I would advise others who have children afflicted in this way to give them a trial. I will consider it a pleasure to explain his case more fully on request.

Should you or any of your children be afflicted in a similar way we are confident they would produce similar results. Don't fail to give them a trial.

Trials of speed, saddle races, baseball games, and a good programme of sports of all kinds. Meals served in Town Hall. A first class concert in the Town Hall, in the evening. Come early and see the whole show. 34b

The Fuel Situation.

We learn that the Council of Napanee has been very diligent in respect to the threatened coal shortage and have passed a by-law authorizing the Council to buy fuel for sale in the town. The Council has also pursuant to the authority conferred by the by-law, purchased a considerable quantity of dry hard wood. The arrangements for handling this wood have not yet been completed, but it is expected the details will be worked out in a few days, and the particulars will be given in next week's issue.

Baseball at Tamworth.

What promises to be an exciting game of baseball will take place at Tamworth on Wednesday afternoon next, August 30th, at 3 p.m., sharp, when Sydenham, champions of Frontenac County, and Tamworth, champions of Lennox and Addington County, meet in the Inter-County League Final. Both these teams have had to play good ball to win their coveted right to play off for the championship, and a fast game is assured. In the evening a dance will be held in the Town Hall in aid of the Tamworth Club. Walters' Orchestra will furnish the music.

Stella Fair.

Stella Fair seems an assured success as the managers have legally secured their grounds and have been working faithfully preparing all the necessary items towards making the grounds passible in the short space of time at their disposal. A large tent will be erected for Sept. 26th. Amherst Island's biggest and best day on record, while the two diamonds for ball games have been a wonderful drawing card all the season. A track, which has received good attention for exhibiting horses and for testing the speed of our noted local prize winners, is prepared with a view of fulfilling a long felt want at our annual fair, and also to create our sports a more desirable place than the public streets in the village.

Programme for Week of Aug. 25th to 31st

FRIDAY AND SATURDAY

J. P. McGOWAN in "DISCONTENT OF WIVES". This is something every man should see. It is sure worth the time. Also a 2-reel Comedy, "HIS FIRST HONEYMOON", and next Episode of "WINNERS OF THE WEST".

MONDAY AND TUESDAY.

James Oliver Curwood presents "THE GOLDEN SNARE". It is adapted from his famous novel of the same title. It is just a real good picture. Also a 2-reel Comedy, Mac Sennett in "BY HECK".

WEDNESDAY AND THURSDAY

TOM MOORE presents "MR. BARNES OF NEW YORK". Tom Moore is the man, Naomi Childers is the girl, and the tale of their love is one of the finest things ever put in pictures. Also Jimmie Adams in a 2-reel Comedy, "BANG", and next Episode of "STANLEY IN AFRICA".

HISTED—SHEFFEL.

The home of Mr. and Mrs. C. Histed Camden East, was the scene of a very pretty wedding on Wednesday, Aug. 30th, 1922, when Miss B. Sheffel was united in marriage to Percy Histed. The bride was charmingly, attired in white silk with beaded trimmings. Mrs. Stanley Sigsworth, aunt of the bride, played the wedding march. The young couple took their places under the wedding bell. The bride was given away by her father. Their Pastor, Rev. Mr. Nickle, received the nuptial vows. After the ceremony and congratulations, a buffet lunch was served to the invited guests, and the bride and groom left for Toronto fair and other places of interest on their honeymoon. The presents received were numerous and costly, showing the high esteem in which the young couple are held.

AN IMPORTANT QUESTION.

A preacher, at the close of one of his sermons, said: "Let all in the house who are paying their debts stand up." Presently every man, woman and child, with one exception, rose to their feet.

The preacher seated them and said, "Now every man not paying his debts stand up." The exception, a careworn, hungry-looking individual, clothed in his last summer's suit, slowly assumed a perpendicular position.

"How is it, my friend," asked the minister, "you are the only man not able to meet his obligations?"

"I run a newspaper," he answered, "and the brethren here who stood up are my subscribers, and——"

"Let us pray!" exclaimed the minister.

If this question was asked in your congregation, what would you do—stand up or sit still? Look at your label now.—The Subscription Man.

OBITUARY.

Mrs. James H. Toppings.

On Tuesday, August 17th, 1922, there passed away at her home, in the 2nd Concession of Tyendinaga, Mary James H. Toppings, in her forty-sixth year, after a lingering illness. She leaves to mourn her loss her sorrowing husband and, her two sisters, Rev. and Helen, at home. Also two sisters, Mrs. James McFarlane, of Marysville, and Mrs. Philip Reid, of Shannonville; also two brothers, Ezekial, of Shannonville, and William, of the Reserve. The funeral, Creegan preached the funeral service, which was held in Trinity Church, Shannonville, to a large gathering of friends and neighbors of the deceased, after which her remains were conveyed to Deseronto cemetery and laid to rest by the side of her father. Much sympathy is extended to the family of the deceased.

No grippe or depressing after effects if you use Royall Orderlies, the blood laxative. 25c, 50c, and $1.00 at Wallace's.

A rain clergyman asked an old man how he had enjoyed his sermon.

"I liked one passage at the end very much," said the old man.

"Which was that?" asked the clergyman.

"The one from the pulpit to the vestry," said the old man.

"I can't play 'Macbeth' before twenty people," said the famished tragedian. "Think about your art," said the manager, soothingly.

"I cannot even do that," replied the star, with tragic gesture. "A starving band is eating a 'hot-dog' in the wings."

Just arrived! A fresh shipment of Neilson's super creams, 60c. lb., at Wallace's.

LACROSSE.

DESERONTO 2, NAPANEE 1.

The younger generation of Napanee witnessed their first lacrosse match at the Driving Park, on Wednesday afternoon, when Deseronto defeated the local team by a score of 2-1. The local club was organized a few weeks ago and have been practicing on the Collegiate grounds under the tuition of Messrs. Adams, Metcalf, Black and other enthusiasts who have played the game in bygone days.

While the play would probably appear a little rough to spectators who are not accustomed to the game, we would say that there were more casualties at Wednesday's game than would likely happen in a faster game where the boys are accustomed to protect themselves as well as playing the game.

Mr. Harry Moore, Proprietor of The Deseronto Post, who is a lacrosse enthusiast of many years standing, during the past summer has developed and schooled a team in the town of his adoption, and is to be congratulated on the showing they are making. While they are not as speedy as a number of the Napanee boys, still they are much farther advanced in stick-handling, which counts considerably in a game of lacrosse. Space will not permit us to mention each individual player, but we cannot pass up that youngster, Whitton, who plays centre for Deseronto. He is only about the size of a ten-year-old boy, but he is tricky, is a pretty good stick-handler, and has a mania for shooting on goal as soon as he gets within shooting distance. When this boy gets a little more weight and age, he will be heard from.

The local boys all played well for the experience they have had. There is plenty of room for criticism, but this would hardly be an opportune time, as we feel sure that some of their most noticeable mistakes will be corrected in their next game, at least to some extent. They are all hard workers and had possession of the ball the major portion of the game, but were unable to shoot with any accuracy whatever. We predict that before the season is ended a decided improvement will be seen.

The bleachers were agreeably livened by the presence of the Napanee Band, which played several selections.

A fairly large crowd was in attendance for the opening game, but a better showing will be made at the next one.

Mr. Harry Moore, of Deseronto, referced the game in his usual satisfactory and impartial manner.

The following is the line-up:—

Deseronto—Goal, Hubbard; Point, Wagar; Cover, Perry; Defense, Fraser, Brennan; Centre, Whitton; Home, Burley, Cook, Steele, Marsden; Inside, Reside, Green; Spare, Provins.

Napanee—Goal, Babcock; Point, Grassi; Cover, Huffman; Defense, Millar, C. Rogers; Centre, Stinson; Home, Hill, A. Rogers; Outside, P. Stewart; Inside, J. Stewart; Spares, Nipple, Parks, Metcalf.

The score:—

Deseronto	1	1	0	0—2
Napanee	0	0	1	0—1

KILLED AT NEWBURGH.

G. FRED. HILL, ONE OF NEWBURGH'S MOST PROMINENT CITIZENS, INSTANTLY KILLED BY TRAIN.

The news of the sudden death of one of Newburgh's popular citizens was a severe shock to the villagers early on Tuesday morning, when it was learned that Fred Hill had been instantly killed while walking on the Canadian National tracks at Newburgh.

The supposition is that Mr. Hill, who was in night attire when found, had left his home, which is near the track, and walked on the track towards the station while asleep. It is also thought that he was struck by the fast Ottawa-Toronto train, which does not stop at Newburgh, and, as this train was late on the morning of the accident, it would have passed through Newburgh about the time the accident happened.

Deceased, who was in his early fifties, was one of Newburgh's most prominent and popular citizens, and his untimely demise is sincerely regretted by old and young, as well as by a host of friends throughout the County. Mr. Hill was a member of Newburgh Board of Education, Warden in the Anglican Church, and a member of the Masonic Order.

Besides his wife, he leaves three daughters and one son to mourn the loss of a kind and loving husband and father. One brother, Mr. Wm. Hill, of Toronto, and two sisters, also survive.

BASEBALL.

SYDENHAM 10, TAMWORTH 8.

With a wonderful finish to a game that was thrilling all through, Sydenham took victory out of the reach of the Tamworth team on Saturday afternoon in the first of the play-offs at the Sydenham grounds for the championship of the Frontenac, Lennox and Addington Baseball League by the score of 10-8, after a home run by Knapp in the last of the ninth with two on on had robbed Tamworth of almost certain victory, they having gone into the ninth inning with the score 8-7 in their favor after having come from behind a score of 6-0.

Old Sydenham fans who have witnessed thrilling battles galore, state that Saturday's game took the cake for excitement and there was not a dull moment throughout the entire nine innings. Every time a man would strike out or a close play would be completed, there would be loud yells from the men and boys supporting the respective teams, while the women and girls screamed and raised a general hubbub in all parts of the field. Tamworth had a very large crowd of followers at the game, and though they were outnumbered by three to one by the Sydenham crowd, they were heard and heard plainly at that.

The two pitchers received their share of the yelling from the crowd. James went into high jinx at first and nearly lost his head due to the yelling on the sidelines, but he settled down after the second innings, and from then on the exhibition in pitching that he put up was beautiful to see. He had the Sydenham batters beaten time and time again, but his team pilled up seven errors behind him. If it had not been for the great pitching of James, Tamworth would have been hopelessly defeated. Easy balls that were allowed to go for hits in the first part of the game tended rather to take the heart out of James, but he stuck at his work and before long his influence became felt and the whole team settled down to work, and Tamworth made a wonderful improvement from the second innings on.

Tamworth had more men left on bases than did Sydenham, Tamworth having eleven men left on, while Sydenham had eight and therein lies in part the secret of Tamworth's defeat. Tamworth helped to beat themselves by their poor base running at times.

Sydenham fielded well and in the fifth innings Perry caught a fly in left field from J. Harrison that looked like a sure hit. He was playing deep, but at the time and made a beautiful run almost into third base picking off a high one.

Leg started on the mound for the home team and pitched for seven innings during which time he pitched good ball having struck out ten, allowed eight hits. Young finished up and allowed five hits, while he also struck out five.

James had twelve strikeouts to his credit and allowed nine hits though not more than four should have gone for hits. Sydenham were right on their toes when they were on the bases, and they took advantage of every opportunity to steal. They took eleven bases from Vanalstyne.

For a long time through the game it looked as though Sydenham had the game on ice. They had Tamworth six to nothing, having got away in the first and four in the second, while Tamworth did not score until the third when they got two runs. Sydenham were held again until the fifth when Perry crossed the plate, and they did not score until the ninth when the sensational homer with two out and two strikes on the batter broke up the game and threw the Sydenham crowd into a delirium of joy.

Tamworth had scored two in the sixth and things were looking brighter for them and in the eighth they made the score 7-5. With bases high for Tamworth, Sydenham came to bat in the eighth frame and three batted and three went out on easy flies. When Tamworth scored three runs in their half of the ninth the joy of the Tamworth crowd knew no bounds. They yelled, screeched, pleaded with the team to hold Sydenham and every ball that was thrown there was a great hush and a cheer rent the air from the side which it favored when a ball or strike. The last innings saw the crowd in a high state of excitement and it seemed as though the destiny of the world depended on the outcome. Tamworth seemed to have victory in their hands and were leaning on for dear life when with a mighty crash, Knapp, who had struck out twice before, cracked the ball over the left field fence.

The crowd surged on the field and the Sydenham players were surrounded in a minute and congratulations and so forth were in order for the next few moments before the excitement finally abated. It was a great battle, a hard one for Tamworth to lose after having it cinched and a good one for Sydenham to win.

The following is the story of the game as played:

Trotter.

Notes of Game.

Pat James did his share towards the game on Saturday and he showed himself a truly great pitcher.

All Sydenham was loud in the praise of James' work even though he was an opponent and the Sydenham players gave him great credit.

George Sullivan and Stanley Trotter handled the game to perfection. There were no disputes and the game ran along smoothly as far as complaints were concerned.

Dr. O'Connor, manager of Tamworth, has the makings of a ball team and if they could run bases they would win the pennant handily.

COLLEGIATE INSTITUTE.

Candidates at the recent Departmental Examinations who failed in one or more subjects are urgently requested to communicate with the Principal, Dr. G. W. Marden, if they desire to take up work at the Napanee Collegiate Institute this coming term so that they may ascertain what subjects they should write at the Supplemental examinations in September. Promotion in the Lower School, from Lower School to Middle School and in Middle School will be allowed to those who try the Supplemental examinations and have passed in all but one subject.

Those pupils who failed in only one subject in July should try the Supplemental examination in September in order to assure themselves the right to promotion. Those who failed in more than one subject must try to pass off some of the subjects at the Supplemental examination to retain their present standing or to become entitled to promotion.

Candidates who wrote on Normal School Entrance or Pass Matriculation and failed in more than one subject and who have tried the Supplemental examination will be either promoted to Upper School or allowed to take Upper School subjects to complete their programme of studies.

Regardless of the number of subjects on which the pupil has to write at the examination in July, 1923, every pupil will be required to carry a full programme.

The following pupils of Upper School who took the Upper School examinations are requested to send in their certificates to the Principal in order that a record may be made for the Collegiate Institute of the results of the examination. The certificates will be returned.

Mary Daly, Edith Allison, Marion Wales, Evelyn Sheridan, Edith Alexander, Beatrice Armstrong, Helen Loyst, Marguerite McGuire, Queenie Paul, Winifred Tavernor.

QUESTIONS AND ANSWERS ON FORESTRY.

What is my pine bush worth?

Q.—I am trying to figure out what a large plantation of white pine on my father's farm is worth to-day. It is approximately 40 years old.

A.—Canadian estimates are hard to secure. However, a 36-year old New York State white pine plantation sold recently at $500 per acre on the stump. Two acres of white pine near Keene, New Hamshire, were sold before the war for $2,000 on the stump. The total stand was 254 cords. The trees were from 80 to 85 years old. The growth on each acre was about 1000 feet per annum and the stand returns about $12.20 per acre per annum.

Who can identify woods?

Q.—What authority in Canada will identify certain woods submitted to my factory as samples. The ordinary manufacturer has no means of verifying these woods.

A.—The Forest Products Laboratories, McGill University, Montreal, will be glad to handle all such problems for you without charge. Send your woods to them marking plainly the country of origin and in the case of Canadian woods the district of origin.

FRIGHTENED!

"Every morning I woke up, I felt that something terrible was going to happen."

Writes Mrs. M. and she goes on to say, "I wonder if any other woman ever had such fits of depression as I had for over a year. I was so utterly despondent that it it had not been for my children, I believe I would have put an end to my life. Every day and every night was a nightmare. I dreaded going to bed because I lay awake most of the night. When I did sleep, I had the most dreadful dreams. I suffered from a weakness that I knew I was gradually wasting away, but I knew I was going to die and I was so thoroughly miserable that I did not care whether I lived or not. And then I heard about Carnol. I took a few doses of it and at first I refused to take it as I was sure it wouldn't do me any good. Finally I did try it with the most wonderful results. I am well and happy, every minute of the day and night is heavenly and sleep soundly. My friends won't believe that Carnol alone has done this for me. I am never despondent now and every day is a day of joy. What Carnol has done for me it will do for you."

Carnol is sold by your druggist and if you can conscientiously say after you have tried it, that it hasn't done you any good, return the empty bottle and he will refund your money. 2-12t

TWO BAD INSECT PESTS

Play Havoc With Some Field and Garden Crops.

The White Grub, Larva of the June Beetle—The Wireworm, Larva of the Click Beetle—How to Deal With Them—Calf Feeding a Real Problem.

(Contributed by Ontario Department of Agriculture, Toronto.)

Much injury is done to certain field and garden crops by the two insects named above. Hints as to their control are given below:

The White Grub.

The White Grub working and feeding beneath the soil on grass roots, field crops and garden crops, destroys many thousands of dollars' worth of effort each year, much of the destruction in the corn and strawberry fields can be charged to this insect. Pasture fields, hay meadows and grain fields are frequently much reduced in value through the roots of the plants being nibbled off by this pest. The parent of the white grub is the June Beetle, usually very common as a night flier in late June and July. The female beetle usually lays her eggs in grass land, meadows, lawns, roadside, fence rows, bush pastures and such like places. The grubs hatch in twelve or fourteen days after the eggs are laid, they require two years to develop, living and feeding on grass and other plant roots until ready to pupate. The change from grub to mature insect takes place between the autumn of the second year and the following spring. Since these grubs live and feed beneath the soil for full two years it is impossible to reach them with poisons or sprays. Cultivation to break up the pupal cases or expose such to the weather or birds is the most efficient way to control. Old sod lands are usually heavily infested, and the crop following the first ploughing suffers heavily. A short rotation with deep autumn ploughing whenever possible, and not more than one year out of three in grass will keep the numbers down sufficiently to permit profitable crop production.

The Wireworm.

What is the matter with the crops? Much of the seed has failed to produce a plant and what plants have developed are weak and stunted. Scratch away the soil and look for the seed that you planted some weeks ago. If you find that the seed grain has been penetrated or partly devoured you will know that wireworms have been at work. You may even find "hard smooth shining slender cylindrical six-legged larva at work boring and eating the seed. The wireworms vary in color from reddish to yellowish brown. The wireworm is the larva of a class of beetles commonly known as "Click Beetles" (Elaterida). These beetles frequent and breed in grass land. Fields that have been down in hay or pasture for a number of years are generally heavily infested and the first crop sown after breaking the sod usually suffers considerably. Tillage is the best agent to destroy the young beetles. A short crop rotation that does not include hay or pasture more frequently than one year in four is generally effective in controlling this pest. The ploughing should be done early in the autumn, and the land worked as much as possible before the hard freezing weather stops tillage operations. The stirring of the soil will break up many pupal cases and thereby expose the young or developing beetles to the cold and wet. All or many will perish, reducing the possibility of serious infestation in the cultivated lands during the following season.—L. Stevenson, Sec. Dept. of Agriculture, Toronto.

Calf Feeding a Real Problem.

It is well known to dairymen that calves under six months old make little or no gain on pasture alone, however good the pasture may be. Their feeding is a real problem. For this reason arrangements to have the calves come in the fall so they will be ready for pasture in the spring. Those calves calves or calves born in the winter should be kept in the barn during the summer as they are to make proper growth. It is well to have a small pasture or yard in connection in which they can run a few hours a day. In hot weather, the night is the better time for them to be out of doors.

For feed, skimmilk, mixed whole oats and corn half and half, and clover or alfalfa hay, are always satisfactory rations. When there is a shortage of skimmilk or clover or alfalfa hay, some oilmeal will greatly add to the ration.

Calf scours are frequently caused by unclean pails. Tin pails should be used, and they should be washed every day and set out in the sun.

U. S. Senator Gore on the Farmer.

The farmer cannot continue to sell his produce for less than the cost of production any more than he could live in a vacuum. Out of the reduced proceeds of what he sells, the farmer is obliged to pay extraordinary prices for everything that he buys. I believe that our national progress and prosperity are bound up with the progress and prosperity of our farmers. Any public policy which enfeebles the farmer will bear evil fruit, and will dry up the fountains of national prosperity.

Utilizing Unmarketable Potatoes.

Unmarketable potatoes add succulence to the dairy ration. Where corn silage is not available feed three pounds of small potatoes, a peck a day will give an increase in milk flow. They should be introduced into the ration gradually and be run through a root cutter to avoid the possibility of choking the animal.

IN MEMORIAM.

In sad but loving memory of Albert Ballance, who departed this life on August 30th, 1921.

Long months have passed since that sad day,
God called the one we loved away.
Forget him, no we never will,
For in our hearts he liveth still.
The blow was great, the shock severe,
We little thought his death so near.
And only those who have lost can tell
The pain of parting without farewell.

PERFECT EQUALITY

Father—Why is it that you are always at the bottom of the class? Johnny—It doesn't make any difference, daddy; they teach the same things at both ends.

Important to All Wearers of Corsets

A TRAVELLING INSTRUCTOR FROM THE NEMO CORSET INSTITUTE WILL BE IN OUR CORSET DEPARTMENT FROM SEPTEMBER 5th TO 9th.

This is an ideal opportunity for you to obtain any information that you may require regarding Corsets and especially Nemo Corsets. Nemo Corsets are so varied in style, every woman may easily secure her exact requirements. The numerous models are for different figures, possibly you require a "Wonderlift", or "Self-Reducing", or "Diafram Reducing model, which ever is best for your particular type Miss Fitzgerald will tell you.

It is most important that you secure a proper fitting Corset before you purchase your new Fall Suit, Coat or Dress.

Every woman in Napanee and vicinity is especially invited to come to this display.

STORE EVENTS WHICH WE WOULD LIKE YOU TO REMEMBER.

1. Our Fall Openings will be held in our Store on Friday and Saturday, September 8th and 9th. Special displays of the new Autumn Merchandise, Wearing Apparel, Millinery and accessories will be the chief attractions.
2. Special Nemo Corset Fitting Demonstration by Miss Fitzgerald, week of September 5th to 9th, both days inclusive.
3. Our Store will be open until 5.30 p.m. every Wednesday from now on.
4. Monday, September 4th, is Labor Day. Store will be closed all day.

NEW MODES AND MATERIALS IN DRESSES — POIRET TWILL, THE BAROMETER OF FASHION.

For slipping back into customary Fall ways, you really must have a new Wool frock. These are especially nice for street wear as they are just between the light weight summer frock and the heavier winter apparel. This Autumn the style favors the straight line Silhouette of other years, yet each frock has numerous interesting features which are distinctively new this season.

Embroideries, Beading, Gold Stitching and Braids are used extensively. Then too, bright shades, as lip-stick Red, Jade and Henna are used as collar and cuffs, or for the lining of panels on gowns in Navy and Black. Sleeves are long, some are finished with bell sleeves, others are shirred snugly around a band at the wrist.

Serges as well as Tricotines are likewise fashionable. Priced from $18.50 to $50.00.

FALL SUIT FASHIONS ARE DISTINCTIVE AND PRACTICAL RICH LININGS, LUXURIOUS FURS AND VELVETY FINISHED MATERIALS ARE ALL IN ORDER.

"Length" is one of the newest characteristics of the new Autumn Suit. This outstanding feature is most noticeable in Coats, although the well-dressed women to be in harmony with Fashion must drop her skirts a trifle.

Tailored lines are strongly endorsed by Fashion, thus notched revers are seen on many a suit. Most models carry a very narrow belt, yet here and there are those which are absolutely devoid of any trimming whatsoever. On the other hand there are equally as fashionable Suits trimmed with embroidery and stitching with collars of fur.

Tricotine, Velour and Duvetyn are the materials most favored, while Navy and Brown are the best for shades. Priced from $37.50 to $65.00.

THE LADIES' HOME JOURNAL FOR SEPTEMBER IS 195 PAGES BIG. 15c. PER COPY.

The Journal is big in every respect,—big in size, big in fiction, big in special articles, in art features, in fashions, in needlework, in household items. Those contributing to the September number are Lady Astor, in "The False Gods of Fashion"; "The Influence of Women in Politics", by Gifford Pinchot; "Let me say this for the Films" by Douglas Fairbanks". These are just a few of the many good things featured in the new Journal. Why not start with the September number? You will get more than your money's worth. On sale at the Pattern Counter.

OUR STAGE IS ALL "SET" FOR FALL MILLINERY BUSINESS. NEW STOCKS ARE NOW ON DISPLAY.

Will the larger hat keep company with the longer skirt, or will the jaunty snug, tight-fitting suit hat still have its own way? Careful dressers are giving this problem unusual care this season. Madam will have to use her own judgment as to which will suit her needs best as both sizes are very fashionable. High crowns are very important from a style standpoint, while quite frequently trimmings are flat or low. Metal fabrics and ornaments are used extensively this Autumn for facings and trimmings. Combinations of felt and velvet, of felt and plush in two-toned effects are very prominent among the ready-to-wear models.

The wood shades ranging from the real light sand tones right up to dark browns are best, while Navy Blue and Black follow very closely.

Our department is in charge of a very competent staff who will gladly assist you in making selections and give you millinery assistance that you may require.

"A NEW FIBRE SILK AND SILK FABRIC THAT IS AS DIFFICULT TO CRUSH AS A TURKISH TOWEL".

THIS IS VELETTE. THE NEW FALL FABRIC THAT RANKS HIGH IN FASHION'S COLUMN.

Velette is one of the associate members of a big range of fashionable Fall fabrics. It is a fabric that will meet the ideas and ideals of those seeking a correct fabric. It is heavy enough to hang well, light enough to give freedom of action, so woven that it does not crease. It has a Jersey knit back and the looped and flattened pile of terry cloth in front. This in brief is Velette. You should make it a point to view this beautiful material. Then again the shades are gorgeous. Colors are Black, Mauve, Salmon, White, Nile, Navy, Castor, 56 inches wide. Our Special Price $3.50 per yard.

Bargain-Hunters

In this community are hundreds of individuals and families on the watch for an advertisement which will offer them what they want at an advantageous price.

Call them bargain-hunters if you will, but there is nothing wrong in waiting for a bargain, especially when the seller is anxious to sell at a reduced price.

One family wants a new carpet—the need is not urgent. Another family is looking forward to buying dining-room furniture—it may not be for a twelve month.

One man is thinking of buying himself a watch. One woman a shopping bag; another an umbrella.

All can be made to buy earlier—by advertising.

A NOTE TO MERCHANTS

Stimulate business by the offer of some slow-moving lines at special prices. Brighten up business by advertising some desirable goods at reduced prices. Make advertising banish dull business. Often you can tempt the buyer who is biding his or her time, to buy from you—at a time of your naming.

CUTTING THIRD SET OF TEETH

Memphis (Tenn.) Man, at 84, Is Also Renewing His Youth and Vigor in Other Ways.

The adage that there is nothing new under the sun has been disproved by N. D. Starr, who has cut a third set of teeth at the age of eighty-four, when usually the only new molars, bicuspids, etc., that can be achieved are those purchased from a dentist, says the Memphis Commercial Appeal.

Mr. Starr, who is in the employ of the Memphis Artesian Water company, recently found himself in need of a set of these artificial substitutes for the teeth provided by nature. But when he visited his dentist the price was too high and he decided to go toothless. However, through one of the unaccountable happenings which sometimes upsets all rules, Mr. Starr discovered that he was cutting 12 new teeth. They are almost through now, although they are not very useful yet, owing to the fact that his gums are sore in a fashion familiar to all mothers of teething infants or to boys and girls whose second teeth are replacing their baby teeth, and even the older boys and girls who proudly announce: "I'm cutting a wisdom tooth."

Dentists doubtless will contend that such a thing cannot happen. But Mr. Starr knows that he now has teeth where no teeth were before. Moreover, he says his eyesight is better than it was several years ago, and that so far from his vigor being impaired by advancing years he feels stronger and more youthful than he did when he was seventy.

TELL OF BABYLONIAN LIFE

Interesting Revelations in Clay Tablets That Were "Written" On Some Forty Centuries Ago.

The University of South Dakota at Vermillion has come into possession of 61 genuine Babylonian tablets, discovered by Arabs in the ruins of buried cities and collected at Bagdad. They have been deciphered by Dr. Edgar J. Banks of Alpine, N. J., an authority on these clay and brick records of 4,000 years ago, and their authenticity proved. Fully half of the tablets in this collection are perfect and all of them are legible. They are only a few inches in size and were written on when they were soft clay, later being dried, or baked. Most of them are of about the date 2350 B. C., a few going as far back as 2800 B. C., and others dating from the time of the fall of Babylon before the Persians, in 538 B.C. The most valuable tablet of the collection is a letter. Holes were made through it so that it might be attached to a cord and carried in this way. Next in point of value and interest are a number of red-Babylonian tablets of sundried clay containing business contracts of all sorts and giving pictures of the life of the people after the Persian conquest. Of special interest is a small tablet of exercises in writing, done by some boy in the temple school over 40 centuries ago.

Iceberg Acrobat.

The sighting of a fleet of 14 icebergs, one with somersaulting tendencies, was reported by Capt. W. H. Fleming recently on the arrival here, of the steamship Munaires from Rotterdam.

The bergs were seen about 750 miles east of Halifax. One of them, said Capt. Fleming, suddenly rolled over with a splash. As it tumbled, a large piece from the top was broken off, causing the berg to take a second tumble. As it was righting, another section broke off, and for the third time the berg turned over. It was about a mile astern of the vessel.—New York World.

A Good Catch.

It is impossible to repress a feeling of satisfaction over the fest of the Atlantic City game warden, who apprehended the owner of a seaplane guilty of shooting wild geese in the air. The law against this sort of "sport" is strict, and the penalty provided for offenders is ample. And, as bird shooting from the air is on a plane with the use of dynamite and seines in closed waters, the more rigidly the statute is enforced the better. Any leniency would be disastrous to the bird life of the country and calamitous to the United States.—Detroit Free Press.

No Way for Ladies to Act.

Scene, a crowded restaurant; dramatis personae, the proprietor, sleek, prosperous, pompous; a footman—a dejected attendant, rolling anxious, furtive eyes in every direction to find out whether a customer had skipped without cashing in his meal check properly. For a few moments, however, attendant relaxes, heavy eyes almost close and vigilance abates.

On this peaceful lassitude falls the voice of the proprietor. "Here, you, Joe, get on your job. Didn't you notice them two ladies over there beating it out without paying their bill?"—Richboth Sunday-Herald.

On Trial.

Customer—I'm mighty particular about how my hair is cut. Do you think you can do a good job on it?

Barber—Well, I'm reckoned fairly decent, but if you want I'll do one side of your head first so you can see how you look.—American Legion Weekly.

Acquiring Sense.

"I'm teaching my boy to paddle his own canoe."

"And a good idea, too. Then he won't be so apt to rock the boat."

"Why are you so interested in that quarreling couple?"

"I happen to know them. The husband is a master of languages."

"He seems to have abdicated for the time being.

CULTURES FOR SILOS

Helping Out Poor Fodders Turned Into Ensilage.

Lactic Acid Cultures Now Applied—Good Fodder Requires No Treatment—Sealing the Silo—Make a Compost Heap of Garden Rubbish.

(Contributed by Ontario Department of Agriculture, Toronto.)

Attempts have been made to control or direct acid bacteria. Bacillus lactis acidi has long been known to be beneficial in silage making, and its product, lactic acid, is found to the extent of one per cent. in well made silage. Experience has demonstrated that the addition of bacillus lactis acidi in quantity to the fodder as the silos were being filled gave good results, particularly so when the fodder material was past the best stage for making high-grade silage. The addition of the bacillus lactis acidi in quantity to the more or less spoiled fodder provided an active agent to check and override the other bacteria present and thereby control the fermentative process, and bring the silage mass to a fairly uniform condition, with lactic acid predominant in the silage.

Add Lactic Acid Culture.

This addition of lactic acid culture to the fodder at the time of silo filling is easily accomplished by securing a small quantity of a pure culture for lactic acid, from a creamery as a beginning. The pure culture obtained from the creamery is placed in a three-gallon can of clean skimmilk. This is placed in a warm position for three days, it can then be added to more skimmilk, increasing the bulk sufficiently to have 60 gallon for each load of material that goes into the silo. This skimmilk culture carrying a vast number of bacillus lactic acidi is sprinkled over the cut fodder as the silo filling proceeds.

Good Fodder Requires No Culture Treatment.

If the corn is in prime condition for silage making at the time of ensiling, nothing is to be gained by adding culture, however its use is strongly advised if the corn or other fodder is a bit off in condition due to damage through unseasonable weather, delays, etc.—L. Stevenson, Sec. Dept. of Agriculture, Toronto.

Sealing the Silo.

Several methods of sealing the silo after it has been filled have justified their use. What is wanted is a heavy blanket of material on top as near air tight as possible. A Minnesota writer says:

Some times weeds or heavy green grass are run through the cutter as a finishing layer. Some prefer to jerk the ears from the last two or three loads of corn used so no grain is lost, and allow the corn itself to make the air-tight layer needed to preserve the silage below. At any rate, it is a good practice to tramp the silage around the edges at intervals of three or four days for about two weeks. This helps to prevent the settling away from the wall, which often occurs.

Spoiling at the surface may be prevented entirely by covering the top of the silage when filling is completed with a layer of tar paper cut to fit snugly around the walls and overlapping between the strips. If this is used, it is advisable to weight it with some green material of some kind or with boards. Most farmers, however, think the use of corn fleeit with the ears removed and with proper tramping is more economical than the use of paper.

In filling the silo the usual recommendation is to keep the surface higher at the sides than in the center and to do most of the tramping near the wall. The last two feet had best be kept about level with the same amount of tramping in all parts of the silo.

MAKE A COMPOST HEAP.

Save the Garden Rubbish and Make Cheap and Valuable Manure.

Garden waste, decayed vegetables, lead vines, weeds, and the organic rubbish that collects about the place during a busy summer may be cleaned up and put to work again through the agency of a compost heap. Start the heap by laying down a bed of stable manure which has not been burned or heated. The size of the plot will vary with the amount of refuse to be used, for ordinary use if the bed is made 8 feet long by 6 feet wide and 2 feet deep it will serve the purpose. Over the manure spread a two-foot layer of refuse and cover with another layer of manure. This last layer need be only a foot in thickness. Repeat the layers until all the waste has been disposed of and then cover the whole with a layer of earth.

If it is desired to add to the heap from time to time the top layer may be opened and the new material emptied into the hole thus made. This is convenient for the suburban home where there is no animal to consume the kitchen waste. In the spring the heap is well mixed with a fork and the compost is ready to be spread on the garden plot. The heating manure will effectively destroy any weed seed present and will also break down the structure of most of the materials that have been thrown upon the pile. The process may be continued indefinitely by simply adding enough manure to insure heating. The spot is especially valuable for use in hotbeds and cold frames.

A flock of scabby sheep will infect the roads, trails, fields, yards and grounds, pastures, ranges, and the ground around the watering places. It is therefore all important that the flock receive proper treatment as soon as the disease appears, before the infection becomes scattered.

Antoinette—Mrs. Black 'as called to see you, madam.

Mrs. White—Oh! Run to the drug store now and get me some aspirin, Antoinette.

Antoinette—Your poor 'ead, does it ache, then, madam?

Mrs. White—No! But it will when she has left.

ONTARIO ARCHIVES TORONTO

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

(a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.

(b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmatured coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

Dated at Ottawa, 8th August, 1922.

SUCCEEDS WHERE DOCTORS FAIL

Lydia E. Pinkham's Vegetable Compound Often Does That.—Read Mrs. Miner's Testimony

Churubusco, N. Y.—"I was under the doctor's care for over five years for backache and had no relief from his medicine. One day a neighbor told me about your Vegetable Compound and I took it. It helped me so much that I wish to advise all women to try Lydia E. Pinkham's Vegetable Compound and for female troubles and backache. It is a great help in carrying a child, as I have noticed a difference when I didn't take it. I thank you for the medicine and if I ever come to this city again I do not want to be without your Vegetable Compound and you can use its value in the case of Mrs. Miner.

That's the truth of the matter. If you are suffering from any of the troubles women have, you ought to try this medicine. It can be taken in safety by young or old, as it contains no harmful drugs.

Reality of Disease Germs.

Replying to a protest from Lew White, publicity department of the Christian Scientists, against remarks on the death from diphtheria of a girl under Christian Science treatment, the Journal of the American Medical Association says: "Had the nine-year-old girl been buried beneath a load of bricks, even Mr. White would have suggested, we believe, that before giving the injured child a Christian Science treatment—shovel or 'spread'—the bricks should be removed. What Mr. White fails to realize is that a Klebs-Loeffler bacillus is just as material an object as a brick. It does material damage, it is true, not by its material weight, but by the equally material toxins it produces."

Simple Telephony.

An interesting development in telephony is a new three-wire wall set which operates on two ordinary dry cells, says the Scientific American. The telephone itself is built for the use and pleasure of youngsters. The installation is very simple, as the telephone fastens to the walls with two screws and there is nothing more technical for the boy to do than to follow simple instructions in connecting the wire with the posts on each telephone box. The set will operate up to 1,000 feet, instead of the usual 100 or 200 feet, if two additional dry cells are employed.

Giving Him Room.

"Grandma! I didn't know you were going away."

"Yes, the doctor has ordered my husband to stop smoking, and I'm going to mother's for the first few weeks."—Judge (New York).

Mustard.

Fields that are heavily infested with mustard can frequently be turned to good account by using such areas for the production of silage fodders. The sowing of peas and oats in the proportion of one bushel of oats to one bushel of peas per acre (the mustard will come naturally) will make a very acceptable silage. Mustard has a habit feeding value when the peas on each telephone box. The set will operate up to 1,000 feet, instead of the usual 100 or 200 feet, if two additional dry cells are employed.

Advantages of Dairying.

Dairying maintains the fertility of the soil.

Dairying means a steady income.

Dairying furnishes regular employment for labor.

The market for dairy products is steady.

Dairy utilizes unsaleable roughage.

Dairy affords opportunity for increased income.

Dairying utilizes waste land.

The aim of the dairy farmer should be to keep more and better cows, thus reducing the cost of producing milk.

A CONCESSION TO HOME INVESTORS.

In offering to renew the five and a-half per cent. Canadian Government bonds maturing December 1st at the same rate of interest as is carried by the maturing bonds, and allowing a bonus of one month's interest, the Minister of Finance is making a material concession to the Canadian investor, as this rate is higher than was paid on the recent Canadian loan in New York. The high degree of security, which is the very best that can be offered in Canada, and the liberal rate of interest should attract large investment in these Dominion bonds. Attention is directed to the official advertisement giving details.

Gill—Is she doing it?

"She has made a start. She has bought a $50 desk, a $60 filing cabinet, and has ordered a $150 adding machine."

"I want to marry your daughter, sir."

"I'm merely her father."

"Of course, and that's why I thought it best to consult your wishes."

"Thank you for the compliment, young man. The only time that girl ever consults my wishes is when she pauses to ask if I'd rather give her a check or cash."

"I presume my letters to her will be read in court?"

"It's quite likely," said the lawyer who had been engaged by the defendant in a breach of promise suit.

"I dread that. The pet names I called her will make me look foolish."

"I wouldn't worry," said the lawyer, soothingly. "The court is used to hearing terms of that sort, and I don't suppose you thought up any new ones."

THE CORN EAR-WORM

Most Destructive Enemy of the Corn Crop.

The Mother Moth Lays Eggs During June, July and August—Egg to Moth Cycle About Forty Days—Deep Fall Ploughing Advocated—Horse's Efficiency Depends on Rations.

(Contributed by Ontario Department of Agriculture, Toronto.)

The moths responsible for the egg laying that produces so many destructive worms appear in June and deposit their eggs on various food plants during June, July and August. The female moths that are attracted to corn lay their eggs on the silks. The eggs are small yellow circular flattened discs, that hatch three or four days after being deposited. The young worms feed on the silk for a day or two and then work down into the interior of the husk tips, where they continue to feed on the silks and tender kernels at the tip of the ear, gradually working downward as they grow to maturity. When fully developed the Ear-worms leave the ear and the soil, going down about four inches to pupate. Two weeks after entering the soil the transformation is completed, the worm that went down come up as a moth.

Egg and Moth Cycle Covers Forty Days.

The life cycle, egg to moth, is completed in about forty days. The brood that attacks the corn silks is the second brood of the season. The moths are strong fliers, and may go a considerable distance from their birthplace in search of new fields. No satisfactory method of destroying the corn Ear-worm has been devised. Deep fall ploughing to destroy the last brood of the season is in part successful. If all land owners would practice a general clean up and deep ploughing of all lands in the autumn this pest would be reduced considerably. With many neglected areas scattered through the corn growing sections this insect's presence will be felt for some time.

Date of Planting a Factor In Control.

The date of corn planting is a factor of importance in escaping Ear-worm injury with the probable date of the second brood of moths emergence being known with fair accuracy, the planting may be done at a time to insure the corn ears being developed beyond the green silk stage before the moths of the second brood appear. The early planted corn has suffered less injury than the late.

Deep Autumn Ploughing Recommended.

Deep autumn ploughing of all land not in crop, the cleaning up of all materials that shelter insect life, the use of early ripening varieties of corn, early planting on well prepared land at dates well calculated to mind the major portion of the egg laying moths, are ways of reducing the probable injury from Corn Ear-worm.—L. Stevenson, Secretary Dept. of Agriculture, Toronto.

Horse's Efficiency Depends on Ration.

One of the factors that materially affects the efficiency of the work horse especially in hot weather is the feed he receives and the manner in which he receives it. It order that a horse may do a full day's work regularly throughout the summer months and yet maintain a presentable condition he must be fed just about to his full capacity. In order to do this and not injure his health, care and judgment must be exercised in the selection of feeds used.

The feeds best suited to form the principal components of the ration are good bright clean timothy or upland prairie hay and bright, clean oats and bran. The average horse weighing 1,500 pounds will require about 20 pounds of hay and 22 to 24 pounds of oats a day.

There is a wide variation in feed requirements of different horses of the same weight, however. Some do not have the capacity to consume and digest that much feed, and must be fed less even though as a result they cannot be expected to work so hard, while others commonly spoken of as easy feeders will keep up and do well on a little less feed than the prescribed amount. The successful teamster or feeder will study the individuality of his horses and feed accordingly.

Hays that are handled quietly and patiently will do much more work and keep in better condition on a given amount of feed than will horses that are abused and continually kept nervous and in fear of the driver.

The ration given above can be improved upon by using one feed per day of good, bright, clean alfalfa or clover hay, or by substituting bran for about 15 to 20 per cent. of the oats used. The grain feed should be replaced by a bran mash or feed of boiled barley or boiled oats on Saturday evening. The daily grain allowance should be reduced by about one-fourth on Sunday. Corn can be used in place of oats to constitute one half of the grain ration, though straight oats is conducive to slightly more satisfactory results over a long period of time.

The heavy feed of hay should of course be given at night, while the heavy feed of grain may be given at noon. Watering both before and after feeding grain is the most satisfactory method. Work horses should also have an opportunity to eat all the salt they care for.—W. H. Peters, Chief of the Division of Animal Husbandry, University of Minnesota.

The efficiency of the hog is determined by his ability to make a maximum gain on the minimum amount of feed. To do this the young pig must be kept thrifty.

SNAKE-EATERS IN CONVENTION

Gathering Which Is Held Annually in North Africa Must Be a Repulsive Sight.

After a lapse of five years, the annual convention of the snake-eaters of northern Africa has lately been held. Seventeen of the most renowned reptile consumers from various parts of Tunis and Algeria took part.

An extraordinary feature of the convention was that most of the snake-eaters served in the French army during the war, many of them wearing the medals they won in France.

More than four hundred small snakes of various sizes were carefully measured and distributed to the competitors. A score-keeper watched each man, and the spectators cheered the "eaters" at the top of their voices.

The "eating" consisted of forcing a snake into the mouth as quickly as possible, but no bunching or rolling up of the reptiles was allowed. The snake had to be forced in head first, and as soon as the tail had disappeared, which it usually did with extraordinary rapidity, the competitor quickly snatched it out of his mouth and inserted another.

The man who finished his 23 snakes first was adjudged the winner, and was presented with a prize consisting of a round ball studded with brass nails and hung with brass chains, to which were attached silver and gold coins.

MIGHT BE CARRIED TOO FAR

Physician Could Hardly Be Expected to Rejoice in Patient's Exposition of Imagination.

Perkins was feeling decidedly queer; he couldn't get on with his work; he couldn't do anything. So he decided to pay a visit to the doctor.

"I don't feel up to the mark," he said to the man of medicine. "Can you give me a good tonic?"

With pursed lips the doctor surveyed him for a moment or two, and, rising from his chair, remarked:

"Has it ever occurred to you that there's a great deal in imagination, Mr. Perkins?"

"Certainly, doctor," answered Perkins.

"Then go out of this surgery and imagine that there's nothing the matter with you. Come back in a week and let me know how you feel."

The patient went, deceived himself and returned to the physician at the appointed time.

"Ah, ah," said the doctor. "You are feeling better now, I can see. Didn't I tell you there was a great deal in imagination?"

"That's true," said Perkins. "What is your charge?"

"Five dollars," said the doctor.

"Well, imagine you've got it!" said Perkins.—London Tit-Bits.

Says Mosquitoes Punctured Tire.

The biggest big mosquito story of the season is credited to Fred Zavatkay, employed by the New York and New Haven Railroad company at Winsted, Conn. With a party of friends he motored in his car to Riverton, three or four miles distant, on a fishing trip. He left his car near the village and upon returning from the brook, he noticed that a spare tire fastened to the rear of the car was literally covered with giant "skeeters." They all seemed to be in working order, too, because when Zavatkay had to use the new tire to replace a flat one on the way home he declared he found it had been punctured by the huge mosquitoes.

Humming Bird Awes Woodchuck.

"The dimensions of an intruder were not considered at all by Sir Ruby," says H. I. Brasher, writing of a humming bird. "A flat lazy woodchuck, sitting upright on his hind legs, calmly chewing a sprig of leaves and surrounded by an admiring circle of Leghorns, was informed in no uncertain manner that he was outside of his domain. He returned to his proper territory with an abruptness which scattered the hens in a wild flurry of cackling. Perhaps the sudden change from lethargy to action aroused the suspicion that he was a fox in groundhog's fur?"—Boy's Life.

Rabbit Drives in Washington.

Jack rabbits to the number of 11,000 have sacrificed their lives in the drives recently undertaken in eastern Washington under the supervision of the biological survey. The demand for the meat in the larger cities of the Northwest proved to be good. White-tailed rabbits brought $250 a dozen, and the black-tailed variety sold for about $2. Preference was shown for those which had been shot rather than trapped or clubbed. The carcasses, to be salable, should be drawn as soon as possible after they are cooled. It is pointed out. An extension of the campaign is planned.

Radical Notions.

"I heern tell," said Gap Johnson of Rumpus Ridge upon his return from the county seat, "that they are figgerin' on puttin' a pipe organ into the new church in town."

"Well, it may be all right for them that likes it that-away," severely returned Mrs. Johnson, "but as for me I'm plum ag'in smokin' in church!"—Kansas City Star.

Sure Sign.

"Wife started housecleaning yesterday."

"Guess so. She's been telling the neighbors that I'm not a bit of use around the house."—Detroit Free Press.

"So your wife has taken up golf, too?"

"Yes, our children are now golf orphans."

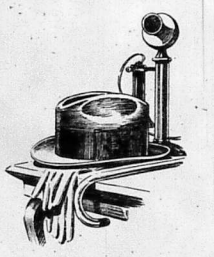
New Felt Hats



TO some people a hat is merely a hat, no matter what it is made from or who has made it; but the man of discriminating taste knows that there are "hats and hats," and that there are many things to consider when he buys a hat.

THE CAREFUL BUYER will ask: "What make of hat am I buying?" "Will it stand wear ?" or "Is it the right style and does it become me?"

These are questions that can be answered to your satisfaction when you come here to purchase your New Felt Hat, for we buy hats from the leading Canadian, English and American makers.

The hats we are showing this season are all pure fur, with pure silk bands and solid leather sweats. They are after the latest models, and are in all the desirable shades—Pearl Grey, Slate grey, Fawn Brown, Filbert Brown, Seal Brown and Black.

The prices are $3.00, $4.00, $4.50, $5.00.

NEW LAMP BURNS 94 PER CENT AIR

BEATS ELECTRIC OR GAS

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise, pumping up, is simple, clean, safe. Burns 94 per cent. air and 6 per cent. common kerosene (coal-oil).

The inventor, P. N. Johnson, 246 Craig St., W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him to-day for full particulars. Also ask him to explain how you can get the agency, and without experience or money, make $250 to $500 per month.

VARTY CAMP.

The campers at Varty Lake have had an unusually happy time this week, there is no small measure to the kind and unfailing attention of the Galbraith family, to the comfort of their campers. Now that some have "folded their tents like the Arabs", or given up the keys of their summer cottages and flitted away, to resume their usual duties, those who are left think over the good times they have had, and sigh perhaps that they too, so soon, must "silently pass away".

Mr. and Mrs. Clarence Ewart and little son, Peter, of Montreal, and Mrs. Doane, of Nova Scotia, are spending their vacation at "Breezy Bank" camp.

We regret very much the rather serious accident to Mr. Howard Holland while engaged in a baseball game. Their camp has been somewhat silent since.

Dr. and Mrs. T. H. Renton, of Kingston, enjoyed a two weeks' vacation with Mr. and Mrs. Connolly, at camp.

The whole camp regret little Bobbie Naylor's illness, and trust he may be with us soon again.

One additional sport added to our camp this year is a "diving dock", high above the water, erected by our ingenious engineer, Mr. C. Ewart. From it a dive of ten feet can be taken, and our expert swimmers have made merry here.

The camp tennis court has been the scene of much activity and skilful sport. There is never a day our happy youth do not participate in this popular recreation.

Newburgh celebrated Civic Holiday, Aug. 3rd, by a Varty Camp. A friendly ball game between Newburgh and Strathcona was played, from which the former emerged victorious.

Mr. Carl Mrs. A. A. Connolly, Yarker, are again settled in their cozy camp. This is the Mecca of the camp, and because of the warm welcome that always awaits, the campers suggest the appropriate name of "Dew-Drop Inn".

Mrs. Ray, of Bellview, Manitoba; Mr. and Mrs. Harry Jones, Peterboro; Mr. and Mrs. Embury, Belleville, and Miss Kathleen Whitney, of Kempville, visited with Mrs. Vanderveert, at "Sunnyside Cottage". The Vandervoort family have had several happy re-unions.

Mrs. Symmons, of Belleville and Mrs. Clown and children, Billie and Betty, of Chicago, have spent a few weeks with Mrs. S. A. Naylor, at their summer cottage.

Misses Mabel McNeely, Kathleen Wilson, Helen Sexsmith, Florence Purcell and Mary Woodruff have all enjoyed the hospitality of Mr. and Mrs. Breeze, in their cosy cottage.

Among the many visitors who made merry at the T. J. Winters' camp were Mrs. W. J. Winters and Claude, Selby; Mrs. McGuinness, Muriel and Jean, of Napanee, and Mrs. W. J. Wide, Selby.

Miss Wilhelmina Farnsworth entertained a party of girls a few days at camp, viz. Misses Carmelita and Evelyn Fraiken, Verna and Mary Dennison, Beulah Musgrave, Florence Abbott, Selby, and Marian Freeman, Yarker.

Mr. Carl Winters, of the Standard Bank, Cobourg, is spending his holidays at camp, especially during the visit of the Selby girls.

Mr. Symmons and Miss Katharine, of Belleville, motored to Varty, and visited Mr. and Mrs. S. A. Naylor.

Sunday services have been held in the music room at the camp, this year by Rev. E. Farnsworth, of Vanuxhall. We are glad to say we met in the peaceful quiet of our beautiful grove, that it was good for us time to meet. We worshipped God, He who in olden times, stood by the Sea of Galilee and taught His disciples of the Kingdom of God. At each service special singing was given by some of our talented visitors at the camp.

Three very pleasant evenings were spent together. On the first all gathered around a bonfire on the shore, singing old songs, after which candy, cake and ice cream were served, and the party broke up at a late hour. The next night the crowd met at the cottage of Mr. Connolly, for a little celebration of his birthday and to express their lasting regard for he and Mrs. Connolly. Then on August 23rd a supper was given for Mr. and Mrs. Farnsworth, who were about leaving. A bountiful repast was enjoyed under the trees, followed by addresses by Revds. Down and Farnsworth, and the reading of a poem, written for this occasion by one of the campers:—

What are you doing this evening?
Why is the question asked?
Why, for Rev. Mr. Farnsworth, we are having a supper to-night.

They are going home on Friday, and we naturally feel sad.

For take him as man or as minister we think he is the best we have had.

And then there's his wife, we love her and think his success in part

Is due to Mrs. Way falls take to her, and the place she wins in their heart.

For many a happy season, we have camped together here,

Under the tall, tall cedars, with the squirrels frisking near;

But now our duties call us, we cannot longer stay.

And we thank the ones who have helped so much

Our pleasant holiday.

Long is the way behind us, and nearer the blessed shore,

Where all the days are summer, and true friends part no more;

And we pray when earth's mists and shadows

Are gone with the need of prayer,

In the bright eternal morning, we may meet each other there.

NAPANEE FAIR, SEPTEMBER 12th, 13th, 14th.

CAMDEN EAST

A very sad accident happened in this vicinity on Friday afternoon last, when Allan Stewart, eldest son of Mr. Roy Stewart, Toronto, and grandson of Mr. Well Stewart, of this place, was drowned in the river. While learning to swim, he got beyond his depth, and was in ten feet of water when young Dickinson dove for him, but all the Doctor could do was of no avail. Life had fled from a bright youth of only 14 years, just reaching manhood, with a bright future before him. He was a very energetic, bright and intelligent lad, the joy of his grandparents' life, with whom he had lived since 4 years of age. The funeral was held on Sunday last, from the home of his grandparents, at 1 o'clock, and the esteem in which he was held was shown by the large gathering present. The Pastor, Rev. Mr. Nickle, conducted the service. The beautiful white casket was banked with flowers, from the Sunday School, Public School, Mission Circle and a host of friends and relatives who mourn his loss. The remains were laid to rest in the family plot to await the resurrection morn.—Mr. Phillip Sherlock, of Killarney, and Mr. Geo. Sherlock, of Winnipeg, Man., arrived on Saturday last to visit their mother, Mrs. Sherlock, for a week or more.—Mr. Jas. HOUSE AND BAKESHOP BURNED AT EMERALD.

BARN AND OUTBUILDINGS AT HAWLEY WERE ALSO COMPLETELY DESTROYED.

A very destructive fire occurred at about 8 p.m. Thursday evening, at Emerald, Amherst Island, resulting in the total destruction of the dwelling and bakeshop occupied by Albert Hoselton, with its contents. The building was an old frame one, owned by Mr. Henry McGinn, of Bath, and had been occupied as a dwelling and business premises by Mr. Hoselton for the past three months, and it is understood was not covered by insurance. The contents of the building consisting of business assets and household effects of Mr. Hoselton, were also completely destroyed, as it was found impossible to remove them owing to the great heat of the fire. This loss is partially covered by insurance. The total loss resulting from the fire is estimated at well over a thousand dollars.

Another fire also occurred Thursday at Hawley, about seven miles from Bath, when the barn and outbuildings of Mr. Morley Galt were completely destroyed with their contents resulting in a loss which is estimated at $5,000, no insurance being carried on this property.

This fire is thought to have been started by a threshing machine which had been working in the barn, the property of a company which is threshing for farmers in the district, and which was also destroyed in the fire. It is understood that no live-stock or animals were destroyed in this fire.

THE DUCK SEASON OPENS.

The ducks in Hay Bay, Mud Lake and other places in this County evidently consider this weather, August instead of September, and I was awakened about four o'clock the other morning by my husband, up and dressed, and he informed me that he and his friends were ready to start off in our old gas wagon for a day's shooting.

I had noticed that there was an absent minded look on his face for several days, and he had been for several days very industrious in the cellar about some mystery, but when I heard him say "shooting" I realized that the duck shooting season had opened, and he and the other nimrods of the town had been cleaning their guns and accoutrements, and polishing up the feathers of their monstrosities called "decoy" ducks.

I believe the great thing is, to get on the shooting grounds before daylight on the first day of the season, and before the poor ducks get wise to what is going to happen, sneak up on them in the dark, and so make your bag of gain. They are so tame this year that everybody got their fair share, and it is said that a pair of ducks lit upon the barrel of the gun of one of the inexperienced shooters, and he had to kill them with a paddle, but when I heard the story, I said to my friend that was telling me, that I did not believe it. I do not believe that a web-footed duck could roost upon a round gun-barrel, so I passed up the yarn as a fabrication.

The wife of one of the sports got a black duck cleaned and then told her husband that she was sure that it was a lady duck as it was full of black headed pins, and it took considerable time to convince her that these were only pin-feathers. It is said also, but my husband won't admit it, that the ducks were flying in pairs, and no man was able to see a single duck during the whole first day's shooting. I hope that no bootlegger was doing business on the marsh, but it looks a little bit suspicious. In fact, half the sport of lying in the marsh before daylight on a cold foggy morning is the "spirit" that you put into it while watching for ducks through the neck of the Bay, which is not always water.

From now on the shooting will not be so good as the ducks are now "tipped that the season has fairly opened, but no doubt good duck shooting will still be found on the marshes, and I wish all sportsmen a jolly and successful season, as I am the wife of one of them.

DOWN ON THE FARM.

The harvest days are over,
I smell sweet scented clover,
I am but a lonely rover,
Down on the farm.

The turtle doves are cooing,
The farmer's wife is stewing,
There is always something doing,
Down on the farm.

The farmer's beert is torn
On this Autumn morn,
The cows are in the corn,
Down on the farm.

You will learn too late
The irony of fate,
When you leave an open gate,
Down on the farm.

Do you think it right
To sit and fish all night
And never get a bite?
Down on the farm.

The checker players may
Drop around this way,
And sadly go away,
Down on the farm.

They have me on the list,
With a broken wrist,
I never will be missed,
Down on the farm.

I am from Oregon
The land of mist and sun,
Prune picking has begun,
Down on the farm.

'Tis noon, and I'm reclining,
The sun above me shining,
For a sweet girl I'm repining,
Down on the farm.

Here are the seven isles,
Sweet air the sense beguils,
And the God of Nature smiles,
Down on the farm.

Mr. Editor, by the way,
I have not long to stay,
I will sign my name J. J.
Down on the farm.

TORONTO LETTER.

(New Hamburg Independent.)

Since writing my last letter to the Independent, I have been privileged in making a trip mostly by auto, through the midland district of Ontario, to the vicinity of the City of Kingston, and making many visits by the way. Travelling by the Kingston road, I congratulate the U. F. O. ministry on its greatly improved condition over that of the year before. Then the miles and miles of broken stone and detours, with blow-outs and ruined tires, made the journey rough and costly. This year the top dressing and the steam roller has put them in good shape, and the trip was therefore, an exceedingly pleasant one. Your readers can well imagine this to be the case, because the passage is through more than a dozen prosperous and picturesque towns and villages, and varied scenery, some exquisitely beautiful, with splendid farming lands, growing crops and teaming flocks and herds. Years ago I travelled the same road, but how great the change. Buildings then were of a primitive character, cheaply constructed and bare. To-day there are substantial farm homes, and fine town public buildings and private residences, and also a three-fold increase in population. In the Village of Newcastle an enthusiastic villager told me they were building the finest town hall in any town in Canada. The highways, streets and houses are also beautified by ornamental and other trees, and the latter with lawns and beautiful flowers. The finest and most beautiful section of country I have visited in a point of land south and west of the Town of Napanee, between Hay Bay and the Bay of Quinte, reaching almost to the Town of Picton, in the County of Prince Edward. A farmer assured me that that point of land, about 12 miles long and 6 miles wide, tapering to a point, was the finest for productiveness and scenery in the world. 138 years ago a company of United Empire Loyalists from the United States landed on its shore near the now Village of Adolphustown, and settled in the virgin forest, and began clearing the land, and many of their descendants still exist within the peninsula, worthy sons of worthy sires. The S. C. A. with Mrs. Chapman, formerly of New Hamburg, is supplying the Methodist pulpit here during the absence of their pastor, and they are residing with a relation of the same name, on the farm on which the reverend gentleman, his father and his grandfather were born, and it is interesting to know that the present owner of the property is a descendant of Mr. Chapman's great grandfather, who came with the first settlers of the district.

SAFETY FIRST.

"Safety first" is a good maxim in most things, but particularly so in relation to the investment of money. The rich may afford to speculate and to take the risks attendant on high rates of interest. Those whose means are moderate must be careful to see that there is absolute security in their investments. For such people there is no other form of investment which takes such a high rank, combining absolute security with liberal interest, as the bonds of the Dominion of Canada. Holders of Dominion bonds bear ing five and a-half per cent. maturing December 1, 1922, can reinvest their money at the same rate of interest by exchanging the old bonds for new ones running for either five years or ten years, as the bondholder may prefer. Arrangements for carrying out this exchange can be made through all the chartered banks.

Sunlight Soap

Purity and quality is the keynote of Sunlight Soap. Unlike many bulky bars it has no useless fillers which are harmful to your clothes. So pure and sweet is the cocoanut oil used that it could be made into food. Cocoanut and palm oils—the two wonderful cleansers blended in Sunlight—make this great soap the most efficient and economical soap you ever used. It is all pure soap.

MORVEN.

Mrs. W. H. Milling is spending the week with friends in Belleville.—Miss Jane Cummings, of New York, is visiting her parents, Mr. and Mrs. Wm. Cummings.—Mrs. Robt. Purdy has returned, after a pleasant visit in Kingston.—Mr. Fullerton Kayler entertained a number of his friends on Thursday evening of last week.—The Misses Empey, of Switzerville, spent Sunday with their cousins, Mr. and Mrs. Clarence Sharp.—Miss Sarah Raymond, of Detroit, is visiting at Mrs. Jas. Mills'.—On Monday evening Miss Lauretta Smith entertained the Epworth League to a delicious corn roast. The evening was an ideal one, and over forty friends enjoyed this unique entertainment to the full. While it was yet Monday the happy party dispersed, all declaring Miss Smith an ideal hostess.—Miss Madeline Mills, of Napanee, spent Labor Day under the parental roof.—Mrs. Charles Wilson is spending a couple of weeks in Toronto, attending the exhibition.—Mr. Wm. R. Henwood, Mr. Amos Storey, Mr. Wilson Purdy, Mr. George Fralick and Mr. Wm. Henwood, sr., enjoyed the annual duck hunt on Sept. 1st. All report splendid luck.—While driving to school Tuesday morning, Misses Lottie and Irene Miller met with an accident, caused by an auto truck running into their rig, injuring Miss Lottie quite severely.

BATH.

Mr. and Mrs. John Holt, of Toronto, motored down last week and are the guests of Mr. and Mrs. G. W. Coppage.—Mrs. Agnes Sharpe and Harold Sharpe are visiting friends at Ottawa, Ont.—Mr. and Mrs. Frank Kellar and son, of Buffalo, N.Y.; Miss Mary Kellar, of Guelph; Miss Margaret Forester, of Hamilton; Miss Edith Forester, from the West, also Mrs. George Stevenson and family, of Windsor, Ont., have returned to their respective homes, after spending some time at John Forester's.—Mr. and Mrs. Frank Mellow, of Napanee, spent Sunday at George Perry's.—Mr. and Mrs. Wm. Davy and daughter, Thelma, of Kingston, spent the week-end at W. H. Hall's.—Mr. and Mrs. Merton Mellow and family have returned from Toronto, where they spent a few days.—Mrs. Henry Johnson and son, Lawrence, of Rochester, N.Y., who have been spending the summer here, returned home on Monday.—Mrs. Henry Calver is visiting friends in Toronto.—Miss Gladys Topliff has returned to Toronto.—W. E. Topliff, of Odessa, spent a couple of days last week at Robert Stevenson's.

BEAVER LAKE.

The weather still continues fine and threshing is the order of the day. The farmers report a large yield of grain.—Mr. and Mrs. Frank Juliett and family, of Watertown, N.Y., are visiting relatives in this vicinity.—Mrs. Herb Chase left on the 21st for the Western States.—Mr. and Mrs. are renewing old acquaintances around the Lake.—A large number attended the Sunday School picnic held in Mr. J. H. Storey's grove.—Miss Olive Vosburgh, of Newburgh, is spending some time with her cousin, Mrs. Tom Milligan.—Mr. and Mrs. Wesley Huchee spent a day recently in Kingston.—A sad accident was passed over the community when the news reached here that Miss Alfred Snider had passed away. The late Mrs. Snider lived for many years around the lake, and was always willing to lend a hand in sickness or other trouble. Our sympathy goes out to the bereaved husband, Mrs. Herb. Rogers. Three leaves to mourn her loss, four daughters and one son. The community wish to extend their sympathy to the bereaved.

YARKER.

A large number of delegates visited our village on Sept. 6th, to attend the district meeting of the Methodist church. Both forenoon and afternoon sessions were well attended. The Ladies' Aid Society furnished dinner and tea, and judging by the smiles on the preachers' faces after they had partaken of all the good things that were provided, we would say the meal was a success. If the next district meeting was held at Yarker again, we would come to dining up good and hard as well, the ladies of Yarker cannot be beat. A large crowd journeyed to Sydenham to see the baseball game between the home team and Picton, but were somewhat disappointed as the Sydenham boys—Those visiting Toronto fair this year are, Mr. and Mrs. H. Woodruff, Fred Brown, J. T. Main, M. V. Lake, Mrs. A. D. Lidard and W. Wilson.—School reopened this week, with a full attendance. There has been a new flag pole erected on the school grounds, which adds much to the beauty of the village.—Most of the duck hunters brought back their share of the game although they are very scarce.—The campers have all returned to the old home life once more.—Those on the sick list are Mrs. Geo. Deare, Mrs. J. T. Main and Mrs. F. O'Neil; all are recovering.—William Wilson is moving back to our village from Brockville.—Robt. Dolby has a new Lizzie. —We are glad to hear that the coal strike has been settled, and hope to get our share by the end of the year.

Our Formal Fall Openings

Are Being Held To-day and To-morrow

Friday and Saturday, September 8th and 9th

EVERYONE IS CORDIALLY INVITED

Like a tale from Arabian Nights, full of soft glowing color, and characterized by thrilling diversity, the newest modes unfold themselves in the panorama of the Fall Fashion Openings. Rich embroideries, deep pile fabrics, exquisite beading, metal belts and trimmings combine beautifully in creating styles in harmony with the present modes of dress.

This year we offer a notable assemblage of styles and merchandise from the best designers and manufacturers in Canada. Those who know the splendor of our past Openings can appreciate the scope of this event, which presents a far more vivid and realistic style picture than any Fashion page.

If you love beauty, if you would see the accented modes of Fall and Winter at their best, if you want authentic styles, the authenticity of which is vouched for by an institution whose buying powers and resources for selection are not surpassed anywhere in this vicinity, you should not miss this wonderful expesition. We are in "Complete Readiness" to serve your Autumn requirements in every branch and department of our store.

THE AUTUMN SILHOUETTE

Slim and straight is the accepted style. Inches in Women's wearing apparel take on more importance than can be measured by a yard stick. To create this pleasing graceful effect, every feat known to designing is brought into play. Tailored Suits with long jackets are fashionable. These may be had with notched collars, or those which muffle snugly about the neck. Many are completed without even the use of a belt. Rich embroideries and elegant furs add much to the richness of the Autumn Suit.

In dresses, skirts are draped on one side at least. This draping usually drops below the hem. Exquisite beading in gorgeous and ample designs forms the chief method of ornamentation. The low waist line is extremely fashionable.

In Coats, large Fur Collars of various kinds adorn practically every style. Sleeves are unusually large and play most important parts in coat making. Embroideries, Tassels and Belts add greatly to the sum total. Beautiful deep-pile materials, as Marvella, Bolivia, Normandy, Duvetyn, and Velour are used.

AUTUMN MILLINERY

Aside from one or two very marked changes, Millinery styles jog along much in their usual way, and Hats of every shape and size are to be had. Three-cornered or "Tricorne" shapes are a real style feature this season, and will be most popular because they are becoming to a great many women.

Large Picture Hats with wide brims which droop or turn sharply from the face, are being shown by all the leading Millinery manufacturers. Generally speaking, the trend is toward great richness of material and brilliancy in trimming.

In Trimmings, "Metals" take the lead, and are used in bands, ornaments, or large decorative pins. Ostrich feathers and monkey fur are also good. Ribbons, particularly those in narrow widths, are used extensively. Embroideries, while not quite as good, are nevertheless seen on many very charming hats.

Plush is one of the good materials for hat making, while Velvet and Felt, whether used singly or in combination, are equally as important.

"Browns" are outstanding from a color viewpoint, while shades of Blues, Reds, and Greens, are smart. Navy and Black again bid for much popularity.

FUR DEMONSTRATION

During the days of our Lennox Fair, one of the outstanding Fur Manufacturers of Canada will be at our store exhibiting a wonderful range of Fur Coats and Fur Pieces. If you want to buy a new Coat, this will be a wonderful opportunity for you to choose from a wide range of Furs and styles. If you have any repairs to be made, we would urge you to bring them in during this exhibition. Expert advice will be given for the asking.

CORSET FITTINGS

Miss Fitzgerald, a "Nemo" Consultant Corsetiere, is in our Corset Department this week, fitting and giving advice about the Famous Nemo Corsets and Brassieres.

Saturday will be Miss Fitzgerald's last day, so if you have a Corset problem for solution, bring it to her. There is absolutely no charge for her valuable information.

Then, too, before purchasing your Fall wearing apparel, you should be sure that your figure is wearing the Corset especially designed for it.

Foolish Saving

A penny saved is not always a penny earned. Sometimes it is two pennies lost. The merchant who spends nothing on advertising loses much more than he saves.

The money spent for plate glass windows is not looked on as lost; nor is the money spent on better interior lighting.

Anything that increases favor, that adds to sales, that multiplies customers is very properly regarded as a good investment.

Advertising is a good investment—just as plate glass windows are. Advertising sells more goods to more persons than shop-windows do.

A WORD TO THE PUBLIC

Do not resent having a merchant address his message to you in the form of an advertisement in our columns? On the contrary, is not your impulse to respond to his friendly overtures?

C. I. RUSSELL.

IN MEMORY OF A DEAR LAD

Regretfully we record the sad circumstances resulting in the death of Allan Stewart. In the "Divine" order of human events, great trials sometimes come without warning, when the outlook seems brightest. Such an occurrence, crushing in its unexpectedness, was the sad drowning of dear Allan, with so many of his friends around him; yet they could not save him. Oh, it is such a true picture of life. The news of the accident stirred the entire community. It seems tragic that one so young, so beloved, and so much needed, should be smitten down in the morning of life. It seems so hard to believe that he has vanished forever from our midst. Yet we know he has passed from the conflicts of earth into the joy of service in Heaven. "He will gather the lambs in His bosom".

On the 27th of August he was in his place in the Sunday School, but ere the next Sabbath had come, the dawn of an Eternal Sabbath had come to him. Where the Lamb of God was the light thereof, he had been received by the Master into the Church triumphant.

Allan Stewart was born in Camden East. The family afterwards moved to Toronto. When Allan was about four years old, his mother brought the children to Mr. J. W. Stewart's, to spend the summer. When they returned home again, the great city was too big for him. He talked incessantly about going back. He returned to their home and their heart ten years ago. Last January he told the school teacher, Miss Allan, he loved the Saviour and was going to try and serve Him. He was a young lad of bright promise, kind and genial. Mr. and Mrs. Stewart hoped the Lord would spare him to be a comfort and joy in their declining years.

The cup was bitter, the sting severe To part with one we loved so dear; The trial is hard, we'll not complain, But trust in God to meet again.

The floral tributes were beautiful as a dream. There was one from the family, the Sunday School, the Mission Band, the Public School, one from a friend in Switzerville, and seven more from friends and neighbors.

An impressive service was held at the home, conducted by the Pastor, Rev. Mr. Nickle, Newburgh. Mrs. J. Lewis rendered a solo, "The Beautiful Isle of Somewhere". Mr. Nickle asked the teacher of Allan's class in the Sunday School to give some tribute to his memory.

He was laid to rest in the family plot in the Anglican cemetery to awake at the last trumpet's sound. The boys of Allan's class in the Sunday School lingered around his grave speaking to each other about what Allan had said to them long after friend and stranger had departed to their homes.—Con.

The Mulberry.

The old-time fruit-bearing mulberry has lost its place in the gardens of southern Ontario. Better fruits have crowded it out, until it is rarely seen in the modern garden or fruit plantation. Sometimes planted as a food tree for birds by bird enthusiasts or by those desiring to play with silk worm culture in this northern climate. During the past year, through southwestern Ontario mulberry trees have been offered to the public by traveling agents. The experiences of the past with the mulberry as a fruit producing tree and as a food producing tree for silk worms in Ontario and the United States would indicate that nothing very great by way of achievement of profit is likely to follow the planting of any of the mulberry varieties in Ontario. Only fruit for the bird is probably all any one farm can afford. As for the development of mulberry plantations for silk culture, such hardly seems profitably possible under the climatic and labor conditions of Ontario.—L. Stevenson, Sec. return, Department of Agriculture, Toronto.

Home-made Spray Keeps Flies Away.

By preventing flies from tormenting the cows a much greater flow of milk is obtained during the summer months and the remainder of the lactation period. The following home-made mixture has given good results. It is better than several other mixtures tried and quite as efficient as the prepared sprays costing a dollar per gallon. It is made as follows:

1½ quarts of any standard coal tar dip.

1½ quarts fish oil.

1 pint oil of tar.

1 quart coal oil.

½ pint oil of eucalyptus.

Mix in ten gallons of lukewarm soft water in which a bar of laundry soap has been dissolved.

Spray twice a day, in the morning after milking and in the afternoon when cows are brought in for milking or as need be. With a half-barrel cart with spray nozzle attachment is used, two men can spray a herd of forty cows in ten minutes. This mixture is not perfect and does not keep all the flies away and, furthermore, it leaves the coat rather harsh and causes dust to adhere, however, it is very beneficial and practical.

Shelter from the hot sun of summer must be provided if efficient and economical production is to be expected.

Importing Quail.

A consignment of live quail from Spokane has been received by the Provincial Game Board, for release in the uplands district. These birds were given in exchange for Mongolian pheasants. Another consignment is expected from the Eastern States in exchange for pheasants.

Now that I know how to use Rinso — why it's just splendid.

Knowing how to use Rinso correctly means finding workless wash days. It's well worth while. Let us ask—are you making the same mistake as Mrs. Carr?

WHAT WAS MRS. CARR'S MISTAKE?

She forgot that Rinso is not the same as ordinary soap, flakes or washing powders. She did not give Rinso an opportunity to show its wonderful power of washing clothes clean just by soaking. She used to put Rinso direct from the package into the tub without first making the famous Rinso liquid.

The result was that the fine granules of soap essence of Rinso were not properly dissolved and their value was not spread evenly through the wash so as to loosen all the dirt in every garment—ready to come away in the rinse. The result of course was disappointing.

THE PROPER WAY TO USE RINSO

Now this is the proper way to use Rinso—for ordinary washing—For each tubful of clothes take half a package of Rinso put in a little cool water and stir until it is in a cream thoroughly dissolved. Add two quarts of boiling water and stir well. When the froth subsides there will be a clear amber coloured liquid. Partly fill your tub with cool or lukewarm water and add the Rinso liquid. Put the clothes in, so that each is covered and soak the things thoroughly overnight. Do not just dip them up and down.

In the morning rinse the clothes until the water runs clear. Only soiled collars and cuff edges may need a slight rubbing with your fingers. No need for washboard or boiler—just wring and dry.

EXTRA SOILED GARMENTS

"Greasy or badly soiled garments—soak overnight in lukewarm Rinso suds, first rub a little moistened Rinso as it comes from the package on badly soiled spots. Next morning add warm water and rinse. The dirt will just float away entirely.

FOR THE WASHING MACHINE

Rinso is splendid. Soak the clothes for one hour, two hours, overnight, or as long as convenient, then add a little fresh Rinso liquid and operate the machine. Rinse thoroughly and the clothes are clean—all the dirt will run away.

Follow these simple directions and you will be delighted, Monday after Monday, with the Rinso way of washing.

WISE AND OTHERWISE.

A damsel is a prankish thing.
She'll fool you any day.
She has her heart upon a string
And then she yanks away.

Why suffer from corns when they can be painlessly rooted out by using Holloway's Corn Remover.

"My daughter can do anything with the piano!"
"Could she lock it up and drop the key in the river."

Nearly all children are subject to worms, and many are born with them. Spare them suffering by using Mother Graves' Worm Exterminator, an excellent remedy.

"Why do you always buy your clothes on the instalment plan?"
"They try to give me stuff that will last until the instalments are all paid."

A Power of its Own.—Dr. Thomas' Eclectric Oil has a subtle power of its own. All who have used it know this and keep it by them as the most valuable liniment available. Its uses are innumerable and for many years it has been prized as the leading liniment for man and beast.

Visitor (from the home of baseball)—Well, I'm glad I've seen cricket. I've seen St. Paul's and the Abbey, and they are good goods. But, when it comes to hush and the subdued atmosphere, old cricket's got 'em beat."

Internally and Externally It Is Good.—The crowning property of Dr. Thomas' Eclectric Oil is that it can be used internally for many complaints as well as externally. For sore throat, croup, whooping cough, pains in the chest, colic and many kindred ailments it has qualities that are unsurpassed. A bottle of it costs little and there is no loss in always having it at hand.

"I consider Wimbat one of the greatest golf players in the world."
"You do?"
"Yes, he almost beat me once."

Nights of Agony come in the train of asthma. The victim cannot lie down, and sleep is driven from his brain. What grateful relief is the immediate effect of Dr. J. D. Kellogg's Asthma Remedy. It banishes the frightful conditions, clears the passages, and enables the afflicted one to again sleep as soundly and restfully as a child. Insist on the genuine at your nearby druggist.

"Time is money," so they say.
Yet if this is so
How is it that "Time is short"?
We would like to know.

Miller's Worm Powders prove their value. They do not cause any violent disturbances in the stomach, any pain or griping, but do their work quietly and painlessly, so that the destruction of the worms is imperceptible. Yet they are thorough, and from the first dose there is improvement in the condition of the sufferer and a cessation of manifestations of internal trouble.

"This bit of sculpture represents?"
"A sphinx."
"I understand that. But where on earth do they get a sphinx to pose?"

Before the silly season closes we must reprint the following from the American Mutual Magazine:—

Man (in drug store)—I want some consecrated lye.
Druggist—You mean concentrated lye.
Man—It does matter any difference. That's what I camphor. What's it sulphur?
Druggist—Fifteen cents. I never cinnamon with so much wit.
Man—Well, I should myrrh myrrh! Yet I ammonia movie at it.

For More Business

One reason why selling by Long Distance is so surprisingly successful is that it enables merchants and manufacturers to put their best selling talent on the job of selling possible customers not on the travellers' routes.

The real salesman sells them by Long Distance a standardized stock of the best-selling goods. As they are well advertised, these goods, if well displayed, practically sell themselves. Duplicates, odd sizes, and additions to stock are ordered by Long Distance, and are shipped immediately by express, parcel post or fast freight.

Long Distance has become the Salesman's right hand. It reaches everyone you could hope to do business with. The Telephone Directories are a complete guide to "Who's Who In Business".

Reach out for more business! Go beyond your present selling radius! Put your best salesmen on the job of selling by Long Distance!

Ford Truck
For Fall and Winter Hauling

The only limit to the usefulness of the Ford Truck is the limit of hauling jobs to be done. In hauling corn to the ensilage cutter, grain to the barn or separator, harvesting the potato or root crop it cuts the time in half—and will show even a greater saving of time on road work.

Winter hauling of all kinds can be accomplished in comfort—the closed cab keeps the driver warm on days when he would freeze to death on a wagon.

You can buy a Ford Truck on our Thrift Plan—a moderate down payment and the balance spread over twelve months. Let us get together and talk it over.

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

(a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.

(b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmatured coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

Dated at Ottawa, 8th August, 1922.

QUESTIONS AND ANSWERS ON FORESTRY.

By the Canadian Forestry Association.

Machines help the Rangers.

Q. What mechanical equipment is used nowadays by fire rangers in detecting and suppressing forest conflagrations?

A. Lookout towers for detection with here and there the service of seaplanes for the same purpose. Fire finding machines are used in the towers for fixing the location of the blaze. Motor speeders and velocipedes are widely employed for patrolling railway lines. Gasoline pumps are highly effective for fighting incipient fires. Small motor cars and trucks are used where roads permit. All these and other devices are helping to check forest fires.

What a Planted Forest Can Do.

Q. How large an area would be required to be planted with timber trees in order to give enough timber to support a small pulp mill?

A. The Chief Forester of the Laurentide Company estimates that 250 square miles will yield 100,000 cords of pulpwood in perpetuity. It would take just ten times that area, of course, to keep one of our big newsprint paper plants going. Please bear in mind that this refers to a planted forest which should yield 75 cords an acre, whereas the natural forest in Eastern Canada now yields only from four to ten cords an acre.

Driftwood on Our Northern Shores.

Q. I understand from explorers that enormous masses of logs are found at the mouth of the Mackenzie River. Where does this material come from?

A. The Geological Survey, Ottawa, reports that the "derelict" logs massed at times at the mouth of the rivers flowing into the Arctic have been carried all the way from Siberia, Norway and the St. Lawrence.

WONDERFUL THE WAY IT HELPED HER

So Writes Mrs. Lemery of Brockville, Ontario, Regarding Lydia E. Pinkham's Vegetable Compound

Brockville, Ontario—"I took Lydia E. Pinkham's Vegetable Compound for weakness and female disorders. I was weak at times that I could not stand up. I had been this way for some time. I took three bottles and the different medicines I had taken had not done me any good. I found one of your little books in my store door one day and thought I would give it a trial. I am now on my fifth bottle and it is wonderful the way it has helped me. I am feeling much better, have no weak spells and can do all my work now. I am recommending your Vegetable Compound to all I know and you can use my testimonial to help other women."—Mrs. Casey Lemery, 176 Abbott St., Brockville, Ontario.

Lydia E. Pinkham's Vegetable Compound is a medicine for women's ailments and has a record of nearly fifty years behind it.

Our Annual Sale for Exhibition Days opens Monday, Sept. 11th, and will continue for two weeks, giving you ample time to buy and realize what a small sum of money will do for you.

We don't publish our prices, as they change every day. This affords us an opportunity to give you real bargains below cost. We handle everything in Dry Goods, etc. New goods arrive at our stores daily. Our prices are cut so small that we make a very small profit, only enough to cover shipping charges. Make our Store your headquarters for this Special Sale.

Hello! Yes, this is The Graham Co.

When is Napanee Fall Fair?

On Tuesday, Wednesday & Thursday, next week, the 12th, 13th & 14th.

Will the Fair be as good as last year?

Yes; bigger and better than ever.

Are we making an Exhibit at the Palace this year?

YES; we are making an Exhibit of the Newest Models and Materials in Men's and Young Men's Winter Overcoats. Also a few of the New Hafs, New Suits, Shirts, etc., and we extend a cordial invitation to you to examine these new fall goods. Our exhibit will be in the first booth to the right, entering from east main door.

Crawford Peaches Ready

The Crawford varieties of peaches, the best for preserving, are now ready. Finest preserving plums will still be obtainable for a short time. Bartlett pears are also coming in good quantities. The season for this pear is rapidly drawing to a close, so buy now. The mark of Niagara Peninsula Growers, Limited, Grimsby, Ont., stands for carefully packed, evenly graded fruit.

House and Barn Burned.

On Friday afternoon, Mr. Percy Johnston, South River Road, had the misfortune to lose his house, barn and season's crop by fire. A threshing outfit was at work at the barn, and sparks from the engine probably started the fire. A quantity of furniture was saved from the house, and all the stock and most of the machinery was out of the barn and were saved, but Mr. Johnston's loss will be very heavy.

Drowned in Napanee River.

On Friday of last week, Allen Stewart, 14 years old, eldest son of Mr. Roy Stewart, Toronto, and grandson of Mr. Weli Stewart, of Deseronto East, with whom he has lived since he was 5 years old, was drowned in the Napanee River, at Sault's Rapids, about half a mile above the Village of Camden East. He was bathing along with some smaller boys, when he called for help. Aid was secured as soon as possible, but all efforts to revive him were fruitless.

Deseronto Indian is Dead at Age of Hundred and Two.

Peter Brant, the aged Indian of the Deseronto Reservation, died on Tuesday, at the advanced age of 102 years. The late Mr. Brant was born in what is now Deseronto, on March 2nd, 1820, and lived all his life in the vicinity. In the early eighties his lands were ceded to the Government, and eventually made into a part of Deseronto. Since then he has lived on his estate at the reserve, about a mile west of the town. From the time Mr. Brant was old enough to work, he had been hale and hearty, and able to work as well as any young man up to two years ago, when he met with an accident, falling on the ice, which resulted in his being confined to bed ever since. His sight and hearing were good to the last. He is survived by one daughter, five grandchildren, five great-grandchildren, and one great-great-grandchild.

Government War Trophies at Picton Fair.

Among the hundreds of Government War Trophies shown at Picton Fair on Sept. 19th, 20th, 21st and 22nd, will be the French M.M. Gun, "The Wonder Gun of Mystery"; Russian Machine Gun; Telephone taken from Hindenburg's Headquarters; Flag made by people of Mons to greet Canadians, 1918; German Flag captured by Canadians; Von Richter's Overcoat; Prince Joachim's Helmet; (this magnificent helmet is surmounted by Osprey Feathers 18 in. high, and was worn by Prince Joachim, the Kaiser's youngest son who committed suicide); Death's Head Hussar Helmets, and many other helmets from different German Regiments. A large German Periscope will be shown at Picton Fair for the first time, as it has never been unpacked since taken from the field of battle; One Man Tank, Machine Guns, Mortars, Aerial Bombs, Horse Gas Mask, and other trophies, together with a large collection of War Pictures, Military Decorations, Flags, Escalettes, will make this feature of the Fair well worth a trip to Picton. Remember that the Str. Brockville will take you there on Thursday, September 21st. Good hot meals served in the Dining Hall on the Fair grounds. 36a

The best known spot to meet and shop,—Wallace's.

TOWN WOOD.

The Town Council have purchased a large quantity of wood, which will be sold to the residents of the Town during the fall and winter. A large percentage of this wood is dry hard cordwood, four foot long. There will be a considerable quantity of dry hard wood, 20 inch long, and a small quantity of dry soft wood. There is also a small lot of slab wood.

Mr. Frank Smith has been appointed to look after the handling, selling and collecting for this wood. He can be found at Thompson Bros.' grocery, on the Market, and orders left with him will receive attention.

Under the regulations laid down by the Ontario Municipal Board, this wood is sold for cost adding freight, cartage and cost of superintending the handling. People buying this wood must also pay cash for same.

Dry Hard Cordwood will cost delivered from cars about $12.50 a cord, and 20 inch wood in about the same proportion. Slab wood on market is selling at $8.25 on the market.

People are advised to get their orders in at once, so that wood may be delivered from cars, which will save double cost of cartage.

Child Welfare Special

The Napanee Women's Institute have been instrumental in securing "The Child Welfare" Special, from the Provincial Board of Health, consisting of an equipped motor ambulance, accompanied by a doctor and a nurse, whose services are at the disposal of the public. The mothers are especially urged to bring their children for examination and advise, as to care, feeding, etc., which will be given free of charge. This exhibit has been made possible through the kindness of the Daly Tea Co., who so courteously have given up their allotted space in the Palace on the Fair ground, Tuesday, Wednesday and Thursday of next week. 36a

Your tomatoes can't spoil if you use Wallace's Preserving Powder, 10c. a box.

BILIOUSNESS AND LIVER DISEASES

May be the result of Constipation or may exist when the bowels are irregular. The liver is congested often giving rise to pain under the right shoulder, the complexion is yellow, headache, nauseous loss of appetite, slight fever, distress after eating, sometimes vomiting. Bile does not enter the bowels to digest the fats which decompose, forming gas, irritating the intestinal tract, often producing diarrhoea. A natural Liver Stimulant is required and DR. HENDERSON'S HERB TABLETS taken according to directions not only stimulates, but tones the organ.

LENNOX COUNTY FAIR

THIS YEAR'S EXHIBITION MAKES A RECORD OF PROGRESS

BIGGER AND BETTER THAN EVER

The Fair held at Napanee on Tuesday, Wednesday and Thursday of this week should be quite satisfactory to the Lennox Agricultural Society and we feel sure it was to the happy and interested crowds who were in attendance each day. There was much instruction to be had by those who desired it, lots of amusement and recreation and above all, the meeting of old friends.

Many improvements have been made on the grounds and buildings, and no doubt more will be added, as the financial position of the Society warrants the expenditure. The prize exhibits in all classes were good and numerous, but many of our farmers and others are so busy looking at the business of life from what they consider the personal point of view, that they lose sight of the fact that in helping others, the Lennox County Fair for instance, they are helping themselves. Let them get a little more enthusiasm and vie with each other in producing something better than has been, a little more of the community spirit, and there is no knowing the ultimate degree of success that may be attained by our County Fair and incidentally by the men who help to build up that success.

It is to be hoped that next year better accommodation will be found for the automobile exhibits. This year the exhibitors had to take on the open ground and many manufacturers object to exhibit new and valuable cars unless they are properly housed.

The reporter for The Beaver heard a good many adverse remarks regarding the position on the grounds given to the Midway, the tents and other erections spoiling the foreground at the main entrance and obstructing the fine view of beautiful grounds. Possibly next year the Midway will again occupy the site to the West of the Palace, which seemed a good and convenient position.

The much-needed rain on Monday greatly improved the appearance of the grounds and added to the comfort of those who were walking about but it prevented the running of horse races on Tuesday, as the driving track was too soft. However, there were so many other attractions that most people did not feel too bad about it.

The formal opening of the first day took place on the arrival at the grounds of the procession of school children. Five hundred public school children assembled at the West Ward School about one o'clock p.m., and there formed procession, headed by the Napanee Citizens' Band, and proceeded to the Park. Children from the schools of Richmond and Camden were there. Messrs. M. C. Bogart, Alpine Wood and Principal Trenouth directed the parade with the assistance of a large staff of teachers.

The Palace, or main exhibition hall, probably attracted the attention of the visitor to the Fair. On entering the building one was charmed by the brilliant and pleasing display of fruit and flowers on the long centre table of the hall. There were fine specimens of fruits, and the flowers were also very fine, gladioli, asters, dahlias, zinnias, marigolds, fuchsias, roses, etc. Surrounding this fine display, tastefully arranged boots, proved very attractive. Beginning on the left hand was a fine exhibit of ladies' work. The Haines Shoe Store exhibit of boots, shoes and travelling goods. Mason & Risch, pianos. The Art Exhibition of paintings, drawings and other works of art. Pianos and other musical instruments by VanLuven, of Napanee. Exhibit of Scantlebury-Kent Co., Ltd., represented by Arthur A. Sills, Bell-ville, including hardwood flooring, etc. The Baby Clinic, under the auspices of the Napanee Woman's Institute, which was instrumental in inducing the Provincial Board of Health to send Dr. W. J. Bell and Miss Osborne to take charge of the clinic. On other side of the West doorway glass cases contained excellent specimens of homemade pies, home-made bread and buns; also butter and dressed chickens. W. D. Midmer, manufacturer of lumber and builders' requisites, and dealer in British coal. The Gibbard Furniture Co., Ltd. Roman Meal Co., Ltd., exhibit of Roman Meal. Church woman's Guild, display and sale of useful and ornamental articles. Hydro Electric Commission. Davy & Allison, stoves and hardware. The Graham Company, clothes and men's furnishings.

In a tent there was a good display of grain and vegetables. In the poultry house was a great variety of birds, the prize-winners looking as if they were worthy to compete at any show. In the Sheep and Pig pens fine specimens and a great number of entries.

In the Stock barn a goodly showing of the cattle that make Lennox and Addington noted as a dairying county of no mean order. The horses were a fine lot of animals and well bred.

TUESDAY.

A baseball match between Tamworth and a scratch team drew a good crowd. The result was 8 to 2 in favor of Tamworth.

Splendid exhibition of horsemanship given by the men of the Royal Military Riding Academy, Kingston.

During the evening the grounds and buildings were brilliantly lighted; the Midway was in full swing. Of course the most important event was the Baby Show. In days gone by the judging was largely a matter of sentiment, now it is science that gives judgement. The contestants for the prizes were taken to the baby clinic booth, stripped, weighed, measured and carefully examined. The expert judges were Dr. W. J. Bell and Nurse Osborne.

The winners are :—

(A.) Best baby boy, 3 months to 1 year—James Howie.

(B.) Best baby boy, 1 year to 18 months—Thomas Macdonald.

(C.) Best baby girl, 3 months to 1 year—L. Delcelyan Barrazer; 2, Geneva Walsh.

(D.) Best baby girl, 1 year to 18 months—Irene Walsh.

Special—The best baby who won 90 per cent. out of a possible 100 per cent—Orvilla Coathup.

W. S. Herrington, K.C., as on former occasions of this kind, made an excellent master of ceremonies.

An enjoyable concert was given during the evening by the Napanee Citizens' Band, Albert Grattón, the celebrated 12-year-old boy soprano, and others. A very interesting and enjoyable portion of the programme was given from the Mason & Risch booth. Miss Peacock rendered some charming piano solos, and Mr. F. W. E. Bartholomew, Toronto, District Manager for Mason & Risch, Ltd., gave a fine recitation and responded to an encore by a piano solo.

WEDNESDAY.

About twelve thousand people arrived on the grounds on this the second day of the Fair but upon having a good time. They came from town and our own county and from points far distant, just to see and take part in one of the best—perhaps the best—County Fair in the Province of Ontario.

Late in the afternoon showers to some slight extent curtailed the programme, but the rain failed to dampen the enthusiasm of the crowd. The showers came as a surprise for the weather had been delightful all day.

At 1 p.m. the Collegiate and High School Cadets of Picton, Napanee, Belleville, Kingston and Napanee met at the Armouries and marched to the Fair ground, headed by the Napanee Citizens' Band.

Horse Races.

An immense crowd filled the grand stand to witness some very interesting and well contested racing events. A thousand cars, or more, were parked around the track and these were filled with people. The fences were lined on both sides of the track, in some places several rows deep.

Cadet Drill.

In the Collegiate and High School Drill competition, the Napanee boys were victorious. Napanee scored 75 points and Kingston 66.

Baseball.

The teams competing in to-day's baseball game, Sydenham versus Picton, the score at the end of the six innings was 2-2. As a result of the rain the game could not be played to a finish.

The exhibition given by the Royal Military College Riding Academy was a fine display of skill and horsemanship and was witnessed with great enjoyment.

In the evening a great concert was given in the Palace before a great audience, who had a rare treat and enjoyed themselves to the limit. There was not a poor number on the programme. The talented artists were Miss Edna Reid, Soprano; Helen Codd, all star fancy dancer; Grace Bonnick, Entertained at Piano, and Bob Wilson, Comedian. Should they re-visit Napanee, they may be sure of a bumper house. E. J. Sexsmith, M.P. for Lennox and Addington, presided at this concert in a most pleasing manner, and gave an interesting and instructive address.

THURSDAY.

Owing to the weather being unpropitious and unsettled all forenoon the attendance at the Fair on this the last day was very slim, probably a couple of thousand or so were there. There was a drizzle of rain which started about half past two o'clock in the afternoon and continued for the balance of the day.

Horse races had to be called off on account of the condition of the track.

The Royal Military College Riding Academy gave a fine exhibition before a fair crowd.

The baseball game, Tweed versus Point Anne, was played, with an exceedingly good crowd, considering the weather. There was some good play and the result was Point Anne 10, Tweed 2. Eight innings were played.

The judging of Carriage horses took place and the names of the successful contestants will appear in a later issue of The Beaver, containing the Prize List of the Fair.

At time of going to press everything is in readiness for a big time in the Armouries, where the Community dance comes off. Music by Trencer's 6-piece Orchestra.

Taking it all-in-all the 1922 Fair was quite a success.

THE EXHIBITS.

The following special reports of some of the finest displays at the Fair will prove interesting reading and should repay readers for the time expended in their perusal :—

The J. J. Haines' Shoe Houses.

It would be hard to find a finer display than that shown by the above firm in their tastefully arranged booth. A great variety of the goods they handle were shown to good advantage. All sorts of the best to be had in boots, shoes, rubbers and also trunks, suit cases, club bags and other travelling requirements. Be sure and visit their store when requiring anything in their line. You will be sure of service and good value. No trouble to show goods. They have large stores also at Smiths Falls and Belleville.

The Graham Company.

This year, as in former years, The Graham Company's booth is one of the most attractive spots in the palace and the splendid specimen of men's clothing shown will remind people that there is a good place in town to get good value for their money and goods that are fashionable and of excellent quality. Amongst the goods are 20th Century Brand, Cambridge Clothes, Forsyth Shirts, etc. For dress or work clothes, men's furnishings, or hats, caps, gloves or mitts, if you want quality, style, value for your money, call and square deal every time, go to Graham's.

H. L. VanLuven.

The well and favorable known Gerhard Heintzman Pianos and Phonograph was well represented by our local dealer, H. L. VanLuven.

The Gerhard Heintzman Piano used for the entertainments, drew a very favorable comment from the Toronto artist, and other players, and the tone was much admired by all who are considered capable critics of good instrumental music. The fine stock of these splendid pianos will be open for inspection at the warerooms on Dundas St., at any time. You are invited to call.

The Baby Clinic.

Under the auspices of the Napanee Women's Institute, the Provincial Board of Health established a Baby Clinic at the Fair here, and mothers with children availed themselves of the privilege of having their children carefully and scientifically examined to find out the condition of health of their little ones. This work in charge of Dr. W. J. Bell, assisted by Miss Osborne, they are having thoroughly imbued with the importance of their work and thoroughly competent to give correct opinion and advice as to the proper methods to be adopted to overcome defects.

Advice, judgment in feeding and hygiene. Dr. Bell very courteously gave information to the representative of this paper of a demonstrative way how the work is carried out and tabulated. The object to find out the condition of the health of the children; to remedy the defects before they become chronic and disastrous to their future life. To make useful citizens out of weaklings, to make useful men out of those who, but for those who might become a burden to themselves and to their parents and friends. Condition of ill-health that were rife remedied. In every case where defect is found the child is referred to the family physician for treatment. No charge is made for these examinations.

The Beaver extends to Dr. W. J. Bell and the Baby Clinic every good wish for the efforts put forth.

Mason & Risch, Limited.

The Mason & Risch Company, Limited, of Toronto, sent down a magnificent exhibit of pianos and photographs of their own manufacture, which proved to be one of the attractions of the Exhibition. The list of instruments called for great praise from the crowds who collected at the stand and Miss Peacock, of Toronto, did demonstrate them. Her versatility was shown by playing accompaniments to the players and the phonograph, also in duets for two pianos with the District Manager, Mr. F. Bartholomew. During the rain on Wednesday, Mr. Trull enlivened the time by introducing community singing.

W. D. Midmer.

A fine display of manufactured lumber, window sash, doors, verandah pillars, interior builders' supplies and other matters that add so much to the fine appearance of the houses, outside and inside, occupied the booth at the old stand which W. D. Midmer has as in former years.

We understand that extensive operations in the woods and in the factory this fall and during the coming winter will assure an ample supply of the best materials required by those intending to build or make alterations or repairs. The prices are right. Call or write for quotations and estimates.

Mr. Midmer has just returned from an extensive and intensive tour of the British Isles for the purpose of securing coal suitable for Canadian requirements. While there he got in touch with the right people and made arrangements for an ample supply. This coal is exported from Great Britain under government analysis and tests and these can be seen at any time at Mr. Midmer's office. The coal secured is the best substitute for Pennsylvania Anthracite, and of much higher fuel value than most of the coal coming here from the United States. For sale in car lots only. Prices range from $15.50 to $18.00 per ton delivered on cars. Write for full particulars to W. D. Midmer, Napanee, Ont.

NEWBURGH.

At Grace Church parsonage, on Wednesday, August 30th, at 2.30 p.m., Miss Grace Thompson, youngest daughter of Mr. and Mrs. George Thompson, was united in marriage to Mr. Arthur Knight, Grand Trunk section foreman, of Shannonville. The bride looked charming in her dress of navy silk with hat to match, and was attended by her sister, Mrs. C. Carter, attired in brown silk. The groom was ably supported by Mr. Morris Thompson. After the ceremony a grand dinner was served at the home of the bride's parents, about twenty-five near relatives being present. The happy couple left by motor, amid showers of confetti, for Belleville, where they took the train for Toronto. On their return they will reside at Shannonville. The bride is well known in Newburgh, she having visited frequently with her sister, Mrs. C. Carter. Her many friends extend congratulations.

Mr. and Mrs. T. A. Dunwoody enjoyed a pleasant holiday recently visiting with friends in Tyendinaga.

CENTREVILLE FAIR.

The Addington Agricultural exhibition held at Centreville last Friday was the biggest and best yet. The exhibits and the attendance was the largest in the history of the show.

Two baseball games were played; the first exhibition between Newburgh and Enterprise resulted in a win for the former by a score of 8 to 6, while Wolfe Island cut the second fixture from Tamworth by 14 to 7. Enterprise was the first to score and got two men across the plate in the second innings, while Newburgh did not register until the fifth innings when Conway, Byrnes and McNevly came home. Both teams scored one run in the sixth innings, while Newburgh added one in the seventh, three in the eighth, and Enterprise got one in the eighth and two in the ninth. This game was featured with a lot of hard hitting, and due to the roughness of the infield many hits which should have been fielded went wild. The teams were as follows :—

Newburgh—Shorts, 1b; Samson, 2b; Milligan, c; Conway, p; Byrnes, ss; McNevly, cf; Detlor, 2b; Hinch, rf; Hannah, lf.

Enterprise—R. Bell, cf; Breen, c and 1b; E. Kellar, p and rf; F. Bell, 1b; E. Crair, rf; Hartrick, c and 3b; R. Bell, 2b; E. Keech, lf; K. Rikley, ss.

Umpire—Sam Conley.

The second game was more or less of a dragging match, the honors going to Wolfe Island. Dick Spaw, the first man up for Wolfe Island, landed on a ball for a home run. On a couple of occasions with three men on bases, Wolfe Island players hit for three bases and scored the three runs. La Rush of Wolfe Island was struck with the ball over the heart and was put out of business for a few minutes, but was able to return to the game. Tamworth put up a good exhibition considering that their regular catcher was unable to perform, and for that reason James was handicapped. Three of Wolfe Island players were also out of the game, and their positions were taken by very good substitutes. The teams were as follows :—

Wolfe Island—Spaw, 3b; Laflush, ss; Goodfriend, p; Kyle, cf; Carr, lf; Hy. S. Conley, 1b; Ryan, 2b; Taggart, ss; Horne, rf.

Tamworth—L. Harrison, ss; James, p; T. Harrison, rf; Scrimshaw, c; Bradshaw, 1b; Woolhouse, lf; Wells, cf; Richardson, 2b; Locke, 3b.

Umpire—Shorts, Newburgh.

The scores were :—

Wolfe Island 1 0 5 6 1 0 1 0 x—14
Tamworth .. 2 0 2 0 2 0 1 0 0—7

Try Doing Next Week's Washing with Rinso

Find out for yourself why hundreds of thousands of women say that they could not face another wash day without it. The two easy steps below will save you hours of back breaking rubbing.

First: For each tub of clothes dissolve a half a package of Rinso into a little cool water until it is like thick cream, then stir in two quarts of boiling water. If the water is hard, or the clothes extra dirty, use more Rinso.

Then, pour into tub of cool or lukewarm water. Mix well. Keep adding the solution until you get a rich, lasting soapy suds, even after the clothes have been put in. *Do not pour the Rinso direct from the package into the tub.*

Soak the clothes for one hour, two hours, overnight, or as long as convenient. Then rinse to remove the loosened dirt, until the water runs clear. Hang them out to dry.

There's no rubbing, no boiling. Rinso is not a washing powder, but a scientific combination of pure cleansing materials that loosen and dissolve the dirt from even the heaviest pieces. It soaks clothes clean in a few hours without injury to a single fabric.

IF YOU USE A WASHING MACHINE

Follow the regular directions given here. Soak the clothes. Then, before operating the machine, add fresh Rinso solution using the same amount of Rinso as you used for soaking. No other product is needed when Rinso is used.

FINANCIAL MEETING OF NAPANEE DISTRICT.

The Financial meeting of the Napanee District was held in the Methodist Church at Yarker, on Tuesday, September 5th, with Rev. A. J. Terrill B.A., B.D., presiding, and Rev. J. W. Dawn acting as Secretary. Roll call followed devotional exercises, when thirteen ministers and eight laymen answered to their names; there were also present a number of visitors.

After a pointed and timely address by the chairman, the regular routine business of the Sessions was proceeded with. In relation to the state of the work throughout the whole district, the reports were encouraging and hopeful, with but one noted exception. The work on the four new circuits formed by the re-arrangement of boundaries, was found to be very satisfactory indeed. Official Boards have already worked out business-like budgets and called for minimum salary on all charges in the District with but two regretted exceptions. The requirements of the four home missions were carefully considered, and by resolution the General Board of Missions was requested to make a total grant of $3635.00 for the four fields, while they promised to raise a total of $2595.00 for self support.

Rev. M. W. Leigh, District Missionary Secretary, presented his report, of which the following items are adopted:—Total objective for this year re missions, $8820.00, being an increase of about eight per cent. over last year. Mission campaign days, second, third and fourth Sundays in October, with a general exchange of pulpits on the third Sunday. The study, prayer, boy program as approved as a good working basis for the year. The Educational and Social Service interests are to be taken for by the pastors, in co-operation with the District Secretaries of those departments. Anniversary services are to be held, when subscriptions and collections are to be taken for those important funds on all circuits. The S. S. Institute and Y. P. S. conventions for the District to be conducted by Rev. W. H. Hordley, Secretary of Religious Education. Officials for General Young People's Fund to be taken on Rally Day. All matters in relation to conducting a series of Spiritual Campaign services to be worked out by the Pastors, in conjunction with the District and Field Secretaries of Evangelism and Social Service. The importance of such services cannot be stressed too much. A spiritual revival is the urgent need of the age.

During the sessions Rev. G. R. Sims, President of Conference, delivered two stirring addresses on our Home and Foreign Missions. All are of more moment to think and respond by the speaker's living, burning words. Mr. G. J. Trueman, of Toronto, also delivered a strong and ably address on the Educational interests of the Church. He caused his hearers to surround feel that Christian Missions and Christian Education are inseparable. They stand or fall together. Rev. Rev. G. Noble, District Educational Secretary, presented his report. By this report it appears that the District should contribute $1250.00 for the Educational Fund, as against $1,600 paid last year, or nearly three cent. assessed upon each.

The following resolution was adopted:—

"Whereas the new relationship of the Methodist Church and the Presbyterian Church of Canada in Canada has created many new duties, additions, centers, and problems in relation to the Home Mission Funds of the Church. Therefore be it resolved that the members of the Napanee District meeting assembled, hereby express their desire that the whole subject of the Presidency be dealt out of a special fund, giving all the charges and missions a chance to pay a fair share of the expense should the salary be raised or the Superintendent need coming from the Home Mission Funds, the whole burden will fall upon the afflicted and unorganized charges. And we, the members of the Conference, do hereby pledge ourselves to do all in our power to raise our full share of the assessment."

The resolution, the following committee was appointed to nominate the Committee on Stationing:—Rev. W. H. Hordley and Rev. A. J. Terrill and J. W. Dawn and Messrs. Hogart and Gay, and Rev. W. H. Wilson.

On motion Rev. H. R. Neal was elected as District Statistical Secretary.

A special resolution was passed, thanking the Pastor, Trustees and Ladies' Aid of the Church for kindness extended and kindly, though the attack passed, it left an unceasing dread of its return. Dr. J. D. Kellogg's Asthma Remedy is a wonderful and special agent. It immediately relieves the restricted tit passages as thousands can testify. It is sold by dealers everywhere.

IN MEMORIAM.

In loving memory of Charles J. Brown, beloved husband and father, who departed this life on Sept. 6th, 1916.

37ap —Wife and Family.

IN MEMORIAM.

In loving memory of Alexander Howe, who departed this life on Sept. 14th, 1920.

The clock was hotter, the sting severe,
To part with one I loved so dear;
The trial is hard, I'll not complain,
But time in God to meet again.
—Wife.

IN MEMORIAM.

In sad but loving remembrance of our dear little daughter and sister, Aethel Gertrude, who died on Sept. 15th, 1921.

One year has passed since that sad day,
God called the one we loved away.
Forget her, no we never will,
As years roll on we miss her still.
We loved her, oh we loved her,
How no tongue can ever tell,
But we know she's gone to Heaven,
Where glorious anthems swell.

Sadly missed by Father, Mother and Sisters. 37a

—Mr. and Mrs. J. Fraser Paul wish to thank their friends around Edmond and Empey Hill for the many presents given them at the variety showers.

Worms in children work havoc. These pests attack the tender lining of the intestines and, if left to pursue their ravages undisturbed, will ultimately perforate the wall, because these worms are of the hook variety that cling to and feed upon the interior surfaces. Miller's Worm Powders will not only exterminate these worms of whatever variety, but will serve to repair the injury they have done.

MOTOR RUGS

You will find that our Motor Rugs will fit in with the finest upholstered car you can buy. These beautiful Pure Wool Rugs come in two distinct patterns. The "Shetland" comes

"You never show the slightest sign of affection," he fumed. "You would never dream of calling me dear, as other men's wives do."

She was roused to a first faint flicker of interest.

"Do other men's wives call you dear?" she asked.

MOTOR RUGS

with one side plain and the reverse side in a Plaid. Priced at $11.95. The "Donegal" is plaid on both sides. Priced $13.95 each. Different colorings are obtainable in both styles.

CHOOSING YOUR REQUIREMENTS FOR FALL IS NOT DIFFICULT AT OUR STORE

Velvet, Color, and Infinite Variety is The Mode in Autumn Millinery.

With Feathers and Quills flaring sharply, Ribbons doing many smart turns, Needlework asserting itself in Shirrings, Smockings, and Cordings, and sizes ranging from Small to Wide, Large Picture Hats. Our stock is all set out for your inspection.

"Variety" is the keynote of the Autumn modes this season, and invariably this "variety" is found in the very shapes themselves. Thus the woman who loves exclusiveness and individuality will revel in the wide range which we have assembled here from the various makers of Canada. Hats to be worn with dresses for afternoon activities may be large, but snug, tight-fitting models are very much to the fore. Brown, with its following of associated tints, takes first place in color, while Black follows very strongly.

Speaking in Terms of Autumn Suits, Style Must Be Your First Consideration

A man, who has a very tender regard for women, has written that "charm is a sort of bloom". If you have it, you don't need to have anything else. And if you haven't it, it doesn't much matter what else you have.

"Individuality" is a sort of a charm. Our Suits possess a wonderful degree of charm and individuality. Possibly you will find this inexpressible charm in the long graceful suit coat, or in the collar; possibly the ornamentation is made from luxurious fur or artistic embroidery.

You will find our Suits made from the purest of materials and tailored and finished in a wonderful manner. Obtainable in shades of Navy, Brown and Black. Prices of Fall Suits range from $37.50 to $77.50.

Autumn Dresses Are Truly Works of Art From a Style Standpoint

A Dress is usually considered to be the outward expression of a woman's taste and individuality. To secure the proper Silhouette for this season, you cannot be too particular as to "where" and "from whom" you purchase the same. "Draping" is one of the outstanding features in dress styles, and to secure the proper draped lines takes very nimble and skilled fingers. Beadings and Embroideries are also employed for ornamentation, and these must be applied in artistic manner. Sleeve styles are determined usually by the character of the dress itself. Neck lines may be oval, bateau, high or a pointed V.

We are now displaying splendid assortments of Dresses created by the leading manufacturers of Canada, from such fashionable materials as Canton Crepe, Crepe-de-chene-Satin, Poiret Twill, Serge and Tricotine. We would welcome the opportunity of showing you.

Linoleum.

Linoleum is the most sensible floor covering for every room in the house, because it is beautiful, sanitary, lasting and low priced.

Linoleum is made in a wide range of patterns, suitable for every room.

Linoleum takes a fine wax finish and is very easily kept clean.

We illustrate two of the new designs, each of which is made in two different color combinations, very suitable for dining room, living room or kitchen. Extra good quality. Three or four yards wide, priced $1.10 square yard.

LINOLEUM IS ALSO MADE IN RUG FORM

Rugs are even more durable than the yard goods. The designs are new and beautiful. The Rugs lie flat on the floors and do not crack or tear. A new smooth finish just out. We invite your inspection. Bring your measurements.

"Kenwood" Canadian Made Blankets Are Famous for Their Great Warmth and Long Service

With cold wintry nights ahead and possibly with a shortage of fuel, these beautiful "Kenwood" All Wool Blankets take on added interest to the average home-maker.

"Kenwood" Blankets are made under the best possible conditions from soft, clean wool which has been thoroughly scoured and shrunk. Each Blanket comes separately finished. Satin ribbon in some soft matching shade is sewn across each end.

"Kenwood" Blankets can be had in a wonderful range of colors to harmonize with any color scheme you may desire. The shades of Blue, Rose or Tan are indescribably pretty, but are easily matched in the blankets which are produced in the checked patterns as Lavender, Delph Blue, Tan and Ivory.

"Kenwood" bed size Blankets are 60x84 inches in size. These are priced $6.90 each.

"Kenwood" crib size, 24x36 inches, are $3.00 each.

"Kenwood" Blankets, in Navy Blue and Red colorings, can be used for many purposes. These are wonderful values at $5.65 each.

See the special display of "Kenwoods" in our Staple Section.

Debts and Debtors

If we give a merchant our custom, we have a right to expect him to advertise—to tell us weekly in the columns of "The Beaver" what he has for us. Advertising is shop news, designed to inform us, save our time, and bring to our attention desirable merchandise.

Every retailer who is alive to the interests of his customers has a message—often many messages—for his customers concerning new goods, special offerings, and things that we ought to know about. Customers and non-customers will be attentive and responsive to these messages, if they are delivered every week in the form of advertisements in "The Beaver". The way to get more business is to ask for it.

A NOTE TO MERCHANTS

Would YOU buy much or regularly from firms that never solicit your trade? Do you not say—"The firm that wants my business must come after it?"

Yet some of you say, in effect, to your customers—"We're here. If you want our goods, come and get them, but don't expect us to go after you." It's a poor rule that doesn't work both ways.

Distinctive Fall Overcoats

Diversity and Distinctiveness mark our Fall Overcoats, both in style and materials.

Young men will like the New Raglan Shoulder model. Ours are in smart Lovat and Overcheck Tweeds neatly tailored in a new shaped Raglan shoulder, with raised seams and a fairly full back. These are very stylish garments.

Our English "Topper," with split sleeves, set-in shoulders, patch pockets and raised seams, is a model that pleases many. These are very effective in quiet Herringbone Tweeds.

The Chesterfield is always right. Ours are made from fine all wool Cheviots in Oxford Grey, and are priced at $23.00.

The quality of cloth, trimmings and manufacture is back to the prewar standard. The prices as near there as we can bring them.

We also show a very serviceable Grey Cheviot Chesterfield Spring and Fall Coat at $15.00.

This coat is made from an all wool (not the longest fibres, however), lined with all wool twill Italian, and will give every satisfaction.

A special at $15.00.

—The renovation of Grace Methodist Church is nearing completion and dates are set for the re-opening services. These services are to be of more than usual interest, as the church is celebrating its fiftieth anniversary. Two former pastors will preach. Rev. J. P. Wilson, D.D., on Oct. 1st, and Rev. C. E. Crazy, B.D., on Oct. 8th. On Wednesday night, Oct. 4th, Byron Stauffer, the most appealing public speaker and the man who regularly addresses the largest crowds of any speaker in Canada, will be heard. The appreciative public will be sure to keep these dates in mind.

TUCKER—KIMMERLY.

At the home of the bride's parents, Mr. and Mrs. Fred Kimmerly, Tyendinaga, on Tuesday evening, September 5th, 1922, their only daughter, Ruby M., was united in marriage to Mr. Robert A. Tucker, also of Tyendinaga. The bride was becomingly attired in wedding dress of white organdy, with wedding veil trimmed with orange blossoms. At 8 o'clock while Mrs. Lelia Stafford, friend of the bride, played the wedding march, the young couple took their place under the wedding arch of evergreen decorated with white flowers. They were attended by Miss Helen Tucker, sister of the groom, and Mr. Earl Kimmerly, brother of the bride. The vows were received by Rev. T. H. P. Anderson. After the ceremony and the young couple had received the congratulations of their friends, a dainty wedding dinner was served. Mr. and Mrs. Tucker motored to Belleville en route to Toronto. The bride's travelling suit was of navy blue, with black hat. Their leaving gave opportunity to their friends to shower them with confetti and express their best wishes to them. The groom's gift to the bride was a gold necklace with gold cross pendant; to the bridesmaid a gold pin with pearl setting, and to the groomsman a gold watch chain. To Mrs. Stafford, who played the wedding march, he gave a gold pin with pearl setting.

LETTER OF SYMPATHY

Mr. and Mrs. J. H. Hartwick.

Dear Brother and Sister,—We, the members of L. O. B. A., No. 245, wish to convey to you, our sincere sympathy in the loss you have sustained through the death of your son, coming as it did, so unexpectedly, and taking him from you at the time of life when you most needed him, but it is not for us to question why this has been done, but with simple faith believe that "He doth all things well".

May our Heavenly Master who has deemed it wise to take him from this earthly home, sustain you by the strength of his power and love.

You, dear Brother and Sister, who know so well the sustaining power of prayer, kneel bend your knees before the Heavenly Throne, and say, "Thy will, oh Lord, not mine, be done".

We remain fraternally, your in F. H. and C.

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

(a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.

(b) Ten year bonds, dated 1st November 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmatured coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

Dated at Ottawa, 8th August, 1922.

HOLLOW EARTH.

The proof, taking as a basis that the globe is twenty-five thousand miles in circumferences and eight thousand miles in diameter, and the gravitation 15 lbs. to the square inch pressure, there is a pressure on the whole surface of seventeen quadrillions, six hundred and forty-two trillions, one hundred and twenty-five billions, and thirty-two millions of tons pressure on the surface of the earth. The amount of gas in the centre to resist this pressure is from the fact that the lifting power of one ton by gas is, that thirty thousand three hundred and thirty-three cubic feet of gas will lift one ton. It will therefore take in the centre of the earth to cause an earthquake, fifty-eight quintillions, eight hundred and one quaddrillions, two hundred and two trillions, seven hundred and thirty-one billions, six hundred and fifty-six millions of cubic feet of gas, occupying a space in the centre, of four trillions, five hundred and forty-one billions, three hundred and ninety-two millions, nine hundred and ninety-three thousand, one hundred and seventy-two square miles vacume tightly filled with gas, leaving a little less than one hundred miles shell or crust of the earth. Constant accummulating gas by the several rapid motions of the earth is causing earthquakes, and my claim is that the utilization of this gas the world over would stop earthquakes. The earth has been mixed up by earthquakes from the beginning like dough in a breadtray, and will continue to do so till stopped by utilization; and as the poet said:—

There rolls the deep where green the tree,
Oh Earth, what changes hast thou seen;
There where the long street roars hath been,
The stillness of the central sea.
The hills are shadows, and they flow
From form to form, and nothing stands;
They pass like clouds, the solid lands
Like clouds they shape themselves and go.

And to the question asked by Ecclesiastes, some three thousand years ago, "That which is far off and exceeding deep", who shall find it out It is that the earth is hollow and full of gas.

NEW LAMP BURNS 94 PER CENT AIR

BEATS ELECTRIC OR GAS

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 other oil lamps. It burns without odor, smoke or noise—no pumping up. Simple, clean, safe. Burns 94 per cent. air and 6 per cent. common kerosene (coal-oil).

The inventor, P. N. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him to-day for full particulars. Also ask him to explain how you can get the agency, and without experience or money, make $250 to $500 per month.

WILL ANSWER ANY WOMAN WHO WRITES

Montreal Woman Finds Health by Taking Lydia E. Pinkham's Vegetable Compound

Montreal, Quebec—"I was a sufferer for three years, unable to do my housework. My husband was discouraged for I was no better and had the doctor at this time and nothing helped me. I was always sleepy, had no appetite and suffered with my left side. My mother in England recommended Lydia E. Pinkham's Vegetable Compound to me and when it had helped my sister, as I have been taking it and am now able to do my housework and I can never praise your medicine too highly, and I have great hopes for the future and will tell anyone who writes to me what good it has done me."—Mrs. E. Masson, St. Henry, P. Q., Montreal.

For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been helping women just as it helped Mrs. Masson; oftentimes after doctors and other medicines failed.

If you are suffering from discouraging symptoms caused by some female weakness, try this splendid medicine. It is a woman's medicine for women's ailments, and can be taken in safety by any woman.

BAD SCALD

"Such relief I felt when I applied Zam-Buk to a badly scalded hand!" writes Mrs. A. Beesley, of Mill Timothy, Ont., Hornepayne.

"I was standing near the stove when the kettle boiled over on my hand. I applied some ointment which I had in the house, but it did not ease the burning. The skin peeled off, and the pain was so bad that I got no sleep for two nights.

"Then I remembered using Zam-Buk, and the first application gave me wonderful relief. It seemed to cool the burning fire. I put Zam-Buk to stop, and from then on the scald healed so well. The dark scars now are hardly to be seen, and before long my hand was quite all right again. I always keep the best in the house for cuts, burns and scalds, sprains, chilblains, blood-poisoning, sores and piles. It cannot be excelled." 50c. box. Of druggists, or Zam-Buk Co., Toronto. 50c box, 3 for $1.25.

Maker's Store, Napanee
THE STORE WITH THE STOCK

To the Public and Surrounding Country.

It has been our motto to please you one and all. My present stock of Dry Goods, Ladies' and Men's Department, furnishes for your benefit prices to suit your purse. Our Annual Sale for Exhibition Days opens Monday, Sept. 11th, and will continue for two weeks, giving you ample time to buy and realize what a small sum of money will do for you.

We don't publish our prices, as they change every day. This affords us an opportunity to give you real bargains below cost. We handle everything in Dry Goods, etc. New goods arrive at our stores daily. Our prices are cut so small that we make a very small profit, only enough to cover shipping charges. Make our Store your headquarters for this Special Sale.

How Many Would You Guess?

During the week from August 31st to Sept. 6th, both days inclusive, the Government took a census of the cars passing east and west over the York Road just east of Napanee, between the hours of 6 a.m. to 10 p.m. We have asked several persons their opinion as to the number of cars per day, and the guesses have ranged all the way from 150 to 1000. The number as given in by the enumerators was 1,500 cars per day for the seven days. No wonder that a macadam road will not stand up under such heavy traffic.

Jury and Witnesses for the Murder Case Summoned.

The summonses for the jury and witnesses for the Supreme Court sessions, which open at 10 a.m., on Sept. 26th, at Kingston, have been served. Fred Bryant, charged with murder, and Sherwood and Erwood Upton, who pleaded guilty to a charge of manslaughter, in connection with the killing of Night Constable Richard A. Beard, at Napanee, on August 28th, 1921, will appear at this court if nothing unforeseen happens. Justice Orde is slated to preside at these sessions.

Stolen Horse Recovered.

Monday morning Chief-of-Police William Bowen, Deseronto, brought in from the north a horse and buggy that were found on the sixth concession Sunday night at 11:30 p.m. near the farm of John Hunt, without any driver. Upon making inquiries at Napanee it was found that the rig was the property of G. W. Shane, who lives four miles from Napanee, and that he had tied the horse under the Campbell House sheds on Sunday evening, but when he went to drive home, the rig, from all appearances, had been stolen. When found, the horse was walking slowly along the road with the lines tied across the dash, the entire outfit being intact. Information is given out that there is some clew as to the identity of the party that took the rig from the sheds and that prosecution will follow.

A HIGH TRIBUTE TO "THE WAR WORK OF LENNOX AND ADDINGTON."

The Canadian Historical Review in commenting upon the "War Work of Lennox and Addington, says:—"This book would appear to be the first attempt made by any county in Ontario to perpetuate in book form the record of what took place in the county, and what was done by the representatives of the county, during the period of the Great War".

After describing the arrangement of the book, the Review continues, "The final section, ninety pages, contains brief biographical sketches, alphabetically arranged, of all members of the Canadian Expeditionary Force from Lennox and Addington who lost their lives during the war."

"This record is worthy of the subject. The authors have shown a fine discrimination and judgment in dealing with the information at their disposal. Moreover, the letter-press and mechanical excellence of the book deserve commendation. It is to be hoped that other local historical societies of Ontario will follow the example set by Lennox and Addington. As the years go by, it will be increasingly difficult to collect such local material bearing upon the individual experiences and activities of the war years."

Such a compliment from such a source ought to be appreciated. Every home in Lennox and Addington should have a copy.

KINGSTON LADY WRITES BIOGRAPHICAL SKETCH

From the houses of A. T. Chapman, Montreal, and the MacMillan Company, of Toronto, comes a little volume entitled, "Major General Sir Geoffrey Twining, K.C.M.G., C.B., M. V.O.: A Biographical Sketch and the Story of His East African Diaries". The author's line carries the name of Mary Christine Ritchie, whom many may recognize as the charming lady now resident at "Elmhurst", on the corner of King and Centre streets, Kingston.

The little booklet is interesting to a superlative degree, not as records dug from musty statistics, dry, impersonal, are interesting, but as the story of a fine career always must be when related in an interesting manner by one who knew the subject and made a study of his fine qualities.

Sir Geoffrey Twining spent much of his young manhood at Kingston, as a student at the Royal Military College, and later as an instructor there. He was also married to a Kingston lady, and reference is made in the volume on many occasions to the Limestone City, and to various striking points about it.

The extracts from Sir Geoffrey's diary are particularly entertaining and some of them read like the comments or resolves of the knights of King Arthur's Round Table.

Mary Christine Ritchie is to be congratulated on the excellence of her work.

WHAT SHALL I DO WITH THE MONEY?

Many a holder of the Canadian Government bonds maturing December 1, 1922, has been asking this question. The advertisement of the Minister of Finance supplies an answer. The investor, by giving notice to the manager of any one of the branches of a chartered bank, can arrange to get new bonds bearing the same rate of interest, the highest possible security and a liberal rate of interest.

BRITISH COAL.

There has been much written lately about "Welsh Coal" and it does not seem to be realized this is but one small part of the British coal output. The two terms "Anthracite" and "Welsh Coal" may cause an unnecessary large amount of suffering in Ontario this winter.

The term "Anthracite" is so commonly used to denote a hard domestic coal, that people have begun to believe it is the only coal any good, except for industrial purposes. The term "Welsh coal" has been so used lately that people in Canada think it is the only good coal in Great Britain. The writer has just made a visit to Great Britain for the special purpose of obtaining all available information on the coal question, with a view to arranging for the importation of large quantities of British coal into Ontario this winter, and personally.

My friends over there who have been in the coal exporting business for more than fifty years, are the largest firms in England and Scotland respectively, and it has been my privilege to obtain the best practical advice available.

The result of this investigation is as follows:—

(1). The Americans have bought most of what is known over there as "Anthracite", which is the output of a number of small Welsh Collieries, many of which are merely holes in the ground.

(2). Those who have been purchasing for Canada, do not know what British produces, and the shippers do not know what this market needs, with the result that the coal which has been brought into Canada the past year from Great Britain, has been the most unsuitable of their products for domestic use in Ontario.

(3). These blunders are being used to the utmost by all those interested in keeping the coal trade in the old channels, and seeing that nothing but Pennsylvania coal comes in here whether the people suffer or not. Since my return, I have been told by a very large number of Scots that "Welsh" "Admiralty" is smokeless coal, was too smoky to use in Canadian furnaces, while another told me that there was no coal in England except "Welsh" anthracite, equal to Pennsylvania coal, and a third said there was no anthracite over there.

A careful comparison of our coals and British coal products, discloses the fact that there are at present in England and Scotland as well as in Wales, large supplies of coal available, which are eminently suitable for both domestic and industrial purposes in Canada, and which taken on either unit, whether heat, or on the practical results of heating and steaming are superior to Pennsylvania anthracite.

This superiority consists in their possessing a greater heating power per pound, being less liable to clinker, in giving off a smaller percentage of ash, and being less liable to destroy the furnace in which they are used.

The products of many of these collieries are available in the usual nut, stove, and egg sizes, and larger, and many are not only screened but scalpwashed, thus removing all the original mine dust, leaving the customer a clean fuel created in transit.

Taking the standard of the British thermal unit, which is also the measure of quality in Ontario, namely, or the "calorie", which is the continental European measure of quality, we are prepared to substantiate the statements now made, that English, Scotch and Welsh collieries are approducing what they call hard coal, which is not called anthracite but which by any test that can be applied, will be found superior to anything produced on this side of the Atlantic.

As we are having practically all the export coal output of these collieries offered to us, and have plenty of shipping available, the only limits on the quantity that can be obtained are the limits available for Ontario alone.

(4). The amount she is prepared to put up (the cash to purchase), (b). The amount of wharfage space and care that can be obtained on arrival of cargoes, are limited.

Municipalities, dealers, industrial or ice companies, and private persons can be supplied with not less than thirty ton car lots anywhere in Ontario.

The price is governed strictly by the prevailing market prices, less freight rates, and present prices for Toronto citizen would range from sixteen to twenty dollars per ton for washed and screened hard coal St. Lawrence shipment, and about four dollars per ton will be added for later shipments via Halifax, St. John, and Portland.

MOTOR TRIP TO MANITOULIN ISLANDS.

Mr. and Mrs. J. A. Hunter have returned home to Tamworth, after a two weeks' motor trip to Manitoulin Islands, where a visit was made to his brother, Mr. William Hunter, and family, who have extensive agricultural interests there. The distance covered was 1200 miles, along a route for the most part rich in farm lands, which the bountiful crops of the year would attest. After reaching Toronto Mr. and Mrs. Hunter were accompanied on their northern trip by their daughter and son-in-law, Mr. and Mrs. H. Magee. Their route north touched a great many thriving towns and villages, which with the year's magnificent crop, should once more thrive as in the past. Passing in succession, Orillia, a beautifully situated town on the shores of Lake Simcoe; Barrie, Gravenhurst, the home of a very fine Sanitarium; Huntsville, a thriving commercial centre, the home of the famous Anglo-Canadian Band, conducted by that eminent Canadian, Mr. Herbert L. Clark; the Muskoka district, famed in song and story, whose natural beauty would make a poet sing or an artist rave over its succession of wonderful bays and lakes teaming with fish, where you find a relaxation from life's worries, and those broken in health find in its high, dry altitude that solace and relief which nothing else can give. This marvelous district is one of the popular pleasure resorts on the continent, and literally thousands make their annual visits there. North Bay, one of the busiest railway centres in Canada, Sudbury, made famous through nickle and the brand of hockey usually played. Then Espanola, the site of magnificent water power and one of the largest paper mills on the continent, operated by the Spanish River Pulp and Paper Co. Copper Cliff, the home of the nickle industry, which is mined and manufactured there. Cutler, a port on Georgian Bay, where you take the boat for a delightful 30-mile sail to Gore Bay, the port of Manitoulin Island.

One is surprised at first at the magnitude of the Island, being one hundred miles long, and containing a great amount of fine farming land, which this year has yielded a fine crop. Another great industry is the fishing, which is carried on very extensively, and nearly always brings the fishermen handsome returns.

After a week's very pleasant visit with his brother and family, a return trip started from Manitowaning to Owen Sound. A delightful sail of one hundred and twenty-five miles from Owen Sound. The route lay through Mount Forest, Orangeville, Guelph and Toronto. After resting a few days in the city, the last lap of the journey was completed uneventfully. To those who might contemplate a similar excursion, this one just completed could be highly recommended as one that would drive away any amount of that tired feeling, and leave one years and years younger both in body and spirit. This journey was encompassed with a Master Six McLaughlin car, and through its entire length no holdup was experienced, not even a puncture.

OBITUARY.

Mrs. F. W. Powell.

In the death of Mrs. F. W. Powell, of Ottawa, whose obsequies took place in Ottawa, on the 14th inst., passed the last of the twelve children of the immediate family of the late H. B. Rathbun, of Deseronto, the founder of that town, previously named Mill Point.

She inherited all the social and genial attributes which were the inherant possession of her parents, making her individuality a sense of happiness to every class of acquaintance she came in contact with. As the Ottawa Citizen truly said in its remarks upon her passing, she was a social favorite and all classes paid homage to her personality and to her generosity. Giving an instance of the regard in which she was held by those with whom she came in contact, it is to tell the tribute paid her, in the attendance in a body, while she lay in state, by clerks of the different departments, who had always waited upon her, of one large Ottawa business house, and placing an offering of flowers by her side, showing by this loving attention as they said, of her ever kind forethought and kindliness toward them accompanied by sympathy from her in times of their stress in every way during her business calls at that establishment. They thus showed their appreciation of her every regard for their interests and in this way feelingly showed they had lost a true and a natural spiritual friend.

She had many friends among all classes, and was a social favorite beyond compare. The floral tributes were simply beyond description in quantity and beauty, a veritable bank of the most exquisite flowers in all forms.

Her obsequies were attended by a very large concourse of friends and acquaintances, the esteemed and who admired her for her many virtues and excellences as a valued and generous character, and those trying to do a kindly act; and by those relatives she so sincerely loved and whose association she always enjoyed. Her early life at Mill Point, where she was born, later called Deseronto, was as a favorite daughter of the house and the youngest and best loved sister in the family and a sincere friend, with a most wholesome character, to all the people.

In her son, Mr. Guy French, of Renfrew, and President of the Rideau Lumber Co., of Ottawa, her only son, and his family, she enjoyed the passing days of her life, a life full of love and generosity without envy or malice, a character ever to be an endeared memory to those she has left behind who knew her as she truly lived to them. Life is sweet to live in association with such a personality.

Grace Methodist Church Napanee Celebrates its 50th Anniversary Sundays, October 1st and 8th.

In the year 1872, in the pastorate of Rev. S. G. Stone, D.D., Grace Church, then known as The Western Methodist Church, was built.

During the passing of the half century, some eighteen ministers have been associated with the activities and life of this Church. From this noteworthy list, seven are now living and they will be privileged to know the fruits of their labors.

In the life-time of this Church generations of the same families have been connected in its various enterprises. Under the church's guiding influences not a few have gone forth to spread the Light of the Gospel in dark and foreign lands. From the days of 1872 Grace Church has always been a strong supporter of every movement in the community or country which was for the betterment of mankind. From the very beginning the progress and growth of this church has been truly remarkable, and in this old United Loyalist settlement no church holds a more worthy position. Surely these grand and glorious achievements are worthy of more than a passing thought, and what milestone could be more timely or appropriate than this the "fiftieth".

To fittingly celebrate this golden jubilee anniversary, the present Board of Management have arranged a series of special events which are second only to the occasion which makes them necessary. To faithfully carry out the tradition of the past, it was deemed advisable to completely redecorate the church. Thus, during the past number of weeks, the brush of the artist and the saw and hammer of the artisan have been effectively used. Wonderful improvements have been carried out in the exterior as well as in the interior.

The interior decoration has been ingeniously carried out upon modern lines, yet giving the feeling of older work in its typically symbolical ornament. The whole is many subtle ways being expressive of vitality and beauty, yet clothing the walls in delicate luxuriance of color of sufficient simplicity and refinement to contribute to a most restful effect.

The color scheme adopted for the walls is one of a cacn-stone color. Enriched ornament in a frieze is traced around at the top of the walls. This consists of interlacing stem ornaments of the pomegranate with its fruit and leaves picked out in orange and green respectively with a greyish purple ground, the whole being surmounted by a dark brown border of Gothic design. In the frieze and centered between the seven beams are painted Pateras, such centre being clearing attributes which were the inpainted with interwining Gothic vine ornament in outline. Chief burnt sienna and two Gothic crosses in bronze on a blue plaque introduced on either side of the organ and the whole bound in by a broad border of grey-brown. In the centre a cartouche trefoil is painted above the organ in pale yellow lemon. In the centre is a group of grapes and leaves above a crown in bronze. The chief colors of the decoration being orange, purple, green with a slight quantity of vivid blue.

The frieze is carried around below binding in the mural decoration in a pleasing way. The woodwork of the church case, wall panel and beams are stained antique oak; enhancing and responding to the colors in an impressive manner.

The feeling one gets when looking northwards in the church is a happy one and forms a testimony to the skill of the decorators.

On the first re-opening Sunday, October 1st, the pulpit will be occupied by Dr. J. P. Wilson, B.A., B.D. Dr. Wilson's boyhood days were spent in this vicinity; since entering the ministry he has twice been called to the pulpit of this church. Thus no man is more deserving or better qualified to conduct the re-opening services. His two addresses on Sunday will be attentively listened to, and no doubt they will bring back to many very tender memories of days gone by.

On Wednesday following, the doors will be wide open to the public in general. The ladies of the church are preparing an evening banquet. Immediately following in the newly decorated auditorium a fine concert will be given. Rev. Byron Stauffer will make the address. The musical programme will also be of extraordinary high caliber. To miss this mid-week jubilee will be to miss the very connecting link of the anniversary.

The management of the church have again shown their wisdom by inviting the Rev. C. E. Cragg, B.D., to conduct the services on the second Sunday. Rev. Mr. Cragg was pastor during the very trying years of the war, and possibly no one other minister has had a more successful term. His genial smile, his genuine wholehearted laugh and his all-loving disposition has won him a host of friends. Mrs. Cragg, who so ably assisted him in his successful work in Napanee, will also be present on this memorable occasion.

The future of Grace Methodist Church is in good hands and it is the hope of the whole community that the accomplishments of the past will serve as inspirations to a grander and more glorious future.

TO THE TAXPAYERS OF NAPANEE.

Taxes levied by the Town of Napanee must be paid by October 1st, and you have no doubt noticed that the total rate amounts to 41½ mills, but few realize what a small proportion of this is levied for the current expenses of the town.

This rate is made up of a 15 mill school rate, an 8 mill levy to pay our County Rate, debentures take another 5 mills, or a total of 31 mills for Schools, County Rate and Debentures, leaving 10½ mills for the general expenses of the town.

This 10½ mills amounts to about $19,000, which was appropriated approximately as follows: Street Lighting $3,000, Fire Protection and Hydrant Rental $4,050, Police and Market $2,050, Salaries $2,200, Streets and Miscellaneous $7,700.

The roads of the Town are now in splendid condition and should not require as large an expenditure next year as they have in the past. A new heating plant was installed in the Town Hall this year at a cost of $750.00. By careful management the current expenses of the Town can be reduced materially next year, and the rate of one and one and a half mills. The only other way the rate can be lowered is by decreasing the School expenditures and by a lower County Rate.

TOWN COUNCIL

The regular meeting of the Council was held in the Clerk's Office, the Council Chamber being occupied by the Board of Education.

Present—Mayor Graham, Councillors Ming, Steacy, Wilson and Tustin.

The minutes of previous meetings of the Council were read and confirmed.

Coun. Perry entered and took his seat. Coun. Boyes entered later and took his seat at the Board.

A communication was read from Andrew Bailey, Ltd., Montreal, regarding Welsh anthracite coal, also dry smokeless coal; that the price had advanced 30 shillings per ton in Wales, and there would be a breakage of 35 per cent. in loading and unloading. Filed.

From the Dominion Fire Commissioner, with a notification that date of Fire Prevention week would be from October 2nd to 9th. Motive clean up and exercise care to avoid fires and remind others to do the same.

Moved and seconded that the Chief of Police be notified to make a general inspection of back yards and premises in the rear of buildings for the purpose of giving warning in respect to combustible rubbish, and insisting on the same being removed. Carried.

From the Provincial Secretary's Department, enclosing copy of Order-in-Council approved by the Lieut.-Governor, sanctioning the by-law passed by the town providing for the buying and storing of fuel.

Coun. Boyes read a notice giving information regarding the tax rate, and made a motion that said notice be inserted in the local papers for the information of tax payers.

On motion the Council decided to have cards printed and posted about the town warning the people not to cut shade trees on the highways without permission from the Chairman of Streets. Carried.

Mr. Francis, a salesman for the Dominion Rubber Co., interviewed the Council and submitted a sample of an improved fire hose. It is called the Maple Leaf brand, is a double jacketed 3-ply tube, covered with woven cotton treated with a solution of paraffin wax and melted gum. The price is $1.30 per foot. Referred to Fire, Water, and Light Committee.

On motion the Clerk was instructed to write the Hydro Commission, reminding that body of a promise made to reduce the rates for power and light for the town. Also that the local manager be requested to resume the practice of putting the meter readings on the bills. Carried.

A By-law was passed under the Local Improvement Act, to build cement walks on the following streets: North side Isabella, from West to Union Sts.; West side Union St., from Bridge St. to Thomas Sts.; East side West St., 135 ft. OBITUARY.

Mrs. Martha Snider.

A beloved mother passed peacefully away from the sorrows of earth to the joys of heaven, at the home of her daughter, Mrs. Herb. Rogers, Tamworth. She was born in Hungerford, and was a member of the Methodist Church and a ready helper.

Her home was always open to the ministry and she did what she could for the cause of God.

In 1908 she was married to John Johnston. In May, 1915, he died. She remained his widow till November 24th, 1921, when she married Fred Snider. For the last few months she suffered a great deal from heart trouble. She seemed in cheerful mood until the morning of the 22nd she quietly called and without a struggle her earthly tabernacle was dissolved and the living spirit took its departure to the building of God. Those are left to mourn her loss, four daughters and one son, Mrs. Robinson, Tamworth; Mrs. Milburn, Centreville; Mrs. Rogers, Tamworth; Mrs. Myres, Toronto; John A., at home.

On August the 24th the funeral service was held in the Methodist church, after which she was conveyed to our family's plot, there to remain in the keeper that will reanimate the sleeping dust, on the morning of the resurrection.

A. S. M. Hutchinson Writes a Stirring New Novel.

Author of "If Winter Comes", Sets Everybody Talking By His Latest Book, "This Freedom".

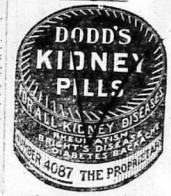
Until less than a year ago the name of A. S. M. Hutchinson was known to a limited circle of somewhat discriminating readers. He had produced three novels which the critics recognized as unusual in quality and power, but which did not attract a particularly wide field of readers. The amazing success of "If Winter Comes" has made it familiar even to those who scarcely ever read books. And now comes its successor, a novel which will prove a greater stimulator to thought and be more provocative of discussion.

Can a woman have a career and a profession and at the same time do her duty to her family? That, in brief, is the theme of the story. Rosalie, the heroine, is the daughter of a Suffolk rector. From her earliest recollection she sees men looked upon as lords of creation. The male members of her own household are waited upon hand and foot by all the female members—mother, sisters, servants.

Rosalie determines that she will capture for herself the privileges enjoyed by the male—she will become a business woman, and she does. She has an extraordinary financial gift which finally brings her a partnership in a London bank. For a long time she kept out of her thought the idea of marriage. Men, except as persons to do business with had no place in her scheme of life. Then with the dramatic suddenness of her woman's nature bursts all bonds and she is overwhelmed by an overpowering flood of love.

But ardently and intensely as she loves the rising young barrister, Harry Oeclere, she clings to her idea of a career and of independence. She will marry, but she will continue to hold her business position. She and her husband become partners in the upkeep of a home. The coming of children only temporarily interferes with her work as a business woman. She becomes quite an authority on finance. Her family grows up: they begin to live their own lives—and here comes the "argument" of the story. What will be the lives of children who have lacked the mother's home influence?

It is a powerful story and one may agree or disagree with the author's conclusions as shown by the working out of his story, but one cannot read this book without being compelled to think very seriously of the demands of the children and the home upon the parents; and of the responsibilities of parents to their offspring. Some will quote from this novel to prove that the growing feministic movement, the participation in various social movements and other interests which take women away from their homes are undermining the social structure of the nation. Others will say that the author has not proved his case, but the force and originality of the book will be acknowledged by every reader.



RHEUMATISM

Rheumatism is produced by the accumulation of Uric Acid in the blood, and this poisonous substance attacks and inflames the membrane covering the joints and separating the muscles, thus producing severe pains. If the waste products of the human system are not properly carried off, Uric Acid forms and is deposited in the joints and between the different layers of muscles. DR. HENDERSON'S HERB TABLETS will correct this by its action on the kidneys and removing the Uric Acid from the blood. Try them and watch the results. If they fail your money will be refunded.

Dr. Henderson's Herb Tablets are 50c. and $1.00 per box at Hooper's Drug Store, Napanee, Ont.

Happy Thought Ranges Make Happy Homes

Happy Thought Ranges are to be found in any part of the home.

Happy Thought Stoves have stood the test of many years in Canadian homes.

You—the woman with a family—know what it means to have a range that is so easy to regulate, that is a good cooker and a dependable baker. There is no single feature in your entire house that is as important as your range.

Every woman who does her own cooking knows what it means to have even heat and plenty of room in the oven. She knows what a large cooking surface means and the benefits of reguiating and little labor-saving attachments. Three hundred thousand Canadian women know the dependability of Happy Thought ranges from actual every-day experience. They have found them consistent and satisfactory, economical in fuel and easy to operate. Ask any of these happy women about these ranges.

Essentially Different

THERE are two most important things about any Electric Range—the cooking element and the oven. Everything else is of lesser importance.

And in McClary's Electric Range both these points are different and superior.

The Cooking Elements are protected. The heating coils are embedded in tough porcelain, are protected from spilled food and other damage. The heat as quickly and remain hot much longer than any other kind.

The Seamless Oven—of welded steel, porcelain enamelled with acid-resisting Ferrolite—and cast Nickel frame. It is perfectly insulated by Fibrefrax, a fireproof, heatproof wool. Heat cannot escape. It holds heat for hours after the baking is done.

MARTIN—PAUL.

A quiet wedding was solemnized at the Selby Methodist Parsonage, at high noon on August 23rd, 1922, by Rev. T. H. P. Anderson, when Lottie Pearl, only child of D. A. Martin, was united in marriage with James Fraser Paul, eldest son of Robert Paul, of Govan, Sask. The bride was becomingly attired in a simple frock of ivory duchess satin with touches of lace and bead trimmings. Miss Mabel Stafford acted as bridesmaid, gowned in pale pink organdie, while Mr. Fred Stafford supported the groom. Mr. and Mrs. Paul left on the 2.22 p.m. train amid showers of confetti and good wishes for Toronto, St. Catharines and Niagara Falls, the bride travelling in a navy blue trocotine suit, with black velvet hat and gray squirrel shaker.

VanLuven's Coal Yard

Is now open for the season. The same good quality of Anthracite Coal as last year and the usual sizes is expected by water and by rail. 38a

Late Milton Parrott.

Death on Sunday, removed an old and much-respected resident of Wilton, in the person of Milton Parrott, who was sixty-five years of age, a son of the late Wesley Parrott, and the last of this family to pass away. Deceased had been in ill health for a year or more, and two weeks ago his condition became serious. His wife and five children survive. The funeral took place at Wilton on Monday.

BOARD OF EDUCATION.

The Napanee Board of Education met in the Council Chamber on Monday evening.

Members present:—Chairman Alpine Woods, and Messrs. P. Gleeson, W. G. Gibbard, J. Craig, J. M. Thomson, S. R. Miller, J. F. Robinson, J. L. Boyes, H. Daly, E. J. Pollard.

The minutes of the previous meeting were read and approved.

Mr. J. W. Robinson presented the report of the inspectors in reference to a vocational industrial school in connection with the Collegiate Institute. The report does not recommend the starting of such a school at the present time in Napanee.

On motion the report was filed for future reference.

The Supply Committee reported the purchase of fifteen tons of coal for the West Ward school.

Dr. Morden presented the report of the Collegiate Institute, showing an attendance of 225 pupils, and that the organization of the school is now assuming good condition.

A motion was passed that it be arranged for the janitor to remain in the Collegiate during the noon hour.

Dr. Morden asked for a telephone in the Collegiate Institute.

On motion a telephone was ordered installed in the Collegiate Institute.

The Principal reported all teachers back to work and the rooms all filled to capacity with pupils.

The Supply Committee brought to the attention of the Board the necessity of some repairs to the apparatus in the gymnasium and the need of some new apparatus for the chemistry department.

Several circulars from the School Trustees Association, referring to the unfairness of the grants to rural schools and those to urban schools, were referred to Finance Committee.

A report in reference to the boiler in West Ward school, recommending certain changes, were referred to Property Committee with power to act.

A communication from the Department of Education, granting a temporary certificate to Mr. Smith, as physical instructor, was filed.

The Management Committee reported the engagement of teachers for the Collegiate Institute.

The following accounts were ordered paid:—Napanee Express, $13.00; Davy & Allison, $1.00; Chairman of Board, $35.00; Chairman of Property Committee, $12.00.

CORSETS.

Before purchasing your Fall requirements you will possibly require new Corsets. Our Corsetieres will gladly fit you in the famous Nemo, Gossard, Warner and Crompton styles.

LIFE IN A FEW WORDS.

This chap sat in a fashionable hair dresser's shop with his little daughter, while his wife was having a marcel wave put in her hair.

The little daughter patted her father's bald head and said in a loud voice that all the ladies who were getting waved could hear:

"No waves for you, daddy—you're all beach."—Exchange.

BRASSIERES.

Once thought to be a fad, but now a fashionable necessity endorsed by Fashion as well as authorities on Health. We are specializing on many exclusive styles. All sizes.

CHOOSE YOUR AUTUMN REQUIREMENTS AT ROBINSON'S. YOUR TIME AND YOUR MONEY WILL BE PROFITABLY SPENT

ENTER THE TAILORED TWEED COATS, MADE IN A BEAUTIFUL RANGE OF FABRICS.

"Flapperism" is a thing of the past as far as mode is concerned. This Autumn the styles have adopted more dignified airs, yet youth and charm has an enviable place among the Fashions for Fall.

"Youth" can well be served in these smart appearing "Burberry" Tailored Coats. They come in a fine range of choice Canadian and English Tweeds embodying both warmth and comfort. Aside from the materials featured, the tailoring is second importance. You will find the work and cut of our Coats the very finest obtainable anywhere in Canada. Obtainable in Misses' and Women's sizes. Priced from $22.00 to $65.00.

Waists Are Important This Season. Crepe-de-chene Leads the Field

Smartest styles this season fit over the skirt. The only exception is found in the Tailored Waist which must fit inside. The over-skirt models usually tie in the back and have three-quarter sleeves, the neck lines come in various "round" effects. Wool Embroidery and Steel Beads make very effective combinations. Two colored combinations are very fashionable. At present we have very choice assortments in all the new Autumn shades of Navy, Brown, Bisque, White and Grey. Prices for Fall are most reasonable, ranging from $5.95 to $12.75.

"Brown" is the Popular Color, and "Velvet" the Fashionable Material for Millinery This Fall

Of course, other shades are fashionable, and other shades will be made and sold, yet taking everything into consideration, "Brown" and its associated colorings are very much the best. We have Hats constructed in the very newest styles, made in all the various Brown shades. Obtainable are Hats to wear with suits, with dresses, with ulster coats and with fur coats too. At present we are featuring an excellent assortment of Pattern Hats, as well as Ready-to-Wears and Sailors.

Our competent staff of designers and trimmers will make Hats to your individual requirements.

What Will It Cost to Have Your Suit Made To Order?

THE ANSWER IS TO BE FOUND IN THE SPECIAL QUOTATIONS BELOW.

The Fall season is here again, a very choice range of materials is presented for your approval. The Dressmaking Department has again re-opened. We are ready to serve you.

The popular fabrics for Suiting purposes are Botany Serge, Tricotine, Poiret Twill, Homespuns and Tweeds. Any of these fabrics will look well made into a suit. Choose your material and linings, select your style and our Department will turn you out a suit guaranteed in every respect. Our prices are below:—

OFFER NO. 1.—Suit made to your order, complete: material, Botany Serge; mercerized lined, $29.75; satin or figured poplin lined, $32.50. Choice of any shade.

OFFER NO. 2.—Suit made to your order, complete: materials Botany Serge or Wool Tricotine; mercerized lined, $32.50; satin or poplin lined, $34.50.

OFFER NO. 3.—Suit made to your order, complete: mercerized lined, $37.50; satin or figured poplin, $39.50; materials, Botany Serge, Tricotine, Poiret Twill, Homespun.

We Present Men's Fall Suits Favorably Priced at $25, $30 and $35.

To be correct in the matter of [illegible] which, with the proper tailoring, constitutes style, to use good woolen fabrics in sightly patterns that commend themselves to good taste, to turn out a finished suit which will withstand comparison with any suit in the world at its price—that is the Robinson Co. objective, and that is what we have accomplished. Cheaper lines at $15.00 and $20.

"Can"

ADVERTISING is the public expression of a master's will and wish—his word of power.

We want to say this to the merchants of this community:

You CAN make the public of this community buy more goods from you.

You CAN teach the public new customs, new tastes, new habits. You CAN make the public do what it is not in the habit of doing. Powerful and persistent advertising has revolutionized modern life. It sends people travelling. It has made them photographers. It has made the motor-car a necessity. It makes women change the fashion of their apparel twice or thrice a year. It selects the very food we eat.

A NOTE TO THE PUBLIC.

Does not the publicly expressed will and wish of the merchants of this community influence you in your shopping? Do you not go where you are guided? Are you not very attentive and responsive to the advertisements which appear each week in the columns of "The Beaver"?

WEDDING BELLS.

WALTERS—WELLS.

A very pretty wedding took place at the home of Mrs. R. Walters, Graham St., when her only daughter, Beatrice Madeline, became the bride of Mr. Percy Wells, youngest son of Mr. and Mrs. Irvine Wells, Maribank, Rev. Mr. Terrill officiating. The bride looked very charming gowned in white Duchess satin, trimmed with silver bands, girdled with white satin ribbon and caught at one side with orange blossoms, and carried carnations and ferns. Miss Edna Wells, sister of the groom, acted as bridesmaid, gowned in taupe georgette. The groom was assisted by Mr. Lester Shaw, of Newburgh. After the ceremony a buffet luncheon was served, and the happy couple left by motor for Kingston, where they took the boat for Watertown, Syracuse and other American points, the bride travelling in a navy blue tricotine suit and feather hat to match.

NORRIS—BLACK.

At the Princess Street Methodist Parsonage, on Tuesday afternoon, Sept. 12th, 1922, Rev. J. A. Waddell officiating, the marriage took place of Raymond Grant Norris, of Napanee, and Miss Edna Sills Black, daughter of Mr. and Mrs. Selwyn Black, of this city. The couple were unattended. Following their honeymoon, Mr. and Mrs. Norris will take up residence in Napanee.—Kingston Standard.

"And your friend really married his typist. How do they get on?"

"Oh, same as ever. When he dictates to her, she takes him down."

"Have you the time about you?" he asked, as they sat on the moonlit beach.

"Why, yes," she answered; "you are wearing a wrist-watch, aren't you?"

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

(a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.

(b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmatured coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

Dated at Ottawa, 8th August, 1922.

WISE AND OTHERWISE

The public said: "This land immense
They say was made for me.
Why should I just to audience
For Yoiks who can't agree?"

Hard and soft corns both yield to Holloway's Corn Remover, which is entirely safe to use, and certain and satisfactory in its action.

Clerk (trying for a raise)—I can't live on my salary, sir.
Employer—Well, I'm sorry to hear that. I was about to promote you to the head of our economy department.

Worms sap the strength and undermine the vitality of children. Strengthen them by using Mother Graves' Worm Exterminator to drive out the parasites.

Wife (with newspaper)—Just think of it! A couple got married a few days ago after a courtship which lasted fifty years.
Hub—I suppose the poor old man was too feeble to hold out any longer.

It is usually safe to say that when a child is pale, sickly, peevish and restless, the cause is worms. These parasites range the stomach and intestines, causing serious disorders of the digestion and preventing the infant from deriving sustenance from food. Miller's Worm Powders, by destroying the worms, correct these faults of the digestion and serve to restore the organs to healthy action.

King Ferdinand of Rumania is to visit Deauville during the season. We trust there is no truth in the horrid rumor that a hotelkeeper was heard to remark: "I hope a lot of his Deauville Rumania."

Rub It In for Lame Back.—A brisk rubbing with Dr. Thomas' Eclectric Oil will relieve lame back. The skin will immediately absorb the oil and it will penetrate the tissues and bring speedy relief. Try it, and be convinced. As the liniment sinks in, the pain comes out and there are ample grounds for saying that it is an excellent article.

Youth (by the sea)—You little thought a week ago that you'd be sitting on a lonely seashore with a man then unknown to you.
Maiden—Oh, yes, I did.
"But, dear, you didn't know me then!"
"Of course not. But I knew myself."

It Will Prevent Ulcerated Throat.—At the first symptoms of sore throat, which presages ulceration and inflammation, take a spoonful of Dr. Thomas' Eclectric Oil. Add a little sugar to it to make it palatable. It will allay the irritation and prevent the ulceration and swelling that are so painful. Those who were periodically subject to quinsy have thus made themselves immune to attack.

Mrs. Brown—Yer ain't lookin' too happy to-day, Mrs. Jones. What's up?
Mrs. Jones—Why, Mr. Jones has been promising all the week to take me and Billy to see Charlie Chaplin, and this morning, half an hour ago, just as we was getting ready, his employer was overheard, and he had to go back to work. That's what's up!

Asthma is Torture.—No one who hasn't gasped for breath in the power of asthma knows what such suffering is. Rinso doesn't redden the hands. It's pure.

Don't Rub—Just Soak Your Clothes Clean

RINSO is fine granules of soap essence, scientifically and completely different from ordinary soap flakes or washing powder. It should be used differently too—for instance, to get the best results, do not pour the Rinso granules into the tub from the package.

Make the wonderful Rinso liquid *first*—take half a package of Rinso for each tub of clothes—stir it into a cream in a little cool water, add two quarts of boiling water, stir vigorously and put into the tub of cool or lukewarm water.

Put your clothes to soak for one hour, two hours, overnight, or as long as convenient in this rich Rinso suds, then just rinse thoroughly and the dirt runs away. Your clothes are ready for the line—snowy-white, clean and fresh.

If You Use a Washing Machine—follow the regular directions on the Rinso package and soak the clothes. Then before operating the machine, add fresh Rinso solution and proceed. No other preparation is needed when Rinso is used.

DENBIGH.

Mr. H. D. Bryan, of Rochester, N.Y., who spent his usual fall vacation again in Denbigh, has returned to his home and business in the Flower City.—The Misses Anna Marquardt and Cora Stein and Mr. Wm. Nickelson, of Ottawa, who enjoyed a couple of weeks visiting relatives and friends here, have also left again for their present positions at the Capital. —Miss Bertha Stein and Mr. and Mrs. H. Fritsch also spent about a week in Ottawa, partly on business and partly on a visit to relatives there.—Mr. and Mrs. W. Lockwood, of Renfrew, are welcome guests at the former's parents', Mr. and Mrs. A. Lockwood. —Miss Gladys Stein, who enjoyed her summer vacation with her parents, and other relatives here, has returned to Little Ireland, and resumed teaching in the Public School there. Her sister, Olive, has secured a position as teacher in a Public School near Cloyne —Mr. George Ball, Principal of our village school during a couple of terms, is teaching at Vennachar, and Miss Katie Marquardt in Renfrew County again.—Owing to some misunderstanding, our village school is still vacant, but the Continuation School is in operation again under the able management of Mr. Edwards.—The Denbigh School Fair was held on the school grounds on the 14th inst., and although the weather did not look very promising in the morning, it turned out to be a very nice day, and a large number of visitors were present. Among the places represented were Renfrew, Palmer Rapids and Hardwood Lake. The exhibits of live stock were limited, but of local farm products and home made articles they were numerous and very creditable. Races and sports and amusements of different kinds were also greatly enjoyed, and afforded lots of fun.—Rev. G. J. Gaul and Mr. A. Lockwood took in the Toronto exhibition, and enjoyed it very much.—Mr. Chas. Petzold has just arrived home from attending part of the Ottawa exhibition, and Mr. G. Adam is now, with others from here, enjoying the Renfrew exhibition.

OBITUARY.

Mr. William McGregor.

Death entered the home and removed from our midst, after a lingering illness, Mr. William McGregor, aged 75 years. The deceased had been ill for some time, but it was hoped by all that he would be spared, but death came suddenly on the 15th. The deceased had been Clerk of the Court here for a number of years; also President of the Kennebec Agricultural Society for a great many years. He was also a Councillor of the Township some years ago. He was a member of L. O. L. Arden, that lodge making him an honorary member. The deceased was a good neighbour and citizen, and took a great interest in the welfare of the country. He and his wife, who survives him, had their Jubilee wedding last year.

The L. O. L. of Arden conducted the funeral services, the pall-bearers being members of the Order, W. H. Hawley, L. D. Parks, Geo. Hughes, G. M. Kirk, S. Barker and F. L. Wentworth. The funeral sermon was preached in the Methodist Church, Arden, by Rev. Mr. Stocker, of which church he was a member for a great many years. The remains were placed in the family plot at Bedville, which is situated near his old homestead. He leaves to mourn, besides his wife, James McGregor, British Columbia; Andrew, Whitewater, Manitoba; John, Enterprise, and (Annie) Mrs. McGee, White water, Man. The deceased has also been a Conservative. The floral offerings were: Royal Arch, from the L. O. L.; wreath, by teachers and pupils of Arden school; sheaf, by Mrs. Smiley; also sheaf from Mrs. Alexander. Mr. Ross Barr and Mr. Everett Scott kindly conveyed the pall-bearers to the cemetery.

"I Was Run Down"

"Body was completely covered with Boils"

"If you have ever had boils, you know how painful and annoying even one or two can be. But imagine having your whole body almost entirely covered with them! I am a watchmaker by trade, making a specialty of repairing the highest grade movements. This is probably the most trying of any mechanical work, particularly for a nervous, irritable man like me. Working under great strain both day and night for three months, brought me almost to a state of collapse. I was so irritable and nervous that the slightest thing would 'get my nip' in the air.' If I managed to get a few hours of sleep at night I was lucky. I had no appetite for food. Certainly I was miserable. During this time boils began to appear on different parts of my body and the pain from them made life a misery. My suffering was so great at times that I felt there was nothing left for me to do but to end it all. I consulted doctors but they all told me that if I didn't give up my work and live out of doors, I would go into a decline. As I had no money I couldn't do this. In fact paying bills and buying medicines used up all the money I made. Finally in desperation, I decided that I would either kill or cure myself, so I began to study myself. I realized that I was accumulating rheumatism as only one could possibly be with a bad case of nerves. And if I could see building up. After reading descriptions of different preparations, the one which appeared to be the best for me was Carnol. It has simply performed miracles for me. Four bottles have done more than months of travel abroad. I feel like a two-year old. I go eight hours every night and eat three good meals a day. My skin is like a baby's, free from blemishes of any kind and I have entirely forgotten that I have ever had such things as nerves. I want everybody who is ailing to know about Carnol, because I have such faith in it I believe it will cure any human ill."

Mr. J. H. Mc. C.

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money 14-23

"Greater Canada"

Among the features at the dance given in the Armouries last Thursday evening was the introduction of a new patriotic song "Greater Canada", by Miss Hilda Bonnycastle, of Campbellford. The music and words of this song were composed by Miss Bonnycastle's mother, who is 79 years of age, and who is also the composer of several other well known Patriotic Songs. The music of this song has a fervent patriotic air and the words are expressive of deep national sentiment. Miss Bonnycastle is the granddaughter of Sir Richard Bonnycastle, a well known Canadian historian and engineer of the last century and was the man who built the Martello towers at Kingston. This song, "Greater Canada", is on sale at local music and book stores.

Highland Cadets Disappointed.

The Highland Cadet Corps of Kingston are extremely disappointed that under the conditions of the Wilson Cadet Trophy they were unable to compete at the Napanee exhibition with other Cadet Corps for the handsome prizes. They had trained a splendid team specially for the Competition, but found upon enquiry that the Trophy was only open for competition to Cadet Corps of High Schools and Collegiate Institutes. It is learned that the Highland Cadets are very anxious that if possible the regulations governing the award should be changed, in order that they may put a Detachment of their Cadets into the competition, and in order to win the sympathy of the citizens of Lennox County in their efforts, they sent to the Fair a small Detachment of Cadets, under the personal supervision of the Warrant Officer in charge and the Pipe Major gave an exhibition of sword swinging to pipe music. Therefore on Thursday, the music of the Highlands dominated the Fair, and the swirl of the kilts attracted many visitors. The Highland Cadets were attired in the scarlet doublet, with Glengarry cap and trews of Mackenzie tartan, and formed an inspiring picture as their swords rapidly swung through the air in the various movements of the drill. There is no doubt that this effort to win the sympathy of the citizens of Napanee will bear good fruit, for the Highland Cadet Corps is recognized in Kingston as an exceptionally smart unit, in drill, musketry and display work. They gave two exhibitions of their skill in sword-swinging, and this, with the pipe music, interested many visitors at the Fair on Thursday last.

SENTENCED TO HANG

MAURICE BARRIE CONVICTED OF MURDER AT THE BELLEVILLE ASSIZES.

Belleville, Ont., Sept. 20.—Maurice Barrie, charged with the murder of John Wesley Moult, of Tyendinaga Township, on June 29 last, was this evening found guilty of the crime and sentenced to be hanged on December 14. Barrie took his sentence coolly. Hon. Justice Latchford presided. The taking of evidence was completed shortly before 5 o'clock, and at 5.35 the jury retired to consider their verdict.

Provincial Constable R. F. Davis told of being called to the scene of the murder shortly after midnight of the day of the tragedy. Moult was lying on a door and there were blood marks and a pool of blood in the canvas. The hat of Wesley Moult was produced in evidence—it was stained deeply with blood and had two bullet holes in the brim. A 22 rifle was found, supported on a beam in the barn. In the accused man's room he found in a drawer one empty shell besides other loaded shells, all of 22 calibre. Provincial Officer Hughes corroborated the previous witness.

Mrs. Moult's evidence was of a detailed nature as to Barrie's action about the place and of his statement that Moult was away and would not be home until evening. She knew of no trouble existing between her husband and Barrie.

Alberta Phillips, who was at the time a maid at Moult's, and who since the tragedy has married a man named Orr, detailed the occurrences on the 29th of June. On that day, Barrie refused his dinner, and during the afternoon was about the place, and in answer to enquiries about Moult stated he would not be home until evening.

Barrie's Confession.

Provincial Officer Naphin gave evidence as to his part of investigation, the tragedy and that at the county jail at Belleville the day following the arrest of Barrie. He interviewed him with reference to his movements. After being properly warned, Barrie asked for paper and pencil and made the following confession :—

"I, Maurice Barrie, declare that on Thursday, June 29th, I did shoot and kill Wesley Moult, forty rods north of Moult's barn, between the barns of three and four. I fired one shot at him with a 22 rifle belonging to Charles Sargent. Moult lived about half an hour after I shot him. I was not there when he died. He did not die in the lane where he was shot. Another man and myself brought him to the barn and laid him on the barn floor. The other man then told me to go down to Latta and drive the car for a while and come back, which I did, and stayed driving around for an hour, and when I came back to the barn I found Moult was gone and the other man was not there. I have known the man who was with me when Moult was shot, for a month or six weeks, but I don't want to tell his name at this time. He fired the first shot at Moult, but I don't know whether it took effect or not but Moult was down on his knees when I shot him. This statement is true and made voluntarily."

The day following the making of the confession, Officer Naphin again visited Barrie in jail and requested him to tell who the other man was, but he said it was impossible for him to do so.

Prisoner Takes Stand.

This concluded the evidence for the Crown and Barrie went into the box.

He explained minutely and most intelligently his and Moult's movements on the morning of June 29th. After dinner, Moult and the accused were in the barn together when they got into an argument and harsh language was used by both. Barrie said he struck Moult in the face and he retaliated by striking him, Barrie. He, Barrie, made a grab for the rifle which was on a beam nearby, but Moult took it and placed it behind his back. Some more words followed and Barrie hit Moult. He lifted up his left hand, and as he did so the rifle exploded, the ball entering Moult's neck and passed out the forehead. Barrie admitted that after the shot had been fired and Moult was apparently dead, he covered the body with a canvas. He claimed he was afraid to tell Mrs. Moult what had happened. Barrie swore that the confession read by Officer Naphin was not the truth, but could not tell why he had made it.

This completed the taking of the evidence and the jury were addressed by counsel and His Lordship delivered his charge.

The prisoner, being asked why the sentence of the court should not be passed, said "nothing" in a loud clear voice. His Lordship said to Barrie he had been fairly tried and well defended, "and I do not think that any honest jury could reach any other conclusion than the one reached."

ARCHIE HARTWICK KILLED ON TRACK NEAR DYSART.

A most gruesome accident occurred about ½ mile east of Dysart, on Friday, Sept. 1st, 1922, at 9.30 a.m., when Archie Hartwick, a deaf mute, aged 27, of Napanee, Ont., was literally cut to pieces by the work train running between Markinch and the bridge near Lipton.

The deceased was in the employ of Mr. John Mitchell, who lives two miles east of Dysart, and as the rain of the previous evening had delayed threshing for half a day, he decided to take a pair of shoes to town for repairs. He was walking on the grade just off the ties and being deaf did not hear the work train, which was backing up to Markinch for another load of soil, or feel the vibration on account of the high wind blowing from the west. The brakeman on the train shouted to the deceased to get further off the track but when the train almost reached him he stepped on to the end of the ties. The brakes were immediately applied to the train, which was travelling about twelve miles per hour, but it was too late to avoid hitting the unfortunate fellow, who was knocked down and dragged along by the train and terribly mutilated. By the time the train was brought to a standstill, several cars had passed over the deceased each car apparently carrying him or rolling him along, as his body was picked up fifteen paces from the spot at which he was first struck. Constable Bull, of Balcarres, and Dr. Stuart, of Cupar, were immediately sent for and upon examination decided an inquest was unnecessary. It is believed the deceased was killed instantly, as part of his scalp was found on the end of a tie at the point where the train first struck him.

The funeral took place on Saturday, Rev. Father Falk conducting the services, the remains being interred in Dysart cemetery.

CONSOLIDATED SCHOOL AT TAMWORTH.

A representative of The Beaver visited the new Consolidated School at Tamworth last week, and was much impressed by the wisdom of the government and the foresight of the local School Board in making provision for such ample and modern accommodations for the school children of this locality. Through the courtesy of Mr. A. B. Carscallen, representative of the School Board, the inspection of the building was complete in every detail.

This school in the past two years has added a wing containing a room for Fourth Book classes, a large Community Hall, and a Domestic Science room, besides the Teachers' rooms. The Community Hall has electric lighting, a piano and seating accommodation for about three hundred people. The system of heating and ventilation is the most modern to be obtained and a new system of waterworks has been installed during the past summer, which provides fresh water throughout the whole building for drinking and lavatory purposes.

The Continuation School, with eighty-one pupils, occupies part of the building, and the Science Room is nicely equipped with sinks and water taps for experimental work in Chemistry.

The building is made use of by the Women's Institute, the various lodges, for banquets, the Literary Society and the town band, and for all occasions where refreshments are served, the Domestic Science room is a great convenience.

The playground has been extended till it now covers over five acres of ground. Sections of this have been levelled to provide for various games, and the balance is well covered with maple shade trees. The Sheffield School Fair was held here on Wednesday, Sept. 20th, and a large crowd of people viewed the many exhibits of roots, vegetables, fancy work, cake and candy, which were displayed in the spacious Community Hall. The ladies also enjoyed the games of indoor baseball, basket ball, volley ball, tennis and baseball, which were all held on the grounds, the baseball being a game between the school boys and the married men, the latter winning by a score of 10 to 8. At noon and in the afternoon a lunch was served by the Women's Missionary Society in the Domestic Science room. Everybody left the grounds feeling that Sheffield has a Consolidated School to be proud of, and the playgrounds to be proud of and worthy of their hearty support.

Toronto Nurse Cured of Muscular Rheumatism

Miss Pearl Rennicks, Camden St., Toronto, says: "It is the greatest pleasure of my life to be able to give a testimonial in favor of DR. HENDERSON'S HERB TABLETS, for they have done wonders for me. I was nursing in one of the hospitals when I was taken sick with muscular rheumatism and had to go home. For three months I was unable to move one of my arms or even a finger, and the pain that I suffered was something dreadful. I tried different kinds of treatments and remedies, without any results whatever. I was advised to try Dr. Henderson's Herb Tablets and after using one box and part of another I was completely recovered from the trouble.

If you are suffering with Rheumatism, Constipation, Eczema, Kidney Liver and Nervous Complaints, get a box at once and see the results. 50c. and $1 a box at Hooper's Drug Store, Napanee, Ont.

ARDEN.

Death has again entered our midst and removed John Mosier, aged 78 years. The funeral service was conducted by the Rev. Robt. Stocker, after which the remains were placed in the family plot here. Deceased was a member of the L. O. L., Arden. He leaves to mourn his loss one sister, Margaret, and three brothers, Peter and Gideon, of Arden, and Daniel, of Ernestown, Sask.—Quite a number from here attended the Kingston fair. —Mrs. Joseph Gendron is visiting relatives in Tamworth.—Dr. Moon has moved his office to Sharbot Lake, but will be in Arden on Tuesday and Saturday of each week.—Mr. Sandy Barker is erecting a residence and garage on the old "grist mill" lot. — Miss Helen Pringle is attending Albert College in Belleville. — Mr. Clair Hayes made a flying trip to Kingston on Saturday last.—Mr. and Mrs. Samuel Barker spent Sunday at J. E. Barker's.—Mr. and Mrs. Everett Scott and family at John Scott's.

ROD AND GUN IN CANADA.

There are several different features in the November issue of Rod and Gun in Canada, which commences to make it a particularly attractive number. The well known writer, Harry M. Moore, is at his best in "Sar Ann", an interest-gripping tale, and there are other stories that are of a high quality. The article, "Logs", descriptive of the logging and lumbering industry and of scenes and incidents in the lives of the brawny men who labor in it, is one of outstanding quality. The department, "Along the Trap Line", resumes in this issue, with Mr. M. U. Bates as editor, and this should be a guarantee that the department will enjoy all its old success, and will be of the same high standard that it has been in the past. The other departments are of their usual excellence. "Guns and Ammunition" includes splendid articles by E. T. Martin and E. T. D. Francis, as well as detailed accounts of the D. R. A. and the O. R. A. matches, and the other regular features of the magazine are of similar quality.

Rod and Gun in Canada is published monthly at Woodstock, Ontario, by W. J. Taylor, Limited.

Soak coloured things half an hour (white things one hour, two hours, over night or whatever time is convenient), in Rinso suds.

Soak the Dirt out.

THERE is such a simple easy way of washing rompers, school ginghams, play clothes, etc., that you won't mind how many there are—thanks to Rinso.

First, make the wonderful Rinso liquid. Take half a packet of Rinso, dissolve thoroughly in cool water, and add two quarts of boiling water. Then lay your clothes to soak in the bath of cool or lukewarm water. After one, two or three hours or in the morning, take them a thorough rinsing and the dirt just runs away. No need to rub on the very worst of that holes some and colour goes.

Rinso is a wonderful product, scientifically made to wash clothes by soaking — different from soaps, chips and washing powders, and used differently.

To get pure Rinso into the bath first, dissolve the packet, but make the Rinso liquid first.

IF YOU USE A WASHING MACHINE

Follow directions as above. After steeping the clothes, wring them into machine, add enough fresh Rinso liquid, operate and rinse, and you will have the sweetest, cleanest clothes you ever saw.

Get the Cream of the Trade

"What lovely styles! How do you manage to get all these, delightful novelties?" said the new customer as she looked around.

"I got tired of seeing customers boarding the trains to buy elsewhere, just because I didn't have some novelty that was being advertised."

"Whenever a new style makes a decided hit, the wholesaler or manufacturer's salesman calls me on Long Distance, and tells me about it, and I order a few."

"I haven't seen purses, veils, garter stockings or gloves, georgette-crêpes or gingham anywhere. And I see you have the new music, too. How perfectly splendid. There leave me no excuse at all for going up to town to buy."

That's just one of the many things Long Distance does for small-town merchants, enabling Dry Goods, Hardware, Grocery, Paint and Shoe Stores to obtain new styles immediately and cater to the progressive people in their town — the cream of the trade.

IN MEMORIAM.

In sad but loving remembrance of our dear little son and brother, Henry Guy Garrison, who died Sept. 29th, 1921.

One year has passed since that sad day.
God called the one we loved away.
We miss him, no we never will.
As years roll on we miss him still.
We loved him, oh we loved him,
How no tongue can ever tell.
But we know he's gone to Heaven
Where glorious anthems swell.
Sadly missed by Father, Mother, Sisters and Brothers.

LETTER TO THE EDITOR.

The information contained in last week's Beaver regarding the proportion of taxes raised for "Schools", "County", "Debentures" and "Current expenses", was a surprise to me. I was under the impression that considerably more than 10% mills of our 41½ mill rate was used for "the general running expenses of the town".

It would appear to me that this amount is not excessive for this purpose, and it is apparent to anyone that value is received; our streets are in excellent condition and all other town property, and I was glad to note that there was a prospect of a reduction in these current expenses next year.

The school rate of 15 mills does appear high, especially when compared with the pre-war rate of 8 mills, surely some means can be found to gradually reduce the school expenditures and school rate.

The County Rate is a big item, and cannot be controlled by the Town. I have noticed in the press during the last few years that many urban municipalities have broken away from their counties and become separate municipalities. Our connection with the County goes back a great many years, and none of the citizens I am sure would like to separate. The County city might compel the town to take this step.

"GEM BRAND" WOOLLENS FOR TOTS UP TO 6 YEARS.

Mothers from coast to coast claim that this is the finest range manufactured to-day. You will be just as enthusiastic too when you see it. The yarns are the finest and purest of pure wool. The stitch resembles hand-work. The colorings are just right shade of Baby Pinks and Blues, with darker tones of Blue and Brown for bigger children.

According to the Hudsonian, a pretty girl who had charmed a young college youth to the point of proposing, disposed of him thus:

"Gee, no! I wouldn't marry you if you was the last man on earth. I don't want nothin' to do with you. Ain't that plain English?"

"Well, your language is plain enough," replied the mortified youth, "but it isn't English."—Ayrograms.

The sizes are 4 ft. 6 in. by 7 ft. 6 in., 6 ft. 9 in. by 9 ft., 6 ft. 9 in. by 10 ft. 6 in., and 9 ft. by 12 ft. The prices are from $21.00 to $54.00.

Mats to match the Rugs, 13½ in. by 27 in., 27 in. by 54 in., and 36 in. by 63 in.

Brussels Rugs

Sure to wear, well made from extra long fine wool, fast dyed, easy to sweep. This season's patterns are right up-to-date, made in a great variety of sizes. We are factory agents for the largest factory in Canada, and can procure any size made. The prices range from $15.50 to $47.50.

Tapestry Rugs

The most popular low priced Rug in the market to-day. Other Rugs come and go, but Tapestry Rugs come to stay. Made from good fine wool, closely woven. This year we are featuring the seamless only. These Rugs are suitable for almost any room in your home. A great variety of sizes, and the prices are the lowest for years.

Wilton Rugs

The last word in Rug manufacture. The best machine-made Rug possible to get. Only the very finest Australian Wools are used. The dyes used are best procurable. The patterns are designed by the best artists in the world. We handle only the better qualities. The Robinson guarantee goes with every Wilton Rug we sell. Only a Wilton Rug will completely furnish your parlor. Be sure to see our window display. Mats and Runners to match some of the Rugs. All sizes in stock.

Floor Oilcloth

We are just placing in stock a very complete assortment of all new patterns, in widths of 1½, 2 and 2½ yards. We sell only the Dominion Oilcloth Co.'s make, positively the best make. The price will be 55c. per square yard.

English and Canadian Tapestry

These goods are used exclusively for upholstering all kinds of furniture. 50 inches wide. The prices are $1.50, $1.95, $2.25, $2.95, $4.00, $4.50, $5.00 and $6.50. We have factory samples and can procure any pattern the factory makes on short notice.

French and American Shadow Cloth

These goods are also used for furniture covering and over-curtains at the windows. 31 and 50 inches wide. Eleven patterns in stock. The prices are $1.75, $2.00, $2.50, $3.00 and $3.50 per yard. Positively fast colors.

Earnscliffe Smyrna Rugs

This is the first season these Rugs have been made. All pure Wool and very deep thick pile. Reversible Oriental and Conventional designs. The sizes are 25x48 in., 30x60 in. and 4 ft. by 7 ft. The prices are $5.50, $7.50 and $16.50. The patterns are true copies of the Eastern hand-made Rugs.

Printed Linoleum

We only sell the better makes. Linoleum can be used for so many rooms in your home. Sanitary, easy to clean, wears well, and looks attractive; has a thick coating of ground cork and linseed oil, with a heavy India Burlap back, insuring long wearing qualities. All new patterns, made in 2, 3 and 4 yard widths.

Linoleum Rugs

Linoleum Rugs are made in a great variety of sizes, but only one quality, and that the best. The popular sizes range in price from $5.00 to $21.15. This season's make has the polished finish, easy to clean. Appropriate for your den, bedroom or dining room.

Kirsch Flat Curtain Rods

Kirsch Rods have completely revolutionized the Curtain Rod business. Only in the very cheap lines can you see any but the Kirsch Flat Rod. Does not sag or tarnish, improves the appearance of your window drapes. We have all sizes and shapes in stock. Canadian make.

New Autumn Hats Which Owe Their Charm to Their Distinctive Simplicity

"Style" is the outstanding element which enters into the making of a Hat. "Materials" are very important to create style, yet bare materials alone would be poor excuses for hats. Yet, thoughts, inspirations, materials and nimble fingers can produce some truly wonderful results. We will venture this, "That you will not see anywhere a more distinctive array of Hats than those we are featuring to-day in our store." That it will be impossible for you to purchase more real style for the same money." Workmanship, ours simply cannot be improved.

Our present assemblage includes pattern hats from the workrooms of best houses, smart custom made hats, executed in our own department, exclusive models, in ready-to-wears and sport hats.

All are exclusively styled, yet all are moderately priced.

Try Robinson's for your next Hat.

Natural Australian Opossum Collared Coats For Misses and Women

Fur-collared Coats are well maintaining their popularity. In fact, unless the coat is of "Burberry" type, it will not be O.K. with Fashion unless it be fur-trimmed. Natural Australian Opossum Is a much fancied Fur this season. It not only wears splendidly, but blends so harmoniously with Brown and Fawn shades, while when combined with Navy and lighter Blues, the contrast is most pleasing.

Our Opossum-trimmed Coats come in two very appealing styles. One features an inverted pleat down the back. Silk cable stitching is another feature of both Coats. Belts and Pockets are also pleasing additions.

Complete range of sizes in stock. Priced $41.50 and $45.00.

OBITUARY.

Mrs. E. M. Hegle.

Death entered the home of Mr. Zeyl Storms, near Watertown, N.Y., on Sept. 16th, 1922, and took from their midst his sister, Mrs. E. M. Hegle. The deceased had been ill about three months from cancer. She came there from Newark, N.J., hoping that the change and country air would build her up again, so that she might be operated on, but instead of gaining her health, she gradually grew weaker, but not suffering much, until the end came.

Many letters of condolence from friends in New Jersey and other places have been received, showing the high esteem in which she was held. She was loved by all for her happy disposition, and she was always ready to offer a helping hand and be of service.

She will be greatly missed around Wilton and Odessa, as she renewed acquaintances from year to year, generally spending her holidays there.

Besides her husband she leaves to mourn her loss four brothers and one sister. Much sympathy is extended to her sister, Mrs. Don Thompson, Odessa, who was at her bedside twice during her illness, and also to her brother and his wife, who so devotedly cared for her, nothing being left undone for her comfort. The remains were brought to Wilton, and interred in the cemetery there on Sept. 18th.

The latest out—Grant's Chocolate Bars, Chop Suey and Peacemaker. Melt in your mouth. Try one. 39bp

—It has been falsely reported that the Napanee Cheese Factory was to close and not run the season out. This is false as Mr. Storey will run the factory to the end of the season. 39bp

—The boys who entered the motion of Mr. Ray F. Perry, near Morven, on Monday night, Sept. 4th, will do well to call and settle for the damage before October 15th, or they will be prosecuted. 39ap

—Mrs. Fairfield, 112 Stuart Street, Kingston, has a sunflower growing in her garden that measures nearly fourteen feet in length. This particular stock has only one flower on it, but that measures a foot in diameter.

—The regular meeting of the Morven Woman's Missionary Society will be held in the brick Church, on Wednesday, Oct. 4th, at 2 o'clock, after which the Ladies' Aid will meet as usual. Members kindly note change in date.

—We are very sorry to report the death of Miss Dorothy Parks, of Hornell, N.Y., by accidental drowning in Silver Lake, N.Y., on Sept. 3rd. She was the eldest daughter of Mr. Earle D. Parks, who was an old Deseronto boy. They have the deepest sympathy of a host of friends.

—The Annual Convention of the Woman's Missionary Society of the Tamworth Division of the Napanee District, will be held in Robin... on Friday, October 13th. All are urged to attend. Mrs. (Rev.) J. C. Wickware will be present to address the convention. Mrs. G. R. Finlay, Secretary. 39b

—Fro. William Conte, Grand Master of the Grand Lodge of England, also a member of the British Parliament and a member of the Ulster Parliament will give an address in the City Hall, Belleville, on "Ireland", on Wednesday, October 4th, at 8 o'clock. Everyone interested in his subject are invited to attend. 39a

—The Harvest Thanksgiving Service was held in Trinity Church, Shannonville, on Sunday, Oct. 24th, at 2.30 p.m. The church was very beautifully decorated for the occasion, with quantities of fruit, vegetables, grain and flowers. The congregation was large, the music very bright and inspiring, and the Rev. A. Creegan preached a very impressive sermon.

YARKER.

The basket factory is running full blast again, after being closed for considerable time.—A large number from this vicinity took in the Napanee and Kingston fairs, and certainly did their share in boosting the same.—The school fair at Camden East drew a large crowd of youngsters from Yarker, and they also got their share of the prizes.—Mrs. Benjamin is putting a new roof on her residence.—The T. C. N. R. is still hauling ballast through here, using East...S. Hart, right operator.—C. N. R. is taking two weeks' holidays, relieved by Operator Corbett, of Montreal.—The stone crusher is building a good road east of the village as far as the town line. There is also a stone crusher working between Yarker and Camden East. He must have a terrible name and we hope for a good road in this direction.—This village has organized a first class orchestra, and in future we expect to have good music of our own, instead of having to engage outside talent. At present they are assisting in the Sunday School and public services.—Wilfred Dunn is home from Niagara Falls.—Those on the sick list are Mrs. Geo. Deare, Claud Vanderwort and J. M. Wright. All are improving.

Light Work Wanted.

Walter Le Maistre, whose right knee was badly injured by the Roblin Hill blasting accident, in January of last year, has now been certified by the Compensation Board as being "partially disabled" and awarded a small pension. He would therefore be grateful for any light work, such as tidying-up business or private collars, putting away winter's wood, attending to furnaces, or even writing or copying legal or other documents, etc. Box 9, Town. 39bp

Big Fish Caught in Hay Bay.

Every once in a while we hear of a big fish being caught in Hay Bay. The fame of this old bay as the home of big fish has spread to all parts of the continent. Fishermen come from far and near to try their luck. This time the lucky man is Mr. Duncan Struthers, of New York City. Mr. Struthers is stopping with Mr. Jas. Rikley, at the old Rikley Homestead on Hay Bay, and while fishing on Tuesday, the 26th, he hooked and landed a maskinonge, weighing 45 pounds. The fish is 50 inches long and measures 25 inches around the body, and is one of the finest specimens we have ever seen. Mr. M. B. Mills, who is recognized as an expert at mounting game of all kinds, is mounting the fish, and Mr. Struthers intends taking the fish home with him when he returns to New York next week.

WOMEN'S CHRISTIAN TEMPERANCE UNION.

The Women's Christian Temperance Union of Napanee desire to thank all those who so kindly assisted us by supplying provisions, or in any other way, during the fair.

We also think some statement is due the public of the way our money is expended. This year our Union contributed $200.00 towards the Provincial work, which work includes Travellers' Aid, Young People's, Scientific Temperance, Missionary activity in the lumber and mining camps and Canadianization of foreigners. $20.00 was given towards the promotion of the work in the Counties of Lennox and Addington and in Prince Edward. We paid $45.00 affiliation fees, which goes to County, Dominion and World Unions, so that we can engage in a world-wide work for the uplifting of humanity and safeguarding of the youth of our land.

For the benefit of the town and vicinity we employed five public speakers, moments to speak on subjects relating to health, morals, education, etc.

Thanking you, Mr. Editor, for space in your paper.

BYRON STAUFFER

will speak on

"If I Were 21 Again"

At Grace Church Tea on Wednesday, October 4th.

He wrote, "His Mother's Apron Strings", "The Battle of Nobody Saw", and other bright books. He was born in Canada, served as newspaper reporter in N. C. Logan knows prison life in an American jail; preached the gospel in Buffalo for twelve years, and in Bond St. Congregational Church, Toronto, and now packs Massey Hall, Toronto, every Sunday night, addressing the largest Protestant congregation of any man in Canada. And still a young man is able, in the language of the street, "to deliver the goods".

Fined for Driving Tractor Over Streets in Napanee.

Mr. Roy Bucknam, of Roblin, appeared in police court at Napanee, on Monday, 25th inst., to answer to a charge of damaging the streets of Napanee by reason of having driven a steam traction engine over the paved and oiled streets of the town. Magistrate Rankin imposed a fine of $1.00 and costs, and gave warning that in future any one violating the "Loaded Vehicle Act" in like manner would be held liable for all damage done, and a fine would be imposed covering the full amount of damages. In this case Mr. Bucknam was let off with a minimum fine, and it is hoped that this warning will be sufficient. Persons operating steam or gasolene tractors should make themselves familiar with the Act governing the moving of such machines on streets and highways. The Police Department in Napanee have instructions to prosecute all parties found driving any engine or tractor on the paved or oiled streets.

TONER—CORMACK.

A quiet wedding was solemnized at Grace Methodist Parsonage, on Wednesday last, when Norma C. Toner, second daughter of Mr. and Mrs. W. H. Toner, Stratheona, was united in marriage to P. J. Cormack, son of Mrs. Cormack and the late Robert Cormack, Portland, Oregon. The marriage ceremony was conducted by Rev. A. J. Terrill. The bride was attended by her sister, Miss Mabel E. Toner, while Mr. G. S. Toner performed the duties of groomsman. After the marriage, the happy couple motored to the home of the bride's parents, where a dainty lunch was served. Mr. and Mrs. Cormack left midst showers of rice and good wishes on an extended honeymoon by motor through the United States to California, Oregon, and British Columbia. On their return they will reside in Detroit, Michigan.

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

(a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.

(b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmatured coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

Dated at Ottawa, 8th August, 1922.

WISE AND OTHERWISE.

"How's collections at your church, brudder Jackson,?"

"Well, we ain't neider had to stop in de middle of a collection to go an' empty de box."

Many have been relieved of corns by Holloway's Corn Remover. It has a power of its own that will be found effective.

Mr. Mission Hills—"I run things at my house."

Mr. Golden Hills—"Probably the lawn mower and the washing machine."

Worms in children, if they be not attended to, cause convulsions, and often death. Mother Graves' Worm Exterminator will protect the children from these distressing afflictions.

We all know the old question of, "Why is the ocean so near to the shore?" but there is now a new amendment, "Why did they pull the shore out under the ocean for three miles?"

A composer has written an opera about a prize fight. In sporting circles the opinion is that, except for the familiar spectacle of a hard-hearted referee trying to tear apart two having heavy weights, he can't have seen much lately to make a song about.

The scene was a convalescent hospital in France. The young English Tommy looked at the hand that had just been dealt to him, and turning to the American "smoke", he said: "Sammy, I'll just raise you a pound!"

"I don't know nuthin' about how you says dollars in England, but I'm going to raise you one bit."

It Has Many Qualities.—The man who possesses a bottle of Dr. Thomas' Eclectric Oil is armed against many ills. It will relieve a cough, break a cold, prevent sore throat; it will reduce the swelling from a sprain, relieve the most persistent neuralgia and will speedily heal cuts and contusions. It is a medicine chest in itself.

Rastus: "I don't see why Uncle Abraham, since he has made so much money, doesn't play golf. I have noticed that one is becoming quite a tennis player."

Rebecca: "Oh, that's easy. He doesn't like any game where you have only one ball to play with instead of three."

The doctor was leaving the house when he saw little Bobby sitting disconsolate on the front steps.

"Don't be so sad, Bobby. Mother will be well soon and maybe to-morrow I will bring you a little baby brother to play with. Or would you rather have a little baby sister?"

"Well, if it's all the same to you and mother, I'd sooner have a bicycle."

It was a startling story that McGregor had to tell.

"I had abandoned all hope," he said. "As I sank for the third time my past life seemed to rise before me in a series of grim, realistic pictures."

A murmur of sympathy rolled from the lips of listening friends, but just as McGregor was promising to resume McTavish interrupted him sharply and hopefully:

"And did you happen to notice," he asked, "a picture of me leading you a fiver in the autumn of '19?"

A Corrector of Pulmonary Troubles.—Many people would be presented showing the great efficacy of Dr. Thomas' Eclectric Oil in correcting disorders of the respiratory processes, but the best testimonial is experience and the Oil is recommended to all who suffer from these disorders with the certainty that they will find relief. It will allay inflammation in the bronchial tubes.

She is an old negro mammy and has been in the employ of Albert Kraemer, Vice-President of the Fuerst and Kraemer Company, for many years. Yesterday she was dusting and when she came to a bronze bust of Charles Dickens she stopped and inquired:

"Mistah Kraemer, who am dis heah gemman?"

"That is Charles Dickens, aunty, the noted author," replied Mr. Kraemer.

"Am dat him?" Old mammy's eyes shone with delight. "I've done hyeah a lot about dat Dickens." Then, Mistah Kraemer, Dickens spoke so much about I am, I often thought he was a white gemman."

When Asthma Comes do not despair. Turn at once to the help offered—for, Dr. D. D. D. Asthma Remedy. This wonderful remedy will give you the aid you need so surely. Cookies, cranes, breathing becomes natural and without effort. Others, thousands of them, have suffered as you suffer but have gladly turned to this famous remedy and ceased to suffer. Get a package this very day.

"Sorry to mention it, old man," said Brown, "but it's nine months since you borrowed that $5 of me and you promised faithfully to return it in six weeks."

"I know it," returned Jobson, taking a memorandum from his pocket. "That bill was series F, No. 672,945, issue of 1910. I made a note of it, then spent the money. Since then I've been trying to recover it, but haven't succeeded."

"But," said Brown, "any other $5 bill would do as well."

"No," responded Jobson, shaking his head. "I'm a man of my word. I said I'd return that bill to you, Brown, old friend, and I meant it. Just as soon as I come across No. 672,945, series F, issue of 1910, I'll see that you get it, for I'm not the man to go back on my promise, no, sir."

Painless and perfect in their action, Miller's Worm Powders are always a safe and reliable remedy for children who show symptoms of worms. These symptoms are easily recognizable in a feverish restlessness, frequently ending in convulsions. A point of notable importance is that after Miller's Worm Powders have expelled the worms, the stomach and bowels are toned up into a very healthy condition.

Muresco, all colors at Wallace's.

"I hear that your son is specializing in engines at college. I thought he was going to study agriculture so as to help you on the farm."

"Wal, the old place ain't what it used to be. Somebody has to look after the Fords".

An airman, when buying a parachute to jump from an airplane several thousand feet up in the air, asked: "Will you guarantee this parachute to open instantly?"

Salesman: "Absolutely. If it does not, come back and we will refund your money."

"What makes you think that flashy widow has so much money?"

"Well, she's the best dressed woman at this summer resort."

"Don't forget that some of the most brilliant flowers haven't a scent."

"I did it with my hatchet."

Is the thing that you must say.
Yes, nothing but the whole truth
No matter what's to pay.
There's only one exception,
That's when talking to the guy
Who is a golf enthusiast
And appreciates a lie.

Don't Forget

Be not forget that we are going out of business, and are selling things below cost prices. Our goods must be sacrificed at any price, and must all be sold.

We have a big variety of Sweaters and Sweater Coats which we will give you at less than manufacturers' prices. You don't want to miss this great chance of securing genuine bargains on all our lines.

Come early before it will be all gone and too late to get your share. We are not increasing any goods; we are only selling as long as the articles will last. The price will convince every one. Just step into our store and look at our prices, and if not convinced, you do not have to buy at all.

When You See a Leader Ahead of a Crowd

you usually assume that he possesses qualities and merit above others. You are generally right.

McClary's Electric Range embodies two features of such unusual merit as to set it ahead of all others.

1. *The Protected Element*—a smooth disk of tough porcelain that nothing can injure—no dirt can get into it to damage the coils.

2. *The Seamless Oven*—round-cornered—welded—porcelain enamelled—easily kept clean and sanitary and most economical.

THE CARELESS SMOKER.

A fool there was and his pipe he lit
(Even as you and I)
On a forest trail where the leaves were fit
To become ablaze from the smallest bit
Of spark—and the fool he furnished it.
The day was windy and dry.

The forest was burned to its very roots,
Even beneath the ground,
With the flowers, the birds, and the poor dumb brutes,
Old fool's sake, and the tender shoots
Which might have made logs but for such galoots
Allowed to wander around.

The lumberjack has now passed on,
His pay-day comes no more,
And the screech owl haunts the camp
Where the cook's tin pan woke the men of brawn,
But the mill is silent, the trees are gone,
The soil and the forest floor.

A deadly sight are those hills of rocks
Which once were beds of green;
No home for the human, no food for the flocks,
The floods must be held by expensive locks,
And the harbor is silted to the docks,
The ships no more are seen.

But the fool smokes on in the forest still,
Leaves camp fires burning too,
While the patient public pays the bill
And the Nation's wealth is destroyed for nil,
If the law doesn't get him, old satan will,
When his smoking days are through.

DESERONTO.

The harvest thanksgiving services at St. Mark's Church on Sunday last were very enjoyable and uplifting. The decorations were in excellent taste, reflecting the greatest credit on the ladies of the Church Guild. The music rendered by a large surpliced choir was good, Te Deum, by Woodward, and Roland Smart's communion service being used at 11 a.m., and Buntin's Magnificat and Nunc Dimittis at evensong. The anthem for the day was "Come Ye Thankful People, Come", by Shelley. Two powerful sermons were preached by the Rev. W. H. Towle, masterpieces from a spiritual, intellectual and oratorical standpoint. His visit at the rectory was most enjoyable, being a continual feast and flow of information, the result of study and of travel. Sunday next the thanksgiving services will be repeated (D.V.), with a special preacher from Toronto and special music. — Mrs. C. E. S. Radcliffe has been in the doctor's hands for a few days, but we are glad to report she is a little better, and the best thanks of the rector are tendered to all who made kind inquiries and for many little acts of kindness received at the rectory from the parishioners.

CENTREVILLE

The weather continues warm and dry.—The farmers are busy harvesting their potatoes, which promises to be a good crop.—The many friends of Mr. W. J. McGill will be sorry to learn that he is gradually growing weaker. Mr. McGill has been ailing for some months, and for the last few days has been confined to his bed.—Mr. Patrick Evans is also quite sick, with Dr. Horton in attendance. We hope for a speedy recovery.- Miss Bessie McGill, who has been spending a few weeks with her brother, left on Wednesday evening for Toronto to visit Mrs. Ernest Rogers. She was joined the following evening by Mr. and Mrs. J. Pastoor, also Mr. W. T. McGill, enroute for Regina.—Mr. Jas. Perry and bride have returned home after spending their honeymoon in Belleville and other points.—Mr. Thos. Johnston, of Napanee, is spending a few days with Mr. and Mrs. A. N. Lappum.—Mr. and Mrs. C. Shane, of Napanee, were friends in the village on Sunday.—Mrs. G. B. Clancy is spending a few days with her parents at Enterprise.

Address and Presentation

On Monday evening a goodly number of friends gathered at the home of Mr. and Mrs. John Higgins, Conway, to spend a pleasant evening, and to show their appreciation of the valued services of the community before they leave for their new home in Hamilton.

At the close of a very pleasant evening, after which a dainty lunch was served by the ladies, Mrs. Wilfred Haight read the following address:

It is with sincerest regrets that we learn of your intended departure from our community. During the twenty-seven years of your residence in our midst you have by your unstinting services, by your untiring activities and by your ability endeared yourselves to the hearts of all to yourselves you may been most devoted and faithful in the whole life of the church. Your earnest years of service in the Sunday School have done much to mould the young life of our community. It was always an inspiration to minister and people to see you in your accustomed place, and your presence there will be greatly missed.

As a member of the Ladies' Aid, Mrs. Higgins, you have never spared yourself, and your persistent service has ever inspired us with a new faith that led us forward. Your presence always radiated hope and goodness. In the Woman's Missionary Society you have given us a noble example of what can be done by a devoted Christian life consecrated to the service of our Master, in His Kingdom.

Dear friends, we cannot let this sterling qualities you possessed, and our community is poorer for your leaving.

We feel that we cannot fully express our deepest appreciation or our sense of loss occasioned by your removal.

We cannot let this opportunity pass without some token of our love and high esteem for you both.

Will you please accept our most earnest prayer is that God may continue to bless your lives and that you may be spared in health and happiness.

We ask you to accept this gift as a slight token of our kindly feelings for you. We join in all good wishes for your future years.

Signed on behalf of the congregation.

OBITUARY.

F. E. VANLUVEN.

On Wednesday last the funeral of the late F. E. VanLuven was held from his late residence, John Street. A private service in the home was followed by a public service in St. Mary Magdalene Church, of which Mr. VanLuven was a member. The services were conducted by the Rector, Rev. J. H. H. Coleman, assisted by Rev. W. E. Kidd, of St. George's Cathedral, Kingston. As the cortege proceeded through the town, to the Riverside cemetery, all business was suspended in respect to the memory of one of its best known citizens. At the cemetery the Masonic Order, of which Mr. VanLuven was a member, conducted the final rites according to the ritual of the Order.

Mr. VanLuven, who was a well known figure in the business life of the town for over thirty-six years, was born at Moscow, and early left there for Enterprise, where he engaged for a time in railroad work as a station agent, later becoming associated with J. D. Wagar, in a general business. From there he moved to Napanee and entered partnership in a sash and door factory with Earl VanLuven. When that partnership was dissolved he continued in the coal and grain business with J. H. Downey, assuming sole control when Mr. Downey left the town. He secured for the business the Rathbun property which he continued to occupy until the time of his death. For years he represented in this district the Matthews Blackwell Packing Co., which later became the Canadian Packing Co., and as well superintended for them the buying, weighing and shipping in different points in the Province.

One year after he settled in Napanee he was married at Violet to Elizabeth Wright, only daughter of Daniel and Emily Wright. By his wife, along with his two daughters, Helen and Elizabeth, of Napanee, and his mother and a sister, Mrs. Dunn, both of Kingston, he is survived.

The large and representative attendance at the funeral, and the many floral tributes, gas a fine expression of the general esteem in which the late Mr. VanLuven was held by the whole community. Among those present from outside the town were Mr. and Mrs. Dunn, of Kingston; Mr. and Mrs. F. S. Anderson, of Belleville; Mr. R. J. Dobie, of Ottawa; Mrs. S. G. Matthews, of Montreal; Mr. J. A. Harrison, of Toronto, and Mr. N. T. Holden, of Montreal.

CAMDEN EAST.

The past week has been very fine summer weather for motoring or driving. Mr. Kenneth Amey has spent the past two weeks at Mallorytown with his brother, Mr. Arthur Amey, building.—Mr. and Mrs. R. Cook, of Wesley, accompanied by Mr. and Mrs. J. Cook, of Newburgh, visited Mr. and Mrs. L. Hartman, on Friday last.—Mrs. Fred Addis spent last week end in Kingston, visiting her mother, brother and sisters.—Mr. and Mrs. John Bell and four children, of Moscow, motored here on Sunday last and visited her mother, Mrs. Martha Switzer; also her brother, Walter.—Mr. and Mrs. F. MacWilliams, Bethel Street, and Mr. and Mrs. Chas. Histed motored to Sydenham on Sunday last and spent the day with Mrs. Histed's sister, Mrs. McRory.—Rumor says Mr. Jas. Youmans, of Kingston, has purchased the residence known as the Bigell Parrott property, and intends moving the middle of October.—Mrs. D. K. Saul and little daughter, Hope, are spending a week with her parents, Mr. and Mrs. Sexsmith, at Selby.—Mr. and Mrs. Jas. Haydon, Kingston, were guests of Miss Martin on Tuesday last.—Mr. L. H. Stover, who has been ill for a long time, passed away on Wednesday morning last.—The W. C. T. U. ladies held a parlor social Tuesday evening last, at the home of Mrs. Mary Perry. There was a large gathering of ladies, and an excellent programme of readings, recitations and solos were given by some of the members. A good time was enjoyed by all present. After refreshments were served all returned to their respective homes. The next business meeting will be at the home of Mrs. Sherlock the first Tuesday evening in November. All are welcome.—The W. C. T. U. Union, Camden East, are holding a medal contest in the Church on October 26th, at 8 o'clock. Be sure and get there on time, as no interruptions can be permitted while the participants are giving their readings and music. Choir opening piece, 1st number, violin solo by Mrs. Fairbairn; 2nd, solo by Ruby Simmons; 3rd, a duett by Mr. and Mrs. Hamilton; 4th, members of the choir. Admission 10c.

VIOLET.

The Union Rally Service held here on Rally Sunday was well represented from all appointments, and showed a splendid interest in Sunday School Work!—The W.M.S. was held at the home of Mrs. Ernest Clark on Wednesday afternoon and all present enjoyed a splendid meeting. Mrs. Clarence Drew and Mrs. Ross Hogle were delegates elected for the District Convention to be held at Hawley on Oct. 11th.—Mr. and Mrs. E. A. Wright and little son Arthur, also Mr. Daniel Wright, spent Sunday with Mrs. F. E. VanLuven; Napanee.—Mrs. Ollie Sharp was a recent guest of Miss Pearl Hagerman, Bath.—Boyce Drew, of Napanee, spent Sunday under the parental roof.

THE McALL MISSION IN FRANCE.

The fascinating story of the McAll Mission began fifty years ago last January (1872-1922).

In the preceding August an English clergyman and his wife, Dr. and Mrs. McAll sympathizing with the suffering people of Paris, after the Commune, distributed tracts under the window of a great wine shop in Belleville. In response to the appeal of a workingman to bring them "a religion of freedom and earnestness" they left their English home and settled in the workman's district of Belleville. The first meeting was held in an empty store on a busy street. Soon the room was always crowded and other halls were opened.

From these small beginnings the work has extended to many parts of France and even to Corsica, till there are now nine halls in Paris and its suburbs and twenty in the Provinces.

Varied indeed are the agencies and activities of the mission. They include Evangelistic and temperance services, meetings for women, for children, Sunday Schools, Bible classes for young and old, Y. M. C. A. and Y. W. C. A. work with Christian Endeavour Societies and a very important Training School in Paris for Women Evangelists. Several holiday homes and camps in the country and by the sea care for the poorest city children.

The first company of Boy Scouts in France was started at the Grenelle Hall and Camp Fire girls are organized at various points. There are two mission boats which, by river and canal, carry the gospel message to the scattered towns and villages of Northern France.

Five portable halls are used for meetings in the outskirts of the cities and a motor car is making an entrance to the country market places and fairs.

The war brought splendid opportunities of varied service, which are here followed by different forms of relief work, such as the care of war orphans and refugees, assistance to soldiers, etc.

That the McAll Mission has been appreciated by the French government is shown by the fact that Dr. McAll received from it three medals, one the Legion of Honour.

About 50 years ago the Canadian McAll Association was formed with the object of giving financial support and of increasing interest in the work.

Its headquarters are in Toronto with Auxiliaries in various towns. Two Halls in Paris are partly maintained by its aid. In this jubilee year the Association is making an earnest effort to undertake the entire support of these two Halls.

The local Auxiliary is composed of members from the Presbyterian, Anglican and Methodist Churches. As this is the beginning of the fall year we shall be glad to welcome members and friends to an open meeting which will be held at the residence of one of the Hon. Presidents, Mrs. J. Herrington, on Monday, October 9th, at 3 o'clock. A silver collection will be received.

GRAVEL ROAD.

Fine weather is prevailing at present, and the farmers are busy, as the whistle of the threshing machines is heard all around.—Miss Anna Nelson, Toronto, has returned home, after spending a number of days at T. TOWN COUNCIL

Council Chambers,
Napanee, Oct. 2nd, 1922.

Council met in regular session on Monday evening, Mayor Graham presiding.

Members present—Reeve Paul, and Councillors Steacy, Ming, Wilson, Perry and Boyes.

A communication was received from the Standard Paving Co., in reply to a letter from the Clerk re the soft condition of a small portion of the pavement on Dundas Street. The communication stated "that the portion referred to is a little softer than intended, but is all right. Soft pavements, when properly filled, will last longer than hard. You will find that as the weather grows colder all the marks will roll out. You have not anything to worry about, as you have a little more asphalt than what you paid for and you also have a five year guarantee, and if at the end of that time the pavement is not all right we will make it so."

On motion the communication was ordered filed.

A communication was received from Mr. Ellis, Fuel Controller for Ontario, enclosing copy of order fixing the price of coal for Toronto, and also the rationing of same. If any municipality requests that 1 fix the price of coal in their town it will be necessary for a representative of the town and also of the coal dealers in that town to meet me in Toronto, when the matter will be thoroughly gone into.

Moved by Reeve Paul, seconded by Councillor Ming, that the Fuel Controller for Ontario be asked to fix the retail price of American anthracite coal in Napanee. Carried.

Moved by Reeve Paul, seconded by Councillor Steacy, that the deputations present be heard. Carried.

U. M. Wilson appeared on behalf of the plaintiff against the assessment of Mr. Chas. Reedyeo, re cement walk on east side of Union street southerly from Water street to his residence, asking that the walk be constructed as originally intended. Objection has been made to same, but if the walk is not built it will cause grave inconvenience to not only Mr. Reedyeo, but also to many people from the easterly end of the town who deal with him.

The proposed walk would pass the property owned by Mr. Lewis Harrison, and Mr. Harrison was present asking that the walk be not built giving her reasons for same, and also presenting a signed petition in support of her plea.

Moved by Councillor Boyes, seconded by Councillor Steacy, that the matter above referred to be laid on the table until later in the evening. Carried.

U. M. Wilson again addressed the Council re the matter of the contemplated well on Mr. George Greer's property on Water street. Since the sewer has been constructed part of his home, at intervals the water in his well has been unfit for even animals to drink, and the situation arises undoubtedly from the sewer. Mr. Greer alleges that seepage from the sewer gets into the well caused by the tile not being properly laid. Mr. Greer has offered to deposit $100.00 with the Town Treasurer and, if upon examination, the fault is found to be not with the sewer Mr. Greer will pay for the work.

Moved by Councillor Wilson, seconded by Councillor Ming, that the Street Committee investigate this matter and report at once. Carried.

A communication was received from the Chamber of Commerce, Belleville, re meeting in Port Hope on Tuesday, Oct. 3rd, to discuss electric light and power.

Moved by Councillor Wilson, seconded by Councillor Steacy, that Councillor Boyes attend the above meeting. Carried.

Moved by Councillor Boyes, seconded by Reeve Paul, that the County Rate for the Town of Napanee, amounting to $14,208.00, be paid. Carried.

Moved by Councillor Boyes, seconded by Reeve Paul, that men on construction work over 20c. per hour from this date to the end of the season. Carried.

The Tax Collector reported that he had collected $25,000.00 up to date. The total taxes of the town amount to about $60,000.00.

Councillor Ming said he had been informed that the wooden mill in Trenton is looking for a site near Trenton upon which to start another plant, reasons given for the same being that the available female help in Trenton was already taken up by present industries.

A by-law to amend Schedule "B" of the Public Health Act was given its first reading, and the Committee rose and reported and asked leave to sit again at next meeting of the Council.

Moved by Councillor Perry, seconded by Reeve Paul, that the walk on Union street abutting on Mr. Harrison and Mr. Reedyeo be constructed as originally intended.

Moved in amendment by Councillor Boyes, seconded by Councillor Wilson, that the be not built. Carried.

The amendment was lost on vote of the Council, and the original motion was therefore carried.

A letter was received from Mrs. Ida Thompson, re serious injuries she had received on the sidewalk by reason of a defective sidewalk.

Moved by Reeve Paul, seconded by Councillor Perry, that the matter be left in the hands of the Finance Committee to report at next meeting. Carried.

Moved by Reeve Paul, seconded by Councillor Boyes, that F. W. Barrett, Chief-of-Police, be appointed Local Fuel Administrator. Carried.

Moved by Councillor Steacy, seconded by Councillor Ming, that Councillor Boyes be the Council's representative to meet the Fuel Commissioner of Ontario to fix the price of coal in Napanee. Carried.

On motion Mr. J. G. Fennell, Tax Collector, was voted $200.00 of his salary.

TEACHER LOST ACTION.

Was Wrongfully Dismissed But Had No Written Agreement.

At the same time that he censured the action of the defendants, Judge Lavell had to give judgment against the plaintiff in the action brought by Alma Sexsmith against the Public School Board of Section 14, Township of Sheffield, to recover the balance of her salary, which was heard at the Tamworth Division Court recently.

The plaintiff, who had been engaged by the trustees as teacher for a year from September 1st, 1921, was discharged in April. There were no complaints made regarding her qualifications, efficiency or character. The secretary, in the most casual manner was asked by two of the trustees at a sawing bee to send her a month's notice and he did so. At the end of the period set the trustees went to the school and curtly ordered her to leave. No meeting of the trustees had been called to consider the single complaint that had been made to one of them as to her punctuality and regularity. No resolution was passed in the matter. Such action was undoubtedly in disregard of law.

In spite of this, the fact that the agreement was not in writing, Judge Lavell regretted to say, was a bar to the plaintiff's right to recover the balance of her salary under the Public Schools Act, even though the failure to procure such an agreement was a breach of duty on the part of the defendants. Nor could the plaintiff succeed at common law since in that event the judgment would not be against the defendants personally, but in their representative capacity, and it could only be met and satisfied by the imposition of a tax upon the ratepayers of the section, a tax which cannot lawfully be made.

"I regret," said Judge Lavell, "that the palpable injustice suffered by the plaintiff cannot be remedied or compensated for as sought by this action, which I therefore dismiss but without costs."

ANDERSON.

The weather has been surprisingly warm for this time of the year. It has been made use of by the farmers in picking their potatoes and apples.

Miss Grace Bowen is visiting Mrs. Rev. Anderson, Selby.—Mr. Charles Rendell, Covert, Mich., is stopping for a time at his sister's, Mrs. S. Foldern.—Many people of this vicinity report a pleasant and profitable time spent at Tamworth last Friday, attending the County S. S. Convention.—On account of our minister, Rev. Mr. Trussott, not being able to take charge of the Union service, our service was withdrawn, and a number of our people attended the Jubilee service at Grace Church, Napanee.—Our school fair was a decided success. We had a very large crowd, and the tent was full of splendid exhibits which shows the great work being done by the children. Keep your eye on the good ball game played between Hepburn and Anderson boys, the latter being the victors. The Social given in the Township Hall on Thanksgiving night, Nov. 6th. Reports being true this event promises to be the biggest event of the season, so don't fail to keep that date. Watch the paper for fuller particulars later on.

BETHANY.

The out-put of the fishermen's boats on the bay reminds us that fall is near, even though the weather-man is smiling on us now.—Mr. and Mrs. Joe Clark, Deseronto, spent Sunday with their daughter, Mrs. E. Barrett.—Mr. and Mrs. A. Dean and son, Mrs. F. Dean, spent Sunday at Melhourne's, Kingsford.—A number from here attended the Tent of Knowledge, sold at Anderson.—Mr. Cooper entertained friends from Gananoque on Sunday last.—The Social given by the Ladies' Aid in the Orange Hall, Bethany, on Thursday evening last, was well attended.—Mr. and Mrs. Wm. Bowerman, Napanee, spent Sunday with Mr. and Mrs. Clark, Picton, are visiting at Mr. A. Dempsey's.—Mr. and Mrs. Blake Sharpe spent Sunday at Mr. S. Wamsley's.

We take pride in keeping our Candy Department supplied with fresh Chocolates. A shipment of Moirs', Neilson's and Willard's each week, at Wallace's Drug Store.

Seventy-Six Years' Experience

FOR seventy-six long years McClarys built stoves of all kinds to burn all sorts of fuels for use all over the world. A type of stove was designed to meet every new kind of fuel offered.

When it became evident that electricity would some day be used for cooking purposes, McClary's engineers were put to work to design the most suitable kind of stove to use electricity.

The stove now offered by McClarys, with its protected trouble-proof element and round cornered, porcelain enameled, washable oven, is the successful result.

When you buy a McClary's Electric Range, you know that a long, successful reputation is behind it—you should certainly see this range before buying.

MONTREAL PROPOSES BUYING BRITISH COAL.

The City of Montreal recently authorized their Executive Committee to borrow a million dollars to buy coal by tender. There were sixteen firms who tendered, and the prices which ran from six to nineteen dollars a ton on board ships in the river, were without duty, wharfage, discharging, or any other costs.

Mr. W. D. Meldrum, of Napanee, was in Montreal and was present when the tenders opened, the documents being contained in a locked and sealed steel case somewhat similar to a basket box.

He tendered on a cargo of seven thousand tons Welsh, screened large coal, for immediate shipment, and on several lots of ten thousand tons each in nut, stove and egg sizes, and different grades of Welsh, English and Scotch coals.

The city proposes to buy sixty thousand tons, and to pay cash as soon as it is on board ships in Great Britain. Alderman Brodeur is chairman of the Executive Committee, and the result is expected to be known this week.

ADMIRALTY CHANGES.

The Naval Defence Council and Lords' Commissioners recently made several changes in the administration of the Royal Navy. It is now divided into three parts,—the Air Service, the Floating Craft, and the Undersea Craft. The last named comprises not only the former submarine watch, but includes the great submersible cruisers and battleships now being constructed for undersea service.

Each Division is now placed under "Directors," who become responsible as soon as vessels are ordered, for the construction, armament, stores, munitions, and every kind of equipment necessary to operate and fight the fleets, so that when the crews go on board, everything is ready for them to be commissioned for active service.

A Promotion.

When these changes were made, Mr. T. W. Meldrum, Companion of the Order of the British Empire and Assistant Director of Armament supplies at the Admiralty, was selected by the Lords Commissioners and Chief Director, as the first assistant Director of Undersea Craft, going over the heads of many who had been senior to him in the service.

"Tom" is a nephew of Mr. and Mrs. W. D. Meldrum, of Napanee, is about thirty-five years of age, and before going to the Armament Branch in Whitehall, held important offices at Devonport and Malta dockyards, being on the latter station when the Great War broke out in 1914.

KITCHEN SHOWER.

A very enjoyable evening was spent at the home of Mr. and Mrs. R. W. Denison, on Tuesday evening, Sept. 26th, the occasion being a kitchen shower, held in honour of Mr. and Mrs. George Johnson, who lost their home recently by fire. Mr. and Mrs. Johnson were taken wholly by surprise. The presents were as follows: Mr. and Mrs. C. Bird, six jars fruit and pickles; Mr. and Mrs. H. Fry, fruit, layer cake tins; Mr. and Mrs. J. Yeomans, agate wash basins; Mrs. and Mrs. I. Snook, toast pan, and two jars fruit; Mr. and Mrs. J. Pringle, agate sauce pan; Mr. and Mrs. Victor Wagar, agate kettle and strainer; Mr. and Mrs. F. Taverner, silver; Mr. and Mrs. S. Boomhour, agate kettle and set granitine; Mr. and Mrs. J. Chapman, agate pan and cover; Mr. and Mrs. S. B. Sparks, two jars fruit; Mr. and Mrs. G. Hambly, aluminum double boiler; Mr. and Mrs. F. Carscallen, two silver tablespoons; Mr. and Mrs. M. Dewitt, aluminum sauce pan; Mr. and Mrs. G. Sills, agate mixing pan; Boyle & Son, agate dish pan; Mrs. Chapman, mixing spoon; Reginald Chapman, fruit funnel; Mrs. A. Brown, Aluminum sauce pan; Carmen Pringle, salt and pepper shakers; Miss E. Boomhour, egg beater; Wm. and Nellis Pringle, mixing spoon; Miss H. Pringle, three table spoons; Mr. J. McKeown, $2.00; Mr. and Mrs. Clare Snook, preserving kettle; Miss M. Carscallen, bath towel; Miss U. Collins, coffee strainer and sour ladle; Mr. and Mrs. R. W. Denison, dust pan, grater, potato masher and jar of fruit.

Mr. Clare Snook, in a few well chosen words, expressed the sentiments of the community, to which Mr. Johnson ably responded.

Refreshments were then served, after which a very pleasant social evening followed.

REMINISCENCES OF GRACE CHURCH

My recollections in connection with Grace Church goes back to the winter of 1865-6. At that time and for about six years following the building that then stood where our present church stands, was a white frame building, and was generally known as the "White Church". I presume it got this name on account of it being painted white, for certainly all the congregation was not white, for our janitor was a thorough born African, and I believe his name was Hall, and at one time had been a slave. This building was also known by the "Lord's Barn", I presume on account of the trouble we used to have to keep it warm in zero weather. During the year of 1865, and I believe for several years after, the late David Wilson was Pastor, and at that time Napanee was a circuit, was assisted by the Rev. Pickett.

This building as a matter of fact had no basement and all Sunday School and Church meetings were held in the body of the Church. As far as I remember we had no Adult Bible Class in connection with our Sunday School, as it was looked upon as an institution for children. The Superintendents up to the time of tearing down the "White Church" so far as I remember were Edwin Bowen, John Robinson and John Smith, and I fancy our average attendance was considerably below one hundred. In the year 1872, some fifty years ago, the old "White Church" was taken down and the present brick church erected, under the pastorate of Rev. S. T. Stone, and since his pastorate was followed with several eminent pastors.

Referring back to the Sunday School in our new Church, I remember such men as H. V. Fralick, T. W. Gibbard, M. S. Mallole, Chas. Eyre, William Anderson, A. E. Paul, Geo. W. Gibbard, our present Superintendent, F. L. Hower, and no doubt there were several others I fail to remember. To my mind the most successful Sunday School Superintendent, and the one who held office the longest was our late brother, H. V. Fralick, and I believe he worked the school up to the largest attendance, and was the most successful Superintendent in connection with our church, and as a member of our Quarterly Board, we all hold his memory in reverence for his wise counsel in connection with what was then known as the brick church. Several decades ago the question of union was before the different bodies of Methodism, and at that time at the head of our church was Bishop Cargnan. The final meeting in connection with the union was held in this church, Bishop Carman presiding as chairman. Under the articles of union the Bishop was discontinued, the head of the church was to be the General Superintendent, and Doctor Carman was elected and held this position until too old to act, and the present superintendent, Dr. Chown, was appointed.

When our new church was erected it left us with a rather heavy debt, which was more than once predicted would never be paid off, but we struggled along, and everybody now knows that the mortgage was paid off during the pastorate of Rev. C. E. Crazg, and a grand rally was made at the burning of same. Some few months ago your Quarterly Board in connection with the Trustee Board decided to make the present improvements, and I believe the members and adherents of Grace Church will loyally stand by them in paying off the expense of same. If we all pull together I see no reason why we cannot do so.

CHAS. STEVENS,
Member of Trustee Board.

STELLA.

Threshing is about completed in this vicinity, and many farmers are digging potatoes.—On Tuesday last the Amherst Island Agricultural Society held their fair on the new grounds. There was a large crowd, and no doubt to the lovely day. The Str. Brockville brought many visitors from Picton, Napanee, Bath, Kingston and other places. There was a large exhibit of horses, cattle, sheep, hogs and fowl. In the town hall the ladies' exhibits were good, especially the bread, buns and cake. Lunch was served by the society in the Victoria Hall. To finish up the day a dance was held in the Victoria Hall in the evening, which was well attended. Much credit is due to those who helped make this show a success.—Burleigh L. O. L. No. 482 held a memorial service in St. Paul's Church, on Sunday last, and was largely attended.—Mrs. A. Glenn is visiting friends in Kingston.—Miss F. Eves is spending a few days with her sister, Mrs. B. Smith.—Mrs. C. Clarke and daughter, Bessie, are visiting at Mrs. R. Stanley's.—Mr. A. and Miss A. Pringle spent the week end under the parental roof.—Mr. W. Tugwell, Chicago, is visiting at his father's, Mr. C. Tugwell.—Miss English is spending some time with her sister, Mrs. C. McMullen.

Do not allow worms to sap the vitality of your children. If not attended to, worms may work irreparable harm to the constitution of the infant. The little sufferers cannot voice their ailment, but there are many signs by which mothers are made aware that a dose of Miller's Worm Powders is necessary. These powders act quickly and will expel worms from the system without any inconvenience to the child.

The Healing Virtue of Herbs

VALUABLE SECRETS EXTRACTED FROM NATURE'S STOREHOUSE.

There is a power and reliability in herbal medicines that never belong to mineral drugs. The curative power of herbal remedies, too, does not wear off with constant use, as is the general rule with mineral compounds. These truths were more clearly realised in by-gone days when the famous athletes and gladiators of ancient Rome anointed their wounds and sores with secret herbal balms and vegetable oils of magical power. The secret and blend of these preparations perished with the fall of Greece and the burning of Rome.

BACK TO THE MINERAL AGE

In the age that followed the people of Europe fell back on mineral salves and ointments composed of mineral oxides of lead, zinc, bismuth and other deleterious metals, without thought of the great disadvantage which these mineral compounds undoubtedly did to tissue of delicate under skin.

The explanation was that herbal remedies, while beneficial, cannot make the quick, clean cut cures that mineral drugs will bring about. Nature has her own way of healing and her own time limit. A natural preparation must be used for a natural result. Nature has for her purpose never made a mistake. Then the discovery of zam-buk, which to-day is admitted to be the greatest and most perfect example of herbal compounding. The numerous remedies of modern science have been blended up in zam-buk with Nature's own healing herbs.

The rare and exotic herbs used in the zam-buk manufactory of zam-buk are carefully selected, gathered at the right season, compounded in up-to-date and plate-safe laboratories, and, cleverly combined. Each ingredient assists the other in the curative work.

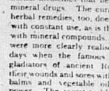
NATURE & SCIENCE UNITE.

The ultimate outcome of all this patience and skill in such super-balm, one as unique in conception and combination as it is successful in treatment of skin troubles of all kinds.

Apart from the fact that it is concocted on altogether novel lines zam-buk is absolutely free from any of the animal fats which are present in ordinary ointments and which cause these ointments to turn rancid and mouldy in very short time.

Whether it be a cut or scratch that threatens to fester, a patch of eczema, cold sores or salt rheum, a chronic sore or poisoned wound or a tangle of piles or disfiguring pimples, zam-buk is the one ideal herbal healer superior to every other form of skin treatment. It is a tonic antiseptic—of all those healing, soothing and astringent powers which Nature has put hidden in the leaves and the herbs of her virgin forests.

Judged either by its character or the cures it makes day by day, zam-buk is in every way a remarkable healing substance. With a box of this wonderful balm always at hand you have a ready means of dealing with a hundred and one common skin complaints.



Camomile an excellent tonic.

PROVE THIS FOR YOURSELF.

All you need do to obtain a free trial sample of this great herbal healer is to write to the zam-buk laboratory at Dept. 101 Toronto. A small trial box of zam-buk will be gladly sent anyone if 1c. stamp, is enclosed to cover cost of postage. Mention where you saw this offer when writing. Regular size boxes of zam-buk are 50c. everywhere.

MARLBANK.

The farmers have been making use of the beautiful weather to harvest the potato and corn crops. A bumper yield in both crops is reported. The Canada Cement Co. have sold the old works here and a gang of men are employed in tearing down some of the buildings. There is a probability of a new industry opening up on the near future. Robert Bailey, manager of the Sterling Bank, is holidaying at his home. Miss Ada Bell and Mr. Geo. Woodhouse, Tamworth, have been spending two weeks' holidays at their homes here. Mrs. Hall, of Owen Sound, is the guest of her son, L. G. Hall. Mrs. L. Mason, Belleville, is at Don. Brown's for a few days. Miss Gertrude Mowers is spending a few days with friends at Robbin and West Plain. Miss Hollis spent Sunday at home. Thanksgiving service was held in St. Matthew's Church on Sunday last. A goodly crowd were present and the collections were beautiful. Congratulations to Percy Wells and bride are offered by their many friends.

YARKER.

The land is very hard and dry on account of the continued dry weather. Several have threshed grain. The services held in the Methodist church Sunday evening were a great success. The music by the choir was a great help and was everybody enjoyed it. Mrs. J. T. Main has returned from Kingston, after spending a week visiting her friends. Mr. and Mrs. Roy Skinner and Miss, of Toronto, spent a few days with S. Winters. Looks as if we were going to have a few days not far from here. Mr. M. McDonald received a fine lot of hay, forty tons valued at $1,000.00 to start with. Mr. and Mrs. A. D. Howard entertained a goodly number of their Moscow friends on Sunday at their home, "Glen Echo". Mr. and Mrs. Arthur Down, of Ottawa, are visiting for a few days with Mr. and Mrs. W. Down. The Yarker baseball team defeated Odessa this week at Yarker. Score, 8-12.—Harry Dolby is under the doctor's care with an injured arm. We are glad to know that the war scare has passed over for the time being.

Dressing Up the "Individual" for Fall and Winter

When It Comes to Choosing Her Dresses

Possibly no other material is quite so fashionable at this moment as "Canton Crepe", and no other material lends itself quite so well for the fashioning of the present styles. It possesses just enough weight to drape gracefully. Its richness combines pleasingly with laces. To-day we are featuring a wonderfully fine variety of new styles and colors.

"Rushanaro Crepe" is another new dress fabric this season. It resembles "Canton" in weave, but comes in a much heavier weight. For present Fall styles, it makes up admirably. We are now showing two very attractive gowns in this desirous fabric. Brown is the leading color.

"Crepe-de-chenes" are also in evidence. While possibly more of a staple yet for service it is unbeatable. When used for dresses the quality is unquestionably heavy. In fact, some houses are calling Crepe-de-chene Canton Crepe.

"Styles" generally speaking follow the straight line silhouette. Ornamentation when used is found usually on the skirt. Panels and over-skirts are fashionable and popular. One-sided skirt drapes are extremely correct. The uneven hem-lines are more pronounced this year. Exquisite patterns in embroidery ornament several of our better frocks. Navy Blue leads in the choice of colors, while Black and Brown are very much in evidence. Prices offer you some tempting values. We would welcome the opportunity of showing you these beautiful frocks.

It Is Time Now to Select Your Coats

Which will it be, the loose-back, sumptuously fur-collared and fur-cuffed garment, or her trim, snug, smartly tailored companion. Both styles have a very promising place on Fashion's calendar this Fall. Madam must choose the one which will fit-in best with her particular scheme.

With us in this vicinity, the fur-collared Coat is more popular. It combines warmth, beauty and service, in a pleasing, graceful manner. Natural, Australian Opossum and Beaverene are furs used mostly, while here and there you will find a Coat trimmed with Persian Lamb or Canadian Beaver. Every garment is beautifully lined. Marvella, Duvetyn, Duvette, Velour and Normandy are the fashionable materials, while Brown and its accompanying shades are most fashionable. Priced from $20.00 to $75.00.

Burberry Coats.

Coats in these charming English styles carry all before them when it comes to a garment for all occasions. Their swagger lines are youthful and graceful. They are distinctively a Coat for walking, motoring, boating, and all lines of sports wear.

Workmanship and material are the outstanding features, because the styles are about the same one season with another.

Our "Hurlingham" is an exceptionally high-grade hand-tailored Coat. It comes in about twenty different colorings. Priced $55.00 and $57.50.

The Kensington, The Buckingham and The Bromleigh are names of other Canadian-made Coats. These come in very fine All Wool Tweeds, and in splendid assortment of patterns. Priced from $22.50 to $46.50.

Fall Suits Are Charming and Dignified. Navy and Brown are Fashionable Shades

The Autumn Bride in quest of a real smart Suit will find styles most pleasing in our present assemblage. The lady who likes to wear the smartest and most exclusive styles obtainable, can satisfy herself quite easily.

In our present showing will be found Suits expressing the newest style thoughts, the most fashionable colorings, the most correct trimmings.

One model in rich Seal Brown French Duvetyn, has a coat measuring 36 inches long. A wide band of most exquisite Brown Embroidery trims the coat, while a touch of the same is found on the sleeve. The lines of this garment are inexpressibly smart. Priced $77.50.

Another Suit in French Blue Duvetyn is trimmed with Australian Opossum on the collar. The coat fits the body snugly under the arm. Loose panels on the sides give a youthful air. Chenille stitching and wool embroidery make rich ornamentation. Priced $77.50.

"Beaverene" makes the collar on a suit of Dark Brown Broadcloth. The style is particularly good for a woman's suit. Embroidery of a refined, dignified pattern adorns two panels below the belt. Suit is lined with a splendid quality of plain Satin. Priced $60.00.

A Suit in Brown Tweed makes a handsome practical garment. Inverted pleats and inset sections add to its otherwise straight lines. Large open pockets and all-round belt give a sportive air to this suit. The collar muffles snugly to the neck. Priced $47.50.

The New Materials Are Always Interesting and These Especially So.

A New Novelty Silk Fabric in the Rich Paisley Effects.

Beautiful harmonious colorings in these latest of fancy silken fabrics, Canton Crepe and Puss Taffeta, 36 inches wide, and is considered very correct for blouses and trimming purposes. Their rich effects will please you.

Silk Duvetyn Looms Large in the Public Appreciation.

We have this fabric in four new shades, Lipstick Red, Whirlpool Blue, Henna and Castor. 36 inches wide.

Silk Velvets for Dresses, Rich in Colorings and Quality

And at a price less than usual. All signs point to a strong revival of Velvets for dress purposes. We have handled this quality for three seasons, and better value for the money cannot be procured. The shade list is complete. Colors are Black, Navy, Nigger, Jade, Gold, Saxe, Silver and Lipstick.

A Saturday Night Sale of These Very Seasonable Items, Commencing at 7.30.

Young Men's Overcoats

OUR Young Men's medium heavy and heavy weight Overcoats were selected with three objects in view—**Value, Originality in Materials and Styles,** and **Moderate Prices.**

Our business reputation and success depends on the clothes we sell. **Value** has always been our watchword. This year we have been extra careful to keep away from "war goods." We are showing absolutely new and dependable cloths.

Not for years have we been able to procure such a nice variety of new colorings, patterns and materials. Soft finished coatings of beautiful Heather and Lovat effects, with rich contrasting plaid backs, and hard finished Tweeds in original designs, are two of the newer cloths.

In style we go all the way from the extreme kimono sleeve style (classic model), to the most conservative of semi and form-fitting models.

The prices are not as low as you or we would like. They are, however, 15 to 50 per cent less than peak prices. Some real nice coats as low as $18.00. Very smart styles at $23.00 and $25.00.

Our variety is excellent, but the quantities are limited. Shop early.

OPENING OF THE NEW ORGAN IN ST. PATRICK'S CHURCH.

The formal opening of the organ presented by Mr. J. F. Walsh to St. Patrick's Church, took place on Sunday morning last, with a large congregation present. The boys' choir of Kingston, with Prof. Nouri, organist, rendered the music, which was something new to the parishioners in Napanee. The boys were well trained and the blend of their voices was a delight to the congregation. Rev. Father McBrearty, of the Redemptionist Order, delivered the sermon. He is a fluent speaker and impressed those present with his eloquence. At the evening service the opening sermon of the Triduum was preached by the Redemptorist Father. This Triduum was a Mission that lasted until Wednesday evening, with services each day, morning and evening, with special sermons at each service. The Mission was very successful, large numbers of adherents and their friends attending each service.

At noon on Sunday the Boys' Choir and others were entertained at lunch in the Parish Hall, by the Catholic Woman's League.

Toronto Nurse Cured of Muscular Rheumatism

Miss Pearl Rennicks, Camden St., Toronto, says: "It is the greatest pleasure of my life to be able to give a testimonial in favor of DR. HENDERSON'S HERB TABLETS, for they have done wonders for me. I was nursing in one of the hospitals when I was taken sick with muscular rheumatism and had to go home. For three months I was unable to move one of my arms or even a finger, and the pain that I suffered was something dreadful. I tried different kinds of treatments and remedies, without any results whatever. I was advised to try Dr. Henderson's Herb Tablets and after using one box and part of another I was completely recovered from the trouble.

If you are suffering with Rheumatism, Constipation, Eczema, Kidney Liver and Nervous Complaints, get a box at once and see the results.

WISE AND OTHERWISE.

Ed—Why is the subway so crowded to-night?"

Walt—I guess a lot of people are going home early to avoid the rush.

Holloway's Corn Remover takes the corn out by the roots. Try it and prove it.

"I should think a tramp like you would be ashamed to beg from an old lady like me!"

"Don't apologize for age or looks, lady, I don't mind."

A Household Medicine.—They that are acquainted with the sterling properties of Dr. Thomas' Eclectric Oil in the treatment of many ailments would not be without it in the house. It is truly a household medicine and as it is effective in dealing with many ordinary complaints it is an inexpensive medicine. So, keep it at hand, as the call for it may come most unexpectedly.

The Wife—I see by to-night's paper that Paris says women are going to wear their dresses longer.

The Husband—It's a good thing. You never wear a dress over a month.

The Man With Asthma almost longs for death to end his suffering. He sees ahead only years of endless torment with intervals of rest which are themselves fraught with never ceasing fear of renewed attacks. Let him turn to Dr. J. D. Kellogg's Asthma Remedy and know what complete relief it can give. Let him but use it faithfully and he will find his asthma a thing of the past.

"Doctor, I have called you into consultation with me to see if you think the patient can stand the operation."

"Well, he ought to be able to. He is a multi-millionaire!"

Externally or Internally, It Is Good.—When applied externally by brisk rubbing, Dr. Thomas' Eclectric Oil opens the pores and penetrates the tissue, touching the seat of the trouble and immediately affording relief. Administered internally, it will still the irritation in the throat which induce coughing and will relieve affections of the bronchial tubes and respiratory organs. Try it and be convinced.

"Did you hear the news about Weber? Poor fellow, he is in a bad state, I'm afraid."

"What's the matter? Get hurt?"

"Moved to New Jersey."

FALL PLOUGHING.

As Ploughing is now on we call Farmers' attention to the fact that our stock of Plow Shares and Repairs is the most complete in the county; our sales are increasing, which is proof that our prices and the quality of our goods is giving satisfaction. If you have not dealt with us, come in and get acquainted, and probably get better shares than you have been getting elsewhere. Anyway try us once and you will be pleased with our dealings, as our motto is "serving with satisfaction". The Secret of Good Health

Assist Nature back to normal action

When Nature requires assistance, she will not be slow in conveying to you an intimation of the fact. Decline of energy, inability to sleep well, headache, biliousness, constipation, a general sluggishness of mind and body and any sign of digestive "unrest" should impel you to seek the aid of a reliable medicine without delay. There is no better—no surer—no safer—than this proven remedy.

AMHERST ISLAND FAIR A GREAT SUCCESS.

The Annual Fair held by Amherst Island Agricultural Society on Sept. 20th, 1922, was by far the best which this active and progressive body has staged for years. There was a large attendance and the list and quality of the entries were better than usual. The competition was good in all classes. The Society, this year, had the advantage of preparing their recently purchased grounds and expect to continue improving still more for next year. The race track and baseball diamonds added materially to the splendid sport programme.

Through the efforts of Mr. Main, Agricultural representative, of Napanee, a splendid tent was erected for the fruit, roots, etc., which was better than usual. The thanks of the Society is extended to Mr. Main, who has also done much towards the advancement of our rural school fairs.

The judges, Mrs. Turnbull and Mr. Welbanks, who are provided by the Government, were more than surprised at the extensive exhibit of Amherst Island, when in their opinion, surpassed many large county fairs.

In the hall over the "Ladies' Hall", an additional set of judges had to be provided owing to the massive exhibit there. Mrs. Greyell, of Bayworth and Mrs. Wemp, of Bath, proving themselves competent for their duties. The appreciation of the directors is extended to all the ladies who so kindly assisted towards the successful day. The visiting public were profuse in their complimentary remarks which is appreciated highly by the staff, who hope to keep on improving.

Thanks and appreciation is also extended to the merchants of Napanee, Irmington and Bath, and all others who donated towards special prizes, etc.

The staff who staged Stella's most successful fair of 1922, are President, David Caughey; Vice-President, P. Tuewell; Secretary, David Filson; Directors, S. Miller, B. O. Hitchins, W. H. Preston, P. Howard, J. Glenn, K. Fleming, R. Marshall, W. Glenn, W. Cochrane.

OBITUARY.

Margaret Anna McGinness.

In the midst of life we are in death. Unspeakably sad and sudden was the death of Miss Margaret Anna McGinness, which took place on the morning of the 18th of September. A shadow of gloom was cast over the whole community. Miss McGinness was in her usual good health when she was stricken with a hemorrage of the brain. Dr. Armstrong was immediately called but nothing could be done. She passed away on the following morning at 8.30.

Miss McGinness was the second daughter of the late Arthur Bible and Margaret McGinness, of Napanee, Ont. She spent most of her life in her home country. In 1916 she went to California, and two years later returned to Fergus, Ontario. She was a devoted teacher, and had taught successfully for over thirty years. She truly served God by serving others.

She leaves to mourn the loss of a helpful, loving sister, five sisters, Mrs. (Rev.) C. O'Dell Bayles, Stellarton, Nova Scotia; Mrs. Wellington Brown, Napanee; Mrs. H. S. Morgan, Independence, Mo., U.S.A., and the Misses Sarah Jane and Adelaide, of Fergus; also three brothers, Rev. John R. McGinness, of Oakland, California; Reginald Heber, Barrister, San Diego, California, and Robert H., of Fergus, Ontario.

The funeral services were conducted by the Rev. A. B. Hizginson, M.A., rector of St. James' Anglican Church, after which interment was made in Belsyde cemetery, Fergus.

The deepest sympathy is felt for the bereaved family. The floral tributes, which were beautiful beyond description, were sent by:—

Mrs. Bayles, Mrs. Brown, Mrs. Morgan, R. H. McGinness, and the Misses McGinness, Miss Banfield, Miss Bowling, Mr. G. Stimson, Mr. Zearfass, Mr. Newell, Mr. and Mrs. E. W. Maguse and family, Mr. and Mrs. E. F. Eyre, Miss H. Armstrong, Miss Mallough, Mrs. Burk, Miss A. McGinness' school class, Miss Mallough, the Misses Fraiken and Cunningham, Mrs. Sneffle, Mrs. Vrooman, Miss M. Pearson, Guelph, and the Robert Dawson family, Guelph.

WHAT IS A LETTER

Many Times It's a Guide to Health as is This One

Women—Read It

Marmion, Ontario.—"Before using Lydia E. Pinkham's Vegetable Compound I was a total wreck. I had terrible pains in my sides and was not regular. Finally I got so weak I could not go up stairs without stopping to rest half-way up. I saw your medicine advertised in the newspapers and gave it a trial. I took four bottles of the Vegetable Compound and was restored to health. I am married, am the mother of two children and do all my housework, milk eight cows and do a large man's work and enjoy the best of health. I also found the Vegetable Compound a great help for my week bath for my babies before born. I recommend it to all my friends."—Mrs. Henry Jesse, Marmion, Ontario.

Letters which you read in the newspapers recommending Lydia E. Pinkham's Vegetable Compound are genuine expressions from women who have been helped by this splendid medicine. They are actions for other women, who may be suffering as they did, to know of the great merit of this medicine. Each one, with her reputation, stands behind it, to point out to sick women the way to health.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write: Lydia E. Pinkham Medicine Co., Lynn, Mass.

"The Way to a Man's Heart"

Every woman knows the answer, and a dependable range is the greatest aid a woman can have to reach the heart of the man in the home.

What satisfaction to have a range that's not a "temperamental bother"—that gets the most out of good fuel—that sometimes little food and maintains a steady, even heat.

Happy Thought Ranges save your food, your back, your time and your temper. They are easy to regulate, and the big oven, even heat and large cooking surface make the work easier. No unnecessary stooping—because there is every attachment to help make a woman's work lighter. Three hundred thousand homes have Happy Thought Ranges. Ask your neighbour. She probably has one.

Happy Thought Pipeless Furnaces insure warmth and comfort in the small home.

Happy Thought Heating Stoves mean less fuel and more warmth.

Light Work Wanted.

Walter Le Maistre, whose right knee was badly injured by the Roblin Hill blasting accident, in January of last year, has now been certified by the Compensation Board as being "partially disabled" and awarded a small pension. He would therefore be grateful for any light work, such as tidying up business or private cellars, putting away winter's wood, attending to furnaces, or even writing or copying legal or other documents, etc. Box 9, Town. 39bp

The Town Assessment.

Town Assessor, Mr. Geo. A. Cliff, has returned his Assessment Roll to the Town Clerk. The report shows the population of the town to be 2986. Number of children, 5 to 7 years, 129; number 8 to 14 years, 370; number 15 to 20 years, 203; Legislative franchise voters, 840; number of dogs, 65. The three eldest persons in the town are Mrs. Thomas Wilson, mother of Mr. John Wilson, in her 101st year; Mr. John Fennell, sr., in his 90th year, and Mrs. Jane Vance in her 94th year. All three are hale and hearty; the two old ladies especially so. This is Mr. Cliff's thirteenth report as Assessor, and though no doubt many persons would like to have their assessments lowered, Mr. Cliff seems to give general satisfaction and assesses the town on a fairly equal basis.

Selby Man Met Instant Death.

About 2 o'clock Friday morning, Sept. 29th, Mr. Morgan, a former resident of Selby, was struck by a train while crossing the track near Kingsford station, and almost instantly killed, when his skull was fractured, his limbs broken and had brain concussion. A young man who was with him at the time, was able to escape by hastily jumping when they noticed the train coming. The late Mr. Morgan and his companion were crossing the track to tie up a team of horses which Mr. Morgan had left standing while transacting some business on the other side of the track, and it is clear that in approaching the track neither of the men saw the train till it was almost on them. Mr. Morgan, some time ago had purchased the Woods' store in Selby, and was trying to dispose of it again in order to join his son-in-law, who lives in Buffalo.

Death of An Old Resident.

Mrs. Anne McGraw, an aged and respected resident of Napanee, died on Sunday afternoon, in her 83rd year, from the effects of a stroke of paralysis that overtook her ten days previous to her death. She had been an invalid for five years, but was possessed of all her faculties, very clear of mind, and seemed to enjoy life up to her recent illness. Deceased was born in Drogheda, County Meath, Ireland. Coming to Canada, she settled in Napanee in 1862, and has resided here continuously since that date. Her husband, the late Thos. McGraw, predeceased her 46 years ago. She leaves surviving a son and daughter, Jas. McGraw and Mrs. Jas. Fitzpatrick, both of Napanee, and a sister, Mrs. Matthews, of Ottawa, who attended the funeral and is four years her senior. The funeral took place on Tuesday afternoon to St. Patrick's Church, where requiem service was conducted by Rev. Father O'Connor, and was largely attended. Rev. Father McBrearty, the Redemptorist Missionary, presided at the organ and conducted the choir in the rendering of the requiem high mass. Burial took place in the R. C. cemetery.

Anniversary Services.

St. Andrew's Presbyterian Church, Napanee, has been fortunate in securing for their Anniversary Services, Oct. 22nd, the Principal of Queen's University, for both morning and evening addresses. Principal R. Bruce Taylor is known as a pulpit orator throughout the length and breadth of the country, and only by making the arrangements some months ahead was it possible to secure him for Napanee, Oct. 22nd.

"THE WAR WORK OF LENNOX AND ADDINGTON"

"The War Work of Lennox and Addington", the book which was published by the Historical Society of Lennox and Addington, has received many notices from authoritative source complimentary to its general appearance and particular subject matter. It is a valuable historical account of all that was done by Lennox and Addington during the Great War, and should be in every home in the county. It sells at $1.50, which is over $1.00 less than actual cost of producing it, irrespective of the labor done by the authors. For sale at The Beaver Office and Napanee Book Stores.

OBITUARY.

Mr. Edward Morgan.

We are sorry to hear of the death of Mr. Edward Morgan, which occurred on Sept. 29th, 1922. While he was crossing the C. P. R. track, near Kingsford, he was hit by the train, throwing him about thirty feet. But God who knoweth all things best, held wide his loving arms and said, "Come unto me and rest." He was born in Camden in 1851, and a number of years later was married to Carrie Bell. Besides his sorrowing wife, he leaves to mourn the loss, nine children, Willis, Edward and Elburn, of Macteer; Joseph, of North Bay, and Jack and Robert, of California; Mrs. J. Waddell, Mrs. A. Summers, Mrs. F. Meekens, all of Buffalo. Much sympathy is extended to his wife and family. Rev. Mr. Brandy preached a very appropriate sermon, assisted by Rev. Mr. Wilson. The remains were followed to Roblin cemetery by a large concourse of relatives and neighbors from far and near. His four sons and two sons-in-law acted as pall bearers.—Kingston papers please copy.

If YOU could Visit our Mills—

VISITORS to the Quaker Mills no longer marvel at the exclusive flavour, texture and goodness of all things baked with Quaker Flour. They see for themselves the infinite care with which Canada's finest wheat is treated from the berry to the sack.

They see how thoroughly the grain is selected and cleaned—how gradually and finely it is milled—to produce a perfect flour. They see how Quaker *Quality* is ever maintained, by constant vigilance and hourly tests in the process of milling—by an actual baking of bread from each day's flour. Quaker Flour must come up to the Quaker standard before it can leave the Quaker Mill.

They realize why no other flour can equal Quaker. Try it for your next baking.

ODESSA FALL FAIR

Upwards of 2,500 People Attended the Exhibition There on Friday.

All roads led to the "World's Fair" at Odessa on Friday last. This is a two-day exhibition, but the second day is always the big day, and people come from near and far, via bicycle, buggy, and auto, to witness the show. Several hundred autos were on the grounds, and the display of cars was a side issue that presented quite a sight. Fairs may come and fairs may go, but the Odessa Fair goes on forever, and each year, like all the big fairs, it grows bigger and better, for there was not one person in the big throng present, who did not express the opinion that this year's exhibition was the best ever, in every respect.

It is estimated that 2,500 people were on the fair grounds during Friday afternoon. The event marked the eighty-seventh annual exhibition of the Ernestown Agricultural Society, and the society has every reason to congratulate itself on the success of the fair of 1922. D. L. Boyce is the President, and A. M. Fraser is the Secretary-Treasurer.

The weather was quite cool, but it takes more than cold weather to prevent people from going to this fair. Even rain does not keep the crowd away.

Horse races and a baseball game were special features, and the different events were much enjoyed. At baseball, the Odessa team put it over Adolphustown, to the tune of 22 to 11.

As a fitting close to the day's "Doings", a concert was held in the village hall in the evening, when a splendid programme was enjoyed by a big crowd.

The display of exhibits was an excellent one. The main building was chuck full of good things. It would be hard to equal the showing in vegetables, and the home-made bread attracted much attention. Yes, and there was cake, too, and some pies, in fact everything good to eat, while the display of fancy work, over which the ladies feel so much time, is deserving of special mention. The ladies are due much praise for their work with the needle. Some very fine horses, of various kinds, were shown, and the department field must interest for all the farmers, as did may the cattle. In the department of fruits and roots there was also a good showing, while the floral exhibits were good.

Horse Races and Baseball.

All The Clothes Out By 9 a.m.

Monday morning just starts and your washing all done! You think it sounds impossible, but just use Rinso and see.

Really, the clothes soak themselves clean in the Rinso suds and the dirt runs away freely in the rinsing. Why? Because Rinso is the new modern method for the family wash and it is absolutely different from every other soap or washing powder you ever used.

Do not pour the Rinso granules direct from the package into the wash. Use it this way as it guarantees the best results. Dissolve half a package of Rinso in just enough cool water to make it like thick cream. Add two gallons of boiling water and stir. When the froth subsides you will have a clear, amber coloured liquid—the *famous*, scientific, Rinso solution. Pour it into your tub of cool or lukewarm water, then put in the clothes and let them soak one hour, two hours, overnight or all day as convenient.

Then give them a thorough rinsing and they are clean without any hard rubbing and without boiling.

If You Use a Washing Machine:

Soak your clothes for the usual time, then add more Rinso solution and work the machine. Rinse and dry—you will have a clean, sweet, snow-white wash.

Certainly Not a Washing Powder:

The fine granules of Rinso may look like a washing powder but just make this test. Dissolve a heaping teaspoonful of Rinso in a little hot water. In another cup dissolve a heaping teaspoonful of washing powder in boiling water. When they cool, see what happens.

We Ask Your Attention

Since this Store was founded, Robinson's has never lost sight of the fact that its own success could only ensue upon whole-souled performance of its duty to the public. We have never taken our responsibility lightly. We have always watched carefully our expenditures and our purchases. We always keep our stock moving, and have for your inspection the newest fabrics and styles. This year we are as proud as can be of our "WONDERFUL ASSORTMENT OF MEN'S CLOTHING AND FURNISHINGS".

Youths' Tweed Ulsters

In double breasted, convertible collars, all-round belters and half belter models. Colors of Grey, Brown, Fawn and Green Mixtures. Well made and warmly lined. You will appreciate the values shown. Our Youths' Ulsters are sized from 28 to 36, and priced at $5.00, $7.50, $8.50, $10.00, $11.00, $12.50, $13.50, $15.00 and $20.00.

A Splendid Assortment of Children's Fancy Overcoats. Sizes 20 to 28

You will find our assortment of Children's Overcoats all that could be desired in materials, models and workmanship. A splendid variety of colorings and patterns in mixtures of Greys, Greens, Fawns, Browns and Blues. All Round Belters, Half Belters and Box Backs. A few with Velvet Collars, but mostly self collars. Reasonably priced at from $3.50 to $10.00.

Boys' Fall Weight Reefers

Just right for the chilly days which will soon be here. We have a very neat model in an All Wool Serge, trimmed with fancy ornament on sleeve, and Brass Buttons. Sizes 3 to 10 years. Extra Special at $6.00.

Men's Overcoats and Ulsters

Models.—The best of the favored conservative styles are represented and the most worthy of the innovations. Chesterfields, Big Ulsters and Ulsterettes, with Half and All-Round Belts, majority made with Convertible Collars; Slip-Ons, in conservative shoulder and Raglan shoulder styles.

Sizes.—Whatever your type, years or measurements, you are bound in this comprehensive group, to find your kind of Overcoat. The big fellow, the man of slight build, the average man, we have seen to it that everyone will find a Coat built for his particular type.

Fabrics and Tailoring.—The roster of fabrics in these Overcoats includes only headliners in the field. The tailoring is masterly, manifesting itself in the shape of the sleeve, the "lay" of a collar, the angle of a pocket, or the cut of a belt.

Priced at $12.50, $15.00, and up to $35.00.

Men's Hosiery Department

We are leaders in this line. We not only depend on the Canadian Manufacturers, but secure the very best from Europe, such as the celebrated "Wolsey" and "Freeman and West" makes of fine Cashmeres and Worsteds. We have wonderful values this year, and we want to show them to you.

CONSTIPATION

It is a disease-producing malady, and if not corrected may result in serious complications. In good health the bowels should move freely at least once every day, carrying away the waste products from the Blood and Liver. While function fails or is irregular, the work of removing the poisons falls on the skin and Kidneys, with the result of the latter organs becoming congested and clogged. The Blood becomes vitiated, indigestion sets in, the Kidneys become deranged, and a severe but not fatal illness is brought on. DR. HENDERSON'S HERB TABLETS correct this trouble by its action on the Liver, causing a healthy flow of Bile, and exerting a soothing and toning influence on the whole Intestinal Track. 50c. and $1.00 a box at Hooper's Drug Store, Napanee. Address and Presentation.

On Monday evening a goodly num- ber of friends gathered at the home of Mr. and Mrs. Edwin Young, and agreeably surprised Mr. and Mrs. Gor- don Young, by presenting them with a handsome mahogany clock, and sil- ver and cut glass relish dish. The following address was read by Rev. A. L. McTear:—

Dear Mr. and Mrs. Gordon Young— It is with great pleasure that we have gathered here to spend this evening with you and to convey our congratula- tions on your recent marriage.

It affords us much satisfaction to learn that you have decided to make your home in our midst, and that Morven's attractions are first in your minds. We shall all look forward to seeing you still taking your stand among us, and trust that your place will never be empty in our Church and community.

We wish you to accept the accom- panying gifts as an expression of our best wishes for a long and happy voyage through life; and hope that when all the rest of us are old and feeble, you both may still be "Young".

Signed on behalf of your many friends,

Mrs. Harold Brandon,
Mrs. Henry Payne,
Miss Winnifred Brandon,
Miss Pansy Jackson.

Mr. Gordon Young replied in a few well chosen words, after which the re- mainder of the evening was spent in music and dancing.

Football and Basketball Games.

Two Collegiate Football and Basketball teams went to Deseronto on Friday afternoon last, and played games there. The Football team, thanks to their practice, made a fine showing. The ball was kicked off at 4.25 by the Mayor of Deseronto. After the first five minutes no quarters were asked as to what the outcome of the game should be. The ball was seldom in Napanee territory, and "Brunge" Rose and "Small" Perry, Napanee's full backs, played well up towards the half line. The first goal was scored by Elliott, and Stewart and Cowie made a fine play, and sent it on scored again, the first half ending in a score of 2-0 in favor of N. C. I. In the second half, Walters, Pollard Hudgins at inside right, Cochrane and Hawkins with Anderson and Perry went to the forward line, from which they forward the game was a pretty scoring three times for N. C. I. and Stewart once. The game ended in a score of 6-0 in N. C. I.'s favor. Although the odds were against Deseronto, everyone enjoyed the manly playing of both sides. The basketball game between N. C. I. and D. I. C. resulted in N. C. I.'s favor, the score being 36-6.

Wedding at Selby.

On Wednesday, October 4th, 1922, at high noon, at the residence of the bride's parents, Maple View Farm, Selby, Ont., the marriage of Miss Ethel Gertrude, youngest daughter of Mr. and Mrs. Jos. Tate, to Mr. A. Ross McConnell, only son of Mr. and Mrs. Wm. McConnell, of Victoria, Ont., was solemnized by Rev. T. H. P. Anderson. The rooms were tastefully decorated with flowers and foliage. While the wedding march was being played by the groom's sister, Mrs. E. Richmond, the bride prettily attired in palest blue and white satin and lace, with corsage of white roses and wearing the groom's gift, a beautiful string of pearls, entered the parlor on her father's arm, took her place beside the groom, beneath an arch of foliage and flowers. After congratulations and signing of the register, a dainty dinner was served. Later on Mr. and Mrs. McConnell left by motor for Napanee and took the 2.20 train for Toronto, Barrie and Bowmanville, amid showers of confetti and good wishes. The bride travelled in a suit of navy serge with hat of velvet and duvetyn to match. Upon their return they will reside at Victoria, Ont., where the groom is a prosperous farmer.

THE LATE MRS. M. C. BOGART

On the eve of her intended departure for an autumn trip through the Adirondack mountains, Emma, the wife of Mr. M. C. Bogart, was taken suddenly ill and, after a week's sickness, died at Fairview, her beautiful home, on Sunday morning, the 8th inst. The funeral service was conducted at her late residence by two of her former pastors, the Rev. Dr. S. J. Shorey and the Rev. Dr. E. N. Baker, on Tuesday afternoon, the 10th inst., and despite a heavy downpour of rain a large concourse of friends were present to pay respect to her memory.

Mrs. Bogart was a woman with a wide circle of acquaintances and she rightfully considered each one her friend as she was of an exceptionally genial disposition, with a smile and kind word for everyone she met. Her father and mother were both descendants of the first settlers in this county, and she took a deep interest in the development of a national and patriotic spirit and was naturally proud of the fact that she was of U. E. L. descent.

Mrs. Bogart had travelled with her husband extensively in foreign lands and had an intelligent appreciation of the interesting places visited by her and on more than one occasion has furnished delightful entertainment to Napanee audiences with her account of her travels.

She was a prominent member of the Daughters of the Empire, an active worker in the Methodist Church, and a ready and generous supporter of every patriotic and philanthropic movement. Her loss will be keenly felt by the different organizations with which she was intimately connected, and more particularly by a host of friends who sincerely mourn her sudden death.

PETERS—HUNTER.

The marriage was solemnized of Miss Reta Irene Peters, daughter of Mr. W. P. Peters, Kingston, to Mr. Wm. D. Hunter, of Napanee, at 10.30 a.m. Thursday, October 5th, by the Rev. J. D. Boyd, Kingston. After the ceremony the young couple crossed to Cape Vincent, and then motored to Windsor, Vermont, and other points south. On their return they will take up their residence at Napanee.

FORTIETH ANNUAL CONVENTION.

OF LENNOX AND ADDINGTON RELIGIOUS EDUCATION COUNCIL, HELD AT TAMWORTH.

Morning Session.

On September 20th, the 40th Annual Convention of Religious Education Council met at Tamworth. Perhaps never before in the history of the counties has a greater representative body of Christian workers from our Sunday Schools united in such an inspiring convention. The convention throughout was attended by all present to have reached the high water mark in Sunday School work.

After the devotional exercises were concluded by Rev. W. H. Clark, Pastor of the convention church, the convention was given a very warm and hearty welcome by Mr. G. H. Richardson, of Tamworth, Mr. J. E. Robinson, of Napanee, replied to the words of welcome in a few well chosen remarks.

Mr. A. C. Baldwin, the Secretary, gave a very excellent and encouraging report of the activities for the year.

The Convention was greatly honored in having the opportunity of hearing Rev. C. W. DeMille, B.A., B.D., General Superintendent Ontario Religious Education Council. Rev. C. W. DeMille, during the morning session, gave a most inspiring address on "Religious Education in the Sunday School. Mr. DeMille's address on our Religious Education, which on to show how it touched the life of the school. Four lines of thought presented the great importance of Religious Education in the Sunday School, 1 Environment, 2 Instruction, 3 Worship, and 4 Extra-mural Activities.

Then Mr. DeMille stressed very strongly the need of teachers, the environment, and pointed out that adequate salaries must be paid to secure such. The importance of having children to worship cannot be overstated. "The child will not learn how to worship unless he is taught", declared Mr. DeMille.

The round table conference which followed Mr. DeMille's very excellent presentation, a very profitable discussion centred around the points emphasized by the General Superintendent.

Afternoon Session.

The Devotional Exercises were conducted by Rev. R. B. Neel, Adolphustown.

The reports of the various Departments were given by the Department Superintendents. Every report showed that very careful and thorough work had been done throughout the year. Seldom if ever has better or more encouraging reports ever been given at a Sunday School Convention. Rev. C. W. DeMille took opportunity to congratulate the officers and the convention on such excellent reports and remarked that never had he heard better reports and seldom as good in the county.

Miss Hattie Parks, of Napanee, gave a very splendid report of the Childrens' Department, showing much excellent work in that department.

The report of the Boys' Department, in the absence of Rev. T. H. P. Anderson, was ably presented by Mr. Cooper, of Napanee. It showed a very healthy state of the work and gave promise of greater things in the years.

Miss Ruth Wilson reported good progress in the Girls' work.

The Adult Department reported by Mr. F. C. Lake, of Morven, showed that there had been a great improvement in the work among adults in our Sunday Schools. This report showed a growing interest and was pronounced the best report on this department for many years.

Mrs. F. C. Lake gave a very entertaining account of the work among us in the Home Department, and her splendid report gave evidence of excellent work.

Rev. (Rev.) T. H. P. Anderson, B.A., reported for Teacher Training. The report showed the increasing importance being taken in this very important part of Sunday School work. A goodly number during the year have taken Teacher Training, and a large number of Sunday Schools are organizing classes for this fall and winter.

Mrs. (Rev.) Hodgson, in her Temperance report, spoke on educating us [illegible] We Need [illegible] county [illegible] was very pleased [illegible] was very pleased [illegible] to report a balance [illegible]

Mrs. Chas. Anderson gave a very helpful address on Teacher Training and its wonderful opportunity.

Mr. D. MacGregor, of Napanee, Secretary of the County Religious Education Council, gave the Convention a thoughtful and inspiring address. "Mackenzie's Bible" was charged with an appeal for more wholehearted consecration of life to the service of Master, in seeking to build up strong Christian character and in reclaiming men and women for the Master.

Evening Session.

The Tamworth Choir led the Convention in a good hearty song service, which was followed by Devotional Exercises, conducted by Rev. A. J. Wilson, B.A., B.D., of Napanee.

Rev. Mr. Merrick, of Morven, gave the report of the Nominating Committee.

The following officers were elected for the ensuing year:—

President—Mr. A. MacGregor, Napanee.

Vice President—Mr. J. E. Robinson, Napanee.

Supt. Child's Division—Miss Lottie Parks, Napanee.

Supt. Boys' Division—Rev. T. H. P. Anderson, Selby.

Supt. Adult Division—Mr. F. G. Lake, Morven.

Supt. Home Division—Mrs. F. G. Lake, Morven.

Supt. Teacher Training—Mrs. T. H. P. Anderson, Selby.

Supt. Missionary—Mr. L. A. Roddick, Napanee.

Supt. Temperance—Mrs. J. C. Hudgins, Selby.

Secretary—Mr. A. C. Baldwin, Napanee.

Treasurer—Mr. C. W. Neville, Kingston.

Rev. C. W. DeMille, General Superintendent Religious Education, very ably installed the officers.

Rev. Mr. DeMille again spoke of the great importance of Religious Education, and showed the wonderful part it was playing in the life of the young people of our country. The speaker explained to the Convention the pressing need for money to carry on such a vital work.

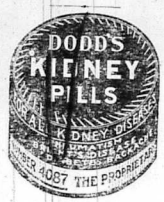
The following resolution was presented and adopted by the Convention:—

Moved by D. B. Wilson, seconded by Robt. Lemmon, "That having heard the very lucid statement regarding the financial crisis in the O. R. E. C. for the present year, and realizing the gravity of having so great a work as this hampered by lack of sufficient money, and believing that if the matter were placed sufficiently clear before our people they would respond to the appeal, we, representing very many different sections in this county, pledge ourselves to do all that lies in our power when the canvass is made to secure the required sum allotted to this county."

A very special endeavour will be made during the next few weeks to raise one thousand dollars in the county for this splendid work.

The Convention was a very great success. Thanks and appreciation is due the friends of the Tamworth church for their great kindness and hospitality, also to the Choir for their splendid services.

The next Convention will be held in Selby.



DENBIGH.

Try Doing Next Week's Washing with Rinso

Find out for yourself why hundreds of thousands of women say that they could not face another wash day without it. The two easy steps below will save you hours of back breaking rubbing.

First: For each tub of clothes dissolve a half a package of Rinso into a little cool water until it is like thick cream, then stir in two quarts of boiling water. If the water is hard, or the clothes extra dirty, use more Rinso.

Then, pour into tub—of cool or lukewarm water. Mix well. Keep adding the solution until you get a rich, lasting, soapy suds, even after the clothes have been put in. *Do not pour the Rinso direct from the package into the tub.*

Soak the clothes for one hour, two hours, overnight, or as long as convenient. Then rinse to remove the loosened dirt, until the water runs clear. Hang them out to dry.

There's no rubbing—no boiling. Rinso is not a washing powder, but a scientific combination of pure cleansing materials that loosen and dissolve the dirt from even the heaviest pieces. It *soaks* clothes clean in a few hours without injury to a single fabric.

IF YOU USE A WASHING MACHINE

Follow the regular directions given here. Soak the clothes. Then, before operating the machine, add fresh Rinso solution using the same amount of Rinso as you used for soaking. No other product is needed when Rinso is used.

MRS. LAWRENCE, 67 YEARS OLD, CHAMPION POTATO CULTIVATOR.

AGED WOMAN GARDENER PRODUCES TUBERS YIELDING 339 BUSHELS AN ACRE.

Western Canada farmers may talk about their yields of wheat; they may brag about getting off and at backbreaking work, but Mrs. Lawrence, aged 67 years, living at 321 Eleventh avenue east, harvesting a crop of potatoes that should make any farmer sit up and take notice.

Seven bushels of potatoes out of an area of ground amounting to approximately 100 square yards is the crop Mrs. Lawrence has taken out of the ground this summer.

The result works out at approximately 339 bushels to the acre, which, Mrs. Lawrence has every reason to believe is "some" crop.

Mrs. Lawrence says she is one of the followers of the school of "back to the land," taking care of herself and share-cropping with her son. Naturally on the allotment enough to furnish not only her own needs, but those of some of her neighbors.

Mrs. Lawrence was formerly from Ashburn County.

A Hard Test

WE often have our Made-to-Order Suits brought to us with the remarks, "What can you do with that suit? I was caught in the rain and it was thoroughly soaked."

"Yes," we say, "it looks tough, but a little pressing will bring it back as good as new. Every piece of material that went into that coat was thoroughly shrunk by us. Expert hand tailors made that coat in the good old way. A little or a big rain can't permanently spoil its shape or fit. Call in to-morrow or next day and you'll think you have a new suit of clothes."

Men, it pays to buy that kind of a suit. Farmers especially need a suit that will take hard usage and stand up under it.

Now, a word regarding prices. They're 40 per cent below the peak—a bigger reduction than almost any other manufactured product—and we regret to say there is no immediate prospect for reductions; cloth is steadily rising in price.

Our fall and winter stock is complete. We'll be glad to have you inspect it.

The Best Winter Overcoats

Our winter Overcoat stock is now right for good buying. The variety is excellent, the patterns new and prices pleasing. The very smartest Overcoats for young men average $23.00 to $25.00, and a few special lines at $18.00 and $20.00.

We are sole agents for a Leather Yoke Lined Overcoat that appeals to every man desiring style and warmth. These are reasonably priced at $21.00 to $25.00.

Secret Skin Troubles
MEAN NIGHTS & DAYS OF ITCHING TORTURE.

A well-known physician says that he comes across many terrible cases of secret skin disease. Because there's a natural disinclination to seek advice, the sufferer either neglects the trouble in its early stages, or else aggravates it by use of some poisonous mineral ointment. While this may hide up surface trouble, it also *drives disease further into the skin.*

You cannot thoroughly and permanently eradicate disease like eczema, tetter, psoriasis, ringworm, etc., unless you first destroy all disease germs. Zam-Buk does this quickly and thoroughly.

Zam-Buk is unique in its germicidal and healing properties. Its soothing herbal essences penetrate into the skin right to the seat of any and all diseased *tissue tissues, killing the germs* and promoting disease at its very source.

The first touching of Zam-Buk ends the dreadful itching and when all over inflamed surfaces have been thoroughly soothed and purified by Zam-Buk, every trace of disease is made to disappear, and there is a splendid new growth of clear healthy skin.

Zam-Buk
UPROOTS SKIN DISEASE

Don't endure skin torture a day longer! Get Zam-Buk to-day! Apply to the first itchy spot, sore or eruption; use it for bruises, cuts, burns, scalds, ulcers and poisoned wounds; also for weakening, painful piles.

WEDDING BELLS.

FINN—KENNEDY.

The Church of the Annunciation, Chippawa, was the scene of a pretty wedding, at 9.30 o'clock on Tuesday morning, Oct. 3rd, when Miss Anna Bernice, youngest daughter of A. C. Finn and the late Mrs. A. C. Finn, Enterprise, became the bride of James Kennedy. The ceremony was performed by the Rev. Father Farrell, in the presence of the immediate friends and relatives. The bride looked a picture of girlish loveliness, as she entered the church leaning on the arm of her father to the strains of the nuptial march played by her cousin, Miss Kathleen Liston, Railton, who with her sister, Miss Marie, rendered several appropriate solos during the mass. During the offertory their brother, Charles, sang "O Salutaris" in excellent manner. Miss Tessie Murray, Railton, also a cousin of the bride, did ample justice to the "Ave Maria".

The bride wore a tailored suit of navy velour with black plush picture hat, trimmed with uncurled ostrich feathers. She carried her bouquet of carnations and maiden hair fern and was attended by her sister, Miss Lauretta, who was also dressed in a tailored suit of brown tricotine, with silver grey hat. The groom was supported by his brother, Daniel. After receiving the congratulations of numerous friends the bridal party motored to the home of the bride's father, accompanied by Rev. H. J. Farrell, where a sumptuous wedding dinner awaited them. Dinner was served to about fifty guests.

Mr. and Mrs. Kennedy left on the 4.10 train for Toronto, Niagara Falls and Rochester. The groom's gift to the bride was a handsome silver tea service with mahogany tray, to the bridesmaid a gold rosary, to the groomsman a gold vest chain and to the organist a gold bar pin set with pearls. The bride and groom received many beautiful and costly presents showing the high esteem in which they are held. Both bride and groom are very estimable people and have the best wishes of the entire community.

PERRY—FOSTER.

A very pretty wedding took place on Tuesday, Sept. 26th, 1922, at the R. C. Church, Centreville, when Miss Helena Elizabeth, daughter of Mr. and Mrs. Thomas Foster, was united in marriage to James E. Perry, son of Mr. and Mrs. E. J. Perry. The bride looked lovely in her travelling suit of navy blue and small brown feather hat, and wore the groom's gift, a fur stoker, and was attended by her cousin, Miss Helena Cavanaugh, of Napanee, who also was dressed in navy blue suit and wore a white feather hat. Mr. John Dewey, of Croydon, uncle of the groom, was best man. The groom's gift to the bridesmaid was a sterling silver brooch, and to the groomsman a set of cuff links. After the ceremony, which was performed by the Rev. Father McCarthy, the bridal party motored to the home of the bride's parents, where a sumptuous wedding dinner awaited them. After dinner the happy young couple left by motor for Napanee, where they took the 2 o'clock train for points West, on a short honeymoon. The bride and groom have many friends who join them in a happy and prosperous wedded life.

No one need endure the agony of corns with Holloway's Corn Remover at hand to remove them.

"Sir, your daughter has promised to become my wife."

"Well, don't come to me for sympathy, you might know something would happen to you, hanging around here five nights a week."

Pursuant to a Judgment made by the Supreme Court of Ontario, on the 15th day of September, 1922, in re Peterson, Magee vs. Peterson, there will be sold by Public Auction with the approbation of the Local Master at Napanee, at his Chambers, in the Court House, in said Town of Napanee, on Friday, the 20th day of October, 1922, at the hour of 1.30 in the afternoon, the following valuable farm property:

Lot No. 11, in the 3rd Concession of the Township of Adolphustown, in the County of Lennox and Addington, containing 100 acres more or less.

Upon the property which fronts on Hay Bay are erected a stone cottage dwelling house with frame woodshed attached, a large frame barn with shed and cow stable attached, also a hog pen and implement house.

The property will be sold subject to the interest of Elizabeth Ann Peterson under the will of the late Samuel Lawson Peterson or free therefrom at the option of the said Master, and subject also to a reserve bid fixed by the Master.

Terms of Sale:—A deposit in the proportion of $10 for every $100 of the purchase money at the time of sale, and the balance within one month thereafter without interest.

In all other respects the terms and conditions of sale will be the standing conditions of sale of the said Court.

For further particulars apply at the law Offices of Messrs. Herrington, Warner & Grange, and U. M. Wilson, Napanee, and Frederick L. Ward, Picton.

Dated 22nd September, 1922.

WHY BABIES CRY

It's often hard to find the trouble—It may be teeth—it may be stomach—but oh! how often it is just a chafed, irritated skin on which poor Soap has been used.

The remedy for this is so simple! Hours of suffering—night after night of disturbance—have been avoided by mothers, who have insisted on *Baby Own Soap.* Of course it costs a little more, a very little more, however—than what is often bought and used—but fond generations of Canadian mothers are there to vouch for its purity, for the soothing, healing effect it leaves when Baby fresh and clean is taken from his bath.

Don't you think, Madam, it's worth paying the 15c. a cake, a little less if you buy a box (3 cakes) which your dealer asks for Baby's Own Soap. Adv.

ADVERTISEMENT FOR CREDITORS.

Pursuant to a Judgment of the Supreme Court of Ontario, re Peterson, Magee vs. Peterson, the creditors of Samuel Lawson Peterson, late of the Township of Adolphustown, in the County of Lennox and Addington, who died on or about the 22nd day of August, 1922, are on or before the 19th day of October next, to send by post prepaid, to Messrs. Herrington, Warner & Grange, of the Town of Napanee, Solicitors for the plaintiff, John Magee, Administrator of the deceased, their Christian and surnames, addresses and description, the full particulars of their claims, a statement of their securities, and the nature of the securities (if any) held by them; or in default thereof, they will be peremptorily excluded from the benefit of the said judgment. Every creditor holding any security is to produce the same before me at my Chambers, at the Court House, in the Town of Napanee, on the 20th day of October, 1922, at two o'clock in the afternoon, being the time appointed for adjudication on the claims.

Dated this 22nd day of September, 1922.

MASONS BANQUET THEIR FRIENDS.

On Wednesday evening of last week the Masons of Tamworth Lodge and their wives were the hosts and hostesses to about one hundred and fifty guests at a most enjoyable banquet in the Community Hall of the Public School, when Very Worshipful Brother James Ashworth presiding, a musical programme by Mrs. W. B. Bedford, Miss Pearl and Miss Lockwood, was followed by inquiry by Worshipful Brother Rev. Mr. Pinion, Rev. Mr. Clarke, and others. The address of the evening was then delivered by Right Worshipful Brother W. S. Herrington, K.C., of Napanee, being an account of his tour of some of the most historic and interesting parts of Europe, illustrated by lantern slides. The speaker in his customary pleasant and happy manner held his audience in rapt attention, and although the address occupied considerably over an hour, the time seemed all too short as the audience was carried in imagination from London to Paris, to the Continent, to the battlefields of France, and from there to Italy and the world-famous beauties of Venice. A hearty vote of thanks to the speaker was moved by Mr. A. R. Carscallen and seconded by Mr. S. Kennedy.

Rows of tables laden with good things then attracted the attention of the guests, and the Brethren made very capable and genial waiters. After ordering the National Anthem the company dismissed, feeling that they had enjoyed a treat indeed.

If Miller's Worm Powders needed the support of testimonials they could be got from mothers who know their great virtue as worm destroying tonics. But the powders will speak for themselves and in such a way that there can be no question of doubt. They act speedily and thoroughly, and the child to whom they are administered will show improvement from the first dose.

EDUCATIONAL POULTRY DEMONSTRATION.

The Educational Poultry Demonstration which is being held in the Armouries, Napanee, on Wednesday, November 1st, and Thursday, November 2nd, 1922, is being arranged under the auspices of the Napanee Poultry Association in co-operation with the Dominion and Ontario Live Stock Branches and the Poultry Departments of the Central Experimental Farm and the O. A. C. The demonstration will consist of exhibits of local breeding stock for sale to buyers; complete classification of dressed poultry of all classes; modern poultry equipment; poultry feeds; crate fattening; incubation; proper and improper methods of mating breeding stock; poultry diseases; and an exhibit from the Lennox and Addington Poultry Breeding Station. In addition, demonstrations will be conducted in killing and plucking, carving, egg candling, capponizing and culling. Motion pictures will be shown each evening featuring certain phases of the poultry industry.

The objects of this Educational Demonstration are as follows:—

1. To show those interested in poultry the proper method of preparing their birds for market in order to secure the highest price.

2. To raise the standard of poultry in Lennox and Addington by offering for sale breeding stock at prices which the farmers can afford to pay.

3. To give helpful information that will be of real practical value to everyone interested in poultry, by demonstrations and exhibits such as carving, egg candling, poultry diseases, culling, etc.

Anyone wishing to offer breeding stock for sale at this Demonstration must conform with the following rules:—

1. Must be a member of the Napanee Poultry Association. Membership tickets may be obtained from the Secretary, E. W. Metcalfe, Napanee.

2. Each exhibitor is allowed to show six male and two females for exhibition only, but they may offer for sale as many males and females as they wish.

3. The Association charges the sum of 25c. for each yard sold. When a bird is entered and not sold, no charge will be made.

4. Exhibitors are not permitted to enter wares (cont.).

5. Exhibitors are requested to write to C. C. Smith, Napanee, stating the class, and the breed of poultry, the number of birds and the number of males, which they are bringing to the demonstration, in order that sufficient accommodation may be arranged.

6. Entries close Wednesday, October 25th.

7. Wire coops will be supplied free of charge to exhibitors.

8. Exhibitors may decorate the coops and advertise their stock in any way they wish.

This Demonstration is the first of this kind which has ever been held, and everyone interested in poultry, and the general public, as well, should show their appreciation of the efforts of the Napanee Poultry Association by their attendance. Everybody will be welcome and the demonstration is free to all.

As a vermifuge an effective preparation is Mother Graves' Worm Exterminator, and it can be given to the most delicate child without fear of injury to the constitution.

WONDERS NEVER CEASE

The wonderful success of the Family Herald and Weekly Star of Montreal has been more marked year by year continuously for half a century. There are households literally by tens of thousands all over Canada where for thirty, forty and fifty years the Family Herald has not only been a welcome weekly guest, but one indispensable to the home life. The success of the Family Herald of Montreal has been so conspicuous and so overwhelming that Publishers everywhere refer to it as a phenomenal journal. The price of subscription to it looks ridiculously small when the wonderful contents of the paper are considered. Those who do not know it can, we understand, have a sample copy free by writing to its Publishers, Montreal.

Programme for Week of October 20th to 26th

FRIDAY AND SATURDAY.

How often have you asked to see something new? something different, new faces, new scenes in a motion picture? Here is the different picture, a modern drama of a maid of times in Venice, actually filmed in Italy on the mysterious romantic Venetian canals, beautifully, superbly produced, a gem of screen art and a sensational dramatic achievement. Don't fail to see it in "THE CARNIVAL." Also Buster Keaton Comedy "The Goat", and next episode of "Robinson Crusoe".

MONDAY AND TUESDAY.

Marshall Neilan offers four stories with fourteen famous film folks in "BITS OF LIFE." Newest idea in pictures. Doesn't keep you waiting one minute. He has brought the magazine idea to the screen. See him in his best in "BITS OF LIFE." Also Mack Sennett in a special comedy, "On Patrol", also James Oliver Curwood and Wallace Berry in "The Northern Trail".

WEDNESDAY AND THURSDAY.

The world's sweetheart, Mary Pickford. This picture we believe to be the greatest success Mary has ever made, so don't fail to see her in "THE LOVE LIGHT". Also a Special Christie Comedy.

Watch for our new serial, "THE ADVENTURES OF TARZAN".

Rinso doesn't redden the hands. It's pure.

Don't Rub—Just Soak Your Clothes Clean

RINSO is fine granules of soap essence, scientifically and completely different from ordinary soap, flakes or washing powder. It should be used differently too—for instance, to get the best results, do not pour the Rinso granules into the tub from the package.

Make the wonderful Rinso liquid *first*—take half a package of Rinso for each tub of clothes, stir it into a cream in a little cool water, add two quarts of boiling water, stir vigorously and put into the tub of cool or lukewarm water.

Put your clothes to soak for one hour, two hours, overnight, or as long as convenient in this rich Rinso suds, then just rinse thoroughly and the dirt runs away. Your clothes are ready for the line—snowy white, clean and fresh.

If You Use a Washing Machine—follow the regular directions on the Rinso package and soak the clothes. Then before operating the machine, add fresh Rinso solution and proceed. No other preparations needed when Rinso is used.

Would not be Without Zutoo Tablets At Any Cost

Mr. A. O. Norton, the millionaire Jack Manufacturer, of Boston, who recently died, was a great "booster" for Zutoo Tablets.

He suffered from headaches from childhood and when he found Zutoo Tablets stopped these headaches in a few minutes and left no bad effect he began recommending them to his family and friends. In an unsolicited letter, Mr. Norton says in closing:

"My family use them when ever needed with equally good results. I have frequently given them to friends who were suffering from Headache and they never failed to give quick relief. I always carry Zutoo Tablets in my grip on the road and WOULD NOT BE WITHOUT THEM AT ANY COST."

W. M. S. CONVENTION.

The Tamworth Division of Napanee District of W. M. S. held their annual Convention in Roblin, on Friday, October 13th, 1922.

After the opening Devotional Exercises conducted by Rev. Mr. Wilson, of Roblin, and the address of welcome by Mrs. Carleton Woods, the routine of business was conducted by the Superintendent, Mrs. Wagar. Auxiliary reports: Total membership 428, 59 of which are Life Members. Total moneys sent to Branch Treasurer, $1796.54, a decrease of $79.42. Report of Circle and Bands: Membership, 356, of which 37 are Life Members. Total moneys sent to Branch Treasurer, $280.42, a decrease of $21.02. Mrs. Wagar was re-elected as Superintendent; Mrs. Moss as Assistant Superintendent.

The morning session closed by Mrs. Moss conducting the Quiet Half-hour.

The afternoon session opened at 1 o'clock, Marlbank and Enterprise Auxiliaries conducting the Devotional Exercises.

Mrs. Grange gave an interesting report of the Board meeting. This was followed by a chorus by the Mission Band children. Three papers, under the Workers' Conferences, were listened to with interest. First, Work of Strangers' Secretaries, Mrs. Smith Gilmore. This was followed by a duet, "If You Love Him", by Mr. and Mrs. Price. Secondly, Mrs. Henry Allen, of Newburgh, gave a paper exhibiting a great deal of thought on "The Church's Missionary Ideal and What We Are Doing to Realize It". In this paper Mrs. Allen pointed out our ideal as a church must be to christianize the heathen. Educating was very good, but was secondary. Mrs. Allen quoted the words of a missionary, "To educate the heathen without christianizing him is to make an educated devil". How are we to realize these ideals? Pray, Work, Give.

Pray that young men and women may be called for this work. Pray that the young men and women are living so in touch with God that they will hear and answer the call. Pray that those to whom the message is sent may receive and accept it. Back up our prayers by working that these ends be accomplished. Endeavour to live that we may be capable to lead and teach. Give our time, talents, money and sons and daughters to this cause. Her closing words were "Can God depend on us to do the work entrusted to us?"

This paper was followed by a duet in the African language by Rev. and Mrs. Wickware, returned missionaries from Africa. Then followed a splendid object lesson in an exercise by the Mission Band, "Waiting for the Doctor".

Mrs. Dickson, of Camden East, then presented a very thoughtful paper on "Missions as a Life Work". In this paper Mrs. Dickson emphasized and proved to us that if we are to do anything to show our love for Jesus and our thankfulness for salvation, we must do all we can to pass this message to those who have never heard.

She closed by reading a true story as told by a missionary of the terrible fear exhibited by an old heathen woman on her death bed, and the question asked by the granddaughter of this woman, after hearing of Jesus from the missionary, "Why didn't someone come years ago so that my grandmother might have heard of Jesus and His Love?" "Why haven't more gone?" Why are not more going?

A duet, "Winning Precious Souls", was very feelingly rendered by Mr. and Mrs. Brooks.

Mrs. Wickware then gave a very interesting address on her work in Africa. As her profession was nursing, she found much opportunity to use it. No one else in hundreds of miles capable of dispensing medicine or diagnosing a case. She told us how willing the African is to learn if he has the opportunity of hearing. She told of the faithful and untiring efforts of the natives in the building of their churches, and of the welcome tendered the missionary. She spoke how hard a cross it was to stay at home, but owing to circumstances of being physically unfit to live in that climate, they could not return. She loved the work and counted it a much greater sacrifice to remain at home than to go. Following this address we were favoured with a duet, from Mr. and Mrs. Wickware.

Thus a very successful and inspiring convention was closed, everyone expressing their deep appreciation of the hospitality shown them, and feeling that they were better for having been present.

MRS. SMITH GILMOUR,
Press Reporter.

KIDNEY TROUBLE

Is quite common, gradually becoming more severe and if prompt action is not taken, serious results will follow. The symptoms are headache and pain in the back, sleeplessness, sallow complexion, white coated tongue and frequent urination. A puffy swelling is noted in the feet or ankles the disease is well established and you must give the kidneys all the help possible by stirring the liver and bowels into action. Take Henderson's Herb Tablets every night according to direction, watch the digestion carefully, drink plenty of cold water between meals.

Mrs. T. Bevington, 202 Wilton Ave., Toronto, Ont., says:—

"I wish to express my gratitude for the great benefit I have received through Dr. Henderson's Herb Treatment. I suffered for a number of years with kidney and liver trouble and at times could scarcely do my work with the pain in my back, and cramps in my muscles. I am now 67 years of age and after using one box of Dr. Henderson's Herb Treatment I feel like a new person.

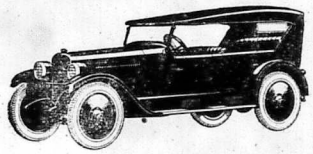
The CHALMERS SIX



The New Series Chalmers Six

The new series Chalmers Six is the first product of the new Chalmers organization. It embodies, we believe, a greater advance than ever before registered in those splendid qualities which distinguish the six as a type.

Built with all the precision that good manufacturing practice can command, it combines proven mechanical ability with unusually distinctive style and beauty.

In appearance, in workmanship, in down-right value, we believe the new series Chalmers Six to be without an equal in its group.

We have a fully equipped Machine and Welding Shop, and we are prepared to do all kinds of repair work. Rifles and Guns overhauled and adjusted for the hunting season.

STORAGE OF VEGETABLES.

(Ryerson Essential Farms Notes).

Winter storage of vegetables is an old question—nothing discussed, but apparently not yet well understood. To many the crop seems a comparatively small task, just to guard against heavy frosts while in storage is sometimes quite a problem ever for the most experienced growers.

Some of the first and most important facts in obtaining the best results in storage in Montage are to see that the vegetables are free from disease, that is carefully matured and free from injuries such as bruises caused by carriers handling at harvest time, have important points to be carefully noted and carefully attended to at the time of selecting the material for storage, namely every good specimen used in dollars and cents will be absolutely the answer later on.

For the storage of such crops as roots, carrots, potatoes, cabbage, celery, parsnips, etc., a small quantities of properly constructed, frost proof cellar should be available, with adequate ventilation. If you have a furnace cellar this can easily be arranged so it serves for all times during the storage period. If you have no furnace cellar, a cellar having a concrete floor, with a basement is available, and if you have not a cellar you could be provided with a small cellar, or small construction as to be built, apart from the furnace cellar, with a concrete floor, and a concrete wall to protect it from the frost. The cellar should be equipped with a small stove, small pipe, and small pan placed around the room. However, for the small quantities of vegetables kept in the store of for household use, this is not necessary if available, and a small cellar room could be provided with a small stove, small pipe, small pan placed around the room. Ready-made Medicine—You need no physician for ordinary ills when you have at hand a bottle of Dr. Thomas' Eclectric Oil. For coughs, colds, sore throat, bronchial troubles, it is invaluable for scalds, burns, bruises, strains it is unsurpassed, while for cuts, sores and the like it is an unequalled healer. It needs no professional letter than the use, and that will testify anyone as to its efficiency.

NEARLY CRAZY WITH PAINS IN BACK

Read How Lydia E. Pinkham's Vegetable Compound Helped Mrs. Blecroft

Hamilton, Ontario.—"I have suffered for three years from a female trouble and constant pain and irregularity which left me in bed four or five days each month. I nearly went crazy with pains in my back, and for about 3 weeks at a time I could not go about. I saw Lydia E. Pinkham's Vegetable Compound advertised in the Hamilton Steelgrit and I took it. Now I have no pain and am quite regular unless I overwork or get my feet wet. I have recommended the Vegetable Compound to several friends and they have found great benefit." Mrs. Ida Blecroft, 16 Ferrie St., Hamilton, Ontario.

For nearly forty years women have been telling how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. The accounts for the enormous demand for it from coast to coast.

If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It has helped others, let it help you.

NEW LAMP BURNS 94 PER CENT AIR

BEATS ELECTRIC OR GAS

A new oil lamp that gives an amazingly brilliant, soft white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent. air and 6 per cent. common kerosene (coal-oil).

The inventor, P. N. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, also even to give one FREE to the first user in each locality who will help him introduce it. Write him to-day for full particulars. Also ask him to explain how you can get the agency, and without experience or money, make $250 to $500 per month.

—On October 14th, a pleasant event took place at the Methodist parsonage, Stamford, when Marjorie E. B. Grills, youngest daughter of Mr. and Mrs. W. H. Grills, of Thurlow, was united in marriage to William Harold Gray, fourth son of the late Henry Gray and Mrs. Gray, Tweedsmuir.

—Messrs. Hyslop E. Neeve and Lawrence MacDuff, of Amherst, Nova Scotia, were in town on Sunday on their tour from Amherst to Vancouver, B.C. These two young men are called barrel rollers, for the reason that each one rolls a barrel in front of him or draws it behind him by means of a handle.

—Mr. Absalom Loucks passed away at the Kingston Hospital on Friday last, after a long illness. The funeral took place from the residence of Elmer, Mr. Hans Loucks, Robert Street, on Sunday afternoon at 2 o'clock. Mr. Loucks, previous to the last year, had been a resident of Napanee for many years, and was well known in this vicinity. Mr. Loucks was highly respected by the many friends, who sympathize with his relatives in their sad bereavement.

—The Royal Arch Chapter were At Home to their friends on Wednesday evening, in the Masonic Rooms, Napanee. This function which is fast becoming an annual affair, is the one opportunity when the members of the Chapter can allow the ladies into the sacred and confidence of the Order. A sumptuous supper was served by the committee, after which community singing and solo-singing were indulged in. Mesdames Fraser, Graham, Powell, Kennedy, Flynn, Gibson, Pope, Cunningham, Hall and Mrs. Ramsay contributed solos, and Mr. Ramsay favored with a solo in the form of dance.

—On Saturday evening last, a motor-cycle accident, in the form of Mrs. Robert Ramsay, passed away at her home near Newburgh. In the afternoon of the same day of her accident. The funeral was held on Monday, at 2 o'clock, from the residence, being conducted by Rev. A. S. Dickinson, Rector of Camden Parish. The remains were laid to rest in the Newburgh cemetery. Family spoke. Among the number of those who mourn her departure are her husband and two sons. The whole community unite in sympathy with the mourners in their sorrow.

—The football game staged at the drizzling park on Wednesday afternoon in aid of the Hallowe'en fire sufferers, ended with a score of 3 for the Students and 1 for the Collegiate. The weather was bad, with a very high wind, which no doubt kept many away from the game and reduced the amount raised for the fire sufferers.

—On Sunday afternoon a Chevrolet Sedan, driven by Miss Miller, of Kingston, while turning the corner at Dundas and West streets was run into by a Chevrolet car owned by a man from Belleville. The sedan had the running board and fenders on the left side smashed up and several spokes broken in one rear wheel. The Belleville car had the front fenders crumpled up.

Neighbor—They tell me your son is in the college football team.

Proud Mother—It is quite true!

Neighbor—Do you know what position he plays?

Proud Mother—I'm not sure, but I think he's one of the drawbacks!

He Checked Himself

One morning a young colored man wandered into a drug store and asked the proprietor if he might "use his telephone." Permission being granted, the youth went into the booth and gave the druggist overheard the following:

"Well, I'd like to speak to Miss Johnson, yes. Yes, sir! Miss Johnson. Ah'm jes wondered if you'd need a boy to cut yo' grass an' run yo' car an' help around de house? Yes? You got a boy now? Yo' sufficiently satisfied with him? Uh, huh. Ah wuz jes thinkin' Ah'd call an' see if Ah couldn't help you out. Yes, sir! Well, good-bye."

Then the boy left the booth. The druggist called to him.

"If you're looking for a job, I can give you one here," he said. "We need some one to make himself useful."

"Much obliged, boss," said the youth; "but Ah've got a job. Ah works for Miss Johnson. Ah just been checkin' myself up."

NONAGENARIAN RESIDENT OF BELVOIR DEAD.

There passed away Sunday night, Sept. 17th, 1922, Robert Cousins, of Belvoir, in his ninety-fifth year. With the passing of Mr. Cousins, another link with the early Victorians has been broken. Mr. Cousins was the son of a British soldier, and was born in H. M. barracks at Quebec, on June 17th, 1828. For a number of years he tilled the land in Ontario and then in 1849 responded to the mad rush to the California gold fields. For thirty-one years he served very admirably in the capacity of cemetery caretaker in Eureka, Humboldt County, California. In 1911 no answered the call of the West and took up a homestead. Mrs. Cousins predeceased her husband by twenty-five years. Interment took place last Tuesday in Tisko cemetery. The services at the home and graveside were conducted by the Rev. Wm. M. Thompson, of Mt. Eyre. A goodly number of friends attended as a token of their high esteem of the deceased. The pall bearers were Messrs. G. Sinclair, W. Craig, H. Tallin, E. Clark and George Breckenridge.

EMPEY HILL.

We are enjoying fine weather at time of writing.—Rev. Mr. Gardener, of Hallowell Circuit, occupied the pulpit on Sunday morning, in the absence of Rev. Mr. Anderson, who was attending anniversary services at one of the appointments on that circuit.—Mrs. I. Gibson has returned home from Kingston General Hospital, after undergoing an operation for appendicitis.—Mr. I. Jackson has also returned home from Kingston General Hospital.—The people of this community packed a fine box of clothing for the Northern Ontario fire sufferers this week.—Miss Helen Russell, of the N. C. I., spent the week end under the parental roof.—We attend holding our Anniversary Services here on Sunday next, the 29th inst. Rev. Mr. Farnsworth, of Cauliffton, will be the preacher at both services. If rain and bad roads we are hoping for fine weather, and on Monday evening a Fowl Supper will be served from 6 to 8 o'clock, after which a first class concert will be held. Everybody come! we expect a good time.

An Oil of Merit.—Dr. Thomas' Eclectric Oil is not a jumble of medicinal substances thrown together and passed by advertising, but the result of the careful investigation of the healing qualities of certain oils as applied to the human body. It is a rare combination and it won and kept public favor from its birth. A trial of it will surely convince you any time during its power to repair and heal.

"Say, you feel resentful toward a man because I stepped with you?"

"No, sir, all!" replied Senator Sorghum; "so long as I can see to it that he is never asked to step with anyone else."

WINTER FEED FOR THE DAIRY COW.

(Experimental Farms Note.)

How to keep up the winter milk flow is a problem confronting a great many dairymen, more so in sections where the temperature is severe than in the milder climate of British Columbia. Invariably the price of milk goes up in the fall and down in the spring and just as untirizedly the supply drops in the fall and increases in the spring. The dairyman given good cows, the proper proportion of feed to freshen in late fall, and conditions suitable for good general management in the matter of sanitation and the regular and regular milkers, it is then up to the feeder to keep the milk supply up to the maximum.

The dairy cow is a manufacturing machine and requires suitable raw material from which to manufacture milk. She can make excellent use of much roughage fed if supplied in conjunction with concentrates in the proper amounts. Among the most popular or widely used winter roughages are hay, straw, ensilage and roots and for dairy cows legume hays are much more valuable than grass hays. For milk production good alfalfa hay has no equal but, if this is unobtainable, good clover or mixed hay is satisfactory. Damaged hay can be made more palatable by cutting and mixing with silage or root pulp. The same holds true regarding straw. To provide the necessary succulence in a ration for dairy cows roots or silage, or both, are invaluable. Not only are these feeds palatable but they are bulky and comparatively cheap. Generally it is good business to grow a milking cow all these feeds she will consume.

This does not hold true regarding concentrates. A popular practice is to feed the cows one pound of grain for every two to four pounds of milk they produce. This is a good general rule to follow. What the grain mixture should be will depend upon prices of the different feeds at that time, bran, oats, barley, oil meal, shorts, soybean meal, flowers grains and cotton seed meal are the commonly used concentrates. Bran 1 part; ground oats 2 parts; ground barley 2 parts; oil cake meal 1 part; makes an excellent grain mixture for a commercial dairy herd. It should be kept in mind that a freshly calved cow abundantly and carefully fed will usually produce the cheapest milk. At this time a pound of grain is equivalent to several pounds given later after the cow has decreased in her milk flow.

Besides the roughage and concentrate, every producing cow should have plenty of clean water and salt, and many dairymen feel that at the present time provide bone meal, lime, charcoal and other minerals.

"You do, dearest," he replied gravely. "You hurt I feel so due to the fact that I know it hurts you to feel that you have hurt me."

"Ah, no!" she said. "Do not let that hurt you for an instant. My hurt is because I know it hurts you to feel that I have hurt myself by hurting you."

"No, no, my precious! My hurt is because you are hurt over feeling that I am hurt because you feel that you have hurt me, and so therefore hurt yourself and—"

While Chief Justice Taft was delivering a lecture in Portland, Ore., his friend, Bishop Keator, entered the auditorium, and the ex-President immediately satisfactied this story into his talk.

The Bishop was absorbed in a book while seated in a Pullman car. The porter scrutinized him very carefully, and said, "Excuse me, Senator, anything I can do for you, suh?"

The Bishop replied in the negative.

The porter returned again soon, and asked, "Shall ah open de window, Guvnor?" The response once more was, "No, thanks."

A third excursion he ventured, "Scuse me, Kuhnel, kain't an brush yo off?"

The Bishop looked up. "Listen, porter," he said, "I'm not a Senator, or a Governor, or a Colonel; nothing but a poor, common Episcopal Bishop."

On Buying Curtains

Remember LUX is at your service—its pure, bubbly suds make colours bright and clear, and the daintiest fabrics clean and fresh as when new.

The thin, satin-like flakes of Lux, manufactured by our own exclusive process, dissolve instantly into a rich lather as harmless to fine fabrics as pure water itself.

LUX

For Silk and coloured curtains—

Whisk a tablespoonful of LUX to a lather in half a bowlful of very hot water; then add cold water till lukewarm. Swirl the curtains about—work quickly—press the rich suds through and through the curtains but never rub. Rinse in three lukewarm waters. If you can, roll in a towel to dry. Or, dry in the shade.

For white curtains—not silk—soak for an hour in cold water. Then wash in the same way, using hot suds. Rinse in three hot waters and dry in the sun.

Lux stands supreme. It is sold only in sealed packets dust-proof!

He Checked Himself

One morning a young colored man wandered into a drug store and asked the proprietor if he might use the telephone. Permission being granted, the youth went into the booth, and the druggist overheard the following:

"Mist Johnson, is dat you?"

"Yes, sah; Mist Johnson. Ah'd been wonderin' if yo' need a boy to cut yo' grass an' run yo' car an' help around de house?"

"Yo' got a boy does it? Yo' suffickly satisfied with him? . . . Uh, huh. Ah right, Mist Johnson; good-bye."

When the boy left the booth, the druggist called to him.

"If you're looking for a job, I can give you one here," he said. "We need some one to make himself useful."

"Much obliged, boss," said the youth; "but Ah've got a job. Ah works for Mist Johnson. Ah just been chuckin' maself up."

NONAGENARIAN RESIDENT OF BELVOIR DEAD.

There passed away Sunday night, Sept. 17th, 1922, Robert Cousins, of Belvoir, in his ninety-fifth year. With the passing of Mr. Cousins, another link with the early Victorians has been broken. Mr. Cousins was the son of a British soldier, and was born in H. M. barracks at Quebec, on June 17th, 1828. For a number of years he tilled the land in Ontario and then in 1848 responded to the mad rush to the California gold fields. For thirty-one years he served very admirably in the capacity of cemetery caretaker in Eureka, Humboldt County, California. In 1914 he answered the call of the West and took up a homestead. Mrs. Cousins predeceased her husband by twenty-five years. Interment took place last Tuesday in Tiske cemetery. The services at the house and graveside were conducted by the Rev. Wm. M. Thompson, of McGee. A goodly number of friends attended as a token of their high esteem of the departed. The pall bearers were Messrs. G. Sinclair, W. Craig, H. Tulin, E. Clark and George Breckenridge.

EMPEY HILL.

We are enjoying fine weather at present writing.—Rev. Mr. Gardiner, of Hallowell Circuit, occupied the pulpit on Sunday morning, in the absence of Rev. Mr. Anderson, who was preaching anniversary services at one of the appointments on that circuit. —Mrs. J. Gibson has returned home from Kingston General Hospital, after undergoing an operation for appendicitis.—Mr. I. Jackson has also returned home from Kingston General Hospital.—The people of this community packed a fine box of clothing for the Northern Ontario fire sufferers this week.—Miss Helen Russell, of the N. C. I., spent the week end under the parental roof. We intend holding our Anniversary Services here on Sunday next, the 29th inst. Rev. Mr. Farnsworth, of Canifton, will be the preacher at both services, 10 a.m. and 7 p.m. We are hoping for fine weather, and on Monday evening a Fowl Supper will be served from 6 to 8 o'clock, after which a first class concert will be held. Everybody comes, we expect a good time.

An Oil of Merit.—Dr. Thomas' Eclectric Oil is not a jumble of medicinal substances thrown together and pushed by advertising, but the result of the careful investigation of the healing qualities of certain oils as applied to the human body. It is a rare combination and it won and kept public favor from the first. A trial of it will carry conviction to any who doubt its power to relieve and heal.

"Do you feel resentful toward a man who disagrees with you?"

"No, at all," replied Senator Sorghum; "so long as I am see to it that he remains associated with the minority."

WINTER FEED FOR THE DAIRY COW.

(Experimental Farms Note.)

How to keep up the winter milk flow is a problem confronting a great many dairymen, more so in sections where the temperature is severe than in the milder climate of British Columbia. Invariably the price of milk goes up in the fall and down in the spring and just as untiringly the supply drops in the fall and increases in the spring. The dairyman given good cows, the proper proporation used to freshen in the fall, and conditions suitable for good general management in the matter of sanitation and thorough and regular milkers, it is then up to the feeder to keep the milk supply up to the maximum.

The dairy cow is a manufacturing machine and requires suitable raw material from which to manufacture milk. She can make excellent use of much rough feed if supplied in conjunction with concentrates in the proper amounts. Among the most popular or widely used winter roughages are hay, straw, ensilage and roots and for dairy cows legume hays are much more valuable than grass hays. For milk production good alfalfa hay has no equal but, if this is unobtainable, good clover or mixed hay is satisfactory. Damaged hay can be made more palatable by cutting and mixing with silage or pulped roots. The same holds true regarding straw. To provide the necessary succulence in a ration for dairy cows roots or silage, or both, are invaluable. Not only are these foods succulent but they are bulky and comparatively cheap. Generally it is good business to give a milking cow all these feeds she will consume.

This does not hold true regarding concentrates. A popular practice is to feed the cows one pound of grain for every 3 to 4 pounds of milk they produce. This is a good general rule to follow. What the grain mixture should be will depend upon prices of the different feeds at that time, bran, oats, barley, oil meal, shorts, soybean meal, brewers grains and cotton seed meal are the commonly used concentrates. Bran 4 parts; ground oats 2 parts, ground barley 2 parts; oil cake meal 1 part; makes an excellent grain mixture for a commercial dairy herd. It should be kept in mind that a freshly calved cow abundantly and carefully fed will usually produce the cheapest milk. At this time a pound of grain is equivalent to several pounds given later after the cow has decreased in her milk flow.

Besides the roughage and concentrates heavy producing cows should have plenty of clean water and salt, and many successful feeders at the present time provide bone meal, lime, charcoal and other minerals.

"No, dearest," he replied gravely, "the hurt I feel is due to the fact that I know it hurts you to feel that you have hurt me."

"Ah, no!" she said. "Do not let that hurt you for an instant. My hurt is because I know it hurts you to feel that I have hurt myself by hurting you."

While Chief Justice Taft was delivering a lecture in Portland, Ore., his friend, Bishop Keator, entered the auditorium, and the ex-President immediately sandwiched this story into his talk.

The Bishop was absorbed in a book while seated in a Pullman car. The porter scrutinized him very carefully, and said, "Excuse me, Senator, anything' ah kin do fo' yo', suh?" The Bishop replied in the negative.

The porter returned again soon, and asked, "Shall ah open de window, Guvner?" The response once more was, "No, thanks."

On Buying Curtains

Remember LUX is at your service—its pure, bubbly suds make colours bright and clear, and the daintiest fabrics clean and fresh as when new.

The thin, satin-like flakes of Lux, manufactured by our own exclusive process, dissolve instantly into a rich lather as harmless to fine fabrics as pure water itself.

LUX

For Silk and coloured curtains—

Whisk a tablespoonful of LUX to a lather in half a bowlful of very hot water; then add cold water till lukewarm. Swirl the curtains about—work quickly press the rich suds through and through the curtains but never rub. Rinse in three lukewarm waters. If you can, roll in a towel to dry. Or, dry in the shade.

For white curtains—not silk—soak for an hour in cold water. Then wash in the same way, using hot suds. Rinse in three hot waters and dry in the sun.

Lux stands supreme. It is sold only in sealed packets—dust-proof!

Essentially Different

THERE are two most important things about any Electric Range—the cooking element and the oven. Everything else is of lesser importance.

And in McClary's Electric Range both these points are different and superior.

The Cooking Element are protected. The heating coils being embedded in tough porcelain, are protected from spilled food and other damage. They heat as quickly and remain hot much longer than any other kind.

The Seamless Oven—of welded steel, porcelain enamelled with rounded corners is sanitary and easily kept clean. It operates like a fireless cooker, because when once heated it stays heated until the baking is done.

CELLAR WINTERING.

(Experimental Farms Note).

In all parts of Canada bees require protection from the wind and cold during the winter months. There are two methods by which this protection can be supplied; either by packing the colonies in special outside wintering cases or by placing them in a cellar. Although outside wintering is gaining in popularity, cellar wintering will give excellent results in any part of Canada where the conditions in the cellar are such that they will prevent the bees from wearing themselves out with too much activity; and is advisable in the more northern localities where the winter weather is usually very severe.

The cellar for bees, no matter whether it is built especially for the purpose or partitioned off from the cellar beneath the beekeeper's residence, should be one that is well insulated against the variations of the outside temperature and can be maintained at a temperature of about 48 degrees F. throughout the winter. It should also be dry in order that there is no condensation of moisture at any time and fitted so that it can be ventilated when necessary.

Bees to be wintered in the cellar will require less stores than those wintered outside but those stores must be of the best, containing as little indigestible matter as possible or the bees may die of dysentery before the spring. Clover honey or sugar syrup is the best food for cellar wintered bees. The bees should be brought into the cellar immediately after the last good cleansing flight which is usually about the first week in November. It is far better to put the bees in a week or two before the last opportunity of a flight than to leave them exposed to the cold that is not followed by a cleansing flight. If the temperature is sufficiently low there will be no need for closing the hive entrances when bringing them in. The hives should be carried as carefully as possible, with little disturbance to the bees and they should be placed on empty hive bodies or other stands of similar size in tiers of four high. The covers of the hives need not be removed. The entrance should be left open full width but if there is a danger from mice getting into the hive the entrance may be covered with screening with ⅜ inch mesh. No white light should be used in the cellar. Dead bees may be cleaned up from the floor at intervals, but there must not be any disturbance to the colonies at any time. If the cellar is properly constructed the bees will require no further attention during the winter.

C. B. GOODERHAM,
Dominion Apiarist.

Health cannot be looked for in the child that is subject to worms, because worms destroy health by creating internal disturbances that retard development and cause serious weakness. Miller's Worm Powders expel worms and are so beneficial in their action that the systems of the little sufferers are restored to healthfulness, all the discomforts and dangers of worm infection are removed, and satisfactory growth is assured.

BURY FATHER AND SON. VICTIMS OF HOLOCAUST

Captain Joseph Fleming and his son, Stanley, two ex-service men of Deseronto, victims of the Northern fires, were laid to rest in worthy company this afternoon side by side, in the Veteran Plot in Prospect cemetery, Toronto.

Capt. Fleming fought right through the South African campaign, survived the World War, the Halifax disaster, and a Hamilton street car crash, was one of the five hundred men sent up in the Klondike by the Dominion Government when the gold rush was at its height.

Capt. Fleming was a member of the Royal Standard Masonic Lodge of Halifax, and full Masonic honors were paid them at the funeral.

Deceased was fifty years old, and his son, Stanley, twenty-five. Capt. Fleming was connected with Canadian militia for upwards of thirty years. Just before the world war he was pensioned off. He had won several medals for conduct and service. At the outbreak of war he immediately offered his service for the Empire, was transferred from Halifax to Valcartier, where he took part in forming the first C.E.F. Later he was sent to France, and was Quarter Master Sergeant throughout the war. Last June he had taken up a farm at Hesslip, Ont., where he and his son had completed building a new house, and was about to come to Toronto to join his wife, where they intended to live for the winter.

Capt. Fleming married Miss Susie Bawn, daughter of Robert J. Bawn, Sydney, Ont. She is left to mourn their loss. Mr. H. S. Bawn and his sister, Mrs. W. J. Haggarty, of Deseronto, Ont., is attending the funeral today.—The Toronto Star, Oct. 13th, 1922.

ROD AND GUN IN CANADA.

Sportsmen and lovers of the outdoors ought to find a lot of solid pleasure in their perusal of the November issue of Rod and Gun in Canada. The usual collection of stories, articles and features is not only extensive and generous, as usual, but it is of particularly high quality as well. Raymond Thompson is the author of a thrilling tale, entitled, "The Scourge of God," while "Madawaska" is a charmingly illustrated article that is full of interest. The departments are all instructive and well-balanced. A feature is a complete table of the trapping laws of the provinces of the dominion, while the Trap Line Department, edited by M. U. Bates, offers a wealth of valuable information which the trapper will not want to miss. Rod and Gun in Canada is published monthly at Woodstock, Ont. by W. J. Taylor, Limited.

Two men thrown together at a horse show were discussing their adventures with the equine tribe.

"A horse ran away with me once, and I wasn't out for two months," remarked the man with the Trilby hat.

"That's nothing," replied the man with the bowler. "I ran away with a horse once, and I wasn't out for two years!"

No need to suffer with corns, or to run the risk of maiming them. Remove them surely and painlessly with Holloway's Corn Remover.

"Here's a man found nine pearls in an oyster stew. Wonderful, hey?"

"Oh, fairly-startling. I thought you were going to try to lead me to believe he found nine oysters."

WHAT MADE ME HAPPY

"I was congratulating myself that I had passed the winter without catching a cold, when I got one at the beginning of last May. It was because I was run down. Being run down I had some trouble in getting rid of this cold. I was a nervous wreck. I would wake up regularly mornings feeling that some terrible calamity would take place. Although we were comfortably off, I felt sure my husband was going to lose everything. The children worried me. If they made the least noise, I would go into a terrible temper. I would scold them so that I am sure they hated me. I would be mad with myself after it was over and make up my mind never to let it happen again. I would go to bed at night and begin to think and picture dreadful things which might happen to me and my family. I would lay awake for hours, sometimes until daylight, until I was so weak that I could scarcely raise my head. I would waken next day just as tired as when I laid down. After a while I got so that I didn't care what happened. The children annoyed me and I wouldn't have cared if they had left me for good. I felt that I was only a matter of time before I would lose my mind. I knew that my symptoms were due to a run down condition and that if I could only get something to build me up, I might be all right. I knew that there must be some good tonics but most of them made such foolish claims that I was afraid of them. Happening one day to run across a leaflet about Carnol, I was impressed with the moderate way this preparation was described, so I made up my mind I would try it. I did and today I am the happiest and healthiest woman living. I haven't a care in the world. Instead of running away from me, my children are now with me all the time. My husband tells me that my disposition is as near an angel's as any human being's, can be, but of course he is prejudiced. I don't believe I have a nerve in my body now."

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 6-622

"Turkey and Armenia" To-night

The citizens of Napanee and surrounding country will be glad to learn that the Historical Society is about to put on another series of interesting free lectures. For years, if not in Ontario are privileged as in Napanee in this respect. The first lecture will be given to-night (Friday), in Historical Hall, over the Public Library, at eight o'clock, and the subject "Turkey and Armenia", is one that is sure to prove most interesting. The address will be delivered by Professor Cornish, and will be illustrated by lantern views. No admission fee is charged and everybody is welcome. The audience should be in their seats by 8 o'clock sharp so as not to disturb the lecturer after the door is open.

Aged Resident Dead.

Mr. George Lewis, Sr., an elderly, resident and respected citizen, died at his home on Thomas Street, Deseronto, on Friday evening last, after a long illness. Deceased was in the 87th year of his age and had been a resident of Deseronto for many years and was highly esteemed. Mr. Lewis had been ailing some for a few years past, but was not confined to bed until very recently. He moved to Deseronto with his wife from Yarker about two and a half years ago. Mr. Lewis was born in North Fredericksburgh, and lived in that community for forty years, when he moved with his family to Portland township, near Yarker, where he lived until about nine years ago. Failing in health he sold the farm and moved into Yarker.

THE RED CROSS SOCIETY

The Society is very grateful to Mrs. F. E. Miller for the use of her home for work-meetings for the Northern sufferers.

Household goods and effects and wearing apparel, old and new, to the value of $1800.00, have been sent away.

The Society also wishes to thank the Catholic Women's League for sending nine boxes; the merchants of the town, and all others who gave donations of money and goods.

A letter of thanks has been received from the Ontario Red Cross.

A VAST IMPROVEMENT

The Family Herald and Weekly Star of Montreal starts its fall and winter campaign this week vastly improved paper over what previously looked like perfection. To those who have read that great weekly for years it would seem impossible to make improvements. Nevertheless the publishers seem determined regardless of cost to make the Family Herald better value than ever before. Every Department is being strengthened and new features added. In fact the Family Herald and Weekly Star during 1923 will be of such value that no Canadian home can afford to be without it.

N. C. L. SPORTS.

On Saturday the Trenton H. S. basketball teams visited Napanee to play the Collegiate teams. The games were played in the Armouries, and resulted in a score of 19-10, in favor of Napanee, for the Senior game. The game was fast and interesting from start to finish. The Juniors in a strenuous game were defeated by the visitors, the score being 32-7.

The Senior line-up was as follows: Trenton—Forwards, Eileen McCauley, Sarah Hendricks; centres, Annie Milligan, Bessie Bruyea; guards, Doris Bowers, Olive Anderson. Captain, Annie Milligan.

Napanee—Forwards, Marian Roblin, Mildred Perry; guards, Edna Vankoughnett, Alma Wales; centres, Winnifred and Betty Perry. Captain, Winnifred Perry.

Trenton Junior line-up—Forwards, Kathleen McCauley, Nora Haines; centres, Irene Nichols, Lena Desjardins; guards, Helen Hawkins, Helen Sutcliffe.

Napanee—Forwards, Y. McGraw, K. O'Ray; centres, K. Gallagher, H. Davy; guards, L. Birchall, G. Rablin; subs, M. Derry, R. Dalton.

The Albert College Football Team also visited Napanee Saturday to play against the Collegiate boys. After a fast, exciting game the score ended 2-1, in favor of the Napanee Collegiate. Following the games refreshments were served to the visitors in the Collegiate, and in the evening the students made merry on the streets with a parade.

POULTRY DEMONSTRATION

A Free Educational Poultry Demonstration will be given in the Armouries, Napanee, on Wednesday and Thursday, November 1st and 2nd, 1922.

The following have listed cockerels and pullets for sale at the demonstration: W. A. Embury, G. H. Young, S. A. Denyes, Harold Pringle, E. W. Metcalfe, Stanley Richardson, J. M. Thompson, H. Drew & Sons, Ray Perry, Frank Marsh, Mrs. A. H. Oliver, Fraser Bros., W. M. Lowry. The total number of birds listed for sale are, males 157, females 77. Farmers and poultrymen requiring good breeding stock will find it to their advantage to look over the sale classes carefully.

Mr. Frank Marsh will have an attractive exhibit at the Demonstration, consisting of laying mashes, scratch feeds, growing mashes, fattening mashes, alfalfa meal, beef meal beef scrap, grit, oyster shell, coarse ground bone and home grown grains. He will be pleased to explain to all poultrymen the proper methods of feeding their laying hens for egg production, and answer any questions pertaining to feeds and feeding.

Boyle & Son and Mabbs Hardware Co. are putting on exhibits featuring poultry feeds, drinking fountains, feeding hoppers, killing knives, bleeding cups, poultry netting and poultry disinfectants. A representative from each firm will be in charge of their exhibit and will be glad to explain to the public all about the goods they have for sale pertaining to the poultry industry.

The Gifford Furniture Co. have kindly consented to erect a grand exhibition of chairs, in front of all the exhibits.

MRS. JOS. SAGAR,
43ap Opposite Anderson's Garage.

YARKER.

The stone crusher has finished here and moved to Sharp's Corners. They put on a long stretch of gravel east of the village which was needed very badly, but it is a pretty hard road for the autos to face. It almost looks as if the Township Council wanted to put the autos out of business, the shape they leave the road in.

The many friends of Mr. Geo. Lucas, Deseronto, were very sorry to hear of his death. He was a resident of this vicinity nearly all his life. The Red Cross workers are very busy at present helping the fire sufferers.—Mr. Spicer has returned from the Northwest and reports good crops there.—Mr. Lee has moved back to Sydenham. He says there is no place like the "old home town."—Mrs. Benjamin has treated herself to a new Ford sedan.—Mr. R. T. Hyland is spending a few days at home.—Harold Freeman's child is very sick at present.—Gerald Warner is able to be around again after a few days illness.—Mrs. and Mrs. J. T. Main attended the funeral of one of their friends.—The threshing is about all done in this locality.

On Sunday night some outsider dumped a bag full of cats in this village about half starved and they continued to cry until the people took pity on them and fed them. The person that did this is most inhuman and deserves to be punished. Anyone having more cats than they want should make way with them and not dump them in the streets of some village to roam around and annoy some else by their crying for something to eat.

Programme for Week of Oct. 27th to Nov. 2nd

FRIDAY AND SATURDAY.

Metro Picture Corporation presents FRANK ELLIOTT in his best photoplay. Do you like to be thrilled? If so, we can tell you how. Don't fail to see "THE HOPE." It is a treat. Also a 2-reel comedy, and next episode of "Robinson Crusoe."

MONDAY AND TUESDAY.

NORMA TALMADGE presents one of her good plays, "THE SIGN ON THE DOOR," a screen drama with Miss Talmadge responding splendidly to its histeric demands. It ranks with her best. Also a skipper's comedy, "The Skipper has his Fling."

WEDNESDAY AND THURSDAY.

Another picture of real people, by Rupert Hughes, with COLLEEN MOORE in "THE WALL FLOWER." You will laugh with it—you will want to cry over it—you will love it as you have loved a few stories of the screen. You won't miss this if you have a wall flower in your home. Also a special Christie comedy, "Southern Exposure," and the first episode of our new serial, "ADVENTURES OF THE TARAZONI." It's the serial to see. You can't help but see it all if you see the start.

DISTRICT MEETING AND SPIRITUAL COUNCIL.

A Ministerial Session of the Autumn District Meeting of the Napanee District was held in Grace Church, Napanee, on Thursday last, at 10 a.m., followed by a Spiritual Council at 2 p.m. Both sessions were presided over by Rev. A. J. Terrill, B.A., B.D., who is District Chairman. The Financial Secretary of the District, Rev. J. W. Down, acted as Secretary for both sessions. After worship led by the Chairman, the morning session was declared open for instruction and consultation. Following a few well chosen words by Rev. Mr. Terrill, stating the object of the meeting, Rev. Louis M. Wight, B.A., B.D., of Tweed, gave a very carefully prepared and informative report of the sayings and doings of the recent General Conference. All constitutional amendments were carefully noted by the fifteen ministers present, and in carrying on they will be guided by such notes until the amended constitution is printed and placed in their hands. The final readjustment of conference funds was made and each minister present was furnished with exact figures in relation to all amounts to be paid by his circuit during the conference year. The Young People's work was passed in review and a committee was appointed to arrange for certain conventions or institutes to be held at some future dates. A Reading Circle for the ministers of the district was arranged for, and Rev. M. W. Lazier was elected Secretary and instructed to order and circulate the books.
In the afternoon a Spiritual Council was held and proved to be a session of inspiration and edification to all present. The District Chairman conducted the service and the special address was given by the noted Evangelist, Rev. Mr. and Mrs. Aikenhead. They were assisted by Mr. Lefbvre, a very fine and forceful singer of Gospel Hymns. The influence of the service will be lasting and fruitful of much good.

OBITUARY.

Mrs. A. F. Holmes.

The death occurred in Napanee, on Sunday, October 29th, 1922, of one of the town's oldest and respected citizens, in the person of Adeline Elizabeth Aylesworth, widow of the late Capt. Alfred F. Holmes, at the age of seventy-five years and five months.
She was born near Ernestown, in what was then known as the Township of Addington, on the land being the late Peter and Matilda Aylesworth, and she lived almost her entire life on the Town Line Road.
In the year 1869, deceased was married to George Herring, son of the late John Herring, who died in 1885. In 1887 she was married to Capt. A. F. Holmes, surviving are five children, Bell, Mabel C. Ward, of Detroit; Mrs. J. W. Robinson, Napanee; Mrs. Garnet M. Hagerman, Lethbridge, Alta.; Mrs. Ethel Bell, Napanee, and Miss Nellie M. Holmes, Napanee; and one brother, Mr. Ross Aylesworth, of Napanee.
A member of St. Mary Magdalene church, deceased was a regular and active member. Her pastor, Rev. Canon Coleman, conducted the funeral service at the residence, and interment was made in the family plot in St. Mary Magdalene Church cemetery.

GUAH—HANNAH.

At the parsonage, Oct. 19th, 1922, by the Rev. J. Wesley Down, Mr. Wesley Guah, of Napanee, and Miss Gertrude Quah, of Kingston, were united in marriage. The bride looked very pretty in a travelling suit of navy blue serge, with hat to match. They were attended by Mr. and Mrs. Percy Hannah, of Napanee. After the ceremony a dainty wedding supper was served. The bride received many handsome presents, including a set of silver knives and forks from the groom. The happy couple left on the evening train for Toronto, where they will reside.

At 8 p.m. sharp, Mrs. Geo. Paul began the strains of Mendelssohn's wedding march, followed by the bridal chorus, and the groom, accompanied by bridesmaid and flower girl, followed by the bride with her father, entered between white ribbons held by four lady friends of the bride. They took their places under a beautiful arch of Autumn leaves, where the marriage ceremony was performed by Rev. Geo. Nickle. While the register was being signed, Miss Elizabeth Cullen, of Kingston, sang "Because". The usual congratulations were offered and a dainty buffet luncheon was served, after which toasts to the bride and groom and others were proposed.
At 11.30 p.m., the happy couple, under showers of confetti and good wishes, left by auto for Niagara and other points in Uncle Sam's territory. Among other guests of honor were Dr. and Mrs. Murriman and family, of Poland, New York; Miss Elizabeth Shillitto and Miss Camilla Rockwell, sister nursing graduates of the bride from Faxton Hospital, Utica, N.Y.

Young and old will find in Rexall Orderlies the most pleasant and effective laxative. No griping. 25c., 50c. and $1.00, at Wallace's.

"TURKEY AND ARMENIA"

The Historical Society of Lennox and Addington got away to a good start on Friday night, when for the first lecture of the season Professor Cornish lectured on "Turkey and Armenia". The Hall was filled to the door and the verdict of the audience was that the meeting from start to finish was most instructive and interesting. That the lecturer held the attention of all for an hour and a half is in itself sufficient testimony to his subject and presentation.
Professor Cornish traced the origin and development of the Turkish Empire; its gradual decline and downfall from the very first down to the present day. Then followed a similar treatment of the Armenian race. The lecturer proceeded to show the way in which the two were thrown together and the several causes for the specially cruel treatment afforded the Armenians by the Turks. In making this clear to the audience Prof. Cornish had to show the play and interplay of forces that were quite extraordinary to the immediate races concerned, how it was that Russia and England and France all had a deforming influence on the present situation. This necessitated a birds eye view of the whole of the near East situation, a view which has played such an important part in all international considerations during the last century. And in passing he paid a well deserved tribute to the firm stand of the British in the present crisis which in his judgment had prevented a great upheaval in southern Europe.
The lecture closed with the presentation of a number of lantern slides which gave a vivid portrayal of the countries which have had so much to do with the foreign policies of the powers of the world for generations.
The Historical Society endeavors to keep up the literary and historical interest of the town and county. That it has to some extent succeeded is shown by the large and interested audiences that greet those whom the Society secures to address its meetings from time to time. Admission to all the lectures is entirely free, though a fee of one dollar is charged the non-resident members.

Soldiers' Settlement Board

The Home Branch of the Soldier Settlement Board conducted a four-day short course in Home Economics in the I. O. O. F.-Hall, Napanee, this week.

These Educational classes have been conducted by the Home Branch throughout Canada, during the past three years, for the benefit of wives of returned men who have settled on the land. The success of this branch of educational work is due largely to the efforts of Mrs. Jean Muldrew, Director of the Home Branch for Canada, who has promoted this work from its inception throughout all the provinces. Mrs. Muldrew and Miss Ruth Lamplin, Ontario Director of the Home Branch S. S. B., directed the course in Napanee this week.

A nurse was provided for taking care of six babies in order that their mothers might be care free to attend the four classes.

The following were enrolled for these classes in this district:—

Mrs. C. R. Fisher, Frankford; Mrs. H. M. Putman, Deseronto; Mrs. J. N. Maillie, Joyceville; Mrs. F. W. Churcher, Picton; Mrs. J. G. Newman, Picton; Mrs. R. Crawford, Shannonville; Miss M. Trepanier, Flinton; Mrs. C. E. Dunill, Forboro'; Mrs. T. F. Jordan, Rossmore; Mrs. C. E. Cannon, Portland; Mrs. J. W. Knox, Ameliasburg; Mrs. J. R. Donaldson, Merrickville; Miss E. Donaldson, Merrickville; Mrs. F. Milner, Milford; Mrs. Geo. Goodwin, Cherry Valley; Mrs. A. F. Mitchell, Demorestville; Mrs. W. F. Turnham, Odessa; Mrs. D. Clissold, Lyndhurst.

The Home Branch are particularly grateful for the co-operation of the I. O. O. F. and the Department of Agriculture, Napanee, for their extended courtesies and assistance in providing such comfortable accommodations for the classes. Through the courtesy of Mr. Harry VanLuven a fine victrola was loaned for entertainment during the course.

The members of the Women's Institute and the Red Cross were invited to attend any of the sessions which might be of interest.

OBITUARY.

William J. Roach.

After a couple of years of extreme suffering and pain, William J. Roach passed away at his home on Dundas street, Deseronto, on Monday evening of last week, October 23rd, shortly after six o'clock. He passed into his last sleep early in the morning being unconscious till the last breath had departed in the evening.

Mr. Roach was born in Deseronto fifty years ago, his parents being Mr. and Mrs. Thomas Roach, who were the first white settlers and built the first house in Deseronto more than seventy-one years ago. He was the youngest child born to these thrifty pioneers.

At the age of four he removed with his parents to what is now known as the Roach farm on the Deseronto road and upon the death of the father and mother became the owner of the farm, operated and maintained it together with his sister, Elizabeth, until about two years ago, when on account of failing health he, with his sister, established their residence in Deseronto.

The deceased was well and favorably known to all the people of Deseronto and district. He was thrifty and accumulated well of this world's goods. He was a Catholic in religious matters and he was a good friend to all other denominations and bore the good will of all to the end.

The deceased was unmarried as was his sister Elizabeth, who has lived with him during all of his life and now mourns his loss. His sister, the late Mrs. Robert Dowling, was the first white child born in Deseronto, seventy years ago, and his deceased brother, John, who died three years ago, was the first white male child born in Deseronto. Another brother, Cornelius, predeceased him some years ago, and two others died in their infancy.

The surviving heirs all members of the family, in addition to the sister, Elizabeth, include Mrs. Orvin Tobey, a sister, Hawley, Ont.; Thomas Roach, Calgary, and M. B. Roach, Washington, D.C., brothers; also a number of nephews and nieces. The nephews and nieces that have lived as a neighbor and friend to their deceased uncle all their lives that survive are the children of Mr. and the late Mrs. Robert Dowling, include Miss Mary Ann Dowling, a daughter, and sons, Edward, Joseph, Thomas, Robert, William and Cornelius. The Roaches and the Dowlings have had much concern in the making of the history of Deseronto and district.

The passing away of the deceased in the prime of life is the regret of all who knew him. The cause of his death was a rheumatic infection that failed to respond to treatment.

The funeral and high mass of requiem was celebrated at St. Vincent de Paul's Church, on Wednesday, at 9 a.m., after which the remains were placed in the vault of the Deseronto cemetery to await burial, at which there was a large attendance.

Get out in the open with a Kodak! It means better health for all, and autumn pictures have a charm unequalled by any other season. Ask for a catalogue at Wallace's.

Your Traveling Sun Parlor

THIS GREAT NASH 6—7-PASSENGER SEDAN

The big margin of extra value in this Nash Six Sedan shows perhaps to even greater advantage than in any other Nash-built product.

This car is the final proof that Nash body designing, Nash finish, Nash appointments and refinements rank side by side with Nash engineering.

Hung low on a strong enduring chassis of one hundred and twenty-seven inch wheelbase; yet with ample road clearance and with its wonderful new type springs; it rides as easily on country highways and crowded roads as in service about town.

The famous Nash perfected Valve-in-Head motor is a guarantor of its faithful and continuous performance.

Its mohair interior furnishing and upholstery is of the same choice quality used in the most expensive cars. And the bright nickel instruments mounted in neat, convenient arrangement on the dash, indicate the quality built into every detail of this great car.

The Nash Six Sedan should not be regarded in the light of a mere conveyance. For it is in addition a room of your home—a luxurious, swift-moving sun-parlor.

The wide, roomy seats, the broad doors, the unusually comfortable auxiliary seats, all point to the fact that passenger luxury has been the first and final consideration.

THANK YOU!

We wish to thank the public in general, out-of-town customers in particular, for the wonderful patronage you have given us during our Slaughter Sale. Although we are prepared for the largest sale of its kind ever attempted in Napanee, the response of the people who came to get high grade merchandise at the right prices really overwhelmed us.

This Slaughter Sale has brought many exceptional values, and we want you to spread the news of this great saving among your friends and neighbors, as it is one of the big events that comes but once a year. It is a business proposition, make it your business to be here, for our aim is good to save when it is unnecessary, also this is repeated for you.

For the benefit of our customers, this sale will be continued one week more. Come and get your share.

LAY LIBRARY LAUNCHED.

ANGLICAN CHURCH IN CANADA BEGINS GREAT WORK OF INSTRUCTION.

An enterprise of considerable magnitude has been entered into by the Anglican Church in Canada. The Layman's Library of Practical Religion is to consist of a series of volumes, issued at the rate of two a year, during the seasons of Advent and Lent. The first volume, "Some Essentials of Religion", is to be published shortly and other volumes entitled, "God", "Jesus Christ", "The Bible", etc., will follow.

The church edition, bound in cloth is being sold by the rectors. Over 5,000 copies have been ordered by the rectors throughout the dominion. The church edition is issued at cost price, no one making profit, but all contributors, organizers and editors giving freely of their time and effort so that the books may be as widely circulated as possible amongst those who desire a greater knowledge of the essentials of their religion.

The Rt. Rev. J. C. Roper, Bishop of Ottawa, is the chairman of the undertaking, the other members of the editorial board being the Bishops of Ontario, Fredericton and Kootenay. The permanent value of the enterprise, the need of such books, the wide field through which they will go, and the conservation, and the fearless and impartial subjects treated, all go to make a useful publication for every member, introducing to every reader, and simple form, the reasonableness and the beauty of their religion.

The first volume, "Some Essentials of Religion", is by the Archbishop of Ontario, and is entitled "What I Believe and Why". The second volume, "The Bible", by Archdeacon Paterson-Smyth, "What the Bible Is and How It Came to Be". The third volume, "God", by Rev. H. Hamilton Gray, Principal of Montreal Diocesan Theological College. The fourth volume, "Jesus Christ", by Rev. Canon Quainton. To the following volumes no definite titles have been given, but they will be entitled, "Systematic Theology", "The Church", "The Sacraments", "Christian Ethics", "Christian Evidences", "Prayer and Worship", "Missions", "Christian Doctrine", "Old Testament History", "New Testament History", "Christian Biography", "Christian Literature", "Christian Art", "Christian Music", "Christian Architecture", "Christian Education", "Christian Social Service", "Christian

TURNING AWAY FROM MEAT

In New York Big Hotels Meals Entirely of Vegetables Are Increasing in Popularity.

According to the New York Times the diners of the American metropolis are becoming vegetarians. Approximately seventeenth to one-fifth of the guests at the hotels here today are ordering vegetables for their meals instead of meats. All of the big hotels keep a very careful record of the sales of the different items on the menus for each day, and a reputation made recently at the Hotel Pennsylvania revealed that a surprising percentage of patrons omitted meat items entirely in their lunch and dinner orders. While the percentage for lunch was much higher than that for dinner, the number of dinner guests who refrained from meat entirely was also very large.

In the opinion of Chef Julien Jacquier of the Pennsylvania this is the result of years of emphasis on the value of vegetarianism. The vegetable, a few years ago, was very generally the butt of the comic papers; but with the war a great deal more cause to be thought of him by people who found that a thoroughly satisfactory meal could be made from vegetables and at much less cost. Chef Jacquier believes that this is responsible for the many calls given nowadays in the big hotels for vegetable luncheons and dinners, which have a special place on the menus.

ANCIENT LAWS OF INTEREST

Oldest Known Written Code Has Recently Been Translated by Eminent French Scientist.

What is said to be the oldest known written code of laws in the world, probably antedating that of Hammurabi by at least 1,000 years, has been discovered in part among the hitherto untranslated clay tablets from Nippur at the University of Pennsylvania museum.

The Hammurabi code was prepared about 2100 B. C., and was discovered about 20 years ago on a large diorite stone by French explorers.

The laws, just translated by Abbe Scheil of Paris, deal with responsibilities of hired servants, rentals, rights of slave women who have borne children to their masters, punishment for adultery, etc.

One interesting statute provides that rentals must run for three years in case a man has taken over a house he owned does not know how to manage. This is somewhat obscure and may mean that all rentals were for that term. In any event property must not be idle or be improperly used.

In case a slave bore children to her master she and the offspring were free, and if the master married the slave the children became legitimate.

Indian Is Model Soldier.

Accusations that he was a German spy caused Odlo Leader, Choctaw Indian, to go "mad" at first, but finally to be chosen as a model American soldier for a portrait made to hang upon the walls of the French Federal building.

Leader, in war days a foreman on a ranch near Calvin, Okla., burned from idle rumor in his neighborhood that he was accused of being a German spy. He immediately enlisted and in the course of a brilliant war record was cited for bravery. During the encampment for which he was cited he captured two machine guns and 35 prisoners, manning a machine gun for three days after the remainder of his crew had been killed. Downtown, the French artist, picked upon Leader as the ideal of a typical American soldier and made a painting from him which now graces the walls of the French Federal building.

Twice wounded and twice gassed, Leader has been doing exceptional work and only recently brought home his bride, Miss Lucy Carter from Oklahoma City.—Wichita Beacon.

Largest Motor Ship.

The Africa, which was launched at Copenhagen, Denmark, Dec. 11, 1919, by the East Asiatic company, is said to be the largest motor ship in the world. Her dimensions are: Length over all, 464 feet 6 inches; beam on frames, 59 feet; depth from awning deck, 42 feet; displacement, 18,000 tons, deadweight, 13,250 tons. Her main engines are two six-cylinder, four-stroke cycle motors of ordinary type. Each engine develops 2,250 indicated horse-power at 115 revolutions per minute. The diameter and stroke of the cylinders are 740 millimeters and 1,150 millimeters respectively.

Women Expert Life Savers.

One man at least chooses woman instead of man as preference to men for patrolling his beach. That is Mr. Gray, manager of the parks pools in St. Louis, Mo. Accordingly, Miss W. E. Longfellow, life saving expert of the Red Cross, Mr. Gray declares that since trying women at this job during the war when the bronzed heroes were abroad, he would rather have them than men. Many women are now qualifying as life savers and are getting the training for their tests in the Y. W. C. A. and school pools throughout the country.

"Wanted" — Homes for 15 Beautiful Fall and Winter Suits. Here Goes, all to be Cleared at Reductions of 33 1-3 per cent., Saturday

We have housed these beautiful Autumn Suits long enough. They really should now be adorning your wardrobes. To make you see it our way we are offering you these exclusively styled garments at tremendous reductions. In this Clearance Sale there are no two Suits alike, each carries its own message of smartness. We purchased them from the samples of two great Canadian manufacturers. They are right up to the minute in every detail. The materials are equally as wonderful in quality, only the best in everything has been used; the hidden parts are as well finished as any other part that you can examine.

French Duvetyn, Broadcloth, Velour, Tricotine, and imported Tweeds are the materials used. Long straight lines prevail. Some Suits are fashioned with muffle collars of Fur; others plain; still others have notched tailored collars. Embroidery of most excellent design ornaments one suit; floss stitching and embroidery decorates another, while a third suit features narrow strappings of the material from which the suit is made. So on the story goes, each one a beautiful model production.

Colors of Brown, Reindeer, French Blue, Grey, Tan, Black. Sizes from 16 Misses' to 42 Women's.

"Flannel" Plays an Important Role This Season in Dress Styles

The Miss who would be fashionable will own a Flannel Dress. She will likewise be comfortably warm and will get much service from a dress of this type. We are now showing some wonderfully clever New York style conceptions in Flannel Dresses. These are made in "Bramley" style such as introduced by "Irene Castle", in straight-line frocks with "Peter-Pan" collar and leather belt; or possibly your fancy might choose one with a deep V neck-line. Each and every dress is becomingly smart from every angle. These are procurable in plain and fancy Flannels with shades of Blue, Sand, Heather, Henna and Corn predominating.

Sizes, 16, 18, 20. Priced $9.25 to $12.50.

Men's Hosiery

We have been doing a land office business in Hosiery these past few weeks for the simple reason that we are putting out the best values in the trade to-day. For instance we are selling an All Wool Worsted Hose, heavy weight, made in England, at 50c. pair, which is selling to-day at a much higher price all along the line. Then we have a Pure Botany Wool Hose, which is heavier than Cashmere, which we are selling at 75c. pair, or 3 pairs for $2.00. These two lines are wonderful values. We have not space to enumerate the many other lines which we are carrying. Four specially good numbers in Wolsey Hose just arrived.

Boys' Fleece Lined Underwear

Tiger Brand, Natural shade only. This is the best fleece that we have yet stocked for boys, it being the same weight as the men's. This line is worth considering when next you buy Boys' Fleece. Sizes from 22 to 32. Priced from 50c. to 80c. garment, according to size.

How's Business?

Advertising, backed up by the right spirit, the right goods and the right service, can rescue a sinking business and will make a prosperous business more masterful in its own community.

When John Wanamaker, the Prince of Merchants, began business, he resolved to force matters. He was not content to WAIT to be found out—he DETERMINED TO BE found out. In short, he advertised. He threw on his business, small as it was, the light of publicity, and the public of Philadelphia entered the shop on which the light shone.

In this community the public is entering those shops on which the light of advertising is falling.

A WORD TO THE PUBLIC

Be sure of this: those who are using our columns week after week do not give you poorer goods or service, or have higher prices.

Shops which are illumined by advertising court with full confidence your favor.

OTHER HOURS BY APPOINTMENT

—"Remembrance". A simple story with a profound message for all the folks at home.

—The Thanksgiving Day Service in the Methodist Church will be conducted by the Rev. Wright. The Rev. Mr. Wright will address the brethren of L.O.L. No. 150, at Tamworth, on Sunday, Nov. 5th, at 2:30 p.m. The lodge meets at 1:30 p.m. Brother and sister lodges are cordially invited to attend. O. A. McKnight, W.M. 44a

—The regular meeting of the Marysburgh W. M. S. will be held at the home of Mrs. Ed. Kelley, on Wednesday, Nov. 8th, at 2 o'clock. Mrs. E. Wright will give a report of the District Convention held at Picton. Those having clothing or bedding for the Northern Ontario sufferers please bring it to the meeting as the bale will be packed. The Ladies Aid will be held as usual. Programmes in charge of Mrs. H. Perry.

—The members of the Fire Brigade feelingly appreciate the kindness shown them in the early hours of Monday morning by Mr. and Mrs. Walter Exley, when they were liberally supplied with warm tea and refreshments after the fire near their home, and take this method of publicly thanking them for their kindness. The members of the Company are also indebted to Mr. Exley for the sum of twenty dollars in appreciation of their efforts in preventing his property from becoming a prey of the flames.

—Miss Ruth Lampkin, Ontario Director of the Rose Branch of the Soldier Settlement Board, is spending this week in Napanee, conducting a short course in Home Economics, in the I. O. O. F. Hall. Miss Lampkin is a Normal Graduate of Macdonald Institute O. A. C., Guelph, and has had a wide and varied ten years' experience in Educational, Recreational and Social welfare work both in Canada and the United States. Miss Lampkin attended Napanee Model School some years ago and taught two years at her home school, Moscow, Ont. Miss Lampkin visits the homes of soldier settlers and conducts Home Economics Short Courses in all parts of Ontario. Twenty-five soldier settlers met with the disaster of losing their homes in the recent Northern Ontario fires. These families will require much assistance to partially restore them to normal conditions.

—The Thanksgiving Chicken Supper held in the basement of St. Mark's Church, Deseronto, on October 26th, was very enjoyable and a financial success. Five tables groaning with everything that could tempt the appetite were provided over most sufficiently by the ladies of the congregation. The gifts towards the supper of chickens, pies, cakes, etc., were most liberal. Every one went away loud in the praises of the splendid menu served by the ladies. An excellent programme of music, instrumental and vocal, recitations, etc., topped off a most successful anniversary gathering of the St. Mark's people. We noticed the Rev. W. G. Richardson, Presbyterian minister, present; also the Rev. A. H. Creegan, of Tyendinaga. The rector, Rev. C. E. S. Radcliffe, moved a cordial vote of thanks to all who helped to make the evening pass off so pleasantly, which was warmly applauded by the large audience present.

Miss Mitchell's Address

The following is the address given at the Lennox Teachers' Association by the President for 1921-1922, Miss M. S. Mitchell, of Newburgh :—

Fellow Teachers of the Lennox and Addington Teachers' Association.

Gentlemen and Ladies,—I wish to thank you for the honour conferred upon me last year in electing me as President of this Association. I will take the opportunity now, to welcome any new teachers to our Association, and can assure them that they have come to a very fine part of Ontario, one of the best in many respects, and that the Town of Napanee is one of the finest educationally, industrially and picturesquely in Ontario.

During the last few years there have been many educational changes in our Province, among which are :—

1. The Adolescent School Attendance Act.

2. The better organization of School Trustees.

3. The Formation of Teachers' Federations.

4. Educational Trips to Northern Ontario.

5. The Importance of Play has been emphasized.

6. Vocational Training is being given more attention.

7. Changes for the better have been made in the text books.

8. Summer Courses for teachers have been organized.

These changes all have been made with the object of raising the educational status of the Province and increasing the efficiency of the teacher. Just locally, through the efforts of Mr. Corkill, the Inspector, we have made some advancement :—(1) A teachers' library, is in existence. (2) There are practically no unqualified teachers in this inspectorate. (3) The salaries of teachers have been increased.

While I very willingly give all due credit to the successful unqualified teacher, I feel sure that if we can hold this record for some years, the standard of our schools is sure to come up. I would like to congratulate Mr. Corkill on this record.

I have chosen as the subject of my short address this afternoon, "Sources of Inspiration in Teaching". A few years ago, when Dean Pakenham addressed the O. E. A., he opened with the words, "The three fundamentals in primary and secondary education are the teacher, the curriculum and the school-house, and the greatest of these is the teacher". The subject I have chosen deals entirely with the teacher. There may be some of us who do not feel the need of inspiration, but I believe the great majority of us do feel the need of it very much at times.

1. The teachers of the past. The great teachers who have worked out the great principles and laid the foundation of our present system, and been the guide posts in thought. To these pioneers and idealists we owe much. So we may receive inspiration through reading the history of education.

2. The teachers who have taught us, whom we have personally come in touch with. Think for a moment and see if there is not some one teacher who is with you more or less as you daily weave in your part of the great pattern in the web—some personality that was strong enough to make the inspiration last? Was it one of your High School teachers? your Normal School or College teachers? Or could it be by any chance one of your Public School teachers? I would like to refer to one who taught on the Newburgh High School staff some years ago, who while teaching the rules of Algebra and English Grammar, never forgot to uphold the highest ideals of life to his pupils. I refer to the late Mr. D. D. Nesbit. Another, the late Jas. Scott, of the Toronto Normal School, whose earnest conscientious face and his reading in the opening exercises of "Let your light so shine before men that they may see your good works and glorify your Father which is in Heaven", will long be a vital force and a challenge to efficient service, in the lives of the many teachers who came in touch with him.

This year two great educationists have passed away. One, Henry J. Crawford, late Principal of the University of Toronto Schools. Of him the "School" says : "Those who knew him as a teacher will have their memories of high scholarship, of pedagogical skill, and of devotion to duty. A long line of outstanding classical student at the University owe their first inspiration to his teaching. In the long line of Ontario teachers and administrators whose efficient and unselfish labours have established a noble tradition of public service to education, his name will stand high". Such a testimony as this will make those of us who did not know him personally, realize what a great loss the teaching profession has suffered through his death. The other to whom I refer is the late Principal White, of the Ottawa Normal School, who stands out as a man of wide interests, particularly in history and archaeology. * * * This brings us to hear the subject of the "Personality of the teacher' about which too much cannot be said. I will just read from a cutting out of the educational section of one of the leading daily papers on the subject :—

"Dealing with the professors, Mr. Gavit selects the career of a certain boy of his acquaintance who had been one of the "big men" in his preparatory school, who went up to college with enthusiasm and very nearly made shipwreck. His enthusiasm was frozen, his illusions destroyed and his interest turned into hostility because the registering officer, the dean in charge of his class, the instructor in his most important course, and the graduate student proctor in his dormitory all met him with an unprepossessing and ungracious manner. Those men represented the college to him and it took two years to recover from the shock. A boy going up to college gets what he gets not from the fine character and speeches of the president, in the admirable wording of the prospectus, but chiefly from the flesh-and-blood individuals with whom he comes in personal contact.

A college can have beauty of architecture and a picturesque site, it may have a brilliant faculty and a wealth of equipment and still be a dead and futile institution. The text of a college is not what have the professors done in literature or research; not the high standard of prescribed examinations; the text of success is "What do the students become"? And the text of the professor is their ability to awaken the students. Students are not electrified by the touch of dollars; the invigorating current passes only through personality."

Are not our fellow-teachers,—at least some of them? do they not inspire us to better work by their various degrees of efficiency? stout-heartedness? and devotion to duty.

3. Our educational literature, teachers' libraries and magazines. We should keep up with the times in our profession and read. Do you not feel a great need of time for more reading?

4. A realization of the vast importance of our work. A few days ago I chanced to find the following lines which seemed strangely fitting to the common place public school teacher :—

"I brought home a handful of little gray stones,
They lie on my window sill,
No quartz, nor agate, nor silver gleam
Just common little gray stones they seem.
Yet, if one listens, they speak and they thrill,
The little gray stones.
Every age has needed its little gray stones,
Just little gray stones like these!
That cannot sparkle, nor gleam, nor lure.
Yet all through the centuries they endure,
The little gray stones.

We need only to pause for a moment to realize the importance of the little gray stones in the universe, the river beds, the public highways, their use in building, for drainage, etc., etc. All at once it seemed to me that the public school teachers were the little gray stones of the great system of education. We will classify the higher teachers and professors as the agate and quartz and where shall we put the inspectors? However, that may be, much depends on the work of the Public School teacher. I quite admit that it seems almost impossible to keep the importance of our work in mind when we are endeavoring to instil the principles of long division or analysis into Johnny's more than active brain. But when we feel the strain of things it is a good thing to mentally climb a tree and view yourself and your work from a distance. Inspiration will come at a much needed moment if we can do this.

2. Teachers' Institutes. How we recall them will determine the dimensions of our inspiration from this source. They come to us in strange ways. I know of one teacher who received an inspiration from a question asked by another teacher in a none too confident voice after we had listened to a splendid talk on Art by a Normal School instructor. "Would it be better to draw poorly for your pupils than not to draw at all?" The answer from the lecturer was "yes". So do not hold back from taking part in the discussions.

6. Our results in teaching will inspire us if we value them correctly. These powers and idealists we owe much. So we may receive inspiration through reading the history of education.

7. There are ways in which we spend our holidays which will inspire us to better effort.

8. We can get our greatest inspiration from the Great Teacher who was the Ideal Teacher and from Him all other inspirations come.

Before closing I will refer to a quotation of the Principal of the Toronto Normal School. "When you belong to the Ontario Teachers' Association you belong to an important educational body." I think the same may be said of the Lennox and Addington Teachers' Association, for it is an important educational unit. Some things I would like to see in the future are :—

1. A social event held every year.

2. A day in the school year set apart for the teacher to visit other schools.

3. Consolidated schools established.

4. A regular and compulsory reading course.

5. Some form of medical and dental inspection.

6. More music taught in schools.

Fellow teachers, we are at the beginning of a new school year once more. Let us enjoy our work and find true inspiration in our work itself and while getting it may we touch some lives and give lasting inspiration to them. I wish you a successful year, one in which your work will bring you happiness. Thank you for your attention.

QUESTIONS AND ANSWERS ON FORESTRY.

By the Canadian Forestry Association.

Memorial Roadways.

Q. We are considering the planting of some hundreds of memorial trees along one of our local highways. What trees are recommended for this purpose ?

A. As you are residing in Ontario, we may pass on the advice of Mr. H. J. Moore, the Forester of the Ontario Department of Public Highways, who urges that threes for memorial avenues should be selected above all for permanency. Long-lived subjects alone are worthy of such use. White Elm, Red Oak, Hard Maple, White Ash, Black Walnut and Native planes are splendid native trees. There should be no mixture of trees in the avenue. It should be an Elm avenue or an Oak avenue. Soft or Silver Maple should not be too extensively used. They are subject to injury by both wind and sleet storms. The Manitoba or Ash Leaved Maple should be avoided. There is nothing permanent about it. It is also advisable to leave Poplars and Horse Chestnuts alone as a general rule. As to the proper method of planting, write the Canadian Forestry Association, Ottawa, for full details.

Wood to Supplant Coal.

Q. Is it not possible to develop in Canada the use of hardwood fuel as a substitute for imported coal ?

A. The answer to this is not as simple as may appear. Canada has a superabundance of hardwoods but the bulk of the supply grows in districts not accessible by railways or roads and hardwood cannot profitably be transported by water owing to the heavy percentage of what is called "sinkage". The cutting and marketing of hardwood fuel has seldom been satisfactory or profitable industries except for the farmer owning a wood-lot near his market. As long as anthracite coal can be secured it seems improbable that our hardwood areas will be largely utilized for fuel purposes. A cord of our finest hardwoods, beech, birch and maple, is only equal in heating power to a ton of the best anthracite.

Q. I have read somewhere that the Canadian people own by far the greater part of their timber resources and that this is in direct contrast to the situation in the United States. What about it?

A. It is quite true that the Government of Ontario, Quebec, New Brunswick and British Columbia own as but about 15 per cent of the forest lands, although a considerable quantity of the timber growing thereon is under lease to the lumbering industries. Canadians, it is to be feared, often forget the enormous advantage they possess over the people of the United States was have wholly alienated both land and timber over nearly 75 per cent. of the republic. The particular advantage in Canada's position is that the State, which in all lands is the one qualified authority to ensure the perpetuation of the National forests, retains constitutional authority to impose whatever conservation requirements the needs of the public demand. The citizens of the United States could not succeed to the need of forest conservation, and [illegible] public opinion has not yet been educated to the Canadian point of view.

THE FABLE OF KING SOLOMON AND HIS HAREM.

Did you ever wonder why King Sol
Was never satisfied with just one doll?
Why, now, for you or me,
One would have done (or maybe two or three).
Five hundred wives he had in all
And many others answered to his call.
The secret's this: They were no peaches!
And though attired in silken breeches,
Their faces were a sight;
But hoping always for one Oriental pearl
He kept on buying girl on girl.
Yet Fate declared, "No pretty wife!"
And once this sad collection saved his life.

A hostile King encamped about his city's wall,
The nation soon, from hunger, faced a fall,
And then an idea came one day
Of how to chase the enemy away;
Sol wrote a note and nailed it to the gate,
It read: "Lo, when the city fall
Each victor brave shall have a mate."
And, then, upon the parapet his wives he placed,
And never was wall with such a picture graced,
As ugly as old crows were they,
And gloomy as a rainy day.
The enemy came near and read the sign,
Then saw the awful sight,
And ere the sun rose up again,
They disappeared in flight.

The moral of this story goes—
If yed have brave and steadfast foes
And wives as ugly you can't bear 'em
Turn show your wives unto your foes
And let your nerves go from.

MINUTES OF LENNOX INSTITUTE.

The Teachers of Lennox held their annual meeting in Napanee Collegiate Institute on Thursday and Friday, October 12th and 13th.

About one hundred teachers were in attendance.

Rev. A. H. Foster, Trinity Church, Napanee, kindly conducted the Opening exercises. He called upon the teachers to read in concert with him the twenty-third Psalm, after which he gave a very fine dissertation on the wealth of Ecclesiastes, which he styled a Hebrew poem, then offered prayer.

The minutes of the last meeting were read and accepted.

Communications from the Ontario Educational Association and from Mr. Otos, G. Fraser, re the Northern Ontario dicester, The School, The Canadian Teacher, and The Ontario Federation of Home and School Associations, were read. Miss J. Dennee was appointed to take up voluntary subscriptions for teachers who suffered from fire in Northern Ontario. Mr. Trenouth was appointed to take up subscriptions to The School. The fee was raised 50c., and teachers were given The School for 75c. club rates. A grant of $5.00 was made to the O. E. A.

Mr. Corkill, B.A., LP.S., spoke on the Junior Red Cross Journal, and advised teachers to secure it for pupils to read.

The Treasurer's report was read, and the Auditors, Misses Hawley and Denison, found it correct.

A Nominating Committee and a committee to report Resolutions, were named.

Miss L. Crozier gave an interesting report of Delegate to the O. E. A.

Thursday afternoon session opened with a violin solo by Miss Dorothy Hall, and a vocal solo by Miss Mary Daly.

In the President's address, Miss Margaret Mitchell, Newburgh, spoke of "Sources of Inspiration in Teaching." The first inspiration in educational affairs are the teacher, the curriculum, the live school house, and the atmosphere of unrest in the teacher. Great help may be derived from reading Histories of Education. Miss Mitchell paid a very fine tribute to our late Inspector, Mr. D. A. Nesbitt, who, while teaching rules of Algebra and English Grammar, never forgot to uphold the highest ideals of life. Such men as he and the late Principal Scott, of Toronto Normal School, will live as vital forces and challenges to efficient service in the lives of the many teachers who came in contact with them.

Inspiration may be derived also from a realization of the importance of our work from Teachers' Institutes, from results of our teaching, from our holidays, and most of all from the Great Teacher who was the Ideal Teacher and from whom all inspiration comes.

Miss Mitchell complimented our Inspector, Mr. Corkill, on the improvements in educational affairs of our county, especially because we have qualified teachers in nearly all our schools.

Mr. Corkill was warmly received upon rising to give the Inspector's address. He wished to help the new teacher especially, so spoke on problems arising in the way of promoting before the pupil is ready on entrance examinations, of pupils who are low in grade, of non-retarded children, and expressed the hope that the day would soon be effective would be when special training.

Mr. Corkill then spoke on the right and wrong use of text books. He found it necessary to insist call the teachers' attention to the importance of fifteen minutes' reports in rural schools at the end of the year and of the use of pupils' note books. He wished reports sent in promptly.

He advised teachers to take courses in Normal School, which are a great source of inspiration.

LIFE WAS MISERY!

"I was reading the other day about Neurasthenia, about the large number of people who were troubled with this disease. It is just what my wife had. She felt miserable all the time and was completely depressed. She would wake up in the morning and tell me that something dreadful was going to happen that day. Life was nothing short of misery for her. She used to dread to be left alone, and had to have a companion and I felt unnerving how I could manage to put her days. She could not eat and had no appetite at all. She was irritable, and many of the things that worried her most she would be all right. Of course I didn't dare tell her this, as I knew she would get into one of her spells. When she suffered these fits of temper, she was always worse ill and more depressed than ever. The doctor said a tonic might help her and gave me a prescription but this did not do her any good. She tried all kinds of other tonics with the same result. Carnol was recommended to me and I wish to state that it is the leader of all tonics. Since taking it my wife has changed completely. Now she is always ready for her meals and work is no burden. It is a pleasure for me to recommend Carnol to anyone who is in need of a tonic or a body builder. Excuse me for writing this letter but I want you to accept my thanks for that wonderful tonic known as Carnol." — Mr. J. M., Toronto.

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it that it hasn't done you any good, return the empty bottle to him and he will refund your money. 7-622

If you have something especially nice and dainty that you do not feel like sending with the regular washing, you can easily and quickly cleanse it with Lux. The thin, white, satin-like flakes of Lux are made by our own exclusive process, and readily dissolve into a rich, bubbling lather, as harmless to fine fabrics as pure water itself.

Lux is supreme for washing fine garments. It is sold only in sealed packets—dust-proof.

LEVER BROTHERS LIMITED
Toronto

Dr. G. W. Morden, N.C.I., expressed his pleasure at being given this opportunity to introduce himself to the teachers, and kindly promised his aid at any of the future meetings of the Institute.

Mr. A. F. Hagerman, Normal School, Peterboro, gave two very interesting talks. He criticised our educational curriculum, which requires every pupil irrespective of natural ability or educational advantages, to take the same course of studies and reach the same mark of proficiency. Dr. Morden said there must be a strong break away from our former plans; we should have an educational democracy where every boy and girl should have equal advantages to have their faculties developed. He believed strongly in vocational training.

The teachers spent a very enjoyable social hour, during which ice cream and cake were served, and all greatly enjoyed the Community singing led by Mr. W. J. Shannon. Regret was expressed that all the teachers did not remain for the social hour.

The evening entertainment was given on Thursday in the Town Hall, Mr. E. J. Corkill, I.P.S., acting as chairman. The programme consisted of an instrumental solo by Miss Hawkins, a violin solo by Miss C. Wilson; a recitation by Miss K. Wilson, Strathcona, and a vocal solo by Miss Dwyer. Each of these ladies kindly responded to an encore.

The main feature of the evening entertainment was a lecture on "The Boys of Our Grandfathers", by Mr. W. S. Herrington, K.C. The audience gave close attention throughout.

Mr. Corkill, moving a vote of thanks, gave it as his opinion that this was one of the best, if not the best, ever given by the Teachers' Association.

On Friday morning, Mr. G. V. Macleon, M.A., N.C.I., at the request of the teachers, gave two very helpful lessons in Arithmetic—on Percentage and Discount, and in so doing offered many helpful suggestions. He urged the teachers to make the pupils think and to do the work mentally as much as possible. Concentration of thought is the secret of all learning. Avoid the mechanical way; reverse the question to make the answer. Have the pupils read the question thoroughly, and as "Whatever is worth doing at all, is worth doing well," urge all sincerely work and insist on correct statements and on proving the answers; but never allow pupils to work for an answer given in a text book. Increase the difficulty gradually; make hints slowly, and loud pupils up to the correct conclusions. Use variety and concrete examples to keep up the interest.

The demonstration in Physical Culture by Miss McLaughlin's class, and a talk on Primary Work by Miss Hawley, were especially interesting. We were also a lesson in Physical Geography by Mrs. Fairbairn, and a talk on Stories and How to Tell Them by Miss Crozier.

The officers for the next year are:

President—Miss J. Dennee.
Vice-Pres.—Miss Edna Magee.
Secty.-Treas.—Miss E. Harrison.
Delegate to O. E. A.—Misses Breault and Sheridan.
Members of Executive — Messrs. Maclean, Trenouth, Andrews, Earl, Dr. Morden and Misses Mitchell, Mair and Wilson.
Auditors—Misses Hawley and Denison.

The Secretary's salary was increased $10.00.

Mr. Trenouth moved a vote of thanks to all who had helped to make this programme a success. Carried.

The Association expressed their willingness to visit some school or Institute in lieu of the regular Convention if the Executive wished to make such an arrangement.

Miss Mitchell, the retiring President, expressed her appreciation of the help given by the Executive, and tendered her personal thanks to the Musical Committee.

Miss Dennee, the new President, was then called to the chair.

Moved by Mr. Maclean, and seconded, that the Secretary be authorized to pay all the expenses of this Association, and that the Institute extend thanks to the Board of Education for the use of the Hall, N. C. I., and to all who took part in the evening programme. Carried.

The meeting closed with "God Save the King".

Cranshaw, and other relatives and former neighbors here.—Mr. M. R. Reid, of Sharbot Lake, I.P.S., paid one of his official visits to the Public Schools in this part of his district.—Mr. Ed. Tuwood, Collector of rates for this year, is on the warpath and reports fair success.

Many children die from the assaults of worms, and the first care of mothers should be to see that their infants are free from these pests. A vermifuge that can be depended on is Miller's Worm Powders. They will not only expel worms from the system, but act as a health-giving medicine and a remedy for many of the ailments that beset infants, enfeebling them and endangering their lives.

Captain William Skillen Dies.

Captain William Skillen passed away quite unexpectedly at his home on Head street, Picton, early Friday evening. The captain had been up-town and walked home about his usual time. He had just entered the house when he dropped, falling dead on the floor. Capt. Skillen was in his eighty-ninth year. He was born in Ireland but spent many years of his life connected with steamers on the bay. When the Deseronto was built he was placed in command and until his retirement a few years ago remained in charge of that steamer, plying between Picton and Deseronto. Capt. Skillen leaves his wife and one brother, Richard Skillen.

Garage Burned.

About 2:30 o'clock on Friday morning fire was discovered in Mr. Blake Huyck's garage at the corner of Centre and Bridge streets. The firemen were very prompt in responding to the alarm, but the inflammable nature of the building gave the fire a good start and it was a roaring furnace in a few minutes and was totally destroyed together with the contents. Mr. Huyck lost a Ford sedan, all the tools, oil, tires, and his books. A car belonging to Mr. Blake Sills was badly damaged, as to be useless. From the garage the fire spread to the large store and hall adjoining, and the frame building formerly used as kitchen and bedrooms for the help when the property was in use as an hotel. These buildings were badly damaged, and several tenants lost more or less of their goods. Mr. J. Murphy, who carries on a tire vulcanizing business, and whose workshop extended into this latter building, suffered considerable loss. The property belongs to Mr. C. H. Spencer, who had a small insurance. Mr. Huyck also carried a small insurance.

NEW CHANNEL-SWEEPER IDEA

Claimed That It Will Be of Vast Importance in the Maintenance of Barge Canals.

To aid in the maintenance of the New York state barge canal, a channel sweeper has been devised, not heretofore demanded by the construction of the older canals, writes Gordon P. Greason in Popular Mechanics Magazine. As time goes on and the banks disturbed by recent excavations assume their natural slopes, the need of dredging will become less. Investigations, however, show that within one year sufficient material may be deposited within the canal to make the available depth of water considerably less than the prescribed 12 feet. An example of this was found in the channel east of Oneida lake. This was completed in a full 12-foot depth in 1909, yet in 1917, it was so washed in with sand that it was necessary to remove thousands of cubic yards of this material.

To aid in the locating of obstructions i.. the canal the state engineer has designed a novel channel sweeper, and boat builders have been asked to submit estimates as to the cost of these so that three of them may be placed on the canal.

The new sweeper consists of two boats, each 18 feet long and 6 feet wide. These are placed 15 feet apart and joined by timbers. An operating floor 20 feet long and 5 feet wide will be constructed near the stern, and suspended from this will be a 20-pound rail, 50 feet long, held by two chains at each end.

STRATEGY FAILED TO WORK

Last Resort of "Locked Out" Son-in-Law Only Served to Make Matters Worse.

His mother-in-law is deaf, "thick of hearin'," as they said in the old days.

Mother-in-law went to the movies the other evening and, before leaving the house, requested that if the other members of the household went out the key be left in the mail box. The others did go out and the key was left in the designated place. When they returned the key was missing. Mother-in-law had locked the door and carried the key inside. She was now sitting near an upstairs window, reading. The doorbell was rung until it ran down. The telephone did not reach her ears. Those left out in the cold, cold world were in despair. The neighborhood had been aroused by the noise made in attempting to bribe mother-in-law's defective hearing tube spark. She read peacefully on.

Finally Mr. Son-in-Law had a happy thought. He would try strategy. He turned the hose on her window.

Mother-in-law thought it was raining, got up and closed all the upstairs windows and went back to her book. Strategy had not only failed, but had tightened the horrifier of seized.

It was not learned just how those outside got inside.—Indianapolis News.

"Deadwood Dick" English Born.

Richard Bullock, known as "Deadwood Dick," was born at Cornwall, England, some eighty years ago. At the age of twenty-one he came to America and at length drifted to the West. For a while he worked in the mines in the Black Hill country. At that time miners there were greatly discouraged and weak by the unequal activity of bandits. Desperados operating individually and in groups were holding up stages running between the mining country and the settlements in the East with such regularity that chances of getting their gold shipments through were slim.

Bullock saw in this situation an opportunity to do the miners a good turn and himself, too, to earn a good livelihood and to enjoy no end of thrills and adventures. So he laid away his pick and shovel, armed himself with a six-shooting gun and embarked in the business of hunting "road agents."

A "Burning Well."

Water and fire aren't usually considered good friends, but under certain circumstances they are made to form an interesting and beautiful natural phenomenon. This is the case near Mobile, Ala., where for years a "burning well" has been the center of attraction for visitors and residents of the city. Bored originally for an artesian well, the product of the hole was a tremendous flow of salt water, heavily charged with chlorine gas.

How this gas first took fire is not known, but burn it does and the deep orange flames, unaffected by the water, not only spurt high with the flow of the crystal stream and color its white foam, but they run along the circular pool above the well in continuous sweeps of bright color.

Celluloid Collar Swimming Aid.

The timid beginner can learn to swim in ten minutes, it is claimed, if he wears about his neck the new "swimming collar."

This collar, as described in Popular Mechanics Magazine, consists of a cylinder of transparent celluloid, about eight inches high. Across the bottom is cemented a rubber sheet with a central aperture. The edges of the aperture fit snugly about the neck. Thus the new swimming aid holds the head above the water, and recommends itself to fair swimmers because it keeps the hair dry.

Programme for Week of Nov. 3rd to Nov. 9th

FRIDAY AND SATURDAY.

Nathan & Senerad present their very best picture in "A PASTEBOARD CROWN". It is a special for these days. Also a 2-reel comedy, and next episode of "ROBINSON CRUSOE".

MONDAY AND TUESDAY.

"REMEMBRANCE". You must see it. Here is a picture of a million fathers of our country. It is not like them that hold the world together, says Mr. Hughes. They are earth's salvation, strong, unwearying, lovable. Come and see this great picture play of modern life. You will realize something then of the screen's high aim to touch life with artistry and understanding. You will know then why Rupert Hughes stands preeminent as the kindly, wise interpreter of our complex American life and the yearnings of our American heart.

WEDNESDAY AND THURSDAY.

United Artists present Geo. Arliss in his best feature, "DISRAELI", a special in 7 parts. Also a 2-reel Christie Comedy, and next episode of "THE ADVENTURES OF TARZAN".

BETHANY.

The county crusher and men are making a marked improvement in our roads, for which we are thankful. —Mr. Geo. Richardson is spending a few days with friends in Trenton.—The remains of Enoch Bartley were brought here and laid to rest on Monday last. — Mr. and Mrs. E. Howell visited Mrs. Howell, South Napanee, on Sunday. — Mr. and Mrs. Jas. Miller entertained a few friends on Sunday. — Mr. and Mrs. Davis spent over Sunday at Bath. — The memorial service was largely attended on Sunday evening.—Mr. and Mrs. Jos. Clark spent Thanksgiving at Jas. Keech's. — Mrs. Harry Miller and baby are spending some time with her parents. — Mrs. A. Amey is visiting her sister, Mrs. Bolton, Tweed. Mrs. Bolton is quite ill.—Mr. and Mrs. Stanley Joyce spent Sunday at P. Seeley's. — A number from here attended the fowl supper at Anderson on Monday evening.

(For last week).

Tuesday night being Hallowe'en, everyone was eager to have fun and also make it for others. A merry time was spent at the home of Mr. Burtch, when a jolly crowd of boys and girls from Mrs. Huff's and Mrs. Dempsey's Sunday School classes met to enjoy a few hours together. At the door everyone was received with a hearty welcome and at once made to feel that all would enjoy themselves. In a few minutes a very mysterious wave swept over the house, when all disguised themselves in many different styles. Some became pumpkins, others natives of other countries, but most exciting of all was the ghost, which moved about in a very ghostly manner. After some time had been spent in discovering the real persons, games were played and refreshments served. Towards midnight the party closed, all declaring they had had a delightful time. — Mr. and Mrs. Dempsey spent Sunday evening at G. Burtch's. — Mrs. Lavine Alexander has returned home after spending a few days with her brother, Mr. A. Dean. — Quite a large gathering at the Ladies' Aid meeting on Wednesday, when some new quilts were made to send to those in the north in need from the fire.

ANDERSON.

A very successful Thanksgiving fowl supper was held at Anderson on Monday evening, which was followed by a fine musical programme. The church was well filled and the supper supplied by the Ladies' Aid was of an excellent quality and in abundance. The entertainment, presided over by the Rev. A. J. Terrill, was a splendid success. Mr. Terrill again and again jollied the large audience by his practical humor and maintained a happy spirit all through. The Anderson Church Quartette, viz., Mrs. Black, accompanist, and Messrs. Black, Wiseman, Seymour and Paul, came in for a continuous round of applause by their splendid numbers. Mr. Geo. Allen rendered two solos, which were well received, and Miss Wilson, of Newburgh, gave several readings, which were well rendered and thoroughly appreciated. We were delighted to have Rev. T. H. P. Anderson, a former pastor, with us, who addressed the meeting. Before the meeting closed, the pastor, Rev. W. H. Truscott, on behalf of the church, conveyed their thanks to all on hand for splendidly labored to make the anniversary the great success it had been.

HAWLEY.

The beautiful weather of the past two weeks has been greatly enjoyed by all. Assuming so late in the season it gives us more courage to face the empty coal bin.—Quite a number from here motored over to Tamworth last Sunday and enjoyed the sermons given by Rev. Dyde at the anniversary services held there. — Morley Smith, of Queen's University, spent Thanksgiving with his parents here. — Mrs. M. L. Clark and Mr. Geo. Allan, of Napanee, spent a couple of days with Mr. and Mrs. G. W. Parks last week.—Mr. and Mrs. F. Lanthier, Mrs. Geo. Fretts and Mrs. O. Fretts motored to Toronto on Tuesday to attend the funeral of the latter's little granddaughter. — A large number from here attended the fowl supper at Anderson's on Monday night and report an excellent time.—The Ladies' Aid are holding a social evening at the home of Mrs. Morley Galt on Thursday, 19th. Come and enjoy the evening.

Your boy can have his choice of a big variety of color combinations if he comes to us for his next Jersey. J. L. Boyes & Son.

STELLA.

The mild weather of the past week has been enjoyed by all.—The annual ball of the P. A. P. B. was held on Friday evening, with a large crowd in attendance. Music was furnished by the Salsbury Orchestra. Supper was served at eleven o'clock in the Town Hall, where the tables were laden with dainty delicacies.—Miss Margaret Smith and William Taylor were quietly married last Wednesday evening. Supper was served to a few immediate friends at the home of the bride.—Another wedding took place recently, the parties being Miss Ethel McGinness and Royal Wemp.—Mr. R. Neilson is able to be at his work again, after his recent illness.—Among the recent Thanksgiving visitors are Miss L. Huble at Miss E. Spears; Miss N. McDonald at Mrs. W. McDonald's; Miss R. McCormick at H. McCormick's; Miss E. Glenn at Wm. Glenn's, Jr.; Miss M. McGinness at Mrs. W. McGinness'; Mrs. Galloway, E. Galloway and Miss Kennedy at G. Begrs'; Miss E. Scott at W. Scott's; Miss J. Hitchins and J. McCormick at A. Hitchins'; Mrs. and Miss Eves at R. Smith's; Mrs. R. Baker at R. Kilpatrick's; Miss A. Millen at S. Miller's; Miss E. Cronkite at Mrs. S. Cronkite's; Miss M. Botting at Mr. I. Turwell's.—Hallowe'en was an evening of unusual pranks again. A large crowd, numbering about fifty, paid their compliments to the people living on the Third Concession. A large crowd were also in Stella.—Mrs. R. Baker and son, Kingston, are spending a few days with relatives.

The best known spot to meet and shop—Wallace's Drug Store.

TAMWORTH.

Mrs. Aylsworth and her daughter, Mrs. Mitchell, will leave in a few days for Holyoke, Man., to live for the winter. Mrs. Aylsworth has sold her home to Mr. Tucker, who will occupy the house right away. Mr. Fisher seems quite pleased since he took in a new boarder. Our town and country north of us is thronged with deer hunters. G. H. Richardson has charge of the mail route now.—John Wagar and family will leave for Oshawa on Friday.—There was a good turnout at the Assembly Hall on Wednesday, bidding farewell to Howard Wagar before leaving for his new home in Oshawa.—Mrs. Jacob Wagar is much improved after her fall.—Charlie Barker has bought Joseph Huffman's farm. Mr. Huffman intends to move to town.—C. G. Cozall is having a house re-painted. It looks considerably improved. Mr. Perkins has a new line to help him in his business. Lost, between Centreville and Rednville, on Oct. 26th, a grey felt hat. Finder will kindly leave with D. H. Floyd.—Coal is coming into Tamworth in large quantities. Our Public and High Schools are overcrowded. Another teacher is needed in consequence of the large attendance.

We are now carrying Halepraf Hose in children's sizes, in Brush pile and cashmeres. The prices are no higher than ordinary brands.

MOSCOW.

A number of the people from this section are arranging to attend the special anniversary services at Yarker next Sunday and Monday. The usual bunch of Nimrods from here have gone back beyond the Bald Mountains with the grim determination to bag the legal number of deer, and they also hope to meet an occasional bear.—Mr. J. W. Patterson is making extensive improvements on his premises, Glen Vale Farm, which will add largely to the convenience and value of his fine property.—The Rev. J. W. Down has been busy making pastoral calls in the neighborhood this week. The special Thanksgiving service held in the Methodist Church on Tuesday night was well attended. There is to be a special public service in the same church next Wednesday, the 15th, at 7.30 p.m.—Mrs. Clare Darling, who spent the past week-end with her sister in Ottawa, returned home on Monday night.—We are sorry to report the illness of Mrs. A. A. Asselstine, who has been confined to her home for the past couple of weeks.—Rev. J. W. Down dined with Mr. and Mrs. L. Huffman last Sunday, when their little daughter Marguerite Vivian was baptized.—The "new doctor" from Yarker is seen in the community quite often.—Miss Gladys Down has returned to her school after a week-end visit.

NEWBURGH.

Mrs. McFayden, of Kingston, a returned missionary from India, addressed the Mission Circle at the Methodist Church on Wednesday evening.

The Newburgh Circuit social held in the Newburgh Methodist Church on Thursday evening, Nov. 2nd, proved to be a very enjoyable evening. This is the first of a series of social evenings proposed by the Pastor, Rev. Mr. Nickle, and if those to come are as good as this one they should be a great help to bring the different appointments in closer touch with each other. Every part of the programme was good and the lunch fine, but especially interesting was the debate on "Resolved that the plant life has benefited mankind more than the animal". The negative won by a small margin. The debaters were, Mr. Wilfred Wilson and Mrs. Bruce Finlay, of Strathcona, for the affirmative and Mr. Clarence Price and Miss Queenie Paul, of Wesley, for the negative.

The Masquerade Hallowe'en party in the Bank Hall on Tuesday evening was a howling success if noise is to be taken as the standard for judging. Both old and young went in for a good time and they had it.

Mail Orders promptly filled at Wallace's Drug Store.

KINGSFORD.

Mr. and Mrs. Geo. Sexsmith and Mrs. Edw. Hewitt and baby spent a recent Sunday with their aunt in Bellevile.—Mrs. A. Benny and Mrs. J. McMath spent Tuesday with Mrs. W. T. Winter.—Mrs. Wilson, of Camden, has moved in with her parents, Mr. and Mrs. W. Wilson.—Mrs. Alcombrack and Miss Alcombrack and Miss Freda Kerr spent a day at Mrs. N. A. Hewitt's.—Mrs. R. Sampson has been spending some time in Belleville with her daughter.—Miss Gerin, our teacher, left on Friday to spend her Thanksgiving holidays at home.—Ross Winter was home from Kingston for holidays.—Mr. Fred. Hewitt had a husking bee on Thursday night. —Mr. and Mrs. R. Howe, Roslin, were visiting her sister, Mrs. W. T. Winter, recently.—Mr. and Mrs. Irwin Sexsmith and children and Mr. and Mrs. A. McKnight left on Saturday for Bowmanville for Thanksgiving holidays.—Mr. and Mrs. E. Armitage, of Marysville, and Mr. and Mrs. Peters and Mrs. Saul, Camden East, spent Sunday at M. G. Sexsmith's. — Mr. and Mrs. Hewitt spent Sunday afternoon at G. N. Wilmer's.—Minnie McNeill is visiting her sister in Belleville.—Mr. and Mrs. Melville and family at Mr. Geo. Watkins', on Tuesday night to a husking and dance.—The farm home of Irwin Sexsmith was burned early on Sunday morning. Nothing was saved at the barn, and the house caught fire from sparks, and some of the house furnishings were saved. All in the lower story except potatoes was saved. The loss is partially covered by insurance. Mr. and Mrs. Sexsmith were away at the time, which made matters worse. A large crowd of men gathered to help save the house, but the fire had made such headway. Hallowe'en passed off very quietly within homes, but without on the streets some of our young folks made merry by the wearing of ghastly costumes were in evidence by visiting several homes and stores. Although much noise was made, none of a destructive nature took place.

DORLAND.

Dorland is not dead, as you will soon know. It is very much alive.

Miss Catherine Gallagher spent the week-end with her parents here, with Miss T. Waller as her guest.

Mr. and Mrs. William Jewell, of Napanee, spent the week-end with his mother and sister here.—Mr. Claude Gallagher took a flying trip to Napanee on Sunday last.—The Misses Baty are spending a few days with Mr. Thos. Chalmers.—Making cider seems the order of the day.—Mr. C. Young spent one day last week in town.—Mrs. Edward Gallagher motored to town on Monday evening last.—Mr. and Mrs. Vanalstyne and party of Colborne spent Sunday with their daughter, Mrs. W. Cousins.—Mr. John Allen had the misfortune to lose a valuable horse last week.—Mr. and Mrs. Alexander, of Belleville, were the guests of Mrs. Robt. Cousins on Wednesday last.—We are glad to hear that Miss Geneva Lavock is expected home soon after undergoing an operation in Hotel Dieu for appendicitis.—Mr. Windover, Rundles' agent, was in our midst on Tuesday last.—Mr. Geo. Plested has returned home, after spending a few days in Toronto.—Mr. Arthur Bogart spent Tuesday in town.

BETHANY.

On Sunday evening last a service of unusual interest was held in the church, the occasion being a Memorial service to the late Ezra Hambly. With a few exceptions the large family was well represented and the inhabitants from far and near turned out in large numbers which completely packed the church building. The Pastor, the Rev. W. H. Truscott, took for his text the words, "And God shall wipe away all tears from their eyes". He drew a vivid picture of the world to-day in which sorrow and trouble were so much in evidence, almost everywhere. The whole world to-day could well be said to be a "Valley of Tears". What an unbearable thought it would be if after the struggles of this life and all its associated sorrows, there was nothing but the grave to end it all. There was a something in our makeup which in spite of all the happenings of life very sweetly carried us to the thought, or rather brought the thought to us, that Death was not the last, that the grave was not the end, but that after these things there was another life, endless in its duration, sorrowless in its experience, where God would wipe away all tears. When the reality of this fully gripped our minds it was much easier to give up our loved ones, for while the thought of loss would surely come in all its terribleness, there was yet remaining that one all conquering thought we shall meet again.

The service was not a single section of the whole community but what realized in a deeply solemn sense, that in the death of Ezra Hambly, a citizen, a neighbor, a friend, had been taken from them. The common language on the lips of all is "that the neighborhood would be poor indeed without this good man. When troubles of any kind arose, whether in family circles or otherwise, the counsel of Ezra Hambly seems to have been eagerly sought and was always generously and wisely given. All this, however, is not where the deceased showed the finer, deeper qualities of life. As we should expect to find from such a man, so we do find that he was an ideal father and husband. He never thought of himself but always of his loved ones. Yes, he made many sacrifices for his loved ones, and upon his dying bed again and again he expressed his gladness of having done so.

His death came as a great shock to all. Blood poison set in after a small sliver in his thumb. He was removed to the Kingston hospital, when examination proved that he could live but a few hours. This was all too true for on the 6th of September he passed into the great beyond to larger life. He is predeceased by his father thirteen years ago, his mother ten years ago, and a sister, Phoebe, Mrs. Clarke, of more recent date. Ten brothers and sisters survive, all of whom are well known and highly respected. He leaves to mourn his loss a wife and four children, Neva, Jean, Thelma and Frank, all of whom share the deepest sorrow of a sympathetic neighborhood.

Numerous kindly letters were received by Mrs. Hambly, expressing sympathy, among them were the two following:—

Napanee, Ont.,
September 15th, 1922.

Dear Mrs. Hambly,—We, the members of Bethany Ladies' Aid, wish to extend to you and your family our deepest sympathy in the loss of husband and father. We know that he will be greatly missed, not only in his own home, but in the entire neighborhood.

May God be with you all and comfort you in your great loss.

Signed on behalf of Bethany Ladies' Aid.

R. E. JOYCE.

To Mrs. Ezra Hambly.

At a recent meet ng of our Orange Lodge, it was unanimously voted that we convey to you and your family our deepest sympathy for you all in your recent sad bereavement.

We are conscious that your loss cannot be covered by the words of anyone and we realize in part something of your terrible feeling, as we have lost a husband and father, while we have lost a Brother.

While your loss is great, the poorer by many of your boys, so is also our Lodge. Your husband's presence in our Lodge room was always regarded with our warmest appreciation. His counsel and advice was always wise and safe, and we, the members of our Order, deeply deplore his loss.

May the Great God above us all temper all your sorrows with His presence, and wipe all your tears away, is the prayer of our brethren.

Signed on behalf of the Lodge,

W. H. MILLER, W.M.
W. C. JOYCE, Rec.-Sec.

Mrs. Hambly wishes once again to thank her neighbors who have so readily helped her in so many ways through affliction and death, and she desires to assure them of the great appreciation in which she and her children hold them and extend them.

YARKER.

The mild weather we are having is a great saving on our fuel, for which we are grateful.—On November 1st, Horace A. McCarthy was married to J. H. Oldham, M.D., by Rev. J. W. Down, at the bride's home. After the ceremony the happy couple took the 4.30 train for western points. After their return they will reside in Yarker.—Mr. and Mrs. Renton spent the week-end with Mr. and Mrs. A. A. Connolly.—Mrs. Geo. Woodhouse is confined to her bed.—Mrs. J. T. Main is somewhat better. — The several committees of the Methodist Church are busy preparing for the Christmas entertainment and concert on the 13th. There will also be two services on Sunday, 11 a.m. and 7 p.m.

CAMDEN EAST.

We are enjoying beautiful weather at time of writing.—Mr. Jas. Coleman, the new superintendent of the Speciality Paper Mills, from Kalamazoo, has arrived at the mills, and expects to start business this coming week.—Mrs. Howard Duckwall is spending a month with her mother, Mrs. Moorehead, Winton Place, Cincinatti, Ohio.—Mrs. F. Snider returned home on Saturday last, after spending the past week with her sister at Bardolph. Her sister and husband, Mr. and Mrs. B. Huyck, accompanied her home to spend over Sunday with her. They also motored to Odessa on Sunday to visit their brother, Mr. W. Frink, and family.—A very large funeral was held in the Methodist Church on Friday afternoon last, to show the respect for the deceased, Mr. Fred McWilliams, who died very suddenly on Wednesday, Nov. 1st. He had a large circle of friends whose sympathy goes out to the widow and only daughter, Mrs. Garnet Jeffrey, in their great bereavement. Mrs. Martha Switzer entertained a number of her lady friends to tea on Friday evening last. A good time was spent in social chat, and all pronounce Mrs. Switzer an ideal hostess.—Mr. Archie Aikenbrack and family motored to Omemee to spend the Thanksgiving holidays with Mr. Harvey McGinness and family.—Mr. and Mrs. L. Hartman, accompanied by Mrs. John Skinner, motored to Wilton on Sunday last and took Thanksgiving dinner with their friends, Mr. Jas. Baines and his mother.—Miss Salmon, of Smiths Falls, accompanied Miss Celia Oster home from Kingston and spent the Thanksgiving holidays with Mr. and Mrs. Oster.—Mrs. E. Williams entertained a few of her lady friends, to a Thanksgiving dinner on Monday last. —Several men from this vicinity have gone back deer hunting.—Mrs. Clifford Skinner and two children spent Thanksgiving holidays in Toronto with her parents, and other relatives.—Mrs. L. Martin was called to Toronto on Sunday morning last on account of the serious illness of her sister-in-law, Mrs. Harry Martin.—Mr. John Simpson left on Tuesday morning last for the Kingston Hospital, where he will undergo an operation for goitre.—The W. A. of Ladies met at the home of Mrs. Sherlock on Tuesday evening last for general business. The next meeting will be held at the home of the Secretary, Mrs. Fred Snider, the first Tuesday evening in December.—Mrs. Cole. The social gathering of the Church of England congregation in the Parish Hall, Monday evening, was much enjoyed by all. A short programme, consisting of songs by Mr. and Mrs. Jas. Hamilton, and a piano solo by Miss Helen Williams, all well rendered, were the items. Mr. Hall Anderson, one of the Church Wardens, of St. Luke's in a few well chosen words, explained that one of the reasons why certain members had practised for a couple evenings at the present time, was because they had recently learned that the 6th of October last was the 50th date of Mr. and Mrs. Dickinson's silver wedding, and they and felt they would like in some way to mark the occasion by giving them a donation from the people of the Parish as a token of good will and as an evidence of the high esteem in which both Mr. and Mrs. Dickinson are held by all the Parish. Parish donations in this town formerly, after which Mr. Dickinson responded, thanked the members of the congregation for their kind, thoughtfulness, and assured them of his appreciation. He stated that the spirit of loyalty and good will prevalent was a source of great satisfaction, and encouraged time and Mrs. Dickinson to do all they can to help on the good work, bring the people God and the Church. At the conclusion of his remarks, the Rector called all to rise heartily in singing the Doxology as a recessional hymn. Thanksgiving Day! What a deep debt of gratitude they owe to the Almighty God for the blessings bestowed upon them as individuals and upon the town and country in general. Although the festival Anthem was next in order, and all sang heartily as long as subjects should. During the evening the ladies served dainty refreshments, and the social part of the evening proved until one o'clock. All were home well pleased and glad to have been present at such a social function. Hall are now out announcing a grand concert to be held in the Parish Hall, on Friday evening, Nov. 17th, at which an excellent programme will be given by Mrs. Burrell, of Napanee, assisted by the following local talent, Mrs. Fairbairn, Mr. and Mrs. James Hamilton, Mrs. Hinton Reid-son, Miss Kathleen Wilson, and Mr. and Mrs. Reeves Comfort. This will be a real treat, and we are all going. Tickets are only 25c., children 15c. Proceeds towards the debt on the Hall. Come along and enjoy the evening.—The many friends of Mrs. Ed. Hamilton, who was taken to Kingston Hospital for an operation for appendicitis, last week, are pleased to hear that she is rapidly recovering.—Mrs. Bessie Steadman, student at Queen's University, Kingston, and Miss Alice Macdonald, who is attending Model School in the same city, came up on Friday, and spent the week end at their respective homes.

TWO MEN HAD A THRILLING TIME.

The first real shock from lightning in a rural area in Canada was experienced in the Province of Quebec a few days ago, when it was discovered that a farmer living on the shore of Lake Memphremagog had been killed by a bolt from the blue. The victim was Mr. Edmond Lapierre, who was standing in the doorway of his home when the lightning struck. Mr. Lapierre was instantly killed, and his body was found lying on the floor of the house. Two other persons, who were in the house at the time, were also struck by the lightning, but they escaped with their lives. The bolt struck the chimney of the house, and then passed through the roof and down the wall to the floor, where it struck Mr. Lapierre. The two other persons were thrown to the floor by the force of the lightning, but they were not seriously injured. The house was also damaged by the lightning.

QUESTIONS AND ANSWERS ON FORESTRY.

By Canadian Forestry Association.

Q. What are the municipal by-control councils for the setting of forest fires that have ravaged Northern Ontario periodically?

A. The Porcupine fire in 1911 and the Cochrane fire in 1916 are the two out of 1916 were both due to accidents started and clearing fires started by settlers for the purpose of burning off the wooded debris on their farm lands. Every one recognizes the necessity of using fire for this purpose, but when the operation is rendered highly dangerous when it should be free from all menace to others. No such burning should be allowed at present when wind and heat conditions make it reasonably safe. The general public sentiment in Northern Ontario has always been in favor of a rapid burning up of the country so as to clear land for farming and mining purposes. This of course cannot be accomplished except at the cost of loss in life and the destruction of millions of dollars of real property.

Q. What is the best time to fall and to transplant Scotch Pine trees?

A. After the leaves have fallen and before frost has set in heavily. Make sure to disturb the roots as little as possible, paying attention particularly to the small hair roots which are vital to the recuperation of the trees in their new position. When planting hole plenty big enough to accommodate the roots and sift in the finest soil immediately among the roots and tramp the early firmly.

Q. Have many of the municipalities in the United States or Canada attempted to build up municipal forests with the object of a future fuel supply as well as developing an area for recreation?

A. Several Canadian municipalities have already started communal forests, and on the plan of the French and Swiss communal forests. One of the most notable is that of Carthage, N.Y. On a tract of two thousand acres 585,000 trees have been set out in order to protect the water-shed area on which the municipal water supply depends and to provide for future supply of timber. The trees set out fifteen years ago now measure from 15 to 18 feet in height and 6 inches in diameter. This tract eventually will furnish a million board feet of lumber a year. In Europe, where planted forests are a well-established source of revenue, returns of from $7 to $12 an acre are secured from community forests.

CHICKEN SUPPER WAS A SUCCESS.

In the Empey Hill district, on the evening of October 20th, the chairs around the old home dining table were left vacant, the wardrobes ransacked of their best, the fires were left low and the lamps turned down and the cause of it all was the best and biggest chicken supper ever given by the good people of the district at their church on the hill. They were all there dolled up in their best and finest and to their splendid turnout must be added a goodly number from Napanee that received and witnessed a treat par excellence.

The supper and musical program constituted the celebration of the 10th anniversary of the church. Ten years ago the Methodists of the district banded together and built a splendid and well-appointed church under the pastorate of Rev. J. W. Down, and when it was finished and dedicated it was all paid for. The church roster contains a long list of a 100-fty membership and it can be said that the influence of this church has stamped the neighborhood as one of the best in the whole country around. On Sunday, Rev. Mr. Farmer, who is Conway pastor, but now moving to a charge at Camelton, delivered two able and impressive anniversary addresses the present pastor, Rev. G. H. P. Anderson, supplied at Camelton. Rev. Mr. Farmer will stay all over and will preach at the same time and the program this evening and on next fall promises to be a great deal like unto the anniversary exercises.

Rev. Mr. Anderson, of the Bridge St. Church, Napanee, occupied the chair and called on Dr. Spencer and Rev. Mr. Robertson, who in their usual pleasing and entertaining style made a good impression on the audience. Rev. Mr. Robertson took a welcome glance of the church and made a good impression on the audience. Rev. Mr. Anderson was called on for a few remarks and in his usual pleasing style made a few remarks that were highly appreciated by the audience. He together with the other two pastors are fast becoming favorites among the healthy rivalry with their sisters for which the Methodist church is famous.

The supper itself was a masterpiece by the splendid ladies of the church in providing a menu that for completeness in quality and quantity could not be excelled. The tables were loaded with the best of the land with stacks of chicken surrounded with all the delicacies known to an delicious appetite. More than four hundred were quickly served by the good ladies to the full satisfaction of every one who will sing the praises of the Empey Hill Methodist Church ladies for years to come. The serving of the supper began at six o'clock and was not completed till after nine.

The varied programs that followed lustied with specialties that were charming and every number was encored till the church building fairly shook.

Mr. and Mrs. L. F. Huffman and Mrs. Eva Watson were at their best with their solos, violin and piano playing. Miss Hall and Miss Cook captivated everybody with their splendid readings. The church choir, the men's chorus and the men's quartette entertained with their songs that were well chosen for the occasion and rendered in a perfectness that was a treat to hear since. Such was the celebration of the 10th anniversary of the Empey Hill Methodist Church which every one can but be remembered as a notable event in the church's history.

WALSH—SEXSMITH.

A quiet but pretty wedding was solemnized at St. Patrick's Church, Napanee, on Monday, Oct. 23rd, 1922, when Rev. Father O'Connor united in the holy bonds of matrimony Mary Alma, eldest daughter of Mr. and Mrs. H. L. Sexsmith, Napanee, and Harry Malcolm Walsh, son of Mr. and Mrs. Wm. J. Walsh. The bride was becomingly attired in a suit of navy trimmings with hat to match. Miss Frances Sexsmith, a sister of the bride, acted as bridesmaid, while Mr. Albert Walsh performed the duties of best man. After the ceremony the bridal party motored to the home of the bride's parents where a dainty wedding breakfast was served. Mr. and Mrs. Walsh left on a honeymoon trip, after which they will reside at Morven where the groom is a prosperous farmer.

PATRON LEADER'S SON CANDIDATE.

A. W. Haywood, who is running as a Labor candidate for the British House of Commons, is a son of Joseph Haywood, leader of the Patrons of Industry in the Ontario Legislature a quarter of a century ago.

Young Haywood emigrated to England nine years ago after a few years at Queen's University and is now a commercial traveller for Cadbury's, the cocoa people. His father did not know how he came to be identified with the Labor party—perhaps through following the father's footsteps.

He served in the great war in the ambulance corps and runs for parliament in ancient Winchester where the Princess Pats trained after leaving Salisbury Plain on their way to the fields of war. His opponent is a soldier, Major Hennessy, who defeated a Labor man in the last general election by two to one.

Young Haywood is a bachelor and lives in Manchester which is a long way from Winchester as distances are reckoned in the old country.

The old patron leader is running a farm in Addingtonian that adjoins the farm on which the United Empire Loyalists landed in Ontario. He is president of the local U. F. O. He was himself wine inspector for many years after his term in the legislature but when the Borden government came into power "they cut off my head and gave me the head."

THIS GREAT NASH 6—7-PASSENGER SEDAN

The big margin of extra value in this Nash Six Sedan shows perhaps to even greater advantage than in any other Nash-built product.

This car is the final proof that Nash body designing, Nash finish, Nash appointments and refinements rank solidly side with Nash engineering.

Hung low on a strong enduring chassis of one hundred and twenty-seven inch wheelbase yet with ample road clearance and with its wonderful new type springs it rides as easily on country highways and crowded roads as its self-save about 500lbs.

The famous Nash perfected Valve-in-Head motor is a guarantee of its faithful and continuous performance.

Its notable interior furnishing and upholstery is of the same choice quality used in the most expensive cars. And the bright nickel instruments mounted in neat, convenient arrangement on the dash, indicate the quality built into every detail of this great car.

The Nash Six Sedan should not be regarded in the light of a mere conveyance. For it is in addition a room of your home—a luxurious, sweet-moving sun-parlor.

The wide, roomy seats, the broad doors, the unusually comfortable auxiliary seats, all point to the fact that passenger luxury has been the deep and ideal consideration.

SUCCESS AND FAILURE

In Raising Young Pigs for Real Profit.

Pithy Paragraphs Full of Facts About Feeding Them — Fertilizers for Fall Wheat — Pregnant Ewes Require the Best of Care.

(Contributed by Ontario Department of Agriculture, Toronto.)

Causes of failure and success in the feeding of young pigs are pointedly put in the following article:

Causes of Failure In Feeding Young Pigs.

1. No one on hand to see that everything is right when pigs are born.
2. Excess of fat in mother's milk.
3. Cold, damp, uncomfortable quarters.
4. Intestinal parasites.
5. Shortage of sweet skim milk at weaning time.
6. Ration out of balance.
7. Ration composed of unsuitable grains.
8. Lack of mineral matter in food.
9. Housing conditions unsuitable.

Success In Feeding Young Pigs.

1. Mother's milk normal.
2. Clean, dry, light, comfortable quarters.
3. Practice of all sanitary preventive measures.
4. Ample good roots, protective feeds, and grain.
5. Ample supply of fresh water.
6. Supplementing watering and wallowing, during hot weather.
7. Mineral matter and conditioners supplied during winter when outdoor conditions are not available.
8. Working with well bred, vigorous stock.
9. Ample supply of green forages, such as alfalfa, red clover, sweet clover, rape and blue grass.—L. Stevenson, Sec. Dept. of Agriculture, Toronto.

Fall wheat must have a strong well-rooted plant to withstand the winter. To insure this there should be an abundance of all kinds of available plant food in the soil. The two constituents the wheat plant has the greatest difficulty in getting out of the soil are nitrogen and phosphorus. If the land has been manured and summer fallowed, or, if a clover sod has been ploughed down there will probably be no need of purchasing a further supply of nitrogen and an application of acid phosphate alone will probably be sufficient. If, on the other hand, the wheat is to follow oats, or if there is any fear that the plants will not develop a good top, then some form of readily available nitrogenous fertilizer may be used to advantage.

Cereal crops have little difficulty in getting their supply of potash, consequently it will rarely pay to purchase a fertilizer containing this constituent for application on the land to be sown to wheat.

The Department of Chemistry at the Ontario Agricultural College has found that an application of from 200 to 400 pounds of acid phosphate per acre has very much increased the yield of wheat on the clay soils predominating in the Niagara Peninsula and in the area lying along the north shore of Lake Erie. It is probable, however, that when the soil contains a good supply of organic matter, enough to furnish sufficient nitrogen, the ammonium sulphate may be omitted.—Prof. Jeffery, Dept. of O. A. College, Guelph.

Farewell Gathering.

Mr. and Mrs. Harry Bongard, Hargreaves street, leave this week for Yarker, where Mr. Bongard is engaged in the freight department of the Canadian National Railways. Monday evening a number of their friends gathered at the home of Mrs. Bongard's parents, Mr. and Mrs. George Palmer, to say farewell. A very enjoyable time was spent in music and games, during which Mr. and Mrs. Bongard were presented with a beautiful cut glass berry bowl, little Miss Margaret with a sterling ring and baby Jack with a shower of children's toys. Post Hope regrets the loss of such estimable citizens, but all join in wishing Mr. and Mrs. Bongard and family every success in their new home. — Post Hope Guide.

The citizens of Yarker bid Mr. Bongard and family welcome to their new home.

Have you tried the new large tube of "Mag-Lac" Toothpaste, for acid mouth, at Hooper's, The Medical Hall.

A small boy came hurriedly down the street, and halted breathlessly in front of a stranger who was walking in the same direction.

"Have you lost half a dollar?" he asked.

"Yes, yes, I believe I have!" said the stranger, feeling in his pockets. "Have you found one?"

"Oh, no!" said the boy. "I just want to find out how many have been lost to-day. Yours makes 57."

WINTER COATS.

Friday and Saturday will be splendid days to choose a new Winter Coat. We are offering 20 beautifully styled garments at nearly manufacturer's wholesale prices. Each Coat is this season's latest style, many have only been on our racks but a few days. A great number of these specially reduced Coats are fur-trimmed. Are made from such fashionable materials as Duvette, Velour, Normandy, Bolivia and Tweed. Obtainable in all the wanted shades as Brown, Reindeer, Sand, Navy and Taupe.

COATS AT $20.00.

Not since 1915 have we had such remarkable Coats. They are made in two good styles from All Wool Canadian Velour. They are lined with fancy Brocaded; they are half-interlined. Each Coat has a lovely collar of Brown Benvenette. Procurable in all sizes and in shades of Beaver, Brown and Castor.

PLEASING MILLINERY.

A Hat for every face, beautifully emphasizes what you already know, that we do not allow any repetition in hat styles, no two hats are exactly alike. It keeps us busy preparing "that something different effect", but this is what you may expect and can secure in our Millinery section. Let us demonstrate our ability to you.

LACES ARE FASHIONABLE.

Fashionable gowns call for a lavish use of Lace, in edgings, allover and flouncing effects. Our stock shows evidence of conforming to the style tendencies. Radium, Spanish, and Silk and Wool Laces are here in plain and two-tone colorings, and the patterns are exquisite, the price reasonable.

A STRONG VOGUE FOR CREPE.

Canton Crepe and Crepe de Chene show off to good advantage. We stock all the colorings in the better line of Crepe, and we give the utmost in value. Black, Navy, Brown, as well as the higher colors are in stock.

When Girls' "Step-Out" They Must Be Comfortably Clad

DRESSES.

Our Winter stock beautifully combines the "styles" which girls like along with the "service" that mothers demand. Dependability outlines every artistic drape. For school, are many staunch Dresses created from Flannel and Serge. Pleated skirts and plain tops are to the fore, with fancy stitching; some Embroidery and Peter-Pan collars for ornamentation. These Dresses are wonderfully cheaper this year.

THE WINTER COAT IS IMPORTANT

Girls should be "well clothed" as well as economically clothed. Our special of Blanket Cloth in all the wanted colors is a real good bargain at $2.48 per yard. This is 54 inches wide and a better cloth than the ordinary kind.

MISSES' AND WOMEN'S GLOVES

Knitted Gloves, mocha lined, cape and chamoisette are among the styles for a warm, comfortable hand covering.

Knitted Gloves in gauntlet style or wrist length, are Brushed for plain wool; colors Beaver, Camel, Brown or Grey.

What John Wanamaker Did

Advertising, backed up by the right spirit, the right goods and the right service, can rescue a sinking business and will make a prosperous business more masterful in its own community.

When John Wanamaker, the Prince of Merchants, began business, he resolved to force matters. He was not content to WAIT to be found out—he DETERMINED TO BE found out. In short, he advertised. He threw on his business, small as it was, the light of publicity, and the public of Philadelphia entered the shop on which the light shone.

In this community the public is entering those shops on which the light of advertising is falling.

A WORD TO THE PUBLIC

Be sure of this: those who are using our columns week after week do not give you poorer goods or service, or have higher prices.

Shops which are illumined by advertising court with full confidence your favor.

Motor Truck Collides With Ford

A large motor truck, the property of the Rodbert Cottage Company, Belleville, crashed into Ford touring car driven by Sandy Parks, at the corner of Dundas and Centre sts. about 4 o'clock Saturday afternoon. The truck was proceeding west on Dundas st., and the Ford coming south on Centre st., was turning east on Dundas. The Ford car was knocked into a telephone pole and the front end demolished, while the truck escaped damage. No injury happened to the drivers. High County Constable Brien was in the vicinity when the crash came.

Napanee to be Entertained.

It is very interesting to hear that our enterprising townsman, Mr. Geo. Tinsin, is installing a wireless receiving set that will put Napanee on the map, as his machine is one of the most up-to-date in Canada. It will certainly be a novel feature for the citizens of Napanee to visit Wonderland and listen to a high class concert given in some large city and brought to them by wireless. When completely installed Mr. Tinsin proposes giving radio concerts in Wonderland Theatre. The power of his machine will be understood when we say there is only one other machine of its capacity in Canada.

Wedding Bells.

A very pleasing and popular event took place on the afternoon of Thanksgiving day, at the home of Mr. J. Fenwick Connolly, Yarker, when John Herbert Oldham, M.D., and Mrs. Horace A. McCarthy were united in marriage by Rev. J. Wesley Down, pastor of the bride. The ceremony was witnessed by Mr. J. F. Connolly and Mrs. S. G. Charles, brother and sister of the bride. The happy couple left by the 4.30 p.m. train for an extended wedding trip in the west, and will reside in Yarker on their return. Their many friends join in presenting sincere congratulations, and bespeak for the esteemed couple a happy wedded life.

WILTON.

Miss Willows left on Saturday to spend Thanksgiving at her home near Carleton Place.—Mrs. Alice Wallace is visiting her sister, Mrs. Topping, Elgin.—Mr. and Mrs. J. M. Stafford and Mr. Clarence Stafford, Switzerville, spent Thanksgiving at the home of Mr. Blake Switzer.—The funeral of Mrs. Wellington Lapum was held at her late residence, Lapum West, near Wilton, on Sunday afternoon. Service was conducted by Rev. S. Dixon. The remains were placed in the family plot in the Wilton cemetery.—Mr. and Mrs. L. Hartman, Camden East, spent Sunday with Mr. James Baines and Mrs. Baines.—Several of our local sports have left for the north country in search of game.

MORVEN.

The quarterly service held in the Methodist Church on Sunday morning was very helpful to all present. The attendance was good, the selections sung by the choir were very appropriate, contributing much to the devotional spirit of the service. We trust it will be followed by much spiritual good. This service was followed up by holding a congregational meeting in the Brick Church on Tuesday evening, and it was decided to hold anniversary services, morning and evening, on Sunday, Dec. 3rd, followed by a tea meeting on Tuesday, Dec. 5th, to commemorate the fiftieth anniversary of the Brick Church, which was opened fifty years ago, on December 24th.

BEDDING FOR STABLES

Straw, Peat Moss, Sawdust and Shavings Considered.

Straw Preferred for Many Reasons —Measuring Hay In the Mow and In the Stack — Hand-feeding Lambs—Farm Trespassers Scored.

(Contributed by Ontario Department of Agriculture, Toronto.)

The materials used for bedding domestic animals are generally straw from the grain fields, peat moss from the swamp, or shavings from the saw or planing mill. Straw is used to a greater extent than any other material, first because of its abundance; secondly because the stable offers a medium for transferring this by-product of the field to manure, and thereby facilitating its return to the land; thirdly because it is a good absorbent of liquids. Straws from oats, peas, rye, wheat and oats vary in value as a litter or bedding material. The hard rye and wheat straws, while durable to the wear of animals, is not as good an absorbent as the softer oat, barley and pea straws. Wheat straw not being highly valued as a feed finds its greatest use as a stable bedding. The nitrogen, potash and phosphoric constituents in a ton of wheat of 20 per cent has a value at commercial fertilizer prices of $2.25, but straw $2.80, and barley straw $2.10. Straws have a further value in that the organic matter contained in them is rich in nutrients and to be particularly valuable in soil improvement. Peat moss is valuable in the animal industry, and it is also valuable for its absorbent content. The moisture from manure and urine which is held in peat moss is generally of considerably higher value than if it were allowed to evaporate. If one ton of peat moss is used to absorb the liquid manure from one horse for a year, it is found that little value to the manure is lost. Peat moss is also used to a considerable extent in the Maritime Provinces and to a little extent in the Province of Quebec, but it must be remembered that the best portions of the moss deposits are used for fuel purposes. Sawdust and shavings are also valuable materials for bedding purposes. They will not absorb as much liquid as straw, but they are excellent absorbents. They are also valuable for the humus which they contribute to the soil.

MOISTENING HAY.

The best time for the most practical labor in connection with the harvesting of hay is during spring and fall.

Tons of Hay In the Mow.

To find the number of tons of hay in a mow multiply the length by the breadth and then by depth of hay. This will give the number of cubic feet. Divide by 400, the resulting number will be the answer in tons. Hay varies in density due to the character of the grasses or clover from which it is made, the length of time it has been stored, the size and depth of the mow. Timothy and other grasses pack closer than clovers, shallow mows do not pack to the same density as do the deep mows, so judgment must be used in selecting a factor above or below 400 when estimating. The hay in the bottom of a mow 20 feet deep will be packed into half the space observed in a mow only 10 feet deep. If the mow is only 10 feet deep the factor used should be 500, if 20 feet deep 250 will be nearer correct. A fair average for all conditions is 400.

Tons of Hay In a Stack.

To find the number of tons of hay in a stack, measure the overthrow distance of the stack and multiply by the length and breadth in feet, then divide by three. The resulting number will give the number of cubic feet. If the hay has been standing two months and the stack put over 12 feet high, divide by 500, the resulting number is the answer in tons.
—L. Stevenson.

WISE AND OTHERWISE.

A Brooklyn colored man was all beaten up, and the Judge advised him to keep out of bad company.

"I ain't, yo honor," replied the man. "I kain't get enough money together to obscure a deevalce."

No surgical operation is necessary in removing corns if Holloway's Corn Remover be used.

"Oh, I just love art," said the soulful maid.

And she heaved a soulful sigh.

"Art who?" asked the flapper, "I don't believe I have ever met the guy."

Worms cause fretfulness and rob the infant of sleep, the great nourisher. Mother Graves' Worm Exterminator will clear the stomach and intestines and restore healthfulness.

They were sitting in the parlor. "I wish," said the young man, "that Wilson chap didn't send you so many chocolates."

"Why?" simpered the girl. "Are you jealous?"

"No, but I prefer to eat bon bons or nougatines."

Requisite on the Farm. — Every farmer and stock-raiser should keep a supply of Dr. Thomas' Eclectric Oil on hand, not only as a ready remedy for ills in the family, but because it is a horse and cattle medicine of great potency. As a substitute for sweet oil for horses and cattle affected by colic it far surpasses anything that can be administered.

Hub—Three two old gossips have been sitting on the piazza all afternoon.

Wife—Not sitting, dear; you mean rocking.

Hub—I mean just what I said. I'm sure they're hatching out trouble for somebody.

Worms, by the irritation that they cause in the stomach and intestines, deprive infants of the nourishment that they should derive from food, and malnutrition is the result. Miller's Worm Powders destroy worms and correct the morbid conditions in the stomach and bowels that are favorable to worms, so that the full nourishment of the child is assured and development in every way encouraged.

Sandwichman ten wet "summer" days—Wot kind o' bloke is that, mister?

Gentleman—He's a Parsee—an Indian, you know—a sun-worshipper.

Sandwichman—Worships the sun, do 'e, sir? I suppose 'e's come 'ere to 'ave a rest!

An Oil That is Famous.—Though Canada was not the birthplace of Dr. Thomas' Eclectric Oil, it is the home of that famous compound. From here its good name was spread to Central and South America, the West Indies, Australia and New Zealand. That is far afield enough to attest its excellence, for in all these countries it is on sale and in demand.

"Have you ever stood amid the vast silence of the Garden of the Gods, or beside the great rumble of Niagara Falls, and realized what a puny, insignificant thing man is?" said the Old Fogy.

"No," replied the Grouch, "but I know how it feels. I once attended a suffragette mass meeting."

All Night With Asthma. Everyone knows how attacks of asthma often keep their victims awake the whole night long. Morning finds him wholly unfitted for a day of business, and yet, business must still be carried through. All this night suffering and lack of rest can be avoided by the prompt use of Dr. J. D. Kellogg's Asthma Remedy, which positively does drive away the attacks.

A small boy came hurriedly down the street, and halted breathlessly in front of a stranger who was walking in the same direction.

"Mister, you lost half a dollar?" he gasped.

"Yes, yes. I believe I have," said the stranger, feeling in his pockets. "Have you found any of it?"

"Oh, no," said the boy, "I just want you to know how many days you've been losing. Yours truly."

A correspondent says a local organization in a vocalist attended a dinner, and was asked to sing. Although he was a stranger, with no one to act as master as a front, he consented to try, and began in a very high key:

"Never mind, dad," said an elderly gloom, trying to cheer him up, "you should be broadminded, for they done the best they knew how to feed you, and that's the thing ought to be about."

THE LONGED-FOR APPLE

Rosy Cheeked, Thick Skinned and Well Flavored.

Fruit Eaters Will Welcome It — It May Be Growing Today In Some Ontario Fence Row—Running an Egg Factory.

(Contributed by Ontario Department of Agriculture, Toronto.)

Somewhere on a farm in the apple growing districts of Ontario there are rosy red seedling apples. Seedling apples that may have characters that would make them valuable commercial sorts, if such could be introduced to the public. True, there are thousands of worthless seedlings, but some fence row or orchard area is now growing a tree or trees that produce a superior fruit.

Box Packing Apples at a Premium.

Ontario needs an apple suited to box packing, and it may be from an unnamed seedling that such want will be supplied. If those having really good seedling apples would bring them to light so that their qualities might be judged by those competent to do so, an apple worth while might be unearthed and introduced to the public. Western apples shipped in boxes have invaded the Ontario market because of their color and shipping quality. The bright red color attracts the buyer and the thick skin preserves the good appearance of the individual.

Thick Skins Most Desirable.

Thin skinned Ontario varieties will not stand the shipping and long exposure in the retail stores to the same degree as the Western thick skinned apples. Western apples may go mealy and deteriorate at the core, but still look well, as the exterior will stand plenty. Ontario needs a good box pork apple, colored to a good red, of good quality, and a good thick protective coat.

Where, Oh Where, Is It Today?

Perhaps somewhere in a three row mixed an apple may now be found. Who knows. What have you? —L. Stevenson, Supt., Dept. of Agriculture, Toronto.

RUNNING AN EGG FACTORY.

Valuable Hints as to How to Make the Best of the Hen.

Every flock of hens is an egg factory. Like any other factory the work can be given the best materials in the world to work on and still fail to produce enough to pay for running the plant. Good feed in sufficient variety is necessary for egg production, but the ability to manufacture eggs from feed must be there first.

It pays to cull out the poor layers any time, to save the feed and labor they eat, but to make a profit on them it is best to cull in late summer or early fall, before the rush of spring chickens lowers the market price of old hens.

Shut up all the hens and pullets some evening. Count them and decide just how many can be profitably kept during the coming fall without crowding, for this is very likely to hurt egg production and increase the danger of disease. Then next morning the flock is ready to be culled.

Cull

1. Poor layers and all old hens.
2. Cripples, and hens with broken-down abdomens or frozen toes.
3. The sick, quiet, inactive hens that spend most time on the roost.
4. All "crop heads" with long, slim heads and beaks.
5. The large, coarse-shouldered hens with sunken eyes.
6. All very small, stubby hens with feathers extremely heavy for their breed.
7. All late-hatched immature pullets and those that never had a comb to turn upon reaching maturity.
8. All hens that moult before November 1st.
9. The pullets that moult before they start to lay.

Keep

1. Strong, vigorous pullets from early hatches, and pullets of good size and shape.
2. The large, well-developed, fine-textured heads, and pointed cop and wattles.
3. The bright, full eyes.
4. The long, clean, pliable, yellow shanks and toes, free from scales, and having a bright healthy look.
5. The hens that moult late.
6. The roomy, large, full-breasted hens.
7. The early risers and those lazy to roost.
8. The vigorous hens with the look of hooks and shanks.
9. The hens with the neat, pliable abdomen.
10. The hens with the thin pelvic bones spread wide apart.
11. The early-hatched, well-grown pullets.
12. Large, strong, active, quick maturing cockerels of desired variety type and high-producing mothers.

There are two major factors in profitable poultry production—breeding, culling, feeding, housing, and care. These are the only things combined they will put the poultry business on a practical business basis.

Onions once frozen should remain frozen until time to use them.

If you want stocky, healthy plants in your hotbed or greenhouse, ventilate well. Too much water and heat make tall, spindling, weak plants.

CREED FOR EVERY AMERICAN

Undeniable "Creed Thing" to Which All Citizens Should Subscribe and Pass Along.

Nearly every reader is familiar with the expression, "It's a good thing just it along." The other day attention was attracted by a "good thing" which is here passed along. It is a "financial creed" for every man, woman and child suggested by the savings directors of the 12 federal reserve districts. Read it carefully. It is as follows:

I believe in the United States of America.

My opportunity and hope depend upon her future.

I believe that her stability and prosperity rest upon the industry and thrift of her people.

Therefore, I will work hard and live simply.

I will spend less than I earn.

I will use my earnings with care.

I will save consistently.

I will invest thoughtfully.

To increase the financial strength of my country and myself, I will buy government securities.

I will help others better the obligation by my country thus incurs.

I will do these things to insure the greatness of America's future.

LAID BY FOR THE WINTER

Housewives of Early New York Dissatisfied With Less Than a Six-Months' Supply.

The eleventh hour, or, rather, six o'clock roll-call to the delicatessen store that marks the approach of dinner in those days of frenzied housewifery would have seemed a strange modern phenomenon to the good housewives of old New York. They would have felt ill provided should they have had less than six months' provisions in the larder.

According to the memory of one small boy of seventy-five years ago the thrifty Dutch folk who lived along the west side of what is now downtown New York hid in stores in October and November to last until April or May. They bought a quarter of beef, a hog or a sheep to furnish the pieces de resistance of the winter's meals. The beef was corned or smoked. The pork and mutton was similarly cured and put away. The smoking was done in public smoke houses, maintained for profit.

A barrel of flour, two or three of apples and pounces piled the vegetable content to the menus. Other supplies to lend variety were laid in in less quantities. All sorts of farm products were purchasable in the fall at minimum prices, because at that time many sailing vessels and barges came down the river from upstate laden with stores. As winter and the choking of the river impended the farmers and merchants grew anxious to dispose of their stocks and the merchants consequently sought at an advantage which does not obtain to-day in New York Rowing Sea.

How Furniture sales are being increased

by Long Distance

Some quotations from recent reports:

"Some of our Commission travellers have made as high as $25.00 a day by using the telephone, without leaving their desks."

"We respond to every letter of enquiry with a telephone call, and enable us to close a deal, give advice or secure information immediately."

"L. D. is an essential part of our system for both buying and selling. Almost as good as a personal contact."

"We use L. D. to make collections."

"Much of our furniture is bought by Long Distance."

We can tell you how to apply Long Distance to almost any business.

GAINED 65 POUNDS!

"Five years ago when I was first married I was a mere skeleton. I weighed only 98 pounds and was always feeling the blues. I got so that I hated to see my friends coming, for I knew they would ask me what was the matter with me. Often during the day I would go to my room and cry. Many times I would wish that I were dead. I had no appetite, and what I did eat would not digest. I had no energy and nothing would tempt me. I had no ambition to do anything. I would sit around the house all day long and not do a thing. I was a sight to see. I could see that my husband was worried. I was losing weight every week and I had already lost 34 pounds. I tried all kinds of tonics but they didn't help me. One night, a night I shall never forget because I started me on the way to health and happiness again, my husband brought in a bottle of Carnol. A friend told him that Carnol had saved his wife's life, so he insisted upon my trying it. Six weeks after I began taking Carnol, my weight increased from 98 pounds to 156, an increase of 65 pounds. And, am I well these days? Every morning I fairly jump out of bed ready to tackle anything and every minute of the day is a joy to me now."

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. $.622

HALLOWE'EN PARTY AT S. S. 14, SHEFFIELD.

Away in the backwoods, over the hills and far away, there is to be found a little frame school, surrounded by a band of oaks and trees. In this school on Hallowe'en (and it alive with mirth and pleasure, a party was held been arranged by the teacher, Miss Lorna Lamont. The parents and scholars were invited. The room was prettily decorated and a table was garnished with pumpkin lanterns, books, chocolate mice, apples, candy, pretzels, cookies, coffee cups and dates, while little packets of corn, tastefully done up in orange coloured papers, added a pretty touch together.

Games, dances, vocal solos and musical games were included in the programme, as also were recitations and readings by Miss Lamont. During the evening the sweetmeats were handed round to the senior girls, and at the end of the programme a token of appreciation was provided by the mothers, including pumpkin and apple pies, turnovers, cream, iced and chocolate cakes. Tea was kindly provided by Mrs. L. Shibley, assisted by Mrs. A. G. Black.

At the conclusion, Mr. A. R. Black, the secretary-treasurer, on behalf of Miss Lawrie, on behalf of the parents, thanked the teacher for her labor of love among the children, and arranging such a delightful evening's entertainment. The following programme was rendered:—Miss Lawrie, in response; Miss Lawrie, "Hallowe'en"; Miss Lawrie, "The Mulberry Bush", by the scholars; Recitation, "Hallowe'en Party", by Sidney Olderkirk; Recitation, "Mrs. Merry's Dance," by Miss Lawrie; Game, "Musical Arms", by the scholars; Songs, by the scholars; Recitation, "Hallowe'en Party", by Miss Lawrie; Step Dance, Leona Sebber and J. Kelly; Songs, by the scholars; Game, "Thumb Band", by Scholars; Song, "The Road of Looking Forward", the Scholars; Songs, by the Scholars; Recitation, "Purgatory", by Miss Lawrie; Step Dance, Leona Sebber and J. Kelly; Songs, by the scholars; Game, "Musical Chairs", by Scholars; Song, "Cradle Song", by Scholars; Country Dance, "Sir Roger", by the Scholars; Song, "Auld Lang Syne", Miss Lawrie; Song, "Good Night", by Scholars; Grand Salute to the King".

Continuance of Hog Production Demands Grading and Payment for Quality.

The improvement of hogs in Canada has passed through a number of stages, in the development of the industry in the early days of Upper Canada the hogs were of the razorback and rail-fence type, and packing plants became established. Many of the early packers were also shippers of live hogs to the plants. It resulted in the establishing of packing plants at many points in the country and the farmers, consequently, became the source of supply. Many of the packing plants still continue to operate and are a very important factor in the marketing of hogs. As public demand changed, so did the type of hogs. Lard was in demand and lard hogs were established. This is especially true of the newer parts of Canada where, as in the United States, the hogs are slaughtered at central packing plants.

During the period previous to the rapid railway development which took place in the early 80's, except in the Canadian Northwest and Transcontinental, the Canadian export trade was a very important factor in the hog industry. With the building of the railways, the domestic trade became the important part of the business. The general effect resulted in big immigration which overtook the surplus of hog production and turned the greater part of the attention to domestic trade. The character of the hogs changed and the type of hog suitable for the export trade as well as the domestic trade of today was largely lost sight of. The result has been that all types of hogs have been paid for on the same basis, regardless of quality.

Today, however, conditions have greatly changed. The domestic trade centers largely in the urban population which does not want fat pork and the export trade has become very discriminating in its requirements. The bacon type hogs are the kind required for both the domestic and export trade as the domestic market is limited, the export possibility of the hog industry in Canada depends on the export market. It is essential that the production of the bacon type of hog be encouraged. This can only be accomplished by the payment of a premium for quality. This need was so greatly felt by all interested in the development of the swine industry that a Joint conference was called by the federal Minister of Agriculture in the fall of 1921, which resulted in the establishing of official grades for hogs and the passing of the hog grading regulations.

NEW BOOKS AT THE LIBRARY.

Now that the long evenings are here again, people are asking themselves the question, "What shall I read?" Cut out this list of new books just fresh, and refer to it when in doubt.

"Talks to Mothers", a helpful book on child-training by a leading authority, Lucy Wheelock.

"John Burrough's Talks", a series of visits with America's greatest naturalist.

"The Jews", by Hilaire Belloc. Anything written by this author is sure to be readable and this is pronounced the finest book of his career.

"Indian Legends" of Vancouver Island. This book is purely Canadian and agent to please old and young.

"History of the Latin American Nations". This book deals with the subject from the age of the Incas to the present day and is pronounced a notable piece of historical writing.

"The Northward Course of Empire" by Vilhjalmur Stefansson, illustrated from photographs. In this interesting volume the author shatters many preconceived notions about the Arctic regions.

"With Gun and Rod in Canada", a book that all good sportsmen will want to read and others ought to read.

"Later English Poems", a volume of the choicest selections of English poetry written in the 20th century.

"My Western Exposure". If you are afflicted with the blues just read this book and accompany the author on a riotously funny expedition to the West.

"Around the World in Ten Days", a thrilling and romantic adventure, just within the bounds of possible achievement.

"How to Sell at Retail", a book that every salesman should read.

"What I Saw in America", by G. K. Chesterton.

"My Discovery of England", by Stephen Leacock. The titles and the names of the authors of these two books are all the advertising they require. They are both in great demand.

"Radio for Amateurs" tells all about how to use, make and install wireless telephone and telegraph instruments.

"Radio Simplified" is along the same lines, but a little more technical and instructed.

"The United States and Canada" by George M. Wrong. This volume contains Professor Wrong's lectures on the Bennett Foundation at Wesleyan University.

"Europe in Convalescence" is just the book to read in order to understand the situation in Europe.

"Dog Heroes of Many Lands", a good dog book, that's all yet most interesting for all the stories about our devoted friend are true.

"Behind the Mirrors", a companion book to the Mirrors of Washington.

"The Russian Story Book" is precisely what it professes to be. It opens a new vista in stories for the young.

"From Gladstone to Lloyd George", an excellent contemporaneous history of the great men of England.

The above list contains something for the most exacting taste. What a delightful gift could be given to a friend than a membership ticket in the library. The reading of one good book is often ample satisfaction for the membership fee of one dollar.

ENTERED INTO REST.

At the Hall Farm, on the Melrose-Kingsmouth Highway, on Saturday, October 28th, 1922, after a protracted illness of over four months, Miss Maria E. Caswell, aged 70 years. W. H. Hall passed away.

Deceased was born on March 26th, 1846, at Centreville, Ontario, Canada. At an early age she became a consistent member of the M. E. Church, striving always to do her duty to those around her. She was an affectionate sister and a dutiful and most loving daughter, applying herself to the care of her mother, who was an invalid for many years of her life.

After the death of her mother, Miss Caswell removed to New York City, where she obtained the position of forewoman with a leading dressmaking firm which position she filled successfully for many years.

After the marriage of Mrs. W. H. Hall, Miss Caswell came into her home to brighten with her loving presence and to help with willing hands, which service she rendered cheerfully together with the shining example of a noble Christian life happy in the service of the Master who gave the strength and courage to endure all things.

For many months she had suffered the ravages of kidney trouble and though the last few weeks of her life were full of suffering, they were borne with true Christian fortitude until God in infinite mercy gave a blessed relief and she tired eyes closed at last to enjoy the rest so nobly earned.

Deceased is survived by an older sister, Mrs. A. Shields; one brother, Robert H. Caswell, and Mrs. Hall, upon whom lives a great deal has fallen, brightened only by the certainty of a permanent reunion in the great beyond.

The Late Fred McWilliams.

The sudden death of Fred McWilliams, Bethel, on Nov. 1st, came as a shock to family and vicinity as a shock. He had been ailing since last February, with inflamation of the brain. Later on heart trouble developed, the Doctors giving instructions for short exercises. While Mr. McWilliams was out having a short walk he was suddenly stricken while inspecting an old well which was kept for cooling milk. He will be greatly missed by his large circle of friends for his kind and loving disposition. He leaves a wife, one daughter, one sister and four brothers to mourn the loss of a loved one. He was a Methodist in religion. The funeral was held in the Methodist Church, Camden East, on Nov. 3rd, services being conducted by his pastor, Rev. Mr. Nicks, after which the remains were placed in the vault awaiting interment.

Anniversary Services at Yarker.

The annual Anniversary Services will be held in Yarker Methodist Church, on Sunday and Monday, Nov. 12th and 13th. On Sunday special sermons by Rev. S. F. Dixon, at 11 a.m. and 7 p.m. Special offering at each service. On Monday, a high-class tea will be served from 6 to 8 p.m. The ladies-in-waiting will load the laps of some four hundred guests with delicious dainties and viands rich and rare, while the drinks will make you smack and smile. After tea there will be presented a new and novel variety shower of music by Choir, Orchestra, Quartette and Duet, interspersed with readings and recitations, grave and gay, by noted artists from abroad. Admission for big ones 35c. and one cent per 20c. Fenwick Connoly, Secretary; J. W. Down, Pastor. If high living and much laughing and kind feeling makes you happy join the crowd. 45a

DAVIS—ZENDER.

A very pretty and interesting wedding was solemnized on Monday, Nov. 6th, 1922, at the Shaar Hashomayim Synagogue, Westmount, when Miss Minnie Davis, daughter of Mr. and the late Mrs. W. Davis, of Napanee, Ont., formerly of Nottingham, England, was given in marriage to Mr. Victor Zender, son of Mr. and Mrs. Henry Zender, of Montreal, formerly of London, England. The ceremony was performed by the Rev. Dr. Abramowitz, assisted by Rabbis Segal & Cohen. Miss Frieda Wiesenberg, cousin of the bride, acted as maid-of-honor. Mr. Jack Zender, brother of the groom acted as best man. The bride wore an imported Parisian gown of dark brown silk and overdress of delicate brocaded velvet on chiffon, with a picture hat to match, trimmed with ostrich plumes. Her shoes and stockings were also of the same shade, and she carried a bouquet of Ophelia roses. Miss Frieda Wiesenberg, maid-of-honor, also wore an imported Parisian gown, made of Royal navy blue Panne velvet with picture hat to match, trimmed with ostrich plumes, and shoes and stockings to match. She carried a bouquet of Premier roses. Mrs. Henry Zender, mother of the groom, wore a black Charmeuse satin gown trimmed with sterling silver beads, a black velvet hat and shoes of black satin with rhinestone buckles. A corsage of pink and white roses completed her attire. The gift of the groom to the bride was a diamond pendant. The groom's souvenir to the maid-of-honor was a diamond brooch. After the ceremony a very sumptuous dinner was served at Miller's Restaurant, Phillip's Square, where a delightful speech was delivered by the Rev. Dr. Abramowitz, and various others present. The guests were immediate relatives and intimate friends of the bridal couple. Mr. and Mrs. Victor Zender left on their honeymoon for an extended trip to New York and Atlantic City. Among the out-of-town guests were: Mr. and Mrs. B. Wiesenberg, Mr. S. Wiesenberg, Miss F. Wiesenberg, Mr. and Mrs. J. Fertig, Mr. and Mrs. Himmel and family, all of New York City; Mr. and Mrs. B. F. Beekman, Atlantic City; Mr. and Mrs. M. P. Vevidow, Buffalo, N.Y.; Mr. and Mrs. P. Phillips London, Eng.; Mr. and Mrs. N. Goldberg, London, Eng.; Mr. and Mrs. J. Goldberg, London, Eng.; Mr. and Mrs. A. Bliss, Birmingham, Eng.; Mr. and Mrs. J. H. Fitzpatrick, Napanee, Ont.; Mr. and Mrs. Susman, Kingston, Ont.; Mrs. H. Robinson and son, Toronto, Ont.; Mr. and Mrs. J. C. Gerdon, Toronto, Ont.; Mr. and Mrs. W. Armstrong, Ottawa, and Mrs. A. Myers, of Florida.

LETTER TO THE EDITOR.

Dear Beaver:

Moved to expression while in a Beatific state of mind as the result of a visit to the Finest Country evolved from the mind of the Creator, and the sincere expression of good will and affection with which I was greeted by the friends who remain there, a delightful run home via the Canadian National Railways, and the equally warm greetings received on arrival, together with a perfectly satisfactory trip from every angle, combine to bring about that state of grace, as aforesaid, and makes me feel like speaking right out in meetins and telling how good it is to be alive.

Now indeed were the ourselves in my life when I experienced the ecstacy that thrilled me as I awoke between Winnipeg and Regina and saw from the window the Wonder Prairie, boundless and beautiful, in the morning sunlight, with every evidence of a bounteous yield of grain, and the flocks of wild fowl returning to the sloughs after a breakfast on the stubble. However, "there is no place like home", and even the little "Junk Shop", dignified by the title of "Bookshop and China Mart", offered by a most capable staff, and crammed with some of everything new in Literature and Art, that too unadulterated imagination conceived and skilled hands executed.

O come in and see for yourself and get the story.

As our Daughters serve tea in the Lounge on Saturday afternoon, which has become an established social function, a souvenir cup and saucer will be given to the three ladies who bring the greatest number of gentlemen to drink a cup of tea with them.

Destroyed by Fire.

On Friday, fire destroyed the large two-bulit barn on the farm of Mr. Albert Hilts, Sandhurst. Nothing remains of the barn, the season's crop, implements and other contents. The loss is about $5,000, with insurance of $2,500. Mr. Pike is a son-in-law of Mr. Fred A. Petts.

On Sunday morning Mr. Irwin Seventh, Richmond, had his motor-tune to lose the barn, dwelling house and outbuildings by fire. The season's crop, a splendid outfit of machinery, the contents of the dwelling and outbuildings were nearly all destroyed. Mr. Seventh's loss will be very heavy as his property was not heavily insured. Mr. and Mrs. Seventh were in Toronto when the fire was discovered by neighbors.

Ask for your "Pro" sample bottle of "Parisian Balm" at Hooper's.

We are putting special prices on our Boys' Overcoats. All Wool Coats can now be bought here at $8.98. J. L. Boyes & Son.
